Brought to you by WCS™!!

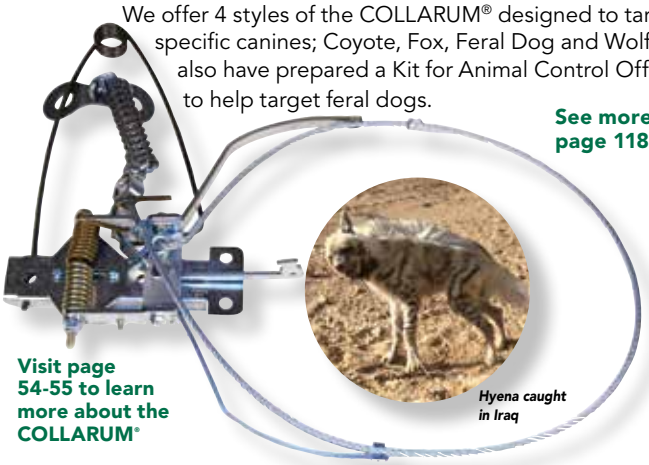
The COLLARUM®

Exemplifies our approach to providing superior solutions for our customers

DESIGNED BY PROFESSIONALS

We offer 4 styles of the COLLARUM® designed to target specific canines; Coyote, Fox, Feral Dog and Wolf. We also have prepared a Kit for Animal Control Officers to help target feral dogs.

See more page 118-119



Hyena caught in Iraq

Visit page 54-55 to learn more about the COLLARUM®

BEST IN CLASS

At WCS™, we strive to set the standard for innovative, effective and easy to use products. COLLARUM'S "dog on a leash" capture method provides a safe tool for urban and suburban capture of canines.

FIELD PROVEN

WCS™ has 15+ years of hands on experience. Developed with professionals and government field testing, COLLARUM® is now used world-wide to help humanely capture canine.

Visit page 47 to learn more about the SNAKE GUARD®

SNAKE GUARD® Snake Trap

Humane and effective snake removal!

A live capture, single use trap with a "no-touch" removal method. Humane, effective and simple to use, this water resistant cardboard trap uses super-sticky glue strips that match the angle of "push off" used by a snake when crawling. Successfully used to capture venomous and non-venomous snakes. To release, transport to a remote location, pour a liberal amount of vegetable oil on the glue (watch to not submerse snake's head in oil) and the snake should work itself free in under an hour.

NOMOL®

The safest and most effective trap on the market!

With a completely below ground profile, our lightweight NOMOL® traps are the professional's choice for inexpensive mole management. Easily set in pairs, back-to-back, these in-tunnel traps are great for bilateral catches of moles, voles and shrews. Excellent for deep tunnels as well as sandy and heavy soil. Rust Resistant Coating prolongs the life of your NOMOL®S.

NOMOL 4 pack A starter pack that introduces you to the NOMOL® trap. Comes with 4 traps, 4 dowels and detailed instructions on how to set.

Larger Dozen and 5-Dozen Magnum packs available.

NOMOL® Mole Trap Setters

NOMOL® Mole Trap Setters make setting this mole trap very easy. The NOMOL® mole trap setter makes holding, and positioning the trigger loop very easy, as you have the leverage to set the trap and also a "handle" to hold and manipulate the trap.

Visit page 27 to learn more about the NOMOL®

WCS Vet-Pro™ Warden 22" Gloves

Quality construction for long lasting protection!

Visit page 87 to learn more about Vet-Pro™ gloves

All Vet-Pro gloves (except the Forester) are made of hand-cut, split grade cow-hide palomino leather and a ballistic lining of DuPont Kevlar felt. Unlike knitted or woven versions, Kevlar felt is tightly packed for maximum puncture resistance. Double-stitched with Kevlar thread, with a loose fit for dexterity and emergency removal. The Forester glove's palm is lined with Kevlar and the cuff is double thick palomino leather. A favorite of vets, humane societies, animal wardens, breeding farms, university labs and reptile handlers.

WCS™ N.B. Tube Bait

Visit page 49 for N.B. Tube Bait

The easiest way to apply paste bait!

WCS introduces another time saving idea with its most popular paste bait "N.B. Squirrel & Rodent Bait. N.B. is a rich mix of nut oils, meats & seeds that rodents find irresistible and it has been a "go to" bait for professionals to attract mice, rats, chipmunk, gray squirrels, red squirrels and flyers since 1999. Now available in an easy to apply, no-mess Tube that can be used with the bait gun or just applied with a plunger. The Kit includes a Paste Bait Gun and three N.B. Tubes. N.B. Tube Bait, like all of the "Premium Grade" bait products, is spiked with an anti-drying agent to increase the baits effectiveness. Also available in Single Tubes with plunger. Bait has never been so easy to apply!

WCS™ Special Squirrel Trap

Visit page 49

We call this the "Special Squirrel" Trap because:

It is specially made for WCS to our exact specifications. This trap is not available anywhere else.

Wildlife control professionals have said so! It contains the construction and features professionals need in a squirrel-sized commercial-grade trap.

WCS created this easy-to-set squirrel trap to stand up to years of service. Trap measures 5"W x 5"H x 18"L, dimensions precisely suited for squirrels. It is offered it in two styles: Standard with 1" x ½" mesh for general use and Professional with ½" x ½" mesh for daily use and to prevent bait access from the outside of the trap. Both traps include an effective door lock to allow for one hand setting (great for use with ladders). And we added a handguard plate for protection when moving your capture. The result is a custom-designed trap that is second-to-none. A WCS exclusive!

WCS™ Treeberry Tube Bait

Visit page 49 for Treebury Tube Bait

The WCS™ Treeberry Tube Bait Gun Kit includes three (3) tubes of WCS™ Treeberry Tube Bait and a Bait Gun for ease of application. Great on raccoon, skunk, even armadillo this sweet smelling paste bait fills the air with its aromatic scent and is a combination of tree-ripened fruit essence puree along with an undertone of bush berries. Place on your favorite bait holder (marshmallow or cracker) and position so animal must pass over the pan to reach it. Place the bait all the way to the rear of a cage trap. Watch the results! The reusable Paste Bait Gun makes a great product even better !! Also available in single tubes.

Visit page 35 for Vanish Raccoon Eviction Paste

Vanish Raccoon Eviction Paste

Vanish is a natural by-product of boar raccoon, which are predators to female raccoons during the birthing period. When placed in a den area, the female instinctively senses that a danger to her young is nearby. It has the consistency of a thick, creamy paste and has been formulated to stand up well in all weather conditions. Easy to handle, it will stay where it is placed.

Brought to you by WCS™!!

The "Original" WCS Tube Trap

Visit page 133 to learn more about WCS Tube Trap

WCS's popular answer to pesky squirrels

Powered by a beefy double torsion spring, our 21-gauge steel Tube Traps work both baited and unbaited. Curious squirrels can't resist them. When a lethal capture is made, the squirrel is hidden from public view. Measures 4.5" diameter, 15" long; Note: This is a lethal body grip trap.

The "Rust Resistant" WCS Tube Trap

WCS is pleased to offer the ARMOR-COATED Tube Trap.This trap is treated with an electro-plating process turning it olive drab in color and highly rust resistant. No need to dip, dye, or spray paint these traps. Just pull them out of the box and use them. They last for years.

The "Shorty" WCS Tube Trap

- Zero Clearance strike
- Plated to minimize rust
- Fits in small spaces
- Mechanism in use 30+ years

WCS Tube Trap Cap

The WCS Tube Trap Cap is just the tool for increasing the versatility of our popular Tube Trap. Available in two styles – with or without an access hole. Choose Model A to reduce the opening on the Tube Trap, or Model B to close off one end all together. It mounts easily just by sliding onto the end of the trap. Additionally, with its feet, the Tube Trap Cap serves as a stabilizer with mounting holes allowing you to easily mount on a variety of surfaces.

Visit page 120 for WCS Excluder Series

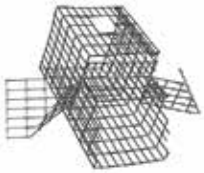
WCS Excluder Series

Our new 4" Excluder Series provides great flexibility for excluding squirrels and similar size animals. The trap has a one-way door, mounting flanges and a hinged back door which can be left open to let the animal out or closed if you wish to relocate the trapped animal. Constructed of 1" x ½" Galvanized Wire and includes a handle. When used with the nose cones listed below, the mounting flanges are not used.

Three different type nose cones are available. Secure nose cone over entrance hole of animal. Once an animal is caught, you can replace the trap, leaving the nose cone secured. When all animals have been caught remove nose cone and repair hole.

Straight Nose Cone
Secures trap perpendicular to structure.

Wall/Soffit Nose Cone
Secures trap against or under a surface.

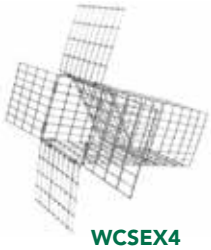


Angle/Gutter Nose Cone
Secures trap onto fascia board inside the gutter.

WCS™ "OWDE" One-way Door Excluders

See page 50

WCSEX3



WCSEX4

WCSEX5

WCS™ One-way Door Excluders allow unwanted guests to be humanely and effectively removed from structures. These units are designed to let animals leave but not return. Excluders have 4 mounting wings which allow them to be attached directly over the animals den opening. The spring loaded one way door lets animals exit and prevents them from returning. Available in three sizes each made with 1" x ½" galvanized wire mesh).

WCS™ Bird Nest Rooter

The WCS™ Bird Nest Rooter is constructed of the finest quality hand powered drain cleaning unit available, heavy duty for years of use, and has been modified it by incorporating a "Stainless Spiral Head". This is a "must have" tool for the professional tasked with removing bird nest material from exhaust vents as deep as 25 feet from the outside wall. Put one on your truck, you'll wonder how you ever got along without it.

Visit page 14 for WCS Bird Nest Rooter

WCS™ Avian-Spinner

This Woodpecker/Bird Deterrent is wind operated and it is best hung from the outside corner of buildings. At this location it can receive wind from 270 degrees, as well as increasing visibility to the woodpecker. If trees are present at these locations, move the flasher to a point that receives not only wind but is visible from the area that is receiving woodpecker damage. It is usually not necessary to put it directly at the point of activity, however try to keep it within 20 feet of the damage area. Comes complete with a wire arm for mount.

Page 21 for more info

WCS™ Large Pigeon Trap

Visit page 14 for more info

Just call it the Pigeon Hilton. Our extra-large trap holds 45-60 birds at a single setting and comes in 7 convenient panels. Extra panel can be used as a separator when removing birds. 8 non-stick bobbin-type doors (4 each end), plus 1 large cleanout door. 14 gauge wire, 1" x 2" mesh. 4'L x 3'W x 2'H.

WCS Tip – place on flat roof or plywood and bait with whole corn to avoid attracting smaller birds

Shade Cloth for WCS™ Large Pigeon Trap

Shade Cloth for WCS™ Large Pigeon Trap – This fabric is extremely strong and durable, treated to withstand the suns rays, yet lightweight enough to allow water to pass through. It measures 2' x 3' and includes 4 grommets.

WCS™ Culvert Bear Trap

The WCS Culvert Bear Trap is available to government, academic and research facilities. Designed with feedback from in-the-field state biologists, features include:

- **8' in Length**
- **36" Diameter**
- **Counter-Balanced Dual-Locking Door Assembly**
- **Door can be opened from the rear of the trap for relocation**
- **Access Door in the rear for ease of baiting**
- **Airflow panels mounted on each end**
- **Access ports provided along the length of the trap for Chemical Immobilization.**
- **Trailer Mounted for Ease of Transport**

Call for availability & price

The Coontroller™

See page 121 for more info

An industrial strength exclusion device designed to allow raccoons to leave a structure but not allow them to return through the original access point. Appropriate for use when raccoons are in an attic, chimney or underneath an enclosed shed or deck. The excluder features a unique cam locking double door that allows wildlife to push through to gain access to the outside, but locks behind them so if they try to re-enter, they are stopped cold. The Coontroller is 17" x 8" x 8" and is constructed of 1" x 1" galvanized 14 gauge wire mesh. Also effective for groundhogs, skunks, feral cats, armadillo and other similar sized animals. Note: This is not a trap; it allows animal to leave but not re-enter.

When you have a need for a custom solution, we're here to help!

Ferret WiFi multipurpose wireless inspection camera

Ideal for providing faster, easier and safer close up visual inspections when working in dark confined crawl spaces, under decks, attics and any hard to reach area.
High resolution streamed directly to your Apple or Android device.

KEY FEATURES:

- The award-winning Ferret WiFi is the world's first true multipurpose miniature 720p wireless inspection camera
- Wireless and rechargeable with built in WiFi Hotspot
- Adjustable Bright LED's
- Record photos and audio video direct to your reporting app
- Free easy to use app to suit both Android and iOS
- Extend the Ferret's reach up to 40' using a variety of other manufacturer's rods and poles. A range of thread adaptors included
- IP67 rated with the back cap on so suitable for all dusty and damp environments
- Comes with a range of accessories – gooseneck, short rod, hook and magnet to enhance functionality
- Ferret Stick extends out to 55" (Sold Separately)
- Reduce the need to always use a ladder or enter dark damp crawl spaces

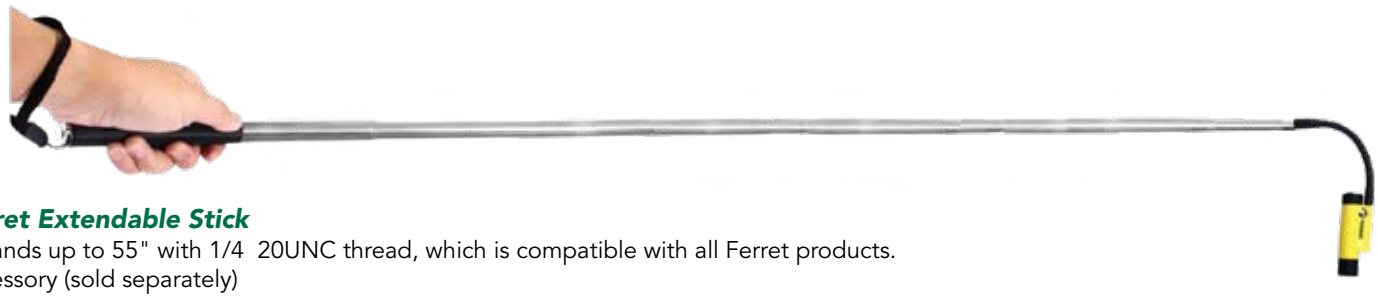
KIT INCLUDES:

- Ferret Wi-Fi Camera
- Padded EVA Case
- Rod/Hook/Magnet
- Camera Gooseneck
- Thread Adaptors

EASILY INSPECT:

- Dark confined crawl spaces
- Attics, ventilation & insulation
- Under porches & decks
- Roof & guttering
- Fireplace
- Dryer Ducts
- Walls & Ceilings

For product pricing see page 76



Ferret Extendable Stick
Expands up to 55" with 1/4 20UNC thread, which is compatible with all Ferret products.
Accessory (sold separately)

4-Wheel accessory for Ferret. (sold separately)

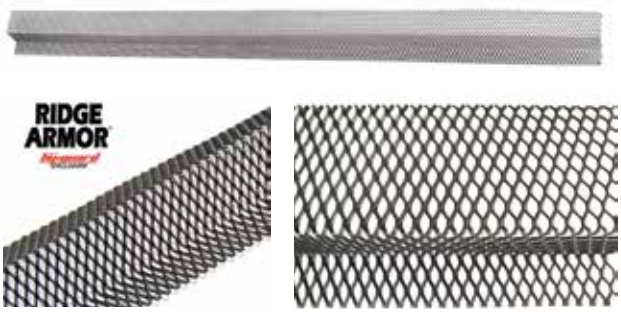
Wristband Phone Holder for iPhone 8, 8+, 7, 7+, 6S, 6; Samsung Galaxy S8+, S7 Edge. (sold separately)

Ridge Armor™ Ridge Vent Protection

Ridge-Armor™ Ridge Vent Protection by Hy-Guard Exclusion is a new product for protecting your home against wildlife entry at the roof ridge.

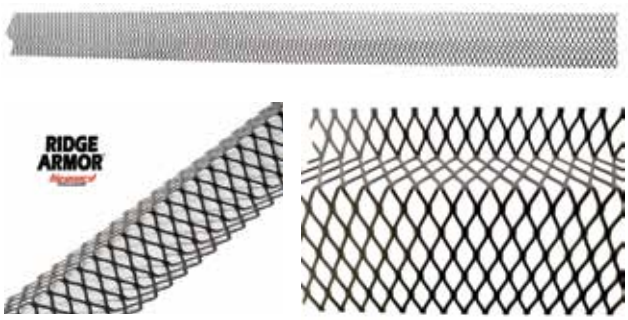
Ridge-Armor™ is made of steel mesh with a durable black powder coat finish, Easy-to-handle 48" Lengths, Fits over existing ridge vent: Saves labor and eliminates the risk of damage associated with tear-off solutions

See pages 12 & 66 for more info and pricing



Ridge Armor™ Ridge Vent Protection (HD 1/4" mesh)

The kit comes with: (40) 4' sections of Ridge-Armor™ Heavy Duty 1/4" mesh, 200 (1 1/2" long) hex head screws with sealing washers for attaching. 160 linear feet of Ridge Armor™ provides 80 feet of ridge-vent coverage.



Ridge Armor™ Ridge Vent Protection (STD 3/8" mesh)

The kit comes with: (40) 4' sections of Ridge-Armor™ Standard 3/8"mesh, 200 (1 1/2" long) hex head screws with sealing washers for attaching. 160 linear feet of Ridge Armor™ provides 80 feet of ridge-vent coverage.

A24 Rat & Mouse Trap Kit

See page 43 for pricing

The Goodnature A24 Automatic Rat and Mouse Trap is a revolution in pest control! It combines superb design engineering principles and behavioral science with the highest manufacturing standards to deliver a trap that will kill up to 24 times per CO2 canister.

Note: Cannot currently be shipped to Canada, Alaska, or Hawaii because CO2 cartridges are included. Product is only under warranty for defects and malfunctions. Neither WCS nor the manufacturer can guarantee success due to the unpredictability and cautious nature of rodents. Using NON-GoodNature brand CO2 cartridges will void the 2 year warranty.

Product Features:

- Automatically resets after each kill
- Works on Rats AND Mice
- Certified Humane – Mice and Rats are killed instantly
- Toxin Free – No risk to children, pets, wildlife or livestock
- Long lasting lure requires checking monthly, CO2 canisters last for 24 kills

In this box:

- 1 x A24 self-resetting rat and stoat trap, 1 x Rat lure bottle (Long Life Chocolate Formula), 2 x C02 gas canisters, 1 x Rodent Detector Kit, 1 x Success Guide

Tips for using the A24 Trap:

- In order to determine the best location to install the A24, it is strongly recommended that the provided Detector Cards be set out in suspect areas prior to installation. Detector Cards that have been gnawed on verify target species are present.
- Rodents (and especially rats) are extremely suspicious of anything new in their environment. It may take upwards of two weeks for them to investigate the A24.
- If possible, remove all other competing food sources. Rats and mice will not investigate the A24 lure if other more familiar food sources are available.
- The optimal height for installation of the A24 is four inches above the surface. To provide easier access to the lure for larger rodents, install the trap at a 45 degree angle as well.
- Pre-baiting the trapping site by creating a trail up to the trap with the provided lure can greatly increase chances of success.
- If the target species are verified to be in the area and there is no success, try baiting the trap with either available food sources or other lures using the DIY lure basket included with the kit.
- If there is still no success after three weeks of trials, relocating the trap is recommended. Use any unused Detector Cards to help with placement and be aware that a further two weeks might be required for rodents to adjust to the change.

WCS PRO-12 Bear Foot Snare

The PRO-12 has become the standard among bear trappers, either for nuisance or sport trapping. The pan has been "right sized" in response to bear trappers feedback and is fully tension adjustable. A 12" launcher with specially shaped jaws, holds and propels the spring enhanced cable onto the bears paw. Jaws can be easily replaced. The 3/16" 7 x 19 cable has a custom stainless Tripp lock and a 40" compression spring running the length of the cable. The spring eliminates the need for movement of the bear to close the cable loop. Each cable comes with a heavy-duty stainless swivel.

PRO-12 Kit $99.95
(Launcher & Cable)
PRO-12-Cable $24.95
(Replacement Cable)

WCS Bear Foot Snare (Aldrich Style)

Due to popular demand, this Aldrich type bear foot snare is back in production. Used extensively by the USDA-WS and state wildlife agency personnel, the improved Aldrich now has a safety latch to prevent premature triggering. When properly set, non-target animals can be released and captured bears can be tranquilized, released or relocated. Made exclusively in the U.S.A. for WCS.

WCSABS-KIT-1 $58.95

M15 Bear Foot Snare

Versatile, easy to bait and incredibly effective! To set, mount the M15 to a 5-gallon bucket (not included) with the spring-activated cable loop nestled inside the bucket lid. A bear reaching into the bucket to pull on the bait hook is immediately snared by the paw. The deer proof M15 comes complete with instructions, M15 snare mechanism, snare, HD high tie cable anchor and a quick link.

WHM15-kit1 $59.95
Bear Foot Snare Complete
WCSBSCableM15 $9.95

WCS™ Grizzly Bear Foot Snare Kit (Aldrich Type)

The WCS™ Grizzly Bear Aldrich-type foot snare is used extensively by USDA-APHIS-ADC and state wildlife agency personnel to catch problem bears. This method is safe, when correctly used, and allows for the release of nontarget animals. Made in the USA, the kit includes:

- A heavy duty spring snare thrower with larger, sturdier spring
- A 48" 3/16" cable with a bear lock and solid loop end
- A 5' 3/16" galvanized aircraft extension cable with loops at each end
- An 8 mm, heavy duty (1,400 lb. working load limit), stainless steel swivel with "clevis style" ends for speedy change out of snares, traps, and extensions

WCSABSGRIZ-KIT1 $69.95

Select-A-Catch Foot Snare

A patented foot snare device that humanely and selectively captures a wide variety of animals. Equipped with a tension device that reduces the chance of catching lighter non-target animals. Constructed from heavy duty ABS composite, with a heavy marine grade aluminum bottom, this unit will provide many years of service. One unit is capable of capturing fox, bear, coyote, mountain lion, wolves and dogs. Use the appropriate cable for your target species. Includes 1 Snare of your choice, 5 anchoring spikes and Instructional DVD. Additional replacement cables sold separately.

SAC1000 $159.00
Select (1) from the options below:
ACO Dog Cable
Bear Cable
Bobcat/Coyote Cable
Hog Cable
Mountain Lion/Wolf Cable

Ouell Ursus-1 Bear Foot Snare Kit

The URSUS-1 TRAP by Ouell is a high quality, heavy duty bear trap that is one of the best bear traps on the market. This trap is easy to use and meets all International Humane Trapping Standards. It's extremely effective and durable. Each trap comes complete with a 42 inch snare cable and a special trap setter. Made in Canada.

OUEURSUS-1 $94.50

Ouell Ursus-2 Bear Foot Snare Bucket Kit

The URSUS-2 Trap is a high quality, heavy duty bear trap that is easy to use and meets all International Humane Trapping Standards. It's extremely effective and durable. Made to last, it has an adjustable pressure trigger and a reinforced bucket. Each trap comes complete with a 34 inch snare cable and a special trap setter. Made in Canada.

OUEURSUS-2 $94.50

Fremont Bear Foot Snare

The Fremont Bear Foot Snare comes complete with the spring-loaded throwing mechanism, one snare cable and one high tie cable for anchoring, and a quick link for easily detaching the snare cable after a capture.

WHFRBEFO-KIT1 $45.95/ea.

Replacement Snare
WCSBSCABLE-1 $9.95

Crit-R-Done® Bear Foot Snare Kit

Kit includes the Crit-R-Done cylinder, a bait bag, zip-ties, two bullet anchors with swivels, cable stop, snare cable with compression spring and cable clamp for spring. The bear simply reaches into the cylinder to grab the bait bag positioned at the bottom of the cylinder, and by pulling up on the bait "pushes" the cable snare loop onto its' leg, resulting in a positive capture.

CRITRDONE-KIT $349.95

Black Magic Bruin

Another time tested favorite, particularly among Canadian outfitters, primarily used to help Black Bear find bait stations. Bear will relish it and return for more. Use as a trailing scent, this cannot be over applied and is completely edible. Apply single drop to an ounce or more of your favorite bait and set every few feet.

WCSBNBMB-gal Gal. $25.95

Molasses Fortifier (Granulated)

Used to bolster/thicken liquid molasses in l
ure-making

EO00MF	16 oz.	$3.95
	32 oz.	$6.95
	Gallon	$12.95

Extended Range Rubber Slug – (5-Pack Box)

CWXR-12 $12.99

Colored Blue for user identification and at 600 fps. This Extended Range Rubber Slug load is intended to deposit higher levels of kinetic energy at longer distance than any other load available. This load permits aversive conditioning at distances well beyond the norm, and provides enough K.E. to move large animals at greater distance. The Extended Range Rubber Slug should only be used in Cylinder or Improved Cylinder-choked rifle barrels.

ATTENTION – For all Lightfield Shells: Intended for use only by persons trained in the safe use of firearms. Handle with caution and wear eye and ear protection. Check barrel for obstructions. Be aware of state and local laws prior to use. Residents of CA, Del., D.C., IL.(FOID card), Mass., NY. and Ohio please check your local laws for restrictions before ordering any ammunitions products.

Ships via Ground Only

4-Ball Rubber Buckshot Slug – (5-Pack Box)

Designed for .410/45 Long Colt Handguns and .410 shotguns, 1400 fps.

CWRB-410 $10.99

Rubber Buckshot 21 Ball – 12 gauge - (5-Pack Box)

21 .32 caliber PVC balls @ 750 fps.

CWRB-12 $12.99

Mid-Range Rubber Slug - (5-Pack Box)

130 gr. Mid-Range Rubber Slug @ 500 fps, effective out to 40 yards.

CWMR-12 $12.99

20 Gauge Double Ball Slug - (5-Pack Box)

Two .73 cal. projectiles rather than many smaller ones, 900 fps.

CWDB-20 $11.99

WCS Culvert Bear Trap

The WCS Culvert Bear Trap is available to government, academic and research facilities. Designed with feedback from in-the-field state biologists, features include:

- **8' in Length**
- **36" Diameter**
- **Counter-Balanced Dual-Locking Door Assembly**
- **Door can be opened from the rear of the trap for relocation**

- **Access Door in the rear for ease of baiting**
- **Airflow panels mounted on each end**
- **Access ports provided along the length of the trap for Chemical Immobilization.**
- **Trailer Mounted for Ease of Transport**

Bats Out of the belfry, the attic and the chimney!

These territorial little insect-eaters are great for the environment, but not for your property owners peace of mind. We have the answer. Our selection of exclusion, bat-proofing and housing products will help ensure that bats set up their homes elsewhere.

Batcone® Products

Durable Batcones are a humane, one-way exclusion devise for ridding any building of unwanted bat colonies – forever. Since they cannot grip the slippery inside of the Batcone, bats have no way to crawl back in. Set these Batcones with a slight downward slope to make it easier for bats to exit. Once excluded, seal the exit points with mesh and Todol Foam or Solar Seal.

Batcone® II – Bat Excluder

For fast, easy installation, this model can't be beat. The reusable, long lasting cone attaches quickly with pushpins, nails staples or even duct tape. Polyethylene excluder is 6" long and comes with four flexible tabs at one end to attach over entry/exit point.

BCEX-1 Single $12.95
BCEX-12 Dozen $147.00

Batcone® Pro-Cone™

Newly redesigned to meet the durability needs of the professional. Now available in heavy duty injection-molded plastic, versatile Pro-Cones come with a built-in solid flange and mounting holes. Can also be used to exclude flying & red squirrels, sparrow and starlings. Available in three different styles: Corner, Round and Square.

Pro-cone™

PCCRNR-1	CORNER	Single	$12.95
PCCRNR-12	CORNER	Dozen	$147.00
PCRND-1	ROUND	Single	$12.95
PCRND-12	ROUND	Dozen	$147.00
PCSQR-1	SQUARE	Single	$12.95
PCSQR-12	SQUARE	Dozen	$147.00

Pro-cone™ Flanges

PCFLNG-6 Vinyl Flanges	(round hole) (6-Pack)	$29.95
PCWIREFLNG-6 Wire Mesh Flanges	(round hole) (6-Pack)	$29.95

Bat Call Bat Gland Paste Lure

Use to attract bats to bat houses. This paste gland lure has proven to be a valuable asset. Bat Call will promote faster response time and acceptance to a new home. Excellent for bat houses when used in conjunction with structural exclusion methods.

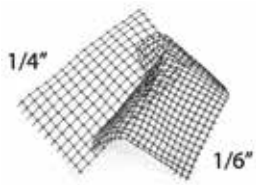
NWSBJ01-4 $15.00

BAT HOUSES

Coveside Conservation Products

high-quality and handcrafted in Maine from Eastern White Pine. Each includes a hanger for easy mounting, and detailed instruction.

	Code	Description	Dimensions	Price
A	WCS01002	**Bat Mansion** - Houses 200-300 bats in five chambers plus an attic, which provides for greater temperature stability. Bats seek most comfortable temperature by moving up or down inside the house. A popular house because of its large capacity.	25" x 11" x 11" 5 Chambers	$69.95
B	WCS01001	**Bat Condo** - Accommodates over 50 bats and is ideal for a nursing colony. The vertical house contains 4 chambers and can be easily mounted by a hanger on a building or a tree.	19.5" x 9.5" x 7.5" 4 Chambers	$53.95
C	WCS01005	**Sunshine House** (Small) - Houses up to 100 bats. Includes a large, screened landing platform, roughened interior surface and echolocation slots on the sides to help bats locate the hollow cavity.	17" x 13" x 6.5" 2 Chambers	$47.95
D	WCS01003	**Sunshine House** (Large) - Houses up to 200 bats. Includes a large, screened landing platform, roughened interior surface and echolocation slots on the sides to help bats locate the hollow cavity.	17" x 17" x 6.5" 2 Chambers	$54.95
E	WCS00133	**BATchelor Pad** - Houses up to 30 bats in a single chamber. Features include a large screened landing pad, roughened interior surface and an echolocation slot. Designed for cooler locations preferred by solitary males, but also suitable for a small nursing colony.	20" x 10" x 3" 1 Chamber	$39.95
F	WCS01134	**Mini Bat House** - House a few bats in this small version of the "BAT"chelor Pad. Comes complete with echo-location slot and screening against the back	16"h x 8"w x 3-3/4"d	$22.95



Bat Netting

Keep 'em out. Stiff but pliable black poly netting is great for exclusion and/or creating bat valves (also known as one-way doors). Not easily chewed or ripped. Easy to form against buildings, this netting can be stapled or held in place with Hercules Putty [see page 35] on aluminum or vinyl sided structures. 1/4" is stiffer than a common window screen, though not as stiff as 1/6". Call for larger sizes and custom cutting.

NWS3018-10 ¼"- 14' x 10' **$41.95**
NWS3018-50 ¼"- 14' x 50' **$198.95**
NWS7100-10 ⅙" - 14' x 10' **$49.95**
NWS7100-50 ⅙" - 14' x 50' **$239.00**

Call for larger sizes.

Hercules Putty

Use this all-purpose black adhesive putty to secure traps, bait stations and bat netting. Won't run in heat, unaffected by cold and easily removed with putty knife or hands. Sticks to all kinds of surfaces and leaves floors stain-free.

WCSHP01 $14.50

Dripless ETS 3000 Caulking Gun

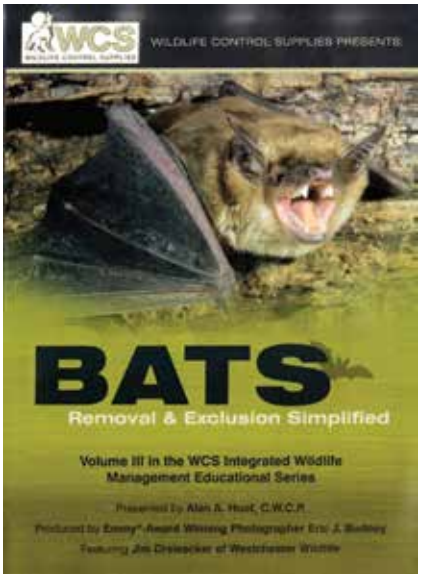
Ergonomic design for the professional, these guns address weight, balance and stress while applying caulk and sealants. The grip has been designed to keep the wrist in a natural and balanced position.

ETS3000 $17.95

Pur Black Gun Foam

Especially developed for outdoor use. Stops gases, water, sound and pests. Black color blends into surrounding environment and never looks dirty. Perfect for roofers, pond installers & nuisance control professionals. To be used with a foam gun. Sandable and paintable. 12 dispensed gallons.

NWS0601 750 ml **$16.95**
NWS0601C (case of 12) **$179.95**



Bats Removal & Exclusion Simplified

with Alan Huot Featuring Jim Dreisacker

This DVD takes you through inspecting properties for signs of bats, effective exclusion methods, proven tools & supplies and important information to know about bats. 1hr:18 mins.

WCSBATS $9.95

ASI 502 100% RTV Silicone

ASI 502 is a 100% RTV Silicone that is UL & NSF Recognized. ASI 502 is a one-part, moisture-curing RTV (room temperature vulcanizing) silicone that cures to a strong, silicone rubber that maintains long-term durability and flexibility. ASI 502 100% RTV Silicone is a non-slump sealant and can be applied to vertical or overhead surfaces without flowing or sagging. Because ASI 502 is a 100% RTV silicone sealant, it has excellent resistance to weathering including ozone, ultra-violet radiation, freeze-thaw conditions and airborne chemicals. 10.2 Oz. Tube.

502BK - BLACK **$3.75**
502CL - CLEAR
502WH - WHITE
(Case of 24) **$79.95**

Black Out Pest Control Foam

A polyurethane foam sealant designed to seal and fill small gaps, cracks and voids. Available in one-time use "straw" foam or multi-use gun format.

FS-347-1 $13.95
Gun Format Foam 24 oz (Single)
FS-347-12 $149.95
Gun Format Foam 24 oz
(Case of 12)

Pageris Foam Gun

The industry's standard and essential equipment for any NWCO. The Pageris gun gives complete control with no messy clean-ups and wasted foam. Built to last, with stainless steel barrel and Teflon-coated adaptor, it'll pay for itself many times over. Can be loaded with black, white or beige foam.

NWSECO 12" nozzle **$75.00**

Big Stretch® Sealant

Big Stretch is a 100% acrylic caulk with powerful adhesion and elasticity. It's perfect for many interior and exterior applications. Its powerful adhesion and extreme elasticity will stick, twist, bend, compress, and stretch – more than 500% of original size! 10.5 oz. Tube - CLEAR

BSTRC-1 (Single) **$5.75**
BSTRC-C (Dozen) **$63.95**

Economy Foam Gun

This reusable, economical all-metal gun adjusts product flow to reduce waste, and is hermetically sealed to prevent hardening of product inside. Long barrel model is perfect for hard-to-reach places.

WCSFGE Standard Barrel 5" **$32.95**
WCSFGB Long Barrel 30" **$85.00**

Solar Seal® #900

A premium adhesive/sealant based on terpolymer technology which offers an alternative to silicone & urethane sealants. Exceptional weather resistance, adhesion, elongation and color stability. Great for exclusion work! Available in white, clear and black.

SS900 (Single) **$5.95**
(Dozen) **$68.00**

Pageris Pro Foam Gun Kit

Includes 12" Pageris foam gun; three 32 oz. cans of Pur-Black foam; 1 full-size screw-on foam cleaner; 5 pair nitrile gloves, three needle tips, three syringes and a flexible plastic tube. Comes in a handy green plastic molded carrying case.

NWS603C $185.95

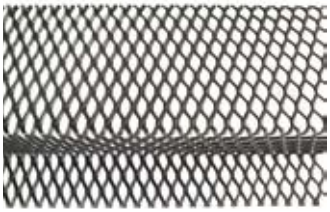
Ridge-Vent Protection

Ridge-vents have been a great improvement for roof construction and attic ventilation as they are designed to protect shingles from overheating in the summer and allows the release of excess moisture build up in the winter. Although great for extending the life of the roof, this large vent opening across the ridge of a home, creates a potential problem area as it can be an easy access for unwanted pests! New products have been developed to help protect this area by keeping critters out!

Ridge-Armor™ Ridge Vent Protection by Hy-Guard Exclusion is a new product for protecting your home against wildlife entry at the roof ridge.

Ridge-Armor™ is made of steel mesh with a durable black powder coat finish, Easy-to-handle 48" Lengths, Fits over existing ridge vent: Saves labor and eliminates the risk of damage associated with tear-off solutions

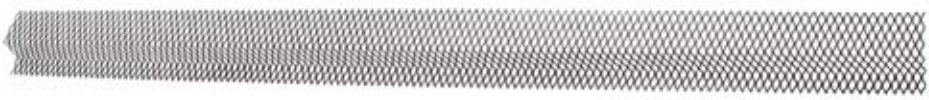
Ridge Armor™ Ridge Vent Protection (HD 1/4" mesh)

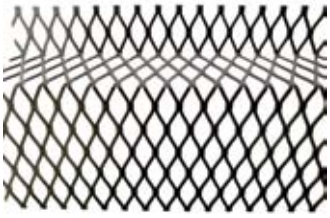


The kit comes with: (40) 4' sections of Ridge-Armor™ Heavy Duty 1/4" mesh, 200 (1 1/2" long) hex head screws with sealing washers for attaching. 160 linear feet of Ridge Armor™ provides 80 feet of ridge-vent coverage.

RA1448B-HD $427.00 (Flat Rate shipping $25.00 – within Continental U.S.)

Ridge Armor™ Ridge Vent Protection (STD 3/8" mesh)





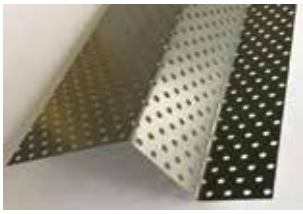
The kit comes with: (40) 4' sections of Ridge-Armor™ Standard 3/8"mesh, 200 (1 1/2" long) hex head screws with sealing washers for attaching. 160 linear feet of Ridge Armor™ provides 80 feet of ridge-vent coverage.

RA3848B $365.00 (Flat Rate shipping $25.00 – within Continental U.S.)

Pest-Blok Ridge Vent Wrap - 160'

Pest-Blok Ridge Vent Wrap guards your roof against squirrels, raccoons, birds, bats and many more. Pest-Blok products are 100% made in America which allows better prices for you. Large company quality at a competitive price. Each tube contains 160 linear feet. Product measurements: (in inches): 1 X 1.25 X 2. Free Standard Shipping within the continental United States!

PBRVW Black or Brown **$425.00**



Ridge-Guard™ Animal Exclusion

A revolutionary system for guarding against animal entry at the roof ridge. Comes with (21) 92" panelss, and screws for attaching. Covers 160 linear fee which provides 80 feet of ridge vent coverage. Mesh is 1/4".

RGK-160 $472.00
(Flat Rate shipping $40.00 – within Continental U.S.)

Peak Protector – Ridge Vent Exclusion – 100'

Made of coated metal wire, Peak Protector Guard forms at the ideal lengths and angles providing the best protection for ridge vents from intrusion of pests!

It comes in 4 foot sections, making it an ideal length for installation. This shorter length is safer for carrying up a ladder and onto the roof while reducing the risk of product damage. Peak Protector's coated welded wire increases its lifetime and effectiveness in harsh climates.

PPK-100 $195.00

B3X Exclusion Strips

B3X Exclusion Strips are an exciting new and innovative exclusion product for birds, bats, insects, and more! Place strips behind shutters, in ridge vents, fill gaps along roof lines, or seal off attic vents. The "compression anchor technology" constructed of reticulated polyurethane material allows installation without adhesives or tools. Each box contains 32 two-foot strips, for a total of 64 linear feet

WCSDV8-32 $94.95

B3X-SR Exclusion Strips

B3X-SR Exclusion Strips are specifically designed for use with corrugated metal roofs and exclusively sold by WCS. They provide the same great protection from Bats, Birds & Bees as the original B3X strips, but their wedge shape makes them ideal for excluding the spaces created by corrugated metal roofing. The "compression anchor technology" constructed of reticulated polyurethane material allows installation without adhesives or tools. Each box contains 24 two-foot strips, for a total of 48 linear feet.

Professionals agree that there are never too many options when doing wildlife exclusion work. Now, when dealing with corrugated metal roofs, you have another great one in your toolbox. Just stuff B3X-SR Exclusion Strips into the roof openings to keep those nuisance pests out!

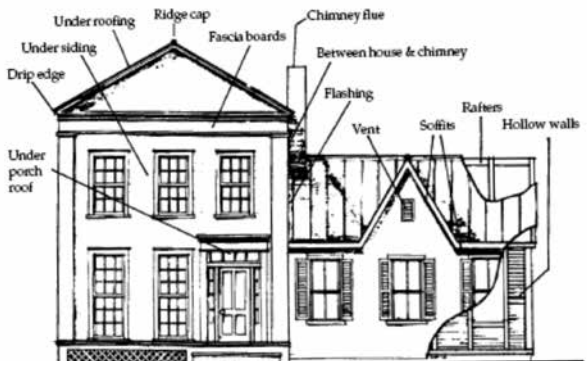
B3X-SR-24 $125.95

Damage and Damage Identification

Bat Presence

Bats often fly about swimming pools, from which they drink or catch insects. White light (with an ultraviolet component), commonly used for porch lights, building illumination, street and parking-lot lights, may attract flying insects, which in turn attract bats. Unfortunately, the mere presence of a bat outdoors is sometimes beyond the tolerance of some uninformed people. Information is a good remedy for such situations.

Fig. 7. Common points of entry and roosting sites of house bats.



Bats commonly enter buildings through openings associated with the roof edge and valleys, eaves, apex of the gable, chimney, attic or roof vent, dormers, and siding (see Fig. 7).

Other openings may be found under loose-fitting doors, around windows, gaps around various conduits (wiring, plumbing, air conditioning) that pass through walls, and through utility vents.

Bats are able to squeeze through narrow slits and cracks. For purposes of bat management, one should pay attention to any gap of approximately 1/4 x 1 1/2 inches (0.6 x 3.8 cm) or a hole 5/8 x 7/8 inch (1.6 x 2.2 cm). Such openings must be considered potential entries for at least the smaller species, such as the little brown bat. The smaller species require an opening no wider than 3/8 inch (0.95 cm), that is, a hole the diameter of a US 10-cent coin (Greenhall 1982). Openings of these dimensions are not uncommon in older wood frame structures where boards have shrunk, warped, or otherwise become loosened.

Roosting Sites

Bats use roosting niches that are indoors (human dwellings, outbuildings, livestock quarters, warehouses), semi-enclosed (loading docks, entrance foyers), partially sheltered (porches, carports, pavilions, highway underpasses, bridges), and open structural areas (window shutters, signs). Once there, active bats in and on buildings can have several economic and aesthetic effects, often intertwined with public health issues (Frantz, 1988). Unusual roosting areas include wells, sewers, and graveyard crypts. Before considering control measures, verify that bats are actually the cause of the problem.

Proven Solutions for the Special Challenges of Nuisance Birds

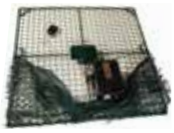
TRAPS & NETS

WCS™ "EZ" Catch Bird Trap

Proven to work, easy to use, safe for the birds – that's why we trust our EZ Catch Bird Traps. A spring-loaded gentle nylon net closes like a clamshell over the birds when they trigger the bait pan, to trap them quickly and effectively. The metal mesh base frame is powder coated for rust resistance. Can be mounted on walls, buildings or placed in trees. Base and net are green to blend with surroundings.

WCSRC17 $72.95
17" x 17" x 2.5" – (Woodpecker)
WCSRC24 $84.95
24" x 24" x 2.5" – (Crow/Duck/Grackles)
WCSRC36 $124.95
36" x 36" x 2.5" – (Chicken)

WCS™ "EZ" Catch Bird Trap with Remote Trigger



We took our effective EZ Catch Bird Trap and added a unique remote trap trigger that provides an onsite, manned operation for selective capture. Rigorously field-tested, with a maximum effective range between 100'-150' and success up to 200' depending on terrain and interference. When you need to monitor capture and select specific targets, the EZ Catch with Remote Trigger is a powerful solution.

WCSRC36-Remote $374.95
36" x 36" x 2.5" (ships at 90lb rate)

WCS Large Pigeon Trap

Just call it the Pigeon Hilton. Our extra-large trap holds 45-60 birds at a single setting and comes in 6 convenient panels. Extra panel can be used as a separator when removing birds. 8 non-stick bobbin-type doors (4 each end), plus 1 large cleanout door. 14 gauge wire, 1" x 2" mesh. 4'L x 3'W x 2'H.

WCS Tip – place on flat roof or plywood and bait with whole corn to avoid attracting smaller birds

WCSPPT $184.95

Shade Cloth for WCS™ Large Pigeon Trap

Shade Cloth for WCS™ Large Pigeon Trap – This fabric is extremely strong and durable, treated to withstande the suns rays, yet lightweight enough to allow water to pass through. It measures 2' x 3' and includes 4 grommets.

WCSPPTShade $11.95

WCS™ Wooden Bird House Trap for Sparrow

WCS's Birdhouse with a Twist!

Sparrows invading bluebird boxes, bird feeders and other enclosed areas cannot resist this non-lethal trap when it's placed in their flight path. On the outside, this looks like a normal birdhouse with a hole just big enough for a sparrow. Inside, a spring-loaded door snaps shut when the sparrow lands on a perch below the opening. A convenient fluorescent orange sticker on the door shows you if it's been closed.

NWSSTWH $38.00

WCS™ Multi-Catch Sparrow Trap

No moving parts to worry about! Bait this economical, multi-catch trap with seed or breadcrumbs in gathering areas and sparrows won't be able to resist investigating. Two entry points and side release door. Made of 1" x ½" galvanized wire mesh. Measures 16" x 12" x 8".

WCSKBSPWT $39.95

WCS™ Pigeon Trap

(Low Profile)
Perfect for tight spaces (ledges, patios, billboard catwalks – you name it). 2 bobbin-type doors have unique "feet" that prevent jamming and 1" x ½" mesh that prevents hawks from feeding on captured birds. Holds 6-10 birds. 24"L x 12"W x 7"H.

WCSPGLP $44.95

WCS™ Sparrow Sled Live Trap

A unique solution for professionals providing services to "big box" retailers, factories and hangers. When suspended from the rafters, this trap's sled-shaped base allows for a landing location (or bait area) and keeps any debris from falling onto unsuspecting employees and customers. Front entry compartment has a funneled door and cone funnel to back compartment; back compartment is equipped with a mesh box that holds 2 water bottles for thirsty captured birds. Trap made of 1" x ½" mesh and measures 24"L x 12"W x 12"H. Sled measures 33"L x 13.5" 4"H.

WCSSPWSLDE $129.95

WCS™ "Starling Catcher"™

There is nothing like it on the market. This wooden trap contains 2 chambers for live capture of starlings. It measures 14.5H x 8W x 9D and is perfect for capturing those pesky starlings. A fluorescent circle helps to notify user once the trap has been triggered to close a door containing the live starling.

WCSSC-1 $79.95

WCS™ Mist Nets

A dependable solution for small bird capture and control. Net is threaded with horizontal cords to form pouches for starlings, sparrows and pigeons to fall in. Very fine, very strong, and folds to fit in a sandwich-sized plastic bag.

WCSMN10x20 10' x 20' **$49.95**
WCSMN10x40 10' x 40' **$79.95**

WCS™ Hand Capture Net

The professional choice for close quarters bat capture and even squirrels in the fireplace! Our net's soft, ¼" black nylon mesh keeps animals safe and comfortable, while the 5" foam grip handle makes for easy gripping. 11"w x 15"l x 12"d.

WCS3401 $14.95

"Starling Stopper" Trap

WCS's unique, no-fuss way to humanely remove young starlings from bathroom and dryer exhaust vents. A clear plastic one-way door allows birds to enter while an exposed mesh end to the outside allows the mother to call and feed her young until you're ready to free them. Detachable nose cone for easy bird removal.

JPSS $43.95

McLean Folding Net

Spring-loaded and ready to fire. We like the telescoping McLean for its 5/8" soft nylon mesh, gentle and strong on small birds and mammals. Anodized, corrosion-resistant aluminum handle (21 ½", 4' extended) and the elastic front portion of the triangular net. Included belt scabbard. 15 ½" long, 21 ½" across, 21" deep.

WCSMFN $99.95

WCS™ Bird Nest Rooter

The WCS™ Bird Nest Rooter is constructed of the finest quality hand powered drain cleaning unit available, heavy duty for years of use, and has been modified it by incorporating a "Stainless Spiral Head". This is a "must have" tool for the professional tasked with removing bird nest material from exhaust vents as deep as 25 feet from the outside wall. Put one on your truck, you'll wonder how you ever got along without it.

WCSBNRTR $55.95

REPELLENTS & DETERENTS

Flight Control Plus Goose Repellent

Developed for turf management & wildlife control as a humane tool to deter geese from congregating in and around golf courses, ponds, office/ commercial complexes, athletic field, recreational facilities, residential areas and parks.
(EPA REG 69969-1)

NGMFCP-1	Gallon (single)	$285.00
NGMFCP-4	Gallon (case of 4)	$1,060.00

Flight Control Plus - One Quart - Kit - Includes Sprayer

Apply Once and Geese are gone with Flight-Control® Plus! If you are a homeowner with a small plot to spray and can't find an applicator, consider purchasing this starter kit! It includes a sprayer unit and a quart of Stop The Drop with FlightControl Plus. FlightControl Plus is a proven, effective chemical goose repellent. It is your friend for any Canada goose problem.NOT FOR SALE IN: AK,AZ,CA,NM, and Limited/Restricted use in NY

NGMFCP-32-KIT $122.95

Golden Eagle Thermal Fogger

(Electric Start XL, Model 2610, Series 3)

Designed for large indoor warehouse use and outdoor insect/pest control. This handy tool can dispense oil-based insecticides, fungicides, germicides, disinfectants, odor control and other chemical products and excels at reaching hard-to-get places. New electric starting system gives it greater reliability and fuel efficiency. Complete with instruction manual, batteries, auxiliary start cable, 2 cleanout brushes, tool kit (export only) and spare parts kit (export only).

58500 $1,980.00

Avian Control Bird Repellent

EPA-Registered for use on crops to prevent damage from foraging birds. Effective on geese, pigeons, starling and grackles. All ingredients are food-grade and can be used in agricultural, commercial, residential and airport applications. Use with Thermal Fogger.
(EPA REG 88889-1)

WCSAVCTL	(Half Gallon)	$96.00
WCSAVCTL-G	(Gallon)	$182.00
WCSAVCTL-25	(2.5 Gallon)	$377.50

Bobbex-G Goose Repellent

A special formulation to supplement fertilizer. Applied directly to the lawn, it leaves a residue which geese avoid. Liquid concentrate is diluted with water.

B550140	(Half Gallon)	$46.95
B550155	(5 Gallon)	$261.95

4 the Birds

For the busy bird control expert. Discourages roosting or perching on inside supports and outside vegetation. Lasts for months. Active ingredient: Polybutene. (EPA REG 8254-5-56)

WCS677-Gal $46.50
Transparent Liquid, 1 Gallon

WCS677C $174.95
Transparent Liquid, Case of 4 Gallons

NWSBRG-1 $5.95 — Transparent Gel Tube, 10 oz.
NWSBRG-12 $67.95 — Transparent Gel Tube, Case of 12

PIGNX®

The first ever EPA approved Bio-Repellent for birds. This is the first pigeon bio-pesticide that does not contain polybutene. PIGNX® is eco-friendly, harmless to birds, mammals and humans.
(EPA REG 844-18-1)

BBRT1001-1	(10 oz. tube)	$22.95
BBRT1002-12	(Case 12 tubes)	$250.00

Goose Scram

Easy to apply granules won't harm geese but repels them for up to 25 days. Covers 7700 square feet. (EPA (FIFRA Section 25(b) Exempt)

SCR5922 22 lbs $99.95

WindowAlert helps prevent the problem of birds flying into windows.

WindowAlert UV Liquid - 1.5 oz bottle with applicator tip

WindowAlert UV Liquid is easy to apply. Simply use our bingo marker to make dots on window glass. The dots dry to virtually clear, last three months, and are easy to remove. And, they save songbirds! CONTENTS: 1.5oz Bottle of UV Liquid

WAUVL $12.95

WindowAlert Window Decal - 4 Pack

WindowAlert decals appear as frosted or etched glass. Maple leaf decals measure approximately 4" across. The two Aspen decals measure 2" across. WindowAlert decals are designed to be placed on the OUTSIDE of a window. As a rough guide, we recommend one decal for every 3' x 3' section of glass. Reapply decals every 6-9 months. CONTENTS: 4 Decals per Envelope. TYPE: Static cling.

WADECAL $8.95

WindowAlert Stop Bird Attack - 9 oz Aerosol Can

WindowAlert Stop Bird Attack eliminates the bird's window reflection, calms the bird, and stops the attack. The product is a removable, white coating that may be sprayed on any window under attack. Stop Bird Attack is effective for Northern Cardinals, American Robins, California Towhees, and other territorial birds. CONTENT: 9 ounce aerosol can

WASBA $8.95

OvoControl® P "Birth Control" for Pigeons
OvoControl is a ready-to-use bait that interferes with the reproduction of treated pigeons, causing the population to decline. This effective and humane technology is especially useful for managing flocks in larger areas without having to resort to poisons and their associated risks.
OVO-P 30 lb. Bag **$239.99**

OvoControl® Tripod Feeder Kit
OvoControl® P Automatic Feeder kit includes:
- Automatic bird feeder with 360¬∞ broadcast footprint
- Up to 25 ft. throw radius; feeds up to 150 birds
- Holds more than 100 pounds of bait
- Programmable, digital timer and controller
- Lightweight - easy to assemble
- Operates on a 6-volt battery
- Solar charger and rechargeable battery

IN17608 Kit $314.99

Fly Away™ 30mWatt Laser (Green)

You have probably known for some time that lasers are highly effective tools to solve bird problems. The remaining problem was – lasers that were powerful enough to do the job cost too much. Introducing the Fly Away™ laser, a powerful, low cost, high quality laser proven effective with extensive field use.
BDL-1 $475.00

Fly Away™ 50mWatt Laser (Green)

To be effective, lasers must have contrast between the light from the laser and ambient light. The greater the contrast, the more effective the laser is, especially if you are dealing with 100 birds or more. This laser is designed to provide more flexibility in how you work and when you work. The BDL-50G Fly Away™ laser is a powerful, low cost, high quality laser proven effective in brighter areas.
BDL-50G $975.00

Safely and effectively repels birds 24/7.

BirdGard PRO
NWS0033 $233.00
Repel birds with crystal-clear digital recordings of enemies and distress calls. The Bird Gard® Pro is designed for smaller applications with coverage up to 1.5 acres. It features a built-in amplifier and speaker and mounts easily to a post or fence using the included mounting bracket. The unit comes pre-recorded. The BirdGard units can be fitted with a variety of digital chips to address various nuisance bird situations. System includes generating unit with built-in speaker, power adapter with 50 feet (15 meters) of cable, weatherproof enclosure and mounting bracket. Optional accessories: External speaker, 5-watt solar panel, battery cables with clips.

Popular Chip Sets
Residential Woodpecker (-12A) Marine (-2A)
NWS0010X Extension speaker w/100' cable **$58.50**

Solar Panel comes with a battery cable with red (positive) and black (negative) alligator clips at the end for attachment to a 12 volt battery and a power plug to connect to the Bird Gard unit. The kit also includes a mounting bracket and hardware to attach the solar panel to a post or pole.
WCS0099 5 watt Solar Panel and Mounting Kit **$165.00**
WCS0094 20 watt solar panel **$301.95**

Battery cable comes with 10 feet (3 meters) of cable with red (positive) and black (negative) alligator clips at the end for attachment to a 12 volt battery. **NWSB-0010 $17.50**

Build a bigger wall of sound.

Bird Gard PRO PLUS
NWS0035 $400.00
Extend your coverage up to 3 acres with the PRO PLUS. Two speakers create diverse sound coverage patterns. Solid-state electronics are contained inside a NEMA-rated control box, making this system suitable for most any weather condition.

System includes generating unit with two built-in amplifiers, power adapter with 50' of cable, two external speakers (each with 100' of cable) and a 10' battery cable with clips.

Popular Chip Sets
Woodpecker (-12A) Marine (-2A)

Big clients, big buildings, big job?

We're with you every step of the way. WCS stocks a wide variety of quality exclusion products and we're ready to help you custom design the best bird control system for your needs. We can even assist in preparing a quote for your client. Just call 1-877-684-7262.

EXCLUSION (or physical deterrents)

Bird Barrier Bird Slide

When total exclusion for ledges, eaves, angle irons, I-Beams and most "L" shaped ledges is the goal. As many bird control experts know, there are ledges where heavy pressure (nesting birds) demands an exclusion system, and netting may be visually unacceptable. BirdSlide completely protects the ledge against all bird species; they simply can't get a grip and "slide" right off the ledge. BirdSlide comes in Beige and Grey, but can be painted to match any color to blend into the structure.

For ledges 6", the flat base simply glues or can be screwed to a clean surface. For narrow ledges, the "fin" can be trimmed down; for wider ledges an extension can be added.

Item	Description	Price
sl-5b15	Bird Slide (Beige) 15 ft (3) 5-foot sections	$64.85

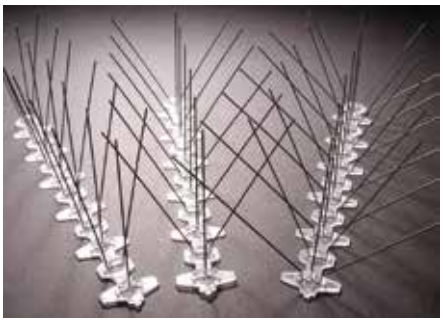
Bird Barrier Bird-Flite



Narrow – 2 ½", Wide - 4 ½", X-Wide 8"

Bird-Flite is installed on thousands of U.S. buildings with an incredible success rate, even under heavy bird pressure. Its thin, stainless steel rods and U.V.-resistant polycarbonate base are extremely durable and it is also the least conspicuous spike product on the market. Unlike similar products, Bird-Flite's spikes are blunted, preventing injury to birds or unsuspecting workmen. Bird-Flite's wires are spaced 1.5 inches on center-far enough apart to repel pigeons, yet avoid entrapping debris. The base can be glued or screwed in place. Available in one foot lengths, each section can be broken into smaller sections to accommodate any architectural configuration.

Narrow

BP-F100-10 Narrow, 10' Case Pack **$25.00**
BP-F100-20 Narrow, 20' Case Pack **$50.00**

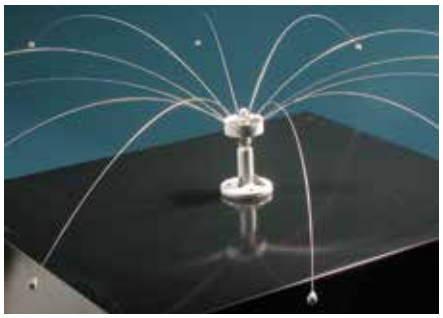
Nixalite

For troublesome roosting birds and climbing animals. With 120 points per foot on its 4" x 4" spikes for maximum coverage (vs. others with 32 points), Nixalite is the high end in bird control. Flexibly bends around corners and edges and attaches with friction clasps for easy removal. Durable, corrosion proof, pesticide-free all stainless steel construction.

NIX-S-10 (5) 2 ft sections **$60**
NIX-S-100 (25) 4 ft sections **$500**
Call for larger quantity quotes.

Daddi Long Legs®



The Daddi Long Legs is in a class by itself. This unique design deters gulls, pigeons, and other large birds from landing in open spaces such as flat roofs or air conditioning units, as well as on street lights and other hard-to-protect areas. The thin, stainless steel rods rotate in the breeze and wave menacingly, interfering with birds as they attempt to land.

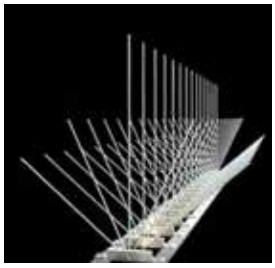
DD-4000	Daddi Long Legs 4'	**$35.65**
DD-6000	Daddi Long Legs 6'	**$40.90**
DD-8000	Daddi Long Legs 8'	**$46.15**
DD-B100	Daddi Long Legs PVC Glue Base (ea.)	**$6.00**
DD-B110	Daddi Long Legs Sand Bag Base	**$29.15**

Bird-B-Gone Polycarbonate Bird Spikes

They come in two-foot sections, 50 feet per box, and are made from a UV protected polycarbonate plastic. The spike strips are available in three different widths; 3", 5" & 7", to accommodate the area of the surface being treated. The base of the spike is 1.5" wide, and can be glued, nailed, or tied down to most surfaces. Offered in a variety of colors including crystal clear, brick red, light grey, brown, black, white and tan, and carry an industry leading 5-year guarantee.

BBG2000-7	Bird-B-Gone Polycarbonate Bird Spike 7"	**$132.50**
BBG2000-5	Bird-B-Gone Polycarbonate Bird Spike 5"	**$132.50**
BBG2000-3	Bird-B-Gone Polycarbonate Bird Spike 3"	**$132.50**

Indicate color choice crystal clear, brick red, light grey, brown, black, white and tan.



Universal Adjustable Bird Control Spikes - Stainless Steel - Box of 50'

Flock Free Universal Adjustable Bird Control Spikes are unique adjustable spikes made to fit a variety of surfaces. Spikes can be used to repel pigeons, sparrows, starlings, crows, blackbirds, grackles, swallows and more. They can be installed in a variety of locations including homes, garages, rooftops, window sills, signs, billboards, beams, rafters and more. Spikes cut down on cleanup and repair costs and reduce health & liability risks associated with pest bird infestation. Eliminate fire hazards caused by birds building nests in vents and chimneys.

FF-USS-001 $144.95

Pro Economy Bird Spikes

Install on window sills, ledges, gutters or walls to discourage birds from landing. Tough steel spikes with strong but flexible plastic base. (10 –Pack / each strip is 5.5"W x 19.5"L – total linear coverage 16.5')

PSPBS10 $29.50

PYROTECHNICS & NOISE MAKERS

Harass congregating birds with these powerful tools. Pyrotechnics are especially effective on geese, starlings and sparrows.

LAUNCHERS

The most affordable solution for deterring geese, ducks, pigeons or vultures.

Single Shot Launcher
Launches a 15mm banger or screamer cartridge. Rugged, dependable and low in price.
NWS15MMSSL $36.00

Double Shot Launcher
Automatically re-cocks after the first banger or screamer 15mm cartridge is fired, allowing you to fire a second cartridge quickly.
NWS15MMDSL $45.00

15mm Bird Bangers with Blanks "EXEMPT"*

Launched from a single or double shot launcher with the aid of a 6mm blank, the 15mm Bird Banger travels 75-150' before exploding with a loud bang. An excellent, humane tool to scare birds and wildlife from crops, landfills, fish farms and feed lots.
NWS15MM-BB $52.50
(100 Rounds w/Blanks)

15mm Bird Bangers EXP*
Similar to the Exempt Bird Bangers, but with a louder bang that also effectively startles unwanted birds and animals. Includes blanks.
NWS15MM-BB-EXP $55.00
(100 Rounds w/Blanks)

15mm Screamer Siren with Blanks *

Launched from a single or double shot launcher with the aid of a 6mm blank, the 15mm Screamer Siren travels 250-300' making a siren-like sound as it flies.
NWS15MMBS $47.25
(100 Rounds w/Blanks)

ShellCrackers*
When longer range bird control is needed, these are the answer. Similar report of the Bird Bangers, but used in a standard 12 gauge, 1 ¾" open choke shotgun, distance can be over 200 feet.
NWS12gSC $152.00/100 rounds

6mm Blanks
NWS6MM $8.00
(100 Rounds)

Bore Scrubber Launcher Cleaning Formula
NWSBSCRUB 6 oz. Aerosol **$15.00**

CANNONS

Inexpensive to operate, low maintenance and undeniably loud. A propane cannon is best suited to agricultural and other wide open spaces where flocking birds congregate. The loud report scares them away.

M3 Single Bang Propane Cannon
Produces single bangs using flint ignition. Each flint provides up to 1,000 ignitions.
WCSRJM3 $319.75

M4 Single Bang Propane Cannon
Produces single bangs that can be regulated from one bang every thirty seconds to one bang every twenty minutes. The piezo ignition system operates without batteries or electricity and produces up to 200,000 ignitions.
WCSRJM4 $364.75

Roto Mat Revolving Platform
Enables the Scare-Away Propane Cannon to change direction each time it fires, extending the effectiveness of the cannon in all directions. Shown above with M4 canon mounted.
WCSRJRM $299.50

M8 Multi-Bang Propane Cannon
Produces six bangs within 90 seconds. Three bangs are fired in the first 30 seconds and three additional bangs are fired at irregular intervals. Frequency of six-shot series may be adjusted from one series every 45 seconds to one every 20 minutes.
WCSRJM8 $424.75

Clock Timer
Battery-operated, this timer activates and deactivates the Scare-Away LP Gas Cannon automatically, with no winding necessary. Operates for an entire season on just one AA battery.
WCSPO125 $126.00

Thunder "Banger" Boom Stick
The Thunder "Banger" Boom Stick is proven safe, portable, and a cost effective option for wildlife control. Providing a loud shotgun sound, it efficiently moves nuisance birds from exterior areas. Extensively tested and extremely cost effective when compared to alternative methods of bird control. Great for dispersing large flocks of Grackles, Starlings, Crows, and Geese! The unit is charged with a standard MAP-Pro gas canister (Not Included) which is readily available and low cost. (26" long x 4" diameter)
TE-T100 $339.00

*** NOTE:** Purchase of exempt Bird Bangers, Screamer Sirens, ShellCrackers & 6mm blanks purchase require a completed Wildlife Control Statement. The blank ATF form can be obtained from us.

HAZARDOUS MATERIAL: All pyrotechnic products are considered hazardous material and as such are applied a separate HAZMAT fee by the shipper that is passed along in the shipping charges. This items can only shipped via ground services only. No expedited shipping methods are allowed.

VISUAL SCARING TACTICS

Attack Spider

Chase away damage-causing woodpeckers and other nuisance birds. Activated by sound, this battery-operated spider quickly drops down on an 18-inch string while making a loud noise. Then it climbs back up the string to await another stimulus. Use enough units to protect your home; we recommend 1 unit every 10 feet in problem areas. Requires 2 AA" batteries (not included).

WCSAS-S $14.95

Master Series Lone Howler

Flambeau Outdoors Master Series Lone Howler coyote decoy. Wire-framed faux fur tail is bendable, posable & moves in the wind. Bungee leg system for sitting, standing or laying positions. The lone howler is designed to draw the attention of rival coyotes, it incites a coyotes territorial and dominance instincts. Also great as a deterrent to species that coyote prey on like geese. Move it daily to give the birds an uneasy feeling of a moving predator.

5985MS-STANDARD $75.95
5986MS-FLOCKED $99.95
Fur Fabric Covering

Yote' Decoy

This is a life-sized, lightweight coyote decoy that works great for scaring nuisance birds such as geese. Can also be used with any of our predator calls. Gives the coyote a sense of "ease" seeing another coyote when coming in to a call. Single stake allows for easy and quick set up. Decoy will rotate on stake with the wind and free moving furry tail adds lifelike realism.

WCSYD $43.95

Dead Goose Decoy Kit

Nobody likes a dead goose, especially live geese. Formed in a lifelike "agony" position, this Goose Guard convinces live geese there are predators in the vicinity - hence the fresh "kill". Can be used on land and water (water applications must be anchored so they won't float away). A minimum of two decoys must be used for flocking geese to believe predators will return to inflict more damage. Includes two decoys in "killed" position, plus chord and anchors for water applications.

NWSDG01K $109.95

Jackite Eagle

Looks just like the real thing! This handcrafted kite will soar and swoop menacingly in variable or gusty winds to frighten prey away. To install, attach to a flexible pole using heavy gauge fishing line or stainless steel lead wire and crimps. Made of Tyvek with high quality inks to resist fading. Ideal for open areas or to augment other systems.

NWSKITE51 Unassembled **$59.95**
NWSKITE52 Assembled **$69.95**

Eagle Eye® Pro-Peller

The Eagle Eye® Pro-Peller is a durable, cost-effective unit used to complement the Eagle Eye by extending the effective range and flashing pattern. The wings have been designed to rotate in the slightest of breezes.

The Eagle Eye and Pro-Peller are optical bird scare devices that harmlessly deter birds from unwanted areas by making use of light beams reflected from direct sunlight.

EE-PPR (Red) **$90.00**
EE-PPS (Silver) **$90.00**

Gator Guard

This 25-inch life-sized alligator is enough to make any goose, duck or fish-eating bird keep away from the areas they love. Floats in water to avoid spoiling the look of a property. Made of durable weatherproofed urethane foam with UV coating. Includes anchor hook on bottom.

WCSGG01 $49.95

Critter Ridder® Motion-Activated Animal Repellent & Sprinkler

- Repels nuisance animals such as dogs, raccoons, opossums and more
- Releases a startling surge of water to scare animals away
- Infrared sensor detects animal heat and movement within a range of up to 100 feet
- Metal spike allows for easy placement anywhere on your lawn or garden
- Continuous spray setting allows for use as a sprinkler unit
- Eco-friendly design – Uses only 2-3 cups of water per spray

WCS5277 $44.99

Flock Reflector

The Flock Reflector uses sunlight and wind to create flashing lights during daylight hours in an effective deterrent for seagulls and other migratory birds, as well as woodpeckers. Made from aluminum and plastic, its weatherproof construction will provide years of service. The Flock Reflector can be screwed or glued into place. Great for buildings, boats, and agricultural applications. Now with articulating arm.

FF-FR-020 $63.99

Eagle Eye

Provides an optical scaring device that is harmless to birds. Available in various colors found to work with specific species. Also with power options from wind-driven, to 110V or Solar.

Solar Kit

EE-SG	Gold for Pigeons & Starlings	$660.00
EE-SR	Red for Gulls	$660.00

110V Kit

EE-110G	Gold for Pigeons & Starlings	$595.00
EE-110R	Red for Gulls	$595.00

Wind-Powered Kit

EE-WG	Gold for Pigeons & Starlings	$235.00
EE-WR	Red for Gulls	$235.00

VISUAL SCARING TACTICS

Exploit Nature's instinct. Use alone or in combination with exclusion and repellents.

Bird Scare Flash Tape

Protect territory from marauding birds. When strung around an area, this tape flashes brilliantly, scaring fliers away. Effective, environmentally friendly and safe for animals.

NWSOC2-1 290' 12mm Red/Silver **$6.95**

The "Flasher"

Dangling on the outside corner of a building, this wind-blown flasher is an effective stop sign for intrusive woodpeckers and swallows. For best results, install within 20 feet of the damage and cover holes or knock down nests as soon as it is up. Note: Avoid attaching to metal chimney caps as sound from spinning flasher may carry through structure.

WCSWBR-1 Single **$10.50**
WCSWBR-10 (10-pack) **$97.50**

Scare Eyes

Scare Eye Balloons are used for woodpeckers and other small birds like sparrows, etc. The bright colors, large eyes and hanging reflective streamers on this 12" diameter balloon are threatening to birds - they think they're being watched by a predator.

NWSSEB–Y (yellow) **$9.50**
NWSSEB–B (black) **$9.50**

Terror-Eyes

Drive bird gangs away! This terror-eyed vinyl inflatable predator can be used for parking lots, building roofs, airports, marinas, highway & bridge underpasses, granaries, orchards, vineyards, feed lots, farm fields, gardens and homes.

NWSBXV001 **$49.95**

Octopus Bird Scarer

Give double the warning to birds with scare eyes and flashing mylar streamers.

NWSOC1 **$10.50**

Guardian Holographic Owl

Guardian Holographic Owl has been University tested with positive results for bird control. The bright flash of the unique holographic feather pattern, large eyes and movement deters the most persistent birds from destroying personal property. Simply hang the guardian owl in the problem areas. Made of durable plastic to withstand outdoor elements. Each Guardian Owl measures 16" tall and 8" wide. Great for repelling birds from: orchards, crops, boats, docks, barns and homes.

GOWL-1 **$11.95**

Bird Banisher Woodpecker/Bird Visual Deterrent

A design so simple, so inconspicuous, but it absolutely works! No need for those expensive bird deterrent products. Bird Banisher deters pest birds from landing, roosting and nesting. You benefit since pest birds create health-related problems through their feces, including histoplasmosis, cryptococcosis, and psittacosis.

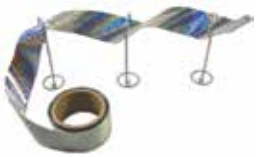
WBBAN-1 **$19.95**

Bird Scarer Rods – 3 Pack

Simple yet effective and work by rotating in the wind. Ideal for gardens!

PSBSR3 **$9.95**

Irri-Tape



Uses sight & sound to scare away birds. The iridescent material shimmers in sunlight disorienting birds. Also makes a metallic noise adding a threatening sound.

NWSBXV0-100 (100') **$34.95**

The Intimidator – Woodpecker/Avian Deterrent

The Intimidator is a professional grade avian deterrent which uses motion and bright flashing to scare away woodpeckers and other birds from unwanted areas. Woodpeckers can cause serious damage to homes and other buildings. The Intimidator is lightweight and needs very little air current to create a dynamic visual effect that frightens birds. It mounts easily to any wood surface with a single screw. Unit must be mounted to reflect flashes onto the side of the structure. Most structures will require multiple units to protect all sides.

INTMDR **$29.50**

WCS™ Avian-Spinner

This Woodpecker/Bird Deterrent is wind operated and it is best hung from the outside corner of buildings. At this location it can receive wind from 270 degrees, as well as increasing visibility to the woodpecker. If trees are present at these locations, move the flasher to a point that receives not only wind but is visible from the area that is receiving woodpecker damage. It is usually not necessary to put it directly at the point of activity, however try to keep it within 20 feet of the damage area. Comes complete with a wire arm for mounting with a drywall screw to the side of the structure.

WCSAVNSPN **$15.95**

Bird Barrier Optical Gel™ Bird Deterrent

Bird Barrier Optical Gel™ may be used to deter unwanted birds (feral pigeons, gulls, etc.) from roosting on buildings and other structures. Supplied in ready-to-use plastic-dish containers. Affix to surfaces with silicone adhesive or other suitable/removable adhesive. (2" Diameter Disks - Available in 24-Pack, Case of 10 24-Packs or 200 bulk case)

Optical Gel™ is a proprietary Minimum Risk Pesticide exempt from Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) USA EPA registration under 40 CFR § 152.25(f).

A multi-sensory bird deterrent:
- Birds see dishes of "fire" and avoid
- They dislike the citronella smell
- They avoid sticky material (in the unlikely event they touch it)

TF-BG25 (24-pack) **$84.95**
TF-BG200 (200-pack) **$585.00**

Deterrents

Deer Shield® Super Pro

Deer Shield® products use high quality proprietary digital recordings of aggressive, hostile and territorial deer that trigger a fear and flee response in deer.

Deer Shield Super Pro includes one PA extension speaker with 100 feet of cable. From one to four speakers can be connected to the control unit protecting up to 6 acres. This unit does not have a motion sensor. Sounds are broadcast at random time intervals and in a random order.

0073-1A-1PA $545.00

The University of Nebraska-Lincoln contributed to the development of the Deer Shield.

Bobbex Deer Repellent

Create forage-phobia with this nontoxic foliar spray. Its natural ingredients and wintergreen scent create an odor and taste that is offensive to deer, but pleasant to the applicator. Long-lasting and non-burning, it leaves a slight visible residue that lasts up to 2 months and won't wash off in rain. Nutrient-rich for plant vitality.

(concentrate)

B550100	Quart	$32.95
B550105	½ gallon	$52.95
B550160	2.5 gallons	$126.95
B550115	5 gallon pail	$208.95

(ready to use)

B550110-RTU	Quart	$16.95
B550170-RTU	48oz. Pump Spray	$26.95
B550200-RTU	Gallon	$30.95

Electronic Deer Repellent

Give deer a firm "keep away" message. The repellent's posts attract deer with a lure scent, then repel them with 400 volt shock. Includes 3 posts, covering approx. 1000 square feet of total area. Two AA batteries (not included) will give life of one year.

NWSEDR01 $71.95

Critter Ridder® Motion-Activated Animal Repellent & Sprinkler

- Repels nuisance animals such as dogs, raccoons, opossums and more
- Releases a startling surge of water to scare animals away
- Infrared sensor detects animal heat and movement within a range of up to 100 feet
- Metal spike allows for easy placement anywhere on your lawn or garden
- Continuous spray setting allows for use as a sprinkler unit
- Eco-friendly design – Uses only 2-3 cups of water per spray

WCS5277 $44.95

Deer Scram™

This professional deer repellent is all-natural, biodegradable granular repellent that will keep deer and rabbit away from landscaping. Covers up to 1,400 linear feet.

SCR5025 25 lb pail
$94.95

Shake-Away®

Shake-Away® 100% organic animal repellent safely & effectively repel animals like deer, rabbits, cats and more from damaging your plants, shrubs, and garden. Shake-Away®'s patented formula uses predator scent, in the form of non-toxic urine granules, to create the illusion that predator animals are present. When an animal detects predator scent its natural survival instinct compels it to leave and avoid that area.

80045-28.5oz	Critter Repellent Granules 28.5 oz.	$17.95
80045-5lb	Critter Repellent Granules 5 lbs.	$29.95
80035-28.5oz	Deer Repellent Granules 28.5 oz.	$17.95

Managing White-Tailed Deer in Suburban Environments

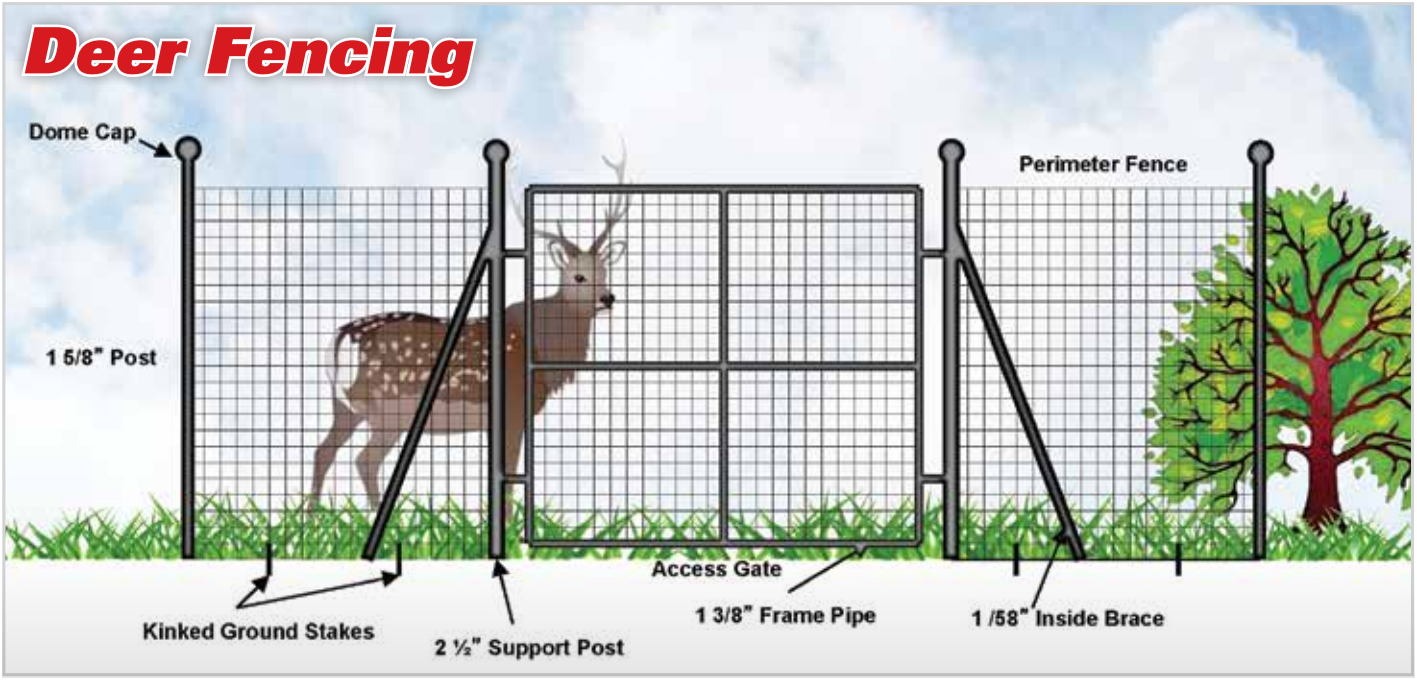
Managing White-Tailed Deer in Suburban Environments – This 8 1/2" x 11" guide fills 52 pages with information dealing with deer control (Odocoileus virginianus). Written by experts in the field of biology, Anthony DeNicola, Kurt VerCauteren, Paul Curtis and Scott Hygnstrom, you can be assured of the accuracy and completeness of the material.

NWSWTD01 $19.95

Reducing Deer Damage to Home Gardens and Landscape Plantings

Reducing Deer Damage to Home Gardens and Landscape Plantings by Paul D. Curtis, Cornell Cooperative Extension and Milo E. Richmond, New York Cooperative Fish and Wildlife Research Unit. Includes background on the current deer invasion and the actions professionals and landowners can take to combat it – including fencing, repellents, innovative measures and a list of plants deer don't like to eat!

NWSRDD01 $8.00



Our line of fencing products will provide you with all the security you need to protect your gardens, shrubs, and lawn from a multitude of ground-based roaming and foraging animals.

These quality deer fences are made of long lasting, rounded tensile polypropylene and supported by posts constructed of .055 hot zinc-dipped galvanized steel. For an even stronger barrier, choose a steel Hex web fence of PVC-coated galvanized steel.

Many sizes and strengths are available in order to provide just the right level of protection for your specific need. A variety of available gates will allow access for you and your equipment. Aside from their strength, they come in UV stabilized black, making them practically invisible!

These fences also make excellent pet enclosures. You'll rest easier knowing that your family pet cannot escape your property and is safe from external predators.

Choose from:

Standard – For general protection from deer and other large mammals

Extra/Maximum Strength – For large acreages (orchards, vineyards, farms, etc…) where deer populations and winter weather are at their worst

Steel Hex – For severe deer problems and those requiring a "chew proof" fence

DUE TO THE CUSTOMIZATION REQUIRED TO PROTECT YOUR SPECIFIC PROPERTY, PLEASE CONTACT US WITH DIMENSIONS OF AREA(S) TO BE COVERED AND WE WILL PROVIDE A QUOTE.

Gotcha Sprayer Pro Spray-N-Dust System

The Gotcha Sprayer Pro Spray-N-Dust System is a convenient kit that contains all the tools you need for dealing with hard-to-reach nests. The Gotcha Sprayer Pro adaptor enables you to attach and trigger virtually any type of aerosol can from the end of an extension pole. The Powder Duster is the perfect way to apply insecticide dust. It can be used by itself or mounted in the Gotcha Sprayer Pro. The System also includes a Scraper for the removal of difficult to reach nests. This system can be screwed onto any extension pole, but for added convenience it includes a Smart-Lok adapter for use with a quick-release Smart-Lok pole.

4MP17C $89.95

Niban Granular Ant Bait

Niban Granular Bait is the best professional grade, all-around bait for targeting the two most prominent invading pests you deal with: cockroaches and ants. Niban's new formula includes a tougher, weatherized granule that will last longer than any other on the market, providing you with a more effective kill between quarterly visits. This is the industry's only granular bait with the power of borates and our patented formula. It was formulated with a concern for the environment, it's easy to use and it has produced amazing results since it was created. Niban targets a wide spectrum of pests and can be used both indoors and out. That means you can spec one product more often, serving a greater variety of customers while enhancing the profitability of your business.

WCSNIB-S	4 lb.	$23.50
WCSNIB-C	Case of 4	$118.50

Niban-FG Fine Granular Ant Bait

A ready-to-use, weather/moisture resistant bait that controls and kills Ants, Cockroaches, Crickets, Earwigs and Silverfish. Do not contaminate this product with other pesticides. Do not apply directly to food. Available in 1 lb. and 4 lb. containers. NOT FOR SALE IN: PR

WCSNIBFG2-C	(Case of 6) 4 lb.	$162.95

Catchmaster® 906 SilenTrap™ Transportable Electrical Fly Light Trap

The SilenTrap™ by Catchmaster® is a new approach to catching flying insects. Unlike traditional electronic fly traps, the SilenTrap™ quietly attracts insects without the annoying 'Zap' that leaves an unhygienic mess in the air – and in your home. Instead, the disposable glue boards catch the insects. Simply slide board into the unit – and plug in to turn on. The SilenTrap™ catches flies, mosquitoes, gnats, moths, no-see-ums and most common flying insects. The adhesive is non-toxic & pesticide free, so you can place or mount the SilenTrap™ indoors. Once the glue board is ready to be discarded, simply replace with refill glue boards.

NWS906 $27.50

NWS916P-12	Replacement Glue Boards (12-Pack)	$14.95
NWS916P-72	Replacement Glue Boards (72-Pack)	$74.95

Catchmaster® 911 Dynamite Electrical Black Light Fly Trap

Catchmaster Insect Light Traps are economical, easy to maintain and very discreet. These units have covers over the catch area so that the trapped flies are out of view. It utilizes the power of direct UV light exposure to attract flies from far distances. Once the flies hover around the unit, they instinctively seek the multi-bait attractant as well as the warmth of the bulb and are silently trapped. (One glue board included.)

NWS911 $112.95

NWS925-25 Replacement Glue Boards (25 Count) $50.99

Dauber Stopper A/C Drain Line Guard

The Dauber Stopper™ protects exposed emergency drain lines of air conditioners and water heaters on the home. These vulnerable openings provide an open gateway for pests like wasps, spiders, termites and more. Our patent-pending design is made of durable ABS plastic and comes with a ten-year guarantee.

WCSDSTOP $22.95

NO-PEST Light Covers

"No-Pest" Light Covers are made for both indoor and outdoor application with recessed light fixtures. The covers are designed to be used with the most common sizes of recessed lighting fixtures, from 5" to 8". The covers are heat and rust resistant and have transparent polycarbonate screens that protect recessed lighting fixtures without reducing their brightness. Made in the U.S.A.

WCSTRLC $15.50

JTE217P-6 Case of 6 **$51.95**

Sterifab (DISINFECTANT & INSECTICIDE)

One of the most hardworking disinfectant and insecticides on the market. Perfect for cleaning up bird droppings, bat guano and raccoon feces. Or use it to wipe out lice, bed bugs, ticks, dust mites, bacteria, fungus, mold, mildew and viruses. And did we mention it deodorizes too? Dries in 15 minutes and leaves no residue. No dilution required. (EPA REG 397-13) – registered all states. Ships ground only.

SFD-GAL RTU – Gallon **$47.95**
SFD-GAL-C RTU – Gallon Case (Case of 4) **$157.50**

Damminix Tick Tubes - Box of 6 Tubes

Damminix Tick Tubes® are biodegradable, cardboard tubes filled with permethrin treated cotton balls. Mice collect the cotton to build their nests. Deer ticks that feed on mice in the Spring and the Fall are exposed to permethrin and killed. All the while, the mice, other mammals and your lands are unharmed and undisturbed.

- Provide an environmentally friendly, easy to use and precisely targeted solution to kill deer ticks
- Have proven results of up to a 10-fold reduction of exposure to a tick that could give you Lyme disease
- Do not expire, are EPA approved and made in the USA

NOT FOR SALE IN: AK, AZ, CA, CO, HI, ID, MT, NM, NV, OK, OR, PR, SD, UT, WA, WY

TTUBE-6 $25.00
TTUBE-24 $78.00
TTUBE-96 $265.00

Termidor SC Termiticide/Insecticide

Termidor SC (SC stands for Suspended Concentrate) is an excellent professional termite control product for killing termites. Termidor is an excellent DIY product that kills ant colonies, as well as many other insect pests. It's also one of the best outdoor ant control products. An exterior above ground spray one foot up and one foot out is all you need to knock out ant colonies and carpenter ants trying to invade your home!

WTERMSC-1 20 oz bottle (Single) **$92.50**
WTERMSC-4 (case of 4) **$309.95**

Termidor Foam Termiticide/Insecticide

Termidor FOAM contains Fipronil, the same active ingredient as Termidor SC, in a RTU (ready-to-use) foam labeled for termites and ants. Perfect for spot treatments, expands rapidly creating a dry foam to be applied in the voids, harborages, and nests where insects are found.

WTERMSCF-1 20 oz can (Single) **$32.25**
WTERMSCF-4 (case of 6) **$159.00**

Alpine Cockroach Gel Bait Reservoir - Rotation 1

Makes controlling roach population quick and easy. Dinotefuran, its active ingredient, lasts 30+ days. Attracts all roaches, ensuring majority of population are treated, kills roaches within hours of application. Labeled for many food-handling areas, aircraft, and other sensitive locations where other insecticides may be difficult to use.

WALPCR1-4PK 30 gram tube (4 Pack) **$29.95**

Alpine Cockroach Gel Bait Reservoir - Rotation 2

For a full rotation program for cockroach control, rotate Alpine Gel Bait Reservoir Rotation 2 with Alpine Gel Bait Reservoir Rotation 1 (above). The two baits have the same active ingredient, Dinotefuran, but contains different food attractants for increased ongoing effectiveness.

WALPCR2-4PK 30 gram tube (4 Pack) **$29.95**

Permethrin SFR

Broad spectrum insecticide that offers quick knockdown of target pests as well as long lasting residual that lasts about 90 days indoors and 30 days outdoors. Product can be used indoors/outdoors on lawns, turf, and ornamentals.

WPERM-32oz 32 oz. (Single) **$25.50**
WPERM-1.25G 1.25 Gallon Jug (Single) **$93.50**

BASF PT Wasp Freeze II

Specially formulated to provide instant knockdown of wasps and hornets. Knockdown is quick so no stinging pheromone is released, thus reducing the possibility of stings. Spray can travel 15 ft. to provide applicator safety. Wasp Freeze II active ingredient is Prallethrin.

WASPF-1 17 oz. can (Single) **$15.75**
WASPF-12 (Dozen) **$149.95**

ADVION Ant Gel Bait

Specifically formulated to be tasty to all major species of ants. Contains active ingredient, Indoxacarb, a powerful, non-repellent insecticide. The slight delay in death, encourages ants to eat bait and return to the nest to share with other ants, eventually killing entire colony. Use will help eliminate ants within days of application.

WADVIA-4 30 gram box (4 -PACK) **$29.50**

ADVION Ant Bait Arena

Provides control of ant colonies (excluding carpenter ants) active ingredient is Indoxacarb which acts through ingestion. A slow-acting poison provides time for ants to return to nests and contaminate other colony members including larvae and queens, so destroying the entire colony. Each bag contains 30 stations. Includes adhesive backs so stations can be mounted on surfaces (e.g. corners and sidewalls of cabinets).

WADVIAS 2.10 oz. bag (30 station COUNT) **$28.25**

ADVION Roach Bait Gel

Professional results in infestation elimination. Uses Indoxacarb as active ingredient powers a unique, high-performing bait matrix to target even the toughest species of gel bait-averse roaches including German, American, and Brown-Banded. Apply as a crack / crevice treatment indoors or outdoors in commercial, residential, and industrial sites.

WADVIR30 gram box (4-Pack) **$26.50**

DEMAND CS
A water-based insecticide concentrate for indoor and outdoor pest control. Once applied the micro-encapsulated technology leaves thousands of micro particles that bind to the surface for long-term protection and fast insect knock-down. CS is up to 200 times more active on flies, mosquitoes, and other insects than other insecticides. Controls 30+ common insects including spiders, ants, flies, wasps, fleas, ticks and bed bugs.
WDEMCS-8 8 oz. Bottle (Single) **$42.95**

Puffy D Insecticide Bulb Duster
The Puffy D Insecticide Bulb Duster holds up to 14 oz. of dust and is manufactured for years of repeated use. The duster will clog with most large granular insecticide products, however it may be suitable for some fine granular products. Please test unit prior to use if using a granular product.
JTE512 $22.75

Puffer Insecticidal Duster - Powder Coated
The JT Eaton Insecticidal Duster provides a safe, economical solution for dusting around outlets and in other tight spaces. The duster is now powder coated and available in two colors (green and red) to separate your products. Consider using a green duster for products like Boric Acid and Diatomaceous Earth and a red duster for more hazardous chemical dusts. New features include an end cap for clean secure storage and a tab to attach labels for clear identification.
JTE530 Green **$9.50**
Red **$9.50**

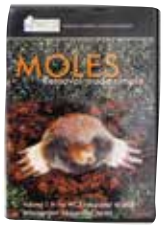
Call for larger size options

Pocket Veil
This is a mighty nifty and inexpensive veil. I keep a couple for guests, and one in the glove compartment of my car (for swarm captures). Lightweight and flexible enough to fit in your pocket. Designed to be used with any cap or hat.

WCSPV $18.50

Learn mole removal from the master



MOLES: Removal Made Simple (DVD)
by Alan A. Huot

Nobody knows moles better than Alan – trust us, we work with him. And in this practical, "how-to" video, he takes you into the field to learn all about mole biology and habits, traps and trap choices, common mistakes and problem areas. Then he goes back for results, so you see what really works. If you're dealing with moles, this is the best instruction you'll find. 55 min.

WCSMOLE-DVD $9.95

J.C. Conner "Jim Digger" Trowels

Measures 23" in length with a 2.5" (standard) or 3" (wide) blade. All steel construction to stand up to rugged trapline use. Available with or without a D-Handle.

WCSJC02	(2" blade)	$21.50
WCSJC02-W	(3" blade)	$21.50
WCSJC03-DN	(2" w/D-handle)	$27.95
WCSJC03-DW	(3" w/D-handle)	$27.95

YO-HO Trowels

Trowels for digging out trap beds, making dirt sets, and constructing pockets for trap placement. These trowels are very well made in the Yo-Ho style with two (2) blade width options; Narrow which is 2 1/4" wide; and Standard which is 2 7/8" wide. There is also a choice of handles; Standard which is a straight wooden handle; and D-Handle style for those that like more of a shovel grip. These trowels will deliver years of service.

WCSST	Straight handle, narrow blade	$9.75
	D-handle, narrow blade	$13.50
	Straight handle, standard blade	$9.95
	D-handle, standard blade	$13.75

MOLES

Mole Solutions Made Easy

NOMOL® by WCS

The safest and most effective trap on the market! With a completely below ground profile, our lightweight NOMOL® traps are the professional's choice for inexpensive mole management. Easily set in pairs, back-to-back, these in-tunnel traps are great for bilateral catches of moles, voles and shrews. Excellent for deep tunnels as well as sandy and heavy soil. Safe for use around children, pets and lawn equipment. Rust Resistant Coating prolongs the life of your NOMOLS®.

NoMol 4 pack A starter pack that introduces you to the NOMOL® trap. Comes with 4 traps, 4 dowels and detailed instructions on how to set.

NWSNM01	Package of 4	$19.95
NWSNM01C	Case - 16 pkgs of 4	$255.00
NWSNMDZ1	Dozen	$49.95
NWSNMDZ5	Magnum (5 Dozen)	$229.95
NoMol Triggers	Replace lost triggers, not the trap.	
NWSNMT	Package of 12 Triggers	$12.95

NoMol Booklet by Stephen Vantassel with Alan A. Huot All you need to know about using NOMOL® traps.

WCSNMB01 $6.95

NOMOL® Mole Trap Setters

NOMOL® Mole Trap Setters make setting this mole trap very easy. The NOMOL mole trap setter makes holding, and positioning the trigger loop very easy, as you have the leverage to set the trap and also a "handle" to hold and manipulate the trap.

WCSRC009 $12.95

Cinch Mole Trap

A smaller version of the Cinch Gopher trap used successfully by the U.S. Forest Service. Placed directly in the tunnel system, back-to-back, the Cinch Mole trap relies on its powerful steel spring and jaws for effective capture. Just open up the tunnel and set in pairs.

NWSCT02-1	Single	$14.50
NWSCT02-12	Dozen	$149.95

Moleinator

The smaller version of the original Gophinator developed in CA, this stainless steel trap sets completely underground.

WCSMOLE1	Single	$7.75
WCSMOLE12	Dozen	$83.50

Underground Mole Lure
WCSTJU-4 4 oz. $22.00

Formulated to cause moles to work the area under the trap. Using Underground will improve your chances with moles that dig around or under set traps. Apply to soil directly below trap triggers on scissor (Out-o-Sight) or spear traps and between the jaws of the NoMol mole traps. (non-lethal attractant)

Victor Spear Mole Trap

Easy to set and particularly effective in mole-damaged gardens and lawns. Equipped with six pronged spears, this trap comes with a safety pin to eliminate false firings. Moles are killed when they trigger the spears.

NWS02T5 Single **$14.50**
NWS02T5-6 Case of 6 **$82.50**

Note: Due to its partial above ground profile, the above trap should be used with caution around pets and children.

Victor Out O'Sight Mole Trap

Strength and durability are the hallmarks of Victor's Out O' Sight traps. With its malleable iron jaws and powerful spring, this trap's scissor action provides an effective and professional in-tunnel solution. Each trap comes with a pair of tongs to make setting easier and positioning in the tunnel simpler. Once set, Out O' Sight traps have a 50% profile above ground.

NWS0600 Single with setters **$12.95**
NWS0600-12 Case of 12 **$124.95**

Mole Spade

Set Victor Out O'Sight Mole Traps super-quick. This spade has durable twin metal blades that slice through the hardest of soils. Simply step down on the spade to cut two slots in the sod and through the tunnel. Long 48" wooden handle for easy carrying and positioning.

WCSMS1 (Spade & Handle) **$52.95**
WCSMSPADEHEAD (Head only) **$35.00**

Fenn Mole Scissors Trap

The Fenn Mole Scissors Trap manufactured in the U.K., measures 6.3"L x 2.75"W x 2.75"H when open. These traps work best in straight or traveling runs. This is a very easy trap to set and use.

Be sure to check the laws related to rodent traps in your state.

Safety Reminder - The spring on this trap is powerful. BE VERY CAREFUL when setting and handling this trap

FENNMSCI $18.95

Talprid Mole Trap

Designed for safe, easy use, TALPIRID Mole Trap features dual springs for maximum power and curved jaws that scoop moles for improved capture. The trap's yellow foot pedal makes setting "hands free."

WCS787280-1 Single **$22.50**
WCS787280-4 Case of 4 **$86.95**

Tunnel Mole Trap

Also known as the "half-barrel" trap, developed with veterinary practitioners and experienced mole trappers in the U.K. When set, trap sits in the mole run and triggered when mole passes through.

PSTMOLE Single **$7.95**
PSTMOLE-12 Dozen **$82.95**

Nash Mole Trap

Trustworthy and consistent. Similar in trigger action to spear traps, this easy-to-set trap pulls its loops upward over the mole for effective lethal results. Simple for homeowners to check and no bait involved. The Nash works best in shallow tunnels, in clean soil free from rocks and roots, and has a large above ground profile.

NWSNMT01 Single **$15.95**

Fenn Mole Loop Trap

The Fenn Loop Mole Trap manufactured in the U.K., measures 3.54"L x 3.54"W x 3.15"H when open and sprung. These traps work best in straight or traveling runs. They are positioned below ground and will be invisible to anyone except the person who set the trap with a slight covering of soil and grass.

Safety Reminder - The spring on this trap is powerful. BE VERY CAREFUL when setting and handling this trap

FENNMLOO $18.95

Topcat Mole/Vole Trap

A very efficient, high quality trap which catches rodents from both tunnel directions. Efficiently controls moles and voles due to a sensitive release mechanism. A visual difference between the armed and the released trap enable a quick check of set traps. The topcat-trap is especially efficient in capturing moles, water voles (Arvicola terrestris), common voles, field mice (Microtus aravalis) and others.

WTOPCAT $62.50

MOLE BAIT (Lethal)

Kaput Mole Gel Bait

Uniquely attractive to moles and the only gel-based poison bait on the market. The patented, EPA-approved formula can be applied glove-free with a simple injection. Great for steep tunnels and molehills that defy lethal trap placements. (EPA REG 72500-2)

WCSKMGB-1 3 oz. tube **$22.95**
WCSKMGB-10 Case of 10 **$199.95**

Talpirid Mole Bait

The best mimic of a mole's natural food source – earthworms. One talpirid worm contains a lethal dose of bromethalin and works quickly, sometimes killing within 24 hours. Special added enhancers ensure attraction and acceptance. (EPA REG 12455-101)

WCS738614 Box of 20 Worms **$44.95**
WCS738614C Case of 5 Boxes (100 Worms) **$217.95**

Victor Mole Worms

Intended for use in underground tunnels and runways, Moleworms look and feel virtually identical to real earthworms, and are specially formulated to be extremely palatable to moles. When eaten, the active ingredient Bromethalin works quickly to dispatch the mole.

M6009 (1 box-25 worms) **$44.95**
M6009PCO (Case of 5 boxes) **$209.95**

GOPHER

Gophers can be a tricky proposition so we carry a variety of different traps. All are proven effective. Different styles allow the user to pick the one they are most comfortable with setting.

Cinch Pocket Gopher Trap

NWSCT01	Single	$14.50
NWSCT01-12	Dozen	$149.95

Gopher "Getter" Trap - Redwood Box Trap

NWSGG01	Single	$11.50
NWSGG01-12	Dozen	$123.95

Macabee Gopher Trap

NWSMAC-1	Single	$7.95
NWSMAC-12	Dozen	$80.95
NWSMAC-24	Case of 24	$151.95

BlackBox Gopher Trap

0625-1	Single	$11.95
0625-12	Dozen	$134.95

BLACKHOLE Gopher Trap

The BlackHole trap has proven to be an effective tool in the battle against gophers. It is easy to set, easy to install, and can be used for gophers, rats & moles. It's safe, fast, and effective!

WCSBHGT-1 $14.95

Death Klutch (DK-1) Gopher Trap

Death Klutch Gopher Trap: Extremely effective on gophers and moles. This unique trap is popular among government agencies and wildlife control professionals due to its effectiveness.

NWSDK	Single	$5.25
	Dozen	$53.95

GopherHawk® Trap

GopherHawk® Traps are available to expand coverage area for large properties or heavy infestation, but do not include the necessary wedge and probe tool. Purchase a trapping set first, wedge & probe required for proper use. With the GopherHawk trap, approach trapping and removal from a new prospective. Add to your effectiveness with multiple traps, eliminate all the pest at once and cover every possible tunnel.

WCSGH-Trap $24.99

Answer for the Control of Pocket Gophers (Lethal)

J.T. Eaton ANSWER for the Control of Pocket Gophers comes in a 10lb pail containing (40) 4oz blocks. This bait provides long-term control with a single application. ANSWER uses the active ingredient Diphacinone, and is less hazardous than other gopher baits containing strychnine or zinc phosphide. (Not for sale in Eastern US.) (EPA REG 56-57)

WCS277 $39.95

Kaput-D Pocket Gopher Bait (Lethal)

Kaput-D Pocket Gopher Bait is a red grain containing the active ingredient Diphacinone. It effectively kills gophers on lawns, golf courses, rangeland, and other non-crop areas. It can easily be applied with the Gopher Pro tool and usually kills within one week. Unlike products containing strychnine or zinc phosphide, Kaput-D has an antidote as well.
(EPA REG 72500-12)

091105 5 lb. Pail $37.75

Magnum "Gophinator" Lethal Gopher Trap

The Magnum Gophinator Gopher Trap, larger and stronger that the original Gophinator trap, eliminates the problem of trap shyness in a number of ways. It employs a powerful torsional type of mechanism which draws the gopher into a pivot point at the front of the trap and applies more than enough power to hold and kill even the largest adults quickly and consistently. The theory here is that if the gopher is killed on its first encounter with a gopher trap, it never gets the opportunity to learn to avoid traps.

MAGGOPH	Single	$9.75
	Dozen	$104.95

The "Gophinator" Lethal Gopher Trap

WCSGOPH1	Single	$7.95
WCSGOPH12	Dozen	$84.50

REPELLENTS

Sweeney's Mole & Gopher Granular Repellent
Repelling moles, gophers, voles, armadillos and other burrowing animals is safe and easy. This fast-acting dual action repellent works to repel unwanted pests by taste and smell. Made with specially engineered castor oil pellets.
NWSS700-1 (4 lbs) $9.95

Mole Scram Professional
All-natural, organic, biodegradable repellent in a granular format. Blended from select components, it is used as a spreadable repellent across your landscape. Active ingredients: Castor Oil, Citronella Oil, Garlic Oil. (Coverage: 22 lbs. approx. 16,500 square feet).
SCR5225 $57.95

Vole Scram Professional
All-natural, organic, biodegradable repellent in a granular format. Formula works for both taste and smell. Active ingredients: Dried Blood, Castor Oil, Thyme Oil, Clove Oil, Oil of Rosemary, Peppermint Oil, Garlic Oil. (Coverage: 22 lbs. approx. 13,200 square feet)
SCR5822 $99.95

Gopher Scram Professional
All-natural, organic, biodegradable repellent in a granular format. Use a spreader to apply on the ground, open mounds to apply to tunnels and water in to activate. Active ingredients: Clove Oil, Garlic Oil, Linseed Oil, Rosemary Oil, Cinnamon Oil, Dried Blood, Castor Oil. (Coverage: 22 lbs. approx. 13,750 square feet).
SCR5325 $104.95

Mole & Vole Stopper Smoke
Messinas Mole & Vole Stopper Smoke can be used to discourage moles, voles, shrews and related anmals from foraging, nesting and tunneling damage. To prevent further home and garden harm, apply Messinas Mole & Vole Stopper to key areas. Lighting Messinas Mole & Vole Stopper smoke will coat the tunnels with a thin layer of cator oil that creates a sensory barrier that works by smell, taste and feel and can be applied as infrequently as once a season or as needed. It is pleasant to use, dries clear and odor free and is safe to use around fruits and vegetables. Effective against moles, voles, shrews and related animals.
MVSTOP-SMO $9.99

Pocket Gophers

Pocket gophers are medium-sized rodents ranging from about 5 to nearly 14 inches to 36 long (head and body). Adult males are larger than adult females. Their fur is very fine, soft, and highly variable in color. Colors range from nearly black to pale brown to almost white. The great variability in size and color of pocket gophers is attributed to their low dispersal rate and thus limited gene flow, resulting in adaptation to local conditions.

Thirty-four species of pocket gophers occupy the western hemisphere. In the United States there are 13 species. The major features differentiating these are the size of their forefeet, claws, and front surfaces of their chisel-like incisors. Northern pocket gophers are typically from 6 ½ to 10 inches long. Their fur is variable in color but is often yellowish brown with pale underparts. Botta's (or valley) pocket gophers are extremely variable in size and color. Botta's pocket gophers are 5 inches to about 13 ½ inches long. Their color varies from almost white to black.

WCS™ Wooden Rabbit Trap

The WCS™ Wooden Rabbit Trap is the preferred rabbit trap, specifically designed for capturing rabbits that refuse to go into a wire cage. The simple design was "borrowed" from the Pennsylvania Game Commission, who published a document on capturing cottontail rabbits. Anyone who has tried to get a rabbit to go into a wire cage knows that it isn't that easy. Rabbits appear to be more comfortable entering a wooden box. This trap also works for Woodchucks, Armadillos, and Skunks.

Note: Trap comes with a 1 oz. bottle of WCS Apple Essence. If using for skunk, please call, as we will substitute a 4 oz. jar of WCS Bait for the Apple Essence.

WCSWRT $54.95

WCS™ Wooden Rabbit Trap - Double Door

How do you improve on a single door wooden rabbit trap? Give it a second door! The Double Door WCS™ Wooden Rabbit Trap lets the rabbit see all the way through the trap so it feels more comfortable going after the bait. WCS™ Wooden Rabbit Traps are the preferred rabbit traps for professionals, specifically designed for capturing rabbits that refuse to go into a wire cage. Their simple design was "borrowed" from the Pennsylvania Game Commission, who published a document on capturing cottontail rabbits. Anyone who has tried to get a rabbit to go into a wire cage knows that it isn't that easy. Rabbits appear to be more comfortable entering a wooden box. This trap also works for Woodchucks, Armadillos, and Skunks.

Note: Trap comes with a 1 oz. bottle of WCS Apple Essence. If using for skunk, please call, as we will substitute a 4 oz. jar of WCS Bait for the Apple Essence.

WCSWRT2 $66.95

Comstock 36" Swing Panel Trap (36" x 8" x 10")

Comstock C81036 Swing Panel Trap features flush mount powered double trap doors. It is designed to capture rabbits, opossums, skunks, cats, and similar size animals. The unique push through panless swing panel trigger makes it virtually impossible for an animal to pass through the trap without capture. Spring powered double doors will take animals from two directions when set right side up, sideways, or vertical. It weighs 7 lbs and measures 36L x 8W x 10H. This trap is strong, reliable, durable, and requires little maintenance.

C81036 $47.45

Dura-Poly Plastic Catch Trap

Dura-Poly Plastic-catch trap, a solid walled, front release, box trap is available in white-only. This trap measures 9" x 9" x 24" and is very heavily constructed. This is the preferred skunk & rabbit trap of many.

NWS924W $85.00

Tomahawk Pro Series 107SS Double Door - Skunk/Woodchuck/ Rabbit Size

Tomahawk Model 107SS is a professional series trap with two trap doors for opossum, woodchucks, cats, rabbits and similar size animals. This double door trap features one recessed door for flush mounting against entry/exit points on buildings and other objects. Double door traps allow wary animals to see through the trap without obstruction giving them confidence to enter. Model 107SS is constructed of 1/2" x 1" - 14 gauge galvanized wire mesh, measures 32L x 9W x 9H and weighs approximately 9 lbs.

TLT107SS $90.65

Safeguard Professional Cage Trap

Made with Galfan wire, each trap has a spring loaded door, pro slide release rear door, a hand guard, 1" x ½" wire mesh on base and sides. For skunk & rabbit capture. Measures 24"L x 7"W x 8"H, 7 lbs.

NWS54124 $49.25

No. 8 Skunk-N-More 8" Trap w/Release Door

Ztraps No. 8 Skunk-N-More 8" Animal Tube Trap - Constructed of one piece PVC tubing that is 5/16 inch thick, this trap is indestructible and will last for many, many years. The Nuisance Animal Tube Trap is stronger than any standard nuisance animal cage trap on the market today.

ZT8-SD $89.99

Spray Proof Skunk Trap

The Spray Proof Skunk Trap is constructed of round 6" PVC pipe (green), which means that when a capture is made the skunk is fully enclosed and out of view. The trap has a gravity-activated door which is very easy to set. This trap is very unique as it doesn't look like a "square cage trap" to a trap-shy animal. Will last for years.

NWSTT6 $60.00

No. 6 Skunk-N-More Trap 6" Trap

Ztraps, "Spray Proof" 6" Skunk Trap is an effective & humane method for capture and release of nuisance skunks. The 6" PVC tube limits the skunk's ability to lift its tail. "If skunk cannot lift its tail, it cannot spray" The enclosed confines of the tube keeps the animal calm and prevents the trapper from being scratched, bitten or sprayed. Effective for catching skunks, opossum, cats, rabbits and other similar sized animals.

ZT6-B $69.99

Odorless Skunk Trap (Spray Control)

The "Odorless Skunk Trap" is made right here in the U.S.A. Measuring 24"L x 6" round PVC, this trap is made with a guillotine style front door that allows for flush placement against a building or deck. A slide release back door assists if releasing and when baiting.

WCSRCSNKTRP $56.50

Cottontail Cager Rabbit Lure by Bob Noonan

Cottontail Cager™ contains a heavy, pungent dose of mature male cottontail rabbit glands, mixed with male rabbit urine and a curiosity ingredient. Cottontail rabbits are extremely territorial, and will fight viciously to defend their turf. Male rabbits enter live traps readily looking for a fight, and females are always attracted to the smell of a strange male. Use on a small piece of white cloth or similar material to simulate fur, and add a fresh green leaf of cabbage or lettuce for extra appeal.

WCSBNCC $14.95

WCS™ Apple Essence

Apple Essence, a.k.a. Apple Oil is good when used straight as a trailing scent or in formulation. Loud, appealing scent of ripe apples.

EO0003	1oz.	**$3.50**
	4oz.	**$12.00**
	16 oz.	**$36.00**

WCS™ Sweet Clover Oil

Sweet Clover Oil is a highly fragant oil that lingers in the air, a little goes a long way. Highly attractive to Groundhogs and Rabbits. Can be used standalone or in formulation.

EO0043	1oz.	**$5.00**
	4oz.	**$17.00**
	16 oz.	**$52.00**

WCS™ Applelicious Paste Bait

Applelicious Paste Bait - Great for muskrat, rabbit, raccoon and skunk, this paste based bait has an explosive apple aroma, designed to fill the air around your trap. Field tested to attract more finicky animals. Use a teaspoon or two on a cracker or your favorite bait holder. Apple scent fills the air!

NWS014	8 oz.	**$7.50**
	case of 4	**$26.00**
	16 oz.	**$13.50**
	gallon	**$66.95**

Hare Today - Gone Tomorrow Rabbit Bait - 4 oz.

Rabbits can be tough to attract. It takes more that a common base and essential oils. Hare Today - Gone Tomorrow is made from plant extracts and plant oils added to a fruit paste base.

BBADC10 $8.50

REPELLENTS

Shake-Away SMALL CRITTER (Powder Fox Urine)

The prolific cottontail rabbit (Sylvilagus floridanus) is one of the target animals for Shake-Away's #1 selling product, fox urine granules. This product takes advantage of the Predator-Prey relationship and the prey animal's genetically programmed instinct of fear to provide a non-toxic, organic method to significantly reduce and very often eliminate small critter pest browsing problems.

80045 $17.95

Bobbex-R RTU - 48 oz.

Bobbex-R is effective in protecting your plants from rabbits, ground hogs, chipmunks, squirrels, and voles. Bobbex-R is a year-round product for all types of plantings, and will not wash off in the rain. It is environmentally compatible, harmless to animals, fish, birds and insects. Bobbex-R contains no petro-chemicals, and is made from natural and recycled ingredients.

B550190 $30.95

Rabbit Scram™ Professional Rabbit Repellent - 25 lbs.

America's Finest Rabbit Repellent – Rabbit Scram™ is a granular, organic, biodegradable, environmentally safe rabbit repellent guaranteed to keep rabbits away from your prized gardens, shrubs and vegetables while not being offensive to humans. Rabbit Scram was developed as a highly effective response to heavy damage by foraging/munching rabbits in the southeastern United States where one of the densest rabbit populations in the country exists.

Enough Rabbit Scram to protect 27,900 square feet!

SCR5125 $99.95

Animal Stopper Trigger Spray

Messinas Animal Stopper Trigger Spray can be used to discourage groundhogs, skunks, rabbits, raccoons and other common pests from devastating gardens, flowerbeds and sheds. Our humane and safe Messinas Animal Stopper creates a sensory barrier that works by smell, taste and feel and can be applied every 30 days regardless of weather or watering. It is pleasant to use, dries clear and odor free and is safe to use around fruits and vegetables.

ASTOP-32 32 oz. **$12.99**

General Biology and Reproduction

Rabbits live only 12 to 15 months, and probably only one rabbit in 100 lives to see its third fall, yet they make the most of the time available to them. Cottontails can raise as many as 6 litters in a year. Typically, there are 2 to 3 litters per year in northern parts of the cottontail range and up to 5 to 6 in southern areas. In the north (Wisconsin), first litters are born as early as late March or April. In the south (Texas), litters may be born year-round. Litter size also varies with latitude; rabbits produce 5 to 6 young per litter in the north, 2 to 3 in the south. The rabbit's gestation period is only 28 or 29 days, and a female is usually bred again within a few hours of giving birth. Rabbits give birth in a shallow nest depression in the ground. Young cottontails are born nearly furless with their eyes closed. Their eyes open in 7 to 8 days, and they leave the nest in 2 to 3 weeks.

Under good conditions, each pair of rabbits could produce approximately 18 young during the breeding season. Fortunately, this potential is rarely reached. Weather, disease, predators, encounters with cars and hunters, and other mortality factors combine to keep a lid on the rabbit population.

No-See Um Chimney Raccoon Trap

The innovative No-See 'Um chimney raccoon trap fits right down into the chimney flue and is hidden from sight. The locking mechanism of the No See'Um trap has a visual indicator (flag) attached which allows you or your customer to check the trap from the ground. When the flag drops, you have made a capture!

The body of the No-See'Um is 1" x 1" galvanized mesh and will deliver years of service. The doors at both ends of the trap are constructed of sturdy 10.5 gauge 1/2" x 2" mesh. The trap fits both 9" x 13" and 13" x 13" chimney flues. The trap itself measures 9"W x 5"H x 38"L and weighs approximately 13 pounds. $25 PER TRAP FLAT RATE SHIPPING

WCSNOSEE $149.95

Dura-Poly Plastic Catch Trap (raccoon size)

The Dura-Poly Plastic-catch, solid walled, front release, box trap (raccoon size). It is available in white-ONLY and is being made in Canada. This trap measures 12" x 12" x 32". It has a solid metal galvanized door. This trap will hold the largest raccoon, and would be an excellent raccoon, skunk, woodchuck, cat trap. Easy to set. Easy transport and removal of the animal.

NWS1232W $95.00

Wickencamp ADC Models

The Wickencamp ADC (Animal Damage Control) traps feature the same heavy duty construction and durability with a tighter wire mesh patterns for additional strength and to prevent animals from reaching out of the trap and damaging lawns, roofs, decks, and other property. Both models constructed of 14 gauge wire with 1" x 1/2" mesh.

NWS121030-302ADC $66.50
12" x 10" x 30" Raccoon Size

NWS81028-28ADC $54.50
8" x 10" x 28" Skunk/Raccoon Size

SUPER TUFF TRAP #10

Absolutely the "TUFFEST" live trap on the market. The 10" diameter body is over 1/4" thick PVC pipe over 30" long. With the solid PVC body the animal cannot "reach in" and grab the bait. The back plate is removable for easy baiting and cleaning. Your catch can be handled without being sprayed, bitten, or scratched. Keeping your catch out of sight is also an advantage. A great trap for Raccoon, Skunk, Badger, and Porcupine.

TTADC10 $110.00

AAC Proline Raccoon Trap

Heavy duty, made by a professional for professionals! AAC Proline traps are made with ½" x ½" 16 gauge mesh. Trap frame is powder coated. A trap that will stand-up to the daily use of a wildlife control professional! Measures 30" x 11" x 11"H, single door, 1/2" x 1/2" mesh.

AAC301111 $112.25

	gallon	$66.95

WCS™ Corn Dog Paste Bait (raccoon & skunk)

Corn Dog Paste Bait reminds you of late summer when the sweet corn is bursting with flavor and the aroma around the fields is one of corn silk. This has been spiked with a super sweet curiosity undertone and is highly attractive to both coon, opossum and skunk. It contains a generous amount of golden cracked corn and has proven very effective on rodents, i.e., mice, rats, etc. As with all the "Premium Grade" baits it won't dry out and appears almost wet!!

Java Joe Raccoon Bait - 6 oz.

Java Joe has a strong coffee aroma that draws the raccoon in. Great as a primary or change up bait. When you find other baits just aren't attracting them, this unique smell should pull them in.

WestJava-6 $6.00

WCS™ GroundHog "Kokaine" - Gallon

GroundHog Kokaine is made and patented by wildlife pros for wildlife pros. Until now, this granular bait has been a secret but now is available for sale. Unlike those other hog baits this bait DOES NOT need an "eye attractant", it works all by itself and needs nothing else. We've had some of our referral pros testing this all over the country and now they are begging for more! It is simply that good. If you trap Groundhogs you need this bait!

NWSGHK1 $31.95

WCS™ Whistle Pig Woodchuck Paste Bait

Whistle Pig woodchuck or groundhog paste bait. This is a blend of no less than four irresistible essential oils, plants, and vegetable juices compounded to really make the groundhogs mouth water. At a time when food is plentiful you have to offer them something they can't resist… that is "Whistle Pig". Smear some Whistle Pig on a large leafy vegetable, like cabbage and place in rear of trap. Watch the results!

NWS009	single 8 oz. jar	$7.50
	4 - 8 oz. jars (Special)	$26.00

The Coontroller™

An industrial strength exclusion device designed to allow raccoons to leave a structure but not allow them to return through the original access point. Appropriate for use when raccoons are in an attic, chimney or underneath an enclosed shed or deck. The excluder features a unique cam locking double door that allows wildlife to push through to gain access to the outside, but locks behind them so if they try to re-enter, they are stopped cold. The Coontroller is 17" x 8" x 8" and is constructed of 1" x 1" galvanized 14 gauge wire mesh. Also effective for groundhogs, skunks, feral cats, armadillo and other similar sized animals. Note: This is not a trap; it allows animal to leave but not re-enter.

WCS54590 $78.95

Raccoon Eviction Fluid

These will help to move nursing raccoons out of difficult to trap locations. Apply to a cloth or tennis ball and toss in the direction of the where the animals are located.

Raccoon eviction fluid

NWS1115-1 1 oz. **$19.95**
NWS1115-4 4 oz. **$54.95**

Vanish Raccoon Eviction Paste

Vanish is a natural by-product of boar raccoon, which are predators to female raccoons during the birthing period. When placed in a den area, the female instinctively senses that a danger to her young is nearby. It has the consistency of a thick, creamy paste and has been formulated to stand up well in all weather conditions. Easy to handle, it will stay where it is placed.

WCSTJV-4 4 oz. **$54.95**
WCSTJV-Tube **$19.95**
(syringe tube 2 to 3 applications)

End the Rat and Mouse Game

An infested warehouse or grain store, a home with children, a restaurant in the city – for every imaginable rodent problem, there's a solution. Whether you're developing a large control plan or just need a couple of mouse traps, we have the traps, glue boards and bait stations for the task.

MOUSE & RAT TRAPS

Lethal

Big Snap-E

Sanitary, safe and simple to set. This reusable, easy-clean snap trap has "finger-free" removal and pre-formed holes in the base plate for surface mounting. Durable polystyrene and steel.

Snap-E Mouse Trap

NWSBSM	Single	$2.95
NWSBSM12	Dozen	$29.95

Big Snap-E Rat Trap (pictured)

NWSBSR	Single	$4.50
NWSBSR-12	Dozen	$48.95

Electronic Trap (Mouse or Rat)

Get a high-voltage guaranteed kill in 5-10 seconds, with no poisons or snapped fingers. The trap takes 4 AA batteries, with blinking green indicator light when activity is detected. Safe for use around pets and children.

Electronic Mouse Trap

NWSM2524	Single	$21.50

Electronic Rat Trap

NWSM240	Single	$47.95

Victor Power Kill Trap

Easy to set, durable and powerful. Clever design eliminates need for trigger wires and can be set one handed, just pull back and "click". Easy clean out too.

Mouse

M142S	Single	$2.95
M142-PCO-24	Case of 24	$47.50

Rat

M144 -1	Single	$3.75
M144-PCO-12	Dozen	$38.95

Victor Standard (Mouse or Rat)

Familiar wooden snap trap with metal pedal. Set in baited or unbaited manner on flat surface perpendicular to wall. Keep trigger end towards wall.

Standard Mouse Trap

NWS1500	Single	$.89
NWS1500C	Case of 72	$30.50

Standard Rat Trap

NWS03T4	Single	$2.25
NWS03T4C	Case of 12	$17.95

Topsnap Mouse Trap

The Topsnap Mousetrap is made of high-quality stainless steel and solid plastic. Thanks to its sophisticated mechanism, the trap is very user-friendly and efficient for the control of mice in indoor-areas. It is important to control mice infestation at an early stage in order to avoid proliferation of mice as well as damage and contamination.

WTOPSNAP $69.95

Victor Professional Traps (Mouse or Rat)

Specifically designed for professional pest management. A unique trigger control allows you to use sensitive setting for normal situations or firmer setting for places with vibrating machinery or manufacturing operations.

Professional Mouse Trap with expanded trigger

NWS1701	Single	$.99
NWS1701C	Case of 72	$33.95

Professional Rat Trap with expanded trigger

NWS1702	Single	$2.65
NWS1702C	Case of 12	$19.95

Victor Clean-Kill Mouse Trap

Unlike other traps, it offers a no-see, no-touch experience with easy, stress-free baiting and setting. Tunnel design increases interaction. Use in or outdoors. Comes 2 traps per pack.

WCSM162S	2-Pack	$5.25
WCSM162S-6	(3) 2-Packs	$13.50
WCSM162S-12	(6) 2 Packs	$25.50

Victor® Kill Vault™ Mouse Trap - 2-Pack

The Victor® Kill Vault™ Mouse Trap is unlike other traps in that it offers a no-see, no-touch experience with easy, stress-free baiting and setting. Lures mice inside and eliminates the chances of a pet or young one finding the rodent's body. Kill-Gate™ produces a quick, humane kill. The mouse is entirely contained within the trap, which may then be discarded or emptied for reuse.

NWSM267 $8.95

Victor® QUICK-KILL® Mouse Trap - 2 Pack

When mice invade your space, you want them gone now. Which is why you need The Victor® Quick-Kill® Mouse Trap—one of the quickest, easiest and most accurate mouse traps on the market. Highly effective and made of durable plastic, the Quick-Kill® kills mice quickly and humanely, and can be used again and again or disposed of depending on your personal preference.

NWSM140S $5.50

Trapper T-REX Rat Trap

The Trapper T-REX Rat Trap is one of the most versatile rat snap traps on the market. High-trigger sensitivity and interlocking teeth make for a quick, humane kill with almost no possibility of escape. A removable bait cup unscrews from the bottom for easy and clean baiting. The T-Rex can be placed inside the Protecta Rat bait stations, or on the SB357 Magnetic Trap Base.

WCSST2000	Single	$5.95
WCSST2000C	Case of 12	$61.25

Mini-Rex

The Mini-Rex is a smaller, mouse-size version of the powerful T-Rex Rat Trap. The Mini-Rex embodies the most up-to-date snap trap design and technology. With better trigger sensitivity and more powerful trap velocity, Mini-Rex's patented interlocking teeth capture mice with unmatched holding power.

WCSST2024	Single	$2.00
WCSST2024C	Case of 24	$33.75

The Claw™ Easy Set Rat Trap

Constructed for heavy-duty use with improved metal hardware for longevity & strength, multiple anchor points, and gripping serrations for increased holding power on both sides of the trap.

NWS622S	Single	$3.50
NWS622C	Dozen	$32.95

JAWZ™ Plastic Mouse Traps

The JT Eaton JAWZ™ Plastic Mouse Trap is the next generation in rodent control. Made of rugged plastic, easy to set and easy to bait, the JAWZ™ can be used over and over. Never worry about catching your finger in a trap again. Setting is so simple it can even be done with your foot. Remember, rodents run along walls so always put the trap against a wall.

JTE409	6 traps	$7.50
	24 traps	$24.25

JAWZ™ Plastic Rat & Chipmunk Trap

The JT Eaton JAWZ™ Plastic Rat Trap is the next generation in rodent control. Made of rugged plastic, this rat-sized trap is easy to set, easy to bait and can be used over and over. Never worry about catching your finger in a trap again. Setting is so simple it can even be done with your foot. Remember, rodents run along walls so always put the trap against a wall. Please keep traps away from pets and children.

JTE410	Single	$2.50
	Dozen	$26.50

JAWZ™ Mouse Depot™ Mouse Trap Cover - 6 Covers

JT Eaton JAWZ™ Mouse Depot™ Mouse Trap Covers are an effective way to conceal the JAWZ™ traps and prevent the chances of non-target triggering. The covers help protect children and non-target pets while hiding the trap and captured rodent from view. Reuse as desired or dispose of with captured rodent.

JTE407-6	6 covers	$18.75

JAWZ™ Rat Depot™ Rat and Chipmunk Trap Cover

JT Eaton JAWZ™ Rat Depot™ Rat and Chipmunk Trap Covers are an effective way to conceal the JAWZ™ traps and prevent the chances of non-target triggering. The covers help protect children and non-target pets while hiding the trap and captured rodent from view. Reuse as desired or dispose of with captured rodent. Available in Black only.

JTE408	Single	$3.95
	6 covers	$20.75

EZ Snap Mouse Station

The EZ-Snap Mouse Station integrates 2 snap trap which are uniquely mounted inside of the station that securely holds the traps in place, reducing accidental trips of the snap traps. A unique feature of the EZ Snap Mouse is the "EZ Set Indicator Tie", a heavy-duty two color zip tie. The indicator tie is attached to each snap trap strike bar and extends from the inside out through the sides of the station lid. By pulling the indictor ties you are able to set the traps, even when the station is closed. When the traps are set, the indicator ties are black and yellow. When the trap has been tripped, the indicator tie is black.

WCSEZSM	Single	$17.95
	Dozen	$199.95

EZ Snap Seeker Rat Station

Featuring VM Products' first push lock design for easy open. Tiered walls for increased durability. Core-out opening for larger entry point. Snap trap secured with innovative plug system. Versatile slot system for flexible attachment either vertical or horizontal. 2 holes in the back for attachment with U-bolts. EZ Set indicator tie gives a fast and simple way to identify which traps have been tripped. Made of 100% recycled injection molded plastic. Comes with an American made Snap Trap with indicator zip tie.

WCSEZSS	Single	$19.95
	Case of 9	$169.95

EZ Force Mouse Monitoring Station

Use the new EZ Force Mouse Monitoring Station to Force Flow rodents into the target zone. The newest innovated solution from VM Products gives the Pest Management Professional a new tool for sensitive accounts.

WCSEZFM	Single	$9.95
	Dozen	$109.95

Catchmaster 610PE Rat Sized Wood Trap with Expanded Trigger Pan

Catchmaster™ Model # 610PE Expanded Trigger Snap Trap Plywood Base

- Corrosion Resistant Components - Prolonged longevity in the field
- Double Tension Springs - Provide powerful, reliable triggering
- Expanded Trigger - Field testing has shown expanded triggers to be 16% more effective than standard triggers (Mallis 1997)
- Heavy-Duty Snap-Bar Pillars - Unique mounting system minimizes snap-bar movement and increases durability
- 10% Smaller Base - Lighter and smaller than the competition, yet equally effective

NWS610PE	Single	$1.99
	Dozen	$17.75

Live

Multi-Catch Rat/Chipmunk Cage Trap

A traditional tap for humane capture of rats or similar sized animals. The counter-balanced door is activated when the animal steps on it attempting to reach the bait. Dropping into the holding chamber, the door closes behind them. Simple design and cost effective.

PSMRCAGE $19.95

Wind-Up Multiple Catch Mouse Trap

Wind-up repeating live trap that's safe to use around children and pets. Mice investigating the tunnel trip a paddle and are pushed inside. Made of galvanized steel, this trap catches several mice in one setting and does not have to be reset after each catch. When full, simply slide back the lid to release.

JTE425 $11.50

Chipmunk/Rat Live Trap - With Trigger Pan

An effective single catch trap, w/ spring loaded swing down door, 3/8" fine mesh, with trigger pan - 12" x 6.5" x 5.25"

WCSCH102 $16.95

Chipmunk/Rat Live Trap - No Trigger Pan

An effective chrome-plated, single catch trap, w/ spring loaded swing down door, 0.45" x 2.25" mesh, no trigger pan - 11.5" x 6.75" x 4.75".

WCSCH101 $16.95

Victor Tin Cat

A multi-catch live trap favored by food plants, grocery stores and warehouses. Large entrance holes allow up to 30 mice in, but not out. Air holes on side and optional see-through plastic lid for easy inspection. Galvanized steel, non-rust trap can be set baited or unbaited.

NWSM312	Single (solid top)	$12.75
NWSM312C	Case of 12	$129.95

JTE420CL-S	Single (clear top)	$7.50
JTE420CL-C	Case of 12	$79.95

"Little Pete" Multi-Catch Mouse Trap

Half the size of regular repeating traps, this unit is ideal for tight or high traffic areas. Clear viewing windows makes for easy monitoring. Access ramp is easily removable for cleaning.

JTE423CL	Single	$4.75
JTE423CL-12	Case of 12	$53.50
JTE166 Glue Pads	Case of 72	$24.50

Skinny Pete - Multi-Catch Mouse Trap

The J.T. Eaton Skinny Pete trap's sleek design allows it to go where other traps just won't work. This catch and release, multi-catch trap features a clear inspection window and requires no bait or rodenticide.

JTE418CL	Single	$7.25
	Dozen	$79.95

Big Pete Multi-Catch Mouse Trap with Clear Inspection Window

The J. T. Eaton Big Pete Multi-Catch Trap is great for catching Rats, Chipmunks, Shrews, and other small rodents and it does so without bait or rodenticide. This solid metal, catch and release trap also features a clear viewing window for ease of inspection.

JTE450CL	Single	$17.50
	Case of 4	$62.75

PROVOKE Professional Rat Attractant

A food-based attractant that has been specifically designed to meet the unique behavioral characteristics of rats. Since rats are driven more by scent than taste, PROVOKE for rats contains a unique blend of scents that Norway and roof rats find enticing. (Not a rodenticide. Attractant only)

WCSPROV2-1	Single	$17.50
WCSPROV2-9	Case of 9	$139.95

"Gold Magic" Tube Bait Gun Kit

Uncle Kirk's Gold Magic Rodent Lure (Gel) with the new Paste Bait Gun (WCS101504). This gel consistency lure was 20 years in the making. Long lasting and very attractive to a variety of rodents including mice, rats, and squirrels of all types. A little goes a long way! Three 2oz. Tubes with Paste Bait Gun included

GMGL-KIT $34.95

WCS™ N.B. Tube Bait

Attracts mice, rats, chipmunk, gray squirrels, red squirrels and flyers since 1999. The Kit includes a Paste Bait Gun and three N.B. Tubes. N.B. Tube Bait, like all of the "Premium Grade" bait products, is spiked with an anti-drying agent to increase the baits effectiveness. Also available in Single Tubes with plunger.

NWS002T-Kit $28.95

GLUE PRODUCTS

Catchmaster Bulk Glue

Custom make your own traps any size or shape to fit your needs. Contains no toxicants or poisons, suited & approved for use in areas where pesticides are prohibited or undesirable.

NWS2550B Gallon $40.95

Victor M320 HoldFast Glue Boards

These Glue Boards are the most economical we stock! Great for floor, countertops or anywhere you detect sign of where mice routinely travel. Measures 8.5" x 5".

M320-1	Single	$.55
M320-72	Case of 72	$17.95

Catchmaster "Gluee Louee" Rat Glueboards

Easy on the pocket, tough on rats. Glue comes pre-scented with food attractants. Cuts easily for contoured applications. Measures 12" x 6".

NWS60RBS	Single	$1.75
NWS60RBC	Case of 60	$71.95

Catchmaster Giant Rat Glue Board

Will hold even the largest Wild Norwegian rat. Stronger than conventional glue boards, Giant Rat can also catch multiple mice in high infestation areas. Fold and cut for situations requiring irregular shapes. We recommend using Hercules Putty to stop rats from dragging when caught. Measures 15" x 8.5".

NWS24GRB	Single	$3.75
NWS24GRBC	Case of 24	$69.95

Catchmaster 48 glue trays

(Case of 48/24 2-packs). Available in two different styles: Standard (48R) and Low-Temperature (48WRG). A deeper plastic tray means that these have more holding power than smaller, cardboard backed traps. Catchmaster fills its 48R durable trap with glue thats been temptingly scented for added attraction. The 48WRG is a low-temperature version for use in structures during cold weather and walk-in refrigeration units. The adhesive used in the 48WRG is effective in temperature as as low as 0 F. Trays measure 10" x 5".

NWS48R-C	Standard	$67.50
NWS48WRG-C	Low temp	$79.95

JT Eaton Glue Board Insert

JT Eaton Glue Board Insert - These perforated Universal Glue Boards fit in all standard size Repeater type multiple catch traps. Packed 72 per box.

JTE166 $24.50

Deterrent

Detour

This is a FIFRA 25b exempt rodent bio-repellent that can be applied in or outdoors for rodent management. Using White Pepper suspended in a gel consistency base, mouse are deterred from entering. Easily applied with a caulk gun.

PX1001S	10 oz. Tube – Single	$22.95
PX1001C	10 oz. Tube – Case of 12	$250.00

Rat-Out Gel (3-Pack)

Non-toxic repellent that deters by smell, taste and feel. FIFRA 25b exempt, uses garlic and white pepper in a gel constancy that works with small dime sized deposits in holes, cracks, crevices, or on beams & pipes. Syringe ready to use.

WCSRO1-3 3-Pack $12.95.

Pro-Pell Rodent Repellent – One Gallon

PRO-PELL is an all natural repellent made up of essential oils that contain the smells and tastes that rodents hate. The oils bind to the foundation and are not easily washed off. One gallon of finished material covers approximately one 2500 square foot home. Apply to house foundations, sheds, under decks, hatchways, garage door openings and area's of rodent activity. It can even be sprayed on the tires of your vehicles to help deter mice from climbing and entering.

WCSPROPL-G	Gallon	$79.95
	2.5 Gallons	$179.95

BAIT STATIONS

J.T. Eaton Gold Key Mouse Depot

A tamper-resistant mini bait station that offers excellent versatility. Its slim format & triangular shape allow for placement along walls, in corners, or screwed vertically to walls through one of the pre-drilled mounting holes. A window in the lid allows for quick checks of bait levels and the clear bait tray makes cleanout a cinch.

JTE907W Case of 12 $31.95

Protecta RTU

Ready to use on crafty mice. Place this unique station, with its strategically angled holes, flush against a wall or snug in corner. An interior baffle system leads mice right to the bait block. It comes with a two-pronged key and durable plastic construction that won't let you down. *Bait not included.

PS2620C Case of 12 $27.50

Strong enough to hold a 1 lb. rat!

Hercules Putty

The rodent professional's best friend. Use this all-purpose black adhesive putty to secure traps, bait stations and bat netting. Placed in the four corners of a glue board, Hercules Putty will even help hold a full pound Norway Rat! Won't run in heat, unaffected by cold and easily removed with putty knife or hands. Sticks to all kinds of surfaces and leaves floors stain-free.

WCSHP01 $14.50

Protecta LP Rat-Sized Bait Station

The low profile is perfect for placing under pallets. This heavy-duty plastic station is 3 3/8" tall and 9" deep – small enough for all kinds of indoor use. Use flush against wall or in corners. Accommodates block baits, liquids, cereal baits and Super-Sized Blox, but won't fit snap traps. *Bait not included.

LP2625C Case of 6 $71.95

Protecta EVO Express (with anchor weight)

Heavy Duty and versatile, it combines a single locking mechanism, internal integrated concrete weight & removal tray with locking rods. Ideal for perimeter baiting.

WCSEVOEX Single $18.50

Protecta EVO Circuit Bait Station

When discretion is essential for sensitive accounts, this unit looks like an electrical box.it can hold up to 8 1-oz. blocks on 4 long rods, or if placed horizontally, fits T-Rex or Mini-Rex traps.

WCSEC GREY – Single $17.95
WCSECC GREY – Case of 6 $89.95

Protecta Keyless Bait Stations

Provides tamper-resistance without a key, making servicing fast and easy. The stations lock with a quick twist of the lid and unlock with a coordinated squeeze and twist.

WCS731338 Case of 12 $37.95

Protecta Evo Ambush Bait Station

As a low profile bait station, Protecta Evo Ambush Bait Station works well in tight baiting scenarios, "ambushing" either rats or mice using rodent baits or Bell snap traps. Protects rodent bait from dirt, moisture and contaminants keeping if fresh longer.

WCSEVOAM $12.25 Case of 6 $66.95

JT Eaton Top Loader Bait Station

For hard to fit areas. The top-loading design has room for seven 1 oz. bait blocks, and automatically reloads bait into feeding compartments as rodents eat. Mount this rugged, weatherproof station high on rafters, beams and ceiling girders. *Bait not included.

WCS902 Case of 6 $72.95

JT Eaton Earth Anchor Bait Station Securing Device

These are perfect for securing bait stations. The package comes complete with 25 earth anchors (stakes) and a handy driver for installing. Each anchor has a 20" cable attached with a toggle at the top end to connect to the bottom of a bait station.

JTE913-25 $41.95

UltraBait Vandal Resistant Bait Station - SINGLE

Ultrabait Vandal Resistant Bait Station is a superb quality coated steel bait station with a removable plastic liner that takes all types of bait. The top key entry and reliable locking mechanism makes this bait station quick and easy to use. The Ultra-Bait has a hinged casing and a raised, warm polypropylene bait tray that keeps bait contained. No need to touch anything but the key (SOLD SEPARATELY) to service.

RPUVRB-S (Black) $21.95
RPUVRG-S (Green) $21.95

Microbait Steel Mouse Bait Station, Black (CASE of 8)

Tamper & vandal resistant Steel Mouse Bait Station is constructed of superb quality powder coated steel. The removable plastic liner accommodates all types of bait. Top key entry, and reliable locking mechanism makes the Microbait quick and easy to service. Secured down through screw holes in the base or by using the wall brackets supplied. PLEASE NOTE THAT THIS PRODUCT DOES NOT USE THE VERSA KEY.

RPUMM-C $59.95

Trap-Friendly

(Indoor and Outdoor)

The below items can be used with rodenticide but also are large enough to hold some of the more common rodent snap traps. Traps that work in these stations are listed under each.

Protecta Mouse-Sized Bait Station

Our top-seller! Simple to use and immune to abuse, this tough plastic station can act as a monitoring device and trap. A two-pronged key locking mechanism makes it tamper-resistant. Fits up to four 1 oz. bait blocks – great for high volume infestation. Fits Snap-E mouse or Victor standard or Pro mouse traps. *Bait not included.

PS2539C Case of 12 $46.95

Protecta Rat-Sized Bait Station

An economical station that won't dent and ding when you throw it in your truck. Rats enter through one of two openings and into a chamber with 2 bait areas. Big Snap-E Rat and Victor Power Kill Rat traps fit in station. Metal screw-lock and standard locking prongs for superior tamper resistance. Measures 9"L x 8 ¼"W x 4 ¼" H. *Bait not included.

PS2540S Single $15.95
PS2540C Case of 6 $79.95

JT Eaton Rat-Sized Snap Trap Station

Hide snap traps from inquisitive animals (and humans). Easy to load, with dual entryways, station fits two rat-sized taps. Durable, rust-resistant galvanized steel makes it a dependable, hard-wearing tool for professionals. Fits big Snap-E and Victor Standard or Professional Rat Traps and Victor Power Kill.

401STSS Single $10.95
401STSC Case of 6 $58.95

For Outdoors
(Blends in with Landscape)

Protecta Landscape
A tamper-resistant station that blends right into the landscape. Naturally textured "stone" comes in sandstone or granite, with two entry points built into the bottom. Plastic line tray means it's quick and simple to bait and clean. Fits a T-Rex snap trap. *Bait not included.

PLBSGRAN-S	Single-Granite	$24.95

Retrofit Weep Hole Covers
Weep holes on masonry may be necessary to vent moisture, but they open the door to pests like rodents, snakes, lizards and insects (mice need just ¼"). Slam that door shut with these innovative covers that maintain the indoor air quality objectives accepted by US EPA. Allow weep holes to drain/vent and prevent mold growth inside wall cavities. Cut to height needed and apply with clear caulk. (5"h x ½" W x 1"d)

WCSWHV25 (25 Pack) $33.95

Aegis Bait Stations

RP-RAT: A fast-to-open rat sized bait station that saves time and money. It's one of the most popular professional rodent bait stations available. Quick-to-service locking system offers unmatched opening speed, so you can service stations quicker. Low profile permits flexible mounting in tight spots, vertical or horizontal. Accommodates bait, glue boards or traps. In black.

WCSARPBS-S	Single	$12.95
WCSARPBS-C	Case of 6	$62.95

MOUSE: Has capacity for two blocks of rodenticide or two pouches of soft bait. Its SecurePoint™ technology makes it the best mouse station to hold soft bait. The SeBe (see the exit before entry) design entices mice to enter and feed. Fits in tight spots, offers vertical or horizontal mounting with anchoring holes to secure station to floors, walls or pipes. Available with a clear lid for at-a-glance inspection or an economical solid black lid.

WCSAMBSC-B	Black Lid-Case of 12	$27.95
WCSAMBSC-C	Clear Lid-Case of 12	$36.95

RODENTICIDE

IMPORTANT: Check STATE and LOCAL Laws and Regulations as they relate to the legal application of any Rodenticide

Bait Block® Rodenticide – Apple Flavored

May be used to control Norway rats, roof rats, and house mice in and around homes, industrial buildings and similar man-made structures. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with foods. Do not broadcast the bait.

JTE719AP $28.50
(144) 10 oz. Blocks per Pail (EPA Reg 56-74)

Bait Block® Rodenticide – with Peanut Butter Flavorizer™

May be used to control Norway rats, roof rats, and house mice in and around homes, industrial buildings and similar man-made structures. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with foods. Do not broadcast the bait.

JTE719PN $28.50
(144) 1 oz. Blocks per Pail (EPA Reg 56-42)

Brigand Wax Block Rodenticide (WB)

A ready-to-use cast wax block formulated for maximum palatability and moisture resistance.

BWB18PC $64.95
18 lb. Pail (EPA Reg. 87235-2)

Contrac All-Weather Blox

(MOUSE OR RAT)
Multi-edged, single feeding bait blocks that stay fresh whatever the weather. Contains the anticoagulant Bromadiolone, authorized by USDA for use in federally inspected meat and poultry plants. Colored blue for safety.

820637 $95.95
18 lb. pail (EPA Reg 12455-79)

Contrac with Lumitrack

Bell Laboratories' popular rodent bait, CONTRAC, is now available with Lumitrack, a special additive that makes rodent droppings glow bright green under UV light. CONTRAC with Lumitrack is a single-feeding anticoagulant rodenticide containing the active ingredient, Bromadiolone.

795599 $97.50
18 lb. Pail (EPA Reg #12455-133)

Contrac® Soft Bait 16lb Pail

Contrac® Soft Bait, a single-feed formulation, contains the second generation anticoagulant, bromadiolone. It is our most extensively researched and tested rodenticide which has undergone comprehensive field testing to ensure its performance in urban, rural, commercial and residential settings. Contrac® Soft Bait was specially formulated with an optimal blend of saturated and unsaturated fats. This unique, oil-based formulation coupled with a manufacturing process which ensures maximum contact of the sachet to the soft bait, results in increased bait acceptance.

WCSSOF16 $107.95
16 lb. Pail (EPA REG. NO. 12455-146)

FASTRAC All-Weather Blox

The active ingredient, Bromethalin, is Bell's fastest-acting rodenticide formulation. An acute bait, FASTRAC gets unsurpassed rodent acceptance and control, killing rats and mice in one or two days, often within 24 hours! More rats and mice can be controlled with less bait because rodents stop feeding after eating a lethal dose. Technicians save money and bait with FASTRAC BLOX.

795093 $70.95
4.2 lb. Pail (EPA Reg 12455-95)

Blue Max Blocks - 16lb Pail

BlueMax Mini Blocks contain difethialone, the newest second generation anticoagulant rodenticide available. Formulated through a unique grinding process, food grade grains and special mold inhibitors are combined with an optimum quantity of paraffin, making BlueMax mini blocks the ideal maintenance rodenticide. Only BlueMax blocks deliver this combination of attributes, making them the perfect choice for maintenance control of mice, Norway rats and roof rats, particularly at audited accounts. Additionally, BlueMax mini blocks are manufactured with rodent gnawing edges and a center hole for securing that prevents rodents from translocating blocks to sensitive areas.

WCSBMB-16 $105.95

RODENTICIDE

Final All-Weather Blox
(MOUSE OR RAT)

A popular choice for moist conditions. Hard multiple-edged bait is made with food-grade ingredients and contains Brodifacoum, a powerful anticoagulant. Recently reformulated for greater palatability. High visibility red. (EPA Reg 12455-89)

795096 18 lb. Pail $96.50
795095 Case of 4 – 4lb pails $106.50

FORMUS Blox

Contains the powerful single-feed, second-generation anticoagulant, Brodifacoum, in an economical 15g BLOX. Specifically developed to appeal to mice, every ingredient in FORMUS was chosen with a focus on mice - with the ultimate aim of controlling the most difficult mouse infestations. (EPA Reg 12455-108)

WCS4015 18 lb. Pail $107.50

Kaput Mouse Blocks
(Mouse, Rat, Voles)

The only product approved in the U.S. to control white-footed and deer mice, two prime carriers of ticks with Lyme disease. Poison bait contains the active ingredient warfarin, shown by the EPA to pose a lower risk to non-target animals than other commonly used compounds. (EPA Reg 72500-7)

071305 4 lb. Pail $39.95

Kaput Place Packs

4 lb. bucket contains 32 easy to use 2 oz. place packs with green colored grain bait, and the rodenticide is Warfarin. Kills Norway & Roof rats, house mice, voles. (EPA Reg 72500-6)

WCS403S 4 lb. Pail $39.95
WCS403C Case/4 Pails $144.95

Terad3 BLOX

Bell's expertly combines the most recent advancements in bait formulation to yield a highly weatherable BLOX with the low hazard benefits of the active ingredient, Vitamin D3. A dense, tightly compacted 1-oz. extruded BLOX with superb durability and weatherability. Incorporating an advanced preservation system, TERAD3 BLOX is mold and moisture resistant. Its high melting point keeps the bait stable in temperatures as high as 200 degrees F. (EPA Reg 12455-106)

785630 18 lb. Pail $122.95

IMPORTANT: Check STATE and LOCAL Laws and Regulations as they relate to the legal application of any Rodenticide

A24 Rat & Mouse Trap Kit

The Goodnature A24 Automatic Rat and Mouse Trap is a revolution in pest control! It combines superb design engineering principles and behavioral science with the highest manufacturing standards to deliver a trap that will kill up to 24 times per CO_2 canister.

Note: Cannot currently be shipped to Canada, Alaska, or Hawaii because CO_2 cartridges are included. Product is only under warranty for defects and malfunctions. Neither WCS nor the manufacturer can guarantee success due to the unpredictability and cautious nature of rodents. Using NON-GoodNature brand CO_2 cartridges will void the 2 year warranty.

WCSA24K (no counter) $159.99
(with counter) $189.99

T1 MOUSE™ Pre-Baited Disposable Bait Station

This baited disposable station includes an acute rodenticide containing the active ingredient Bromethalin. The station meets the highest level of tamper-resistance recognized by the EPA. The T1 Mouse™ is your go-to station when you are concerned with security, quality and convenience. (EPA REG 12455-121)

798731-1 Single $2.95
798732-4 4-pack $10.50

First Strike Soft Bait

First Strike Soft Bait gives you the assurance that you're always using the best rodenticide possible. This soft bait rodenticide is designed for the quality-minded PMP. It is highly effective with unmatched palatability and efficacy. The most technologically advanced rodenticide on the market containing difethialone, which was invented and patented by Liphatech, is formulated at 25 PPM.

(EPA Reg.7173-258)

WCSFSSB-16 16 lb pail $129.95
WCSFSSB-8-C Case of (2) 8 lb. Pails $144.95

Resolv Soft Bait

Resolv® Soft Bait rodenticide gives you strong results while lowering your cost-per-placement expenses. It contains the most commonly used active ingredient, bromadiolone, in a superior, soft bait formulation. Aroma escapes through the pouch to encourage feeding. It contains food grade oil and grains and is nut-free. Without seeds, resolv soft bait it reduces debris and service time. Bittering agent is added to help avoid accidental consumption.

(EPA Reg 7173-297)

WCSRSB-16 16 lb pail $94.95
WCSRSB-4-C Case of (4) 4 lb. Bags $98.95

Generation Mini-Block

Generation mini blocks have the taste rodents can't resist. They are the best mini block available. Mice and rats like the food grade grains and flavorings and whole seeds. Formulated with difethialone, a single feed anticoagulant.
(EPA Reg. No. 7173-218)

WCSGMB-16 16 lb pail $96.95

Maki Mini Block

Maki mini blocks contain a peanut flavor that rodents love. Formulated with the original bromadiolone, invented and patented by Liphatech, Maki mini blocks contain whole food grade grains. Norway rats, house mice and roof rats are readily attracted to this bait.
(EPA Reg. No. 7173-202)

WCSMMB-16 16 lb pail $74.95
WCSMMB-8-C Case of (2) 8 lb. Pails $101.95

No Tox Blocks - 10Lbs

unique mini block with no active ingredient, used for monitoring rodents in and around homes, industrial, commercial, agricultural and public buildings. May also be used in transport vehicles.

WCSNTB-10 $44.95

Dura-Poly Plastic Catch

Great for trapping skunk or raccoons in attics. This easy-to-set, solid-walled plastic trap with galvanized steel door minimizes the chance of captured wildlife damaging the space outside of the trap by pulling in debris. Made in Canada, each high grade trap is super heavy-duty and comes in white only. Skunk trappers love 'em!

NWS924W $85.00
Skunk 9" x 9" x 24"

NWS1232W $95.00
Raccoon 12" x 12 " x 32"

Tuff Trap -Spray Proof Skunk Trap

6" Diameter PVC x 24"L, with removable back plate

Constructed of round 6" PVC pipe, so when a capture is made the skunk is fully enclosed and out of view. The trap has a gravity-activated door which is very easy to set and a slide back door when release is desired. This trap is very unique as it doesn't look like a "square cage trap" to a trap-shy animal.

NWSTT6 $60.00

ANSWER Skunk trap by JT Eaton

30" x 7" x 8" rugged polyethylene construction, spring loaded trap door and easy open release door. Low profile to minimize spray, darkened interior keeps animal calm.

JTE475N $56.95

Odorless Skunk Trap

(Spray Control)

The "Odorless Skunk Trap" is constructed of round 6" PVC pipe, which means that when a capture is made the skunk is fully enclosed and out of view. The design minimizes the likelihood that the skunk will spray. The trap has a gravity-activated door which is easy to set. Can be set flush mount against an opening as the door functions vertically. A slide back door is great for releasing animal and when baiting. A great solution when you need to remove skunk from a property, with an added bonus that it doesn't even look like a trap.

WCSRCSNKTRP $56.50

No. 8 Skunk-N-More 8" Double Door Trap

Ztraps No. 8 Skunk-N-More 8" Double Door Trap Animal Tube Trap - Constructed of one piece PVC tubing that is 5/16 inch thick, this trap is indestructible and will last for many, many years. The Nuisance Animal Tube Trap is stronger than any standard nuisance animal cage trap on the market today. Both doors are heavy duty, guillotine style, steel doors. The trap can be placed anywhere with our stabilizing system. Solid tube design keeps captured raccoons, skunks, groundhogs/woodchucks and other animals away from the prying eyes of passers by. The enclosed confinement of trap tube will keep animals calm and prevent trappers from being scratched, bitten or sprayed. Includes magnetically attached directional nosecone!

ZT8-DD $120.99

No. 8 Skunk-N-More 8" Trap w/Release Door

Ztraps No. 8 Skunk-N-More 8" Animal Tube Trap - Constructed of one piece PVC tubing that is 5/16 inch thick, this trap is indestructible and will last for many, many years. The Nuisance Animal Tube Trap is stronger than any standard nuisance animal cage trap on the market today. The front door is a heavy duty, guillotine style, steel door. The trap can be placed anywhere with our stabilizing system. The rear release door makes baiting, releasing, relocating, and cleaning easy. Solid tube design keeps captured raccoons, skunks and other animals away from the prying eyes of passers by. The enclosed confinement of trap tube will keep animals calm and prevent trappers from being scratched, bitten or sprayed.

ZT8-SD $89.99

No. 6 Skunk-N-More Trap 6" Trap

Ztraps, "Spray Proof" 6" Skunk Trap is an effective & humane method for capture and release of nuisance skunks. The 6" PVC tube limits the skunk's ability to lift its tail. "If skunk cannot lift its tail, it cannot spray" The enclosed confines of the tube keeps the animal calm and prevents the trapper from being scratched, bitten or sprayed. Effective for catching skunks, opossum, cats, rabbits and other similar sized animals.

ZT6-B $69.99

WCS "Premium Grade" Paste Baits

Paste Baits $7.50/8 oz. $13.50/16 oz. $66.95/gal.

Applelicious (for Groundhog, Muskrat, Raccoon, Skunk) NWS014

Great for groundhog, muskrat, raccoon and skunk, this paste-based bait has an explosive apple aroma, designed to fill the air around your trap. Field-tested to attract more finicky critters.

Corn Dog (for Raccoon & Skunk) NWS008

This versatile bait attracts both Raccoon and Skunk. It has an overtone aroma of succulent sweet corn, along with a "kicker" of sweet honey, and contains bits of kernel corn for eye appeal that will entice even the finickiest critter. This is a great year round attractor.

Mellow Yellow (for Skunk) NWS004

This paste bait for skunk mimics nature's perfect fruit, the Bannana! Powerful, lingering, and intensely sweet. A good Spring & Summer bait that animals really work for. WCS "Premium Grade" baits will not dry out like some of the others, and is cat "resistant".

Rosebud (for Skunk) NWS005

This is a loud, reach out and "grab ya" bait. It really holds their interest and is loaded with an attractant that inspires excitement, along with a pungent odor carrying side tone. As the name implies, especially made for the "Little Stinkers". This bait contains no fish and is cat resistant.

Tree Berry (for Raccoon, Skunk, Possum) NWS003

Our personal favorite for a general-purpose paste bait. This sweet smelling bait fills the air with its aromatic scent and is a combination of tree-ripened fruit essences and puree, along with an under tone of bush berries. Place on your favorite bait holder and position so animal must pass over the pan to get to it and watch the results. Great on coon, skunk & opossum.

"Yellow Stripe" Skunk Trail WCSYS01 $6.00/4oz. $18.00/16oz.

As the name implies, this skunk trail scent really lays down a "yellow stripe" leading to the trap. Very fragrant, and sweet smelling, will not attract cats. Lead the skunk right into the trap. Will work equally as well on raccoon and opossum.

Sweet Berry Treat WESTSBT-8 $14.95

A Multi-Purpose Liquid Lure, that works on Raccoons, Skunks, Woodchucks, Possum, Rats & Mice. Very easy to use, comes in a flip-top bottle, very fragrant!

General Biology, Reproduction, and Behavior

Adult skunks begin breeding in late February. Yearling females (born in the preceding year) mate in late March. Gestation usually lasts 7 to 10 weeks. Older females bear young during the first part of May, while yearling females bear young in early June. There is usually only 1 litter annually. Litters commonly consist of 4 to 6 young, but may have from 2 to 16. Younger or smaller females have smaller litters than older or larger females. The young stay with the female until fall. Both sexes mature by the following spring. The age potential for a skunk is about 10 years, but few live beyond 3 years in the wild.

The normal home range of the skunk is 1/2 to 2 miles (2 to 5 km) in diameter. During the breeding season, a male may travel 4 to 5 miles (6.4 to 8 km) each night.

Skunks are dormant for about a month during the coldest part of winter. They may den together in winter for warmth, but generally are not sociable. They are nocturnal in habit, rather slow-moving and deliberate, and have great confidence in defending themselves against other animals.

Damage and Damage Identification

Skunks become a nuisance when their burrowing and feeding habits conflict with humans. They may burrow under porches or buildings by entering foundation openings. Garbage or refuse left outdoors may be disturbed by skunks. Skunks may damage beehives by attempting to feed on bees. Occasionally, they feed on corn, eating only the lower ears. If the cornstalk is knocked over, however, raccoons are more likely the cause of damage. Damage to the upper ears of corn is indicative of birds, deer, or squirrels. Skunks dig holes in lawns, golf courses, and gardens to search for insect grubs found in the soil. Digging normally appears as small, 3- to 4-inch (7- to 10-cm) cone-shaped holes or patches of upturned earth. Several other animals, including domestic dogs, also dig in lawns.

Skunks occasionally kill poultry and eat eggs. They normally do not climb fences to get to poultry. By contrast, rats, weasels, mink, and raccoons regularly climb fences. If skunks gain access, they will normally feed on the eggs and occasionally kill one or two fowl. Eggs usually are opened on one end with the edges crushed inward. Weasels, mink, dogs and raccoons usually kill several chickens or ducks at a time. Dogs will often severely mutilate poultry. Tracks may be used to identify the animal causing damage. Both the hind and forefeet of skunks have five toes. In some cases, the fifth toe may not be obvious. Claw marks are usually visible, but the heels of the forefeet normally are not. The hindfeet tracks are approximately 2 1/2 inches long (6.3 cm) (Fig. 3). Skunk droppings can often be identified by the undigested insect parts they contain. Droppings are 1/4 to 1/2 inch (6 to 13 mm) in diameter and 1 to 2 inches (2.5 to 5 cm) long.

Odor is not always a reliable indicator of the presence or absence of skunks. Sometimes dogs, cats, or other animals that have been sprayed by skunks move under houses and make owners mistakenly think skunks are present.

Rabies may be carried by skunks on occasion. Skunks are the primary carriers of rabies in the Midwest. When rabies outbreaks occur, the ease with which rabid animals can be contacted increases. Therefore, rabid skunks are prime vectors for the spread of the virus. Avoid overly aggressive skunks that approach without hesitation. Any skunk showing abnormal behavior, such as daytime activity, may be rabid and should be treated with caution. Report suspicious behavior to local animal control authorities.

SNAKES

Humane Solutions for Snake Removal

We love snakes, but we know that they aren't always welcome visitors. Along with quality-made tongs and hooks for professional handlers, we carry traps and repellents that make removal safe and easy.

SNAKE TRAPS & LURES

WCS SNAKE GUARD® Snake Trap

A live, single use trap with a "no-touch" removal system. Humane, effective and simple to use, this closed cardboard trap contains a super-sticky glue pad. A snake entering from either end cannot escape. To release the snake, transport the trap to a remote location and pour a liberal amount of vegetable cooking oil on the snake and the glue. The snake will usually work itself free in under an hour.

NWS0105	Single	$21.95
NWS0105C	Case of 12	$229.95

Cahaba Snake Trap & Glue Pads

Weather-resistant and commercial-grade, this plastic trap protects the glue pads used for trapping snakes or other rodents. Used with the appropriate-sized pad, it easily handles all kinds of nuisance snakes indoors or out. When the snake is caught, the glue pad and snake can be tipped into a bucket.

WCSCSTL	Large w/ 3 glue pads 32"L x 10"W x 2.5"H	$58.25
WCSCSTS	Small w/4 Glue Pads 16"L x 5.25"W x 2.25"H	$31.25
WCSCCST	Lrg Collapsible w/1 Glue Pad 32"L x 9.5"W x 2.5"H	$32.95
WCSCSTRL	Large Glue Pads 3 pack	$10.50
WCSCSTRS	Small Glue Pads 4 pack	$4.60

Strike 'Em Snake Lure

Snakes won't be able to resist this powerful formula created by the pros. Just drop 4-6 drops on a cotton ball or sheep's wool and place in the center of your glue trap. Usually takes 12-72 hours, depending on the snake's feeding cycle. Caution: Keep out of reach of children and avoid contact with eyes.

WCSTJSL-4 4 oz. $19.95

TONGS & HOOKS

WCS™ Snake Tongs

The finest snake tongs on the market! Designed and field-tested these tongs withstand years of daily use. Contoured pistol grip handle ensures gentle squeezing. Tumbled grips have no sharp edges or rough spots to damage you or the animal. Reliable stainless steel cable securely attaches snake grip to the handle. Not just for snake work, our customers tell us that these tongs are a great extra set of hands.

25": For cages or smaller working areas. Because of its short length, caution is advised.

40": Most popular. Comfortable for an average-sized person.

52", 60" and 72": Extra length provides an extra margin of safety when extra reach is required.

Standard Tongs have an anodized aluminum shaft 0.045" thick.

0801-25STD	25" Snake Tongs	$56.00
0801-40STD	40" Snake Tongs	$58.00
0801-52STD	52" Snake Tongs	$67.00
0801-60STD	60" Snake Tongs	$79.00
0801-72STD	72" Snake Tongs	$99.00

WCS™ Super Tongs

Designed for the safe handling of snakes and other reptiles, these tongs can also act as an extra "hand" when capturing other critters. Our tongs have an anodized green aluminum shaft and a hand contoured pistol-grip style handle. These are the finest snake tongs on the market. This super style has an inner-wall twice the thickness (.090") of the standard style (.045").

WAE25S-SUP	25" Super Snake Tong	$69.50
WAE40S-SUP	40" Super Snake Tong	$69.50

WAE72S-SUP	72" Super Snake Tong	$104.95

Snake Bagger

One of a kind dual bags for safety and the ability to have a backup when one bag is in use. Light weight 2 lbs. 2 bags 48" in length 1 inner/1 outer designed with a sleeve on the bottom corner. Triangular aluminum frame made from aircraft grade aluminum with strong comfortable handle. Features two safety snap locks on bag frame for quick release. All parts are anodized for a quality finish.

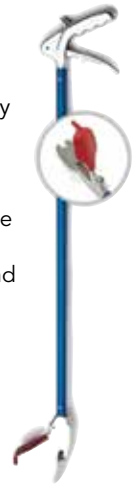
NWS100-SN-BG $84.95

Midwest Super Tongs

perfect for lifting heavy snakes, have an aluminum shaft with interior walls twice the thickness (.090") of the standard.

NWS0801-25SUP	25" Snake Tongs	$74.95
NWS0801-40SUP	40" Snake Tongs	$74.95
NWS0801-52SUP	52" Snake Tongs	$84.95
NWS0801-60SUP	60" Snake Tongs	$99.95
NWS0801-72SUP	72" Snake Tongs	$114.95

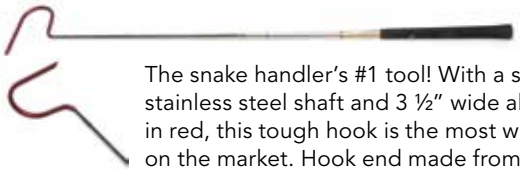
Midwest Gentle Giant Snake Tongs



A humane handling solution. 2 ¼" extra-wide jaws gently disperse pressure over a greater surface area of the snake's body, reducing the risk of injury and eliminating much of the snake's stress. Triple rubber-coated top jaw gives a secure hold, while polished lower jaw reduces the snake's ability to move forward. Made of aircraft-grade aluminum tubing with concealed stainless steel cable and spring. Color: Blue.

WCSGG-T40	40"	$79.95
WCSGG-T60	60"	$103.95
WCSGG-T72	72"	$124.95

Standard Snake Hook



The snake handler's #1 tool! With a slightly flexible stainless steel shaft and 3 ½" wide aluminum hook in red, this tough hook is the most widely used one on the market. Hook end made from solid anodized aircraft-grade aluminum. Measures 40".

WCSSTD-HK $31.95

Heavy Duty Collapsible Snake Hook

A super-strong solution for backwoods trips and foreign travel. Our collapsible hook has grooved tubes to prevent rotation and a thick shaft made from aircraft-grade aluminum. We've even anodized the hook end! Extends from 17-39", with a 3 ½" diameter opening. Do not use to pin snakes or to lift or flip debris. (Red)

WCSHDCL-HK 13" to 35" $46.95

Snake Out®

The active ingredients in Snake Out® are natural oils, and are exempt from EPA regulation. Does not contain naphthalene and it is biodegradable. It will not harm lawns, gardens, flower beds or other desirable plants when used as directed and can be used in areas where children and pets play. You can apply it around homes, yards, landscaping, gardens, foundations, barns and outbuildings, garages, woodpiles, sheds, campsites—anyplace where snakes may be a problem.

WCSNSO-1 4 lbs. $22.50
WCSNSO-C Case of 6 $121.95

Snake Scram Professional

All-natural, organic, biodegradable Snake repellant in a granular format. Great for use in stone or wood piles, foundations, garages, barns, sheds, landscaping and near ponds. Active ingredients: Clove Oil, Cedar Oil, Cinnamon Oil, Oil of Rosemary, Garlic Oil. (Coverage: 22 lbs. approx. 6,600 square or 8 lbs. approx. 2,400 square feet)

SCR5608-8 8 lbs. $48.25
SCR5625-22 22 lbs. $132.95

Dr. T's Snake-A-Way®

Ring areas with powerful protection. Dr. T's granular repellent contains naphthalene and sulfur, which interfere with a snake's sensory reception and drives it off. 2-3 months. Keep away from children and pets.

NWSSA1112 4 lbs. $15.50
NWSSA1112C Case of 6 $83.50

Rattlers ScaleTech Snake Gaiters

Feature a revolutionary, patent-pended technology, offered by no one else, that uses overlapping insert panels to provide for a maximum of snake bite protection from knee to ankle. ScaletTech gaiters are "one size fits most" (up to a 21" calf).

22010 $40.95

Rattlers® ScaleTech™ Snake Chaps

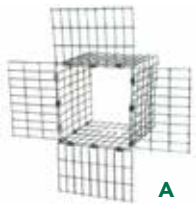
The ScaleTech™ patented technology of these chaps overlaps the layers for complete protection from snakebites! The 1000 Denier basket-weave nylon fabric features a proprietary polyurethane coating process, making them water-resistant while also protecting you from briars. Other features include three adjustment straps and 14" zippers for pulling on over boots. Available in regular and husky sizes. Color: Green.

22742 $45.95
Reg (For 26" thigh, 29" - 33" inseam)
Husky (For 30" thigh, 29" - 33" inseam)

WCS™ Excluder Series

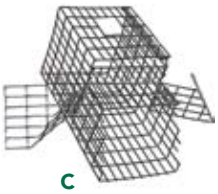
Our new 4" Excluder Series provides great flexibility for excluding squirrels and similar size animals. The trap has a one-way door, mounting flanges and a hinged back door which can be left open to let the animal out or closed if you wish to relocate the trapped animal. Constructed of 1" x ½" Galvanized Wire and includes a handle. When used with the nose cones listed below, the mounting flanges are not used. 3 different type nose cones are available. Secure nose cone over entrance hole of animal. Once an animal is caught, you can replace the trap, leaving the nose cone secured. When all animals have been caught remove nose cone and repair hole.

WCSEXCL-Kit (2) One way door traps & (1) Straight Nose Cone **$74.95**



A

B



C

A Straight Nose Cone - Secures trap perpendicular to structure.

WCS™ Special Squirrel Traps

WCS created this easy-to-set squirrel trap to stand up to years of service. Trap measures 5"W x 5"H x 18"L, dimensions precisely suited for squirrels. It is offered it in two styles: Standard with 1" x ½" mesh for general use and Professional with ½" x ½" mesh for daily use and to prevent bait access from the outside of the trap. Both traps include an effective door lock to allow for one hand setting (great for use with ladders). And we added a handguard plate for protection when moving your capture. The result is a custom-designed trap that is second-to-none. A WCS exclusive!

WCS55STD (Standard) **$29.95**
WCS55PRO (Professional) **$33.50**

WCS™ Trap Dock for Squirrel Traps

The Squirrel Trap Dock is the perfect tool for mounting any 18" squirrel trap in almost any situation. The galvanized steel construction is durable and tough enough for pros to use over and over again. Keyholes on the sides and bottom allow for easy mounting to the sides or roof of almost any house. Additionally, the Squirrel Trap Dock serves as a trap cover, protecting the animal from the elements, and keeping it safely out of the view of passers-by.

TD1800 $35.00

NEW Trap Dock for Raccoon Traps Measures 12"W x 13"H x 36"L

TD3000 $69.95

WCS™ Shorty Squirrel Trap - 5" x 5" x 10"

It's back!! The legendary WCS™ Shorty Squirrel Trap is once again available. It's been specifically designed to fit into areas like woodstoves, stovepipes, fireplaces, and places where conventional traps just won't go. The rear trigger pan and spring-loaded front door with a small "tail gap" mean a captured gray squirrel has plenty of room to turn around. Constructed of sturdy 1/2" x 1/2" galvanized mesh, it measures 10" x 5" x 5".

WCSSHRTC-1 $29.95

WCS™ Simple Squirrel Trap

Inexpensive, easy to set and sensitive enough to catch chipmunks. Made in Pennsylvania exclusively for WCS, this 1" x ½" mesh trap comes with a spring-loaded door for quick, secure capture. Dipped in trap dye for rust resistance and ready to go.

WCSJC001 **$14.50**
Narrow: 3" x 4" x 17"

WCSJC002 **$15.50**
Standard: 4" x 4" x 17"

WCSJC003-XL **$17.50**
Xtra Large: 5" x 5" x 21"

Sized to fit in a gutter and easy to set from a ladder.

WCS™ N.B. Tube Bait

N.B. is a rich mix of nut oils, meats & seeds that attract mice, rats, chipmunk, gray squirrels, red squirrels and flyers since 1999. Now available in an easy to apply, no-mess Tube that can be used with the bait gun or just applied with a plunger. The Kit includes a Paste Bait Gun and three N.B. Tubes. N.B. Tube Bait, like all of the "Premium Grade" bait products, is spiked with an anti-drying agent to increase the baits effectiveness. Also available in Single Tubes with plunger. Bait has never been so easy to apply!

NWS002T-Kit $28.95

WCS™ NB Squirrel & Rodent Paste Bait

NB Squirrel & Rodent Paste Bait is a rich mix of nut oils, meats (NO Peanuts) & seeds that squirrels find simply irresistible. Like all of the "Premium Grade" bait products, NB Squirrel & Rodent Paste is spiked with an anti-drying agent to increase the bait's effectiveness. NB is proven effective with chipmunk, gray, red, & flying squirrels. For a change-up bait, give it a try on Norway Rats & mice. You'll be pleasantly surprised! This is a great rodent bait!

NWS002 $7.50

WCS™ Fruit & Nut Squirrel & Rodent Lure

Fruit & Nut Squirrel Lure, as the name implies this Squirrel & Rodent lure is loaded with no less than four essential oils that squirrels, mice, chipmunks, rats, etc. find extremely attractive. Put up in a semi-thick, syrupy base and has proven very effective with grays, reds, & flying squirrels. Try it on Norway rats, you'll be pleasantly surprised.

WCSEX4

WCSEX5

WCS™ "OWDE" One-way Door Excluders

WCS™ One-way Door Excluders allow unwanted guests to be humanely and effectively removed from structures. These units are designed to let animals leave but not return. Excluders have 4 mounting wings which allow them to be attached directly over the animals den opening. The spring loaded one way door lets animals exit and prevents them from returning. Available in three sizes each made with 1" x ½" galvanized wire mesh).

WCSEX3	(3"W x 3"H x 10"L)	$24.00
WCSEX4	(4"W x 4"H x 11"L)	$25.00
WCSEX5	(5"W x 5"H x 12"L)	$26.00

Squirrel Stopper Trigger Bottle - 32 oz.

Used to discourage most squirrels and chipmunks from nesting, foraging and entering attics and other areas. To prevent further home and garden harm, apply Messinas Squirrel Stopper to key areas. Our humane and safe Messinas Squirrel Stopper creates a sensory barrier that works by smell, taste and feel and can be applied every 30 days regardless of weather or watering. It is pleasant to use, dries clear and odor free and is safe to use around fruits and vegetables. When using on fabrics or other areas in danger of staining, always test a small piece before using on large areas to ensure it is suitable.

SQSTOP-32 $12.99

Squirrel Stopper Pressurized Spray - 15 oz.

SQSTOP-15 $9.99

Critter Ridder Repellent - 2 lb

Critter Ridder contains active ingredients that irritate animals when they touch or taste the product. This product can be used to effectively repel animals from treated areas for up to 30 days. This product repels by odor and taste. Critter Ridder repels skunks, groundhogs, dogs, cats, squirrels, and raccoons.

WCS3142S $14.25

The "Original" WCS Tube Trap

Powered by a beefy double torsion spring, our 21-gauge steel Tube Traps work both baited and unbaited. Curious squirrels can't resist them. When a lethal capture is made, the squirrel is hidden from public view. Measures 4.5" diameter, 15" long; Note: This is a lethal body grip trap.

WCSTUBE (Standard) **$34.50**
WCSTUBERR (Rust Resistant) **$43.50**

WCS Tube Trap Cap

The WCS Tube Trap Cap is just the tool for increasing the versatility of our popular Tube Trap. Available in two styles – with or without an access hole. Choose Model A to reduce the opening on the Tube Trap, or Model B to close off one end all together. It mounts easily just by sliding onto the end of the trap. Additionally, with its feet, the Tube Trap Cap serves as a stabilizer with mounting holes allowing the user to easily mount on a variety of surfaces.

TTC-3PK		**$19.95**
TTC-B-1	w/access hole	**$7.95**
TTC-B-1	solid cap	**$7.95**

WCS™ Shorty Tube Trap™ - Rust Resistant

This trap is a shorter version of the classic Rust Resistent Tube Trap, but with a few new advantages. Just like its big brother, it is treated with an electro-plating process which is black in color and is highly rust resistant.

This tunnel shaped trap is a very effective squirrel and rodent trap. Constructed of 21-gauge steel, the trap is 4.5 inches in diameter, 7.5" inches long, and is powered by a beefy double torsion spring. It offers a zero clearance strike and its smaller size allows it to be used in spaces where larger traps just won't do. Used either baited or non-baited, the Shorty Tube Trap is a natural attractant to squirrels wanting to run through it or hide in it. Once the squirrel reaches the triggering pan in the middle of the trap, the double torsion spring triggers the strike bar.

TUBE002-1 $34.50

All Tube Traps come with a built in safety latch to prevent the trap from prematurely firing while setting.

CAUTION: Tube Traps are LETHAL traps, use special care when and where setting.

Liquid Peanuts Rodent Lure 2 oz

Liquid Peanuts Rodent Lure by Westchester Wildlife. This chemically formulated lure is highly concentrated and emits an extremely penetrating smell of peanuts. Only 1 - 2 drops are necessary per application.

WestLP-2 $9.95

Chipmunk/Rat Live Trap - No Trigger Pan

An effective chrome-plated, single catch trap, w/ spring loaded swing down door, 0.45" x 2.25" mesh, no trigger pan - 11.5" x 6.75" x 4.75".

WCSCH101 $16.95

Chipmunk/Rat Live Trap - With Trigger Pan

An effective single catch trap, w/ spring loaded swing down door, 3/8" fine mesh, with trigger pan - 12" x 6.5" x 5.25".

WCSCH102 $16.95

BWC Chipmunk & Ground Squirrel Trap

The BWC Chipmunk & Ground Squirrel Trap is an economical, multiple catch, live capture trap. The built in nose-cone with integrated stakes makes placement over rodent holes easy. The heavy-duty construction will provide years of use. No baiting necessary!

BWC-1 $14.95

Safeguard 53070 Rodent Trap

The Safeguard Rodent Trap is perfectly sized for mice, voles, chipmunks, flying squirrels, etc. It measures 10"L x 3"W x 3"H and is solidly constructed of galvanized sheet metal. It has a positive locking rear door for easy baiting and animal removal. It has a zero-clearance entry door, meaning the spring-loaded door folds into the trap, and the trigger/pan assembly can be set as sensitively as needed for an effective capture. It has holes for air circulation in the top and sides of the trap. If you're looking for an alternate to the Sherman-type traps you will find these to be an attractive replacement.

NWS53070 $18.95

Havahart 1020 Live Animal Trap

The Havahart 1020 Live Animal Trap is designed for catching mice, rats, chipmunks and other similar sized animals. The 1020 is designed for homeowners and gardeners alike to capture and safely relocate pests without harming them. This trap has a double door design, and instills confidence in the animal by allowing them to look "through" the trap. This trap can be set with either one door or both doors open.

WCS1020 $17.25

Multi Catch Rat/Chipmunk Cage Trap

The Multi-Catch Rat Cage Trap is a traditional device for the humane trapping of rats or similar sized pests (e.g. chipmunks, red squirrels, weasels, flying squirrels). The counter-balanced door is activated when the animal steps on it in an attempt to reach the bait, when the animal steps off the door it closes behind them, safely trapping it inside. Because of the clever trap design, it allows for multiple rats or other similar sized animals to enter the cage and be captured.

PSMRCAGE $19.95

Tomahawk Multiple Catch Rodent Trap

Model M30H is a flush mount double door repeating catch trap. It is designed to capture upwards of 10 small rodent sized animals per setting. This includes animals such as small squirrels, chipmunks, gophers, and rats. The unique push through one way door makes it easy for animals to enter and impossible for them to escape. This trap features two spring powered 3" wide double doors and a 5x5 flip open release door. It weighs 5 lbs and measures 24L x 24W x 4H. This trap is made from ½ x 1 – 14 gauge galvanized steel wire and is strong, reliable, and requires no maintenance

TLTM30H $63.35

Rodent Trap with XL Holding Area

Model M35H is a flush mount, double door, multi-catch trap. It is designed to capture upwards of 10 small rodent sized animals per setting. This includes animals such as small squirrels, chipmunks, gophers, and rats. The unique push through one way door makes it easy for animals to enter.

M35H $63.35

Fenn Mark 6 Rat Trap

The Fenn Mark 6 Rat Trap manufactured in the U.K., measures 4.9" W x 6.1"H x 5.3"L when closed. The Fenn Mark 6 is a lethal body-gripping rat trap which should be set in a natural or artificial tunnel or enclosure to avoid non-target captures. Be sure to check the laws related to rodent traps in your state. Safety Reminder - The spring on this trap is very powerful. ALWAYS USE THE SAFETY CATCH when setting or handling the Fenn Mark 6 rat trap !

FENNM6 $44.00

Fenn Mark 4 Rat Trap

The Fenn Mark 4 Rat Trap manufactured in the U.K., measures 4.9"W x 5.3"H x 4.72"L when closed. The Fenn Mark 4 is a lethal, body-gripping rat trap which should be set in a natural or artificial tunnel or enclosure to avoid non-target captures. Be sure to check the laws related to rodent traps in your state. Safety Reminder - The spring on this trap is very powerful. ALWAYS USE THE SAFETY CATCH when setting and handling this trap!

FENNM4 $39.00

Big Snap-E Rat Trap

With the BIG SNAP-E Rat Trap, it's the end of the road for rats, gophers, chipmunks, ground squirrels and other pesky rodents, including voles. The quick response time makes certain that once caught, the rodent stays caught! Two pre-formed holes in the trap base allow for surface mounting. Fingers never touch the rodent. Additionally, the Big Snap-E Rat trap mounts perfectly in the Protecta Rat bait station, and the SB357 Magnetic Trap Base.

NWSBSR $4.50

The Claw™ Easy Set Rat Trap

The Claw™ Easy Set Rat Trap by Catchmaster is a Rat Sized snap trap that is constructed for heavy-duty use with improved metal hardware for longevity & strength, multiple anchor points, and gripping serrations for increased holding power on both sides of the trap.

NWS622 $3.50

Victor Power Kill Rat Trap

The Victor Power Kill is an easy to set, durable, and powerful rat snap trap. The clever design eliminates the need for fussy trigger wires and can be set with one hand by simply rolling back the strike bar – just pull back and "click!" Its standard shape allows for easy placement in the Protecta Rat bait stations and the SB357 Magnetic Snap Trap Bases, as well as the Rodent Rock Cafe.

M144 $3.75

* Call for volume discounts

KORO Rodent Trap

Koro Rodent Trap - This is the slickest lethal rodent trap to hit the market in a long time. The footprint of the Koro Rodent trap is 3.5" square by 4" tall. Each trap weighs 10.6 oz. This trap is small enough to fit into a standard gutter.

NWSKT01 $13.50

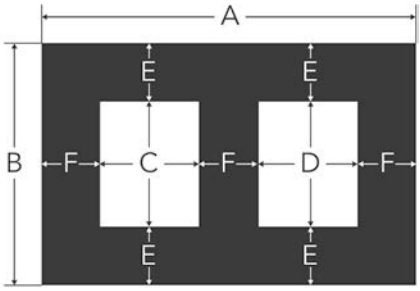
Customized chimney caps with WCS



Odd sizes? Tricky flues? Give us a call at 1-877-684-7262 and we can help customize chimney caps to your precise specifications. Here are a few things to keep in mind when sizing up your job:

- Custom models can be created for top mount or outside mount applications.
- When determining proper cap size, make sure the cover height measures a minimum of 5" from the top of highest flue tile.
- In situations where oil, coal, or wood pellets are used as primary source of heat, do not use aluminum or painted-black galvanized steel covers.

A & B – measurements of the crown of the chimney; C, D, measurements for each of the flues in the chimney (inside measures); E – measurements from outside of each flue to the long side of the crown: F measurements from the outside of each flue to the short side of the crown and measurements between each flue, if multiples.

Draft King - Single Flue

HY-C designed their single flue caps for outside mounting to the flue liner, ensuring unrestrictedventilation. The stainless steels cap's durable 16 gauge base is slightly turned-in on the bottom to create a tight seal on the flue tile and comes with hex-head bolts for installation. Chimney's without a flue time extending above the crown require an optional Leg Kit* for Slip-In installation.

ChimneySaver® Products

ChimneySaver® products have been manufactured for over 25 years and have stood the test of time. You can have confidence when you choose ChimneySaver and know that you're getting the longest lasting products on the market. Designed for professional use, these are great products for add-on services when doing wildlife removal or exclusion work around chimneys and other masonry.

CrownSeal
CrownSeal is a premixed, trowel grade, elastomeric coating that forms a flexible waterproof membrane to protect chimney crowns.
300023 (2 gals) $99.95

CrownCoat
CrownCoat is a brush-able "quick drying" sealant to protect chimney crowns from the elements. Premixed and ready to apply.
300008 (2 Gals) $111.95

ChimneySaver
ChimneySaver was the first water repellent product developed specifically for chimneys and has been used by Pros for 20+ Years. Reduces water penetration by 99.9%
300031 (3 Gals) $114.95

FlashSeal
FlashSeal is a versatile and easy to use flashing repair system that, when dry, forms a flexible waterproof membrane. Comes in three colors.
300049-Black (1 Gal) $60.95
300050-Brown (1 Gal) $60.95
300051-White (1 Gal) $60.95

ATTIC

AT-4 Attic Tent® - 25" X 54" X 13H"

The Attic Tent® is the ultimate attic access insulation cover ever invented (attic stairs, scuttle holes, knee-wall doors, and full-size doors.) Its primary design is to stop air infiltration between the home and attic, the most common medium for wasting costly residential energy, during both hot and cold seasons. The HVAC systems in homes are designed for a closed envelope making air balancing with supply and return air, very critical. Every time these systems are operating they create a positive or negative pressure, thus forcing conditioned air out or drawing outside air in the home. It also keeps out unhealthy insulation and dust particles from the attic.

The Attic Tent® is a specially engineered, patented insulator designed to create an air transfer barrier between your attic and living areas.

Main Materials: Nylon Fabric and Polyurethane Form + Flame Retardant AT-4 Dimensions - 25" Wide - 54" Length - 13" height clearance with a 2" mounting Flange.

Note: This is the second most commonly used size for fold down attic stairs. Used for fold down attic stairs, scuttle holes and knee wall doors.

WCSAT-4 $139.95

AT-2 Attic Tent® 25" X 54" X 7H"

WCSAT-2 $119.95

Insulation Vacuum Bags

A

B

Available in Standard white (2 oz. strength) or Heavy Duty black (3.5 oz. strength) both are made of 100% polypropylene fabric to allow the bags to breath when insulation is disposed into the expandable bag when vacuuming out an attic. They also have durable stitching to prevent ripping. Bag can fit approx. 74 cubic feet or 300 lbs. of material. Can fit machines with output diameter of less than 12" and filled measure approx. 4' x 6'.

(A) Standard-White

VBagSTD-10	(10-pack)	$129.50
VBagSTD-20	(20-pack)	$239.00

(B) Heavy Duty-Black

VBagHD-12	(12-pack)	$191.40
VBagHD-24	(24-pack)	$372.00

Cool Machines CM700 Blowers (Standard & Deluxe)

The CM-700S (Standard) Blower is a lean, mean, blowing machine that will save you some 'green' (cash, that is). Cutting edge twin 'scalping augers', rugged design, and simple operation offers a reliable, robust machine with simple maintenance.

Material Lbs. Per Hour*
Cellulose - 950
Fiberglass - 400
Rockwool - 600

*Production rates are measured with 100 foot hose at a 12 foot rise.

CRAWL SPACE

Aprilaire Model 1820 Dehumidifier (70 Pints/Day)

The Aprilaire Model 1820 Dehumidifier is designed to dehumidify the air coming into the unit by passing the incoming air over an evaporator coil to drop the air temperature below the dew point of the air. Moisture is removed from the air and drained out of the unit to a common floor or waste drain. The air is then reheated in the condenser coil and exits the unit. Dehumidification occurs until the set point is reached, then shuts off until periodic sampling determines a need for operation.

1820 $894.95

Aprilaire Dehumidifier - Model 1850 95 Pint Whole House Dehumidifier

The Aprilaire Model 1850 Dehumidifier designed for whole-home dehumidification, basements, crawlspaces and sealed attics. A high-capacity solution that helps you achieve total comfort through humidity control. It is installed as part of your home's heating and cooling system by a local HVAC professional. The 1850 pulls air from every room in your home through the return ducts. Then, it removes the moisture and sends dry air back throughout your home. It works in conjunction with your air conditioner to efficiently balance the humidity levels in your home, but can also work independently on days when you don't need the air conditioner.

1850 $1,094.95

Santa Fe Advance 2

The unit's horizontal configuration and unique dual airflow outlets make it an ideal solution for basements and crawl spaces. Installation flexibility makes the Advance2 ideal for almost any application. No conventional dehumidifier can perform as efficiently and effectively in basements and crawl spaces as the Santa Fe Advance2.

- Dual exhaust outlets allow for air distribution to multiple locations
- Conveniently sized for installation in crawl space or basement
- Horizontal solution is great for basement or crawl space application

4034180 Call for Pricing

Santa Fe Compact 2

Tight spaces are no problem for this dehumidifier. Its compact size works perfect in low crawl spaces and small basements without sacrificing power and performance. Designed to fit in a variety of small spaces, the Compact2 provides multiple installation options for greater flexibility.

- Small 12" x 12" x 21" footprint fits low crawl spaces, basement mechanical closets, or other small spaces
- Sized to fit between floor joists for convenient hanging installation
- Rotatable exhaust outlet provides for horizontal or vertical discharge

4033600 Call for Pricing

Temp Vent Automatic Foundation Vent

Takes worry out of remembering to open & close vents as weather changes to bring in fresh air, conserve energy & protect pipes. Bi-metal coil opens at 70°F and closes at 40°F without electricity.

Series 5: removable front frame, in addition to removable back for cleaning, snapped in after installation

WCSTV5 (available in Black or Brown) **$26.50**

Series 6: one piece front frame, removable back for cleaning

WCSTV6 (available in Black or Brown) **$24.95**

Temp Vent Powered Foundation Vent

When a higher rate of airflow is needed, Low-Voltage Powered Temp Vent is the answer. Powered Vents help control moisture & odor problems. Used on one site of house with non-powered vents that act as intake, maximize effectiveness. (Control Unit required which can operate up to 3 Powered Vents, requires access to GFCI outlet)

WCSTV6LVHPBL Vent **$176.95**

WCSTVLVKIT Low Voltage Control Kit **$196.95**

CRAWL SPACE

Ultra CSV® Crawl Space Vent

Although are many vents currently in the marketplace, most are fixed vents that limit airflow in warmer weather and that do not seal well in winter. The Ultra CSV® Crawl Space Vent provides options so the homeowner can ventilate their home based on the regional climate and input from their local experts. It is important for the homeowner to know the proximity of their vents to the water lines and drains under their home and to discuss this with the local experts to make an informed decision on how to ventilate or insulate their home.

WCSCSV $24.95

E-Z Access Crawl Space Door - Small Frame Insulated

E-Z Access® Small Frame Insulated Crawlspace Doors are built with a 3/4" EPS insulation on both the door and frame to provide an R value of 6. They are insect & mold/mildew resistant and available in paintable white or black.

EZACCSFI $109.95

E-Z Access Crawl Space Door - Small Frame

E-Z Access® Small Frame Crawlspace Doors are designed specifically to fit tighter spaces. The door itself is 18" x 24" while the frame is 26" x 34". It's an easy opening door at a very economical price! White or black.

EZACCSF $61.25

E-Z Access Crawl Space Door - Standard

The approximate outside dimensions of the crawl space door frame are 29" tall and 42" wide, and may be installed full size if space allows. However, if space is limited, the frame may be cut to size using standard tools (skill saw, jigsaw). The frame is designed to be trimmed side to side and from the top. The minimum size to which the frame can be trimmed is 29" wide x 23" tall. When securing doorframe to house structure, wood screws or tap con type concrete screws may be used. Space screws a maximum of 12" apart and pre-drill holes in frame slightly larger than the diameter of the fasteners to be used. White or black.
Note: Special size drill bit will be required for concrete screws.

EZACCSD $89.95

MERV 13 Filter, 4 Pack for Compac 70

MERV 13 Filter 4-Pack for Santa Fe Compac 70 Dehumidifier. Includes 4 Pleated Filters (9" x 11" x 1"). Check filters for dirt and debris regularly. These filters can usually be vacuumed several times before neediing replacement.

4037735 $81.00

MERV 13 Filter, 4 Pack for ADVANCE 90

MERV 13 Filter 4-Pack for Santa Fe Advance 90 Dehumidifier. Includes 4 Pleated Filters (14" x 17.5" x 1.75"). Check filters for dirt and debris regularly. These filters can usually be vacuumed several times before neediing replacement.

4037731 $67.00

MERV 11 Filter, 4 Pack for ADVANCE 90

4035131 $64.00

Bora-Care® with Mold-Care®

Long-term solution to decay fungi, mold & wood destroying organisms. A combination of Bora-Care liquid borate concentrate and didecyl-dimethyl ammonium chloride, EPA registered & labeled for the control and prevention of mold and wood surface fungi.
(Mold-Care EPA Reg# 6836-212-64405)
(Bora-Care: EPA Reg# 64405-1)

WCSBORACMC Gallon $111.95

Mold-Clean® - Wood Cleaner - Gallon

Mold-Clean® is a cost-effective, ready to use, pleasantly scented stain remover and cleaner formulated to prepare wood and other surfaces, especially for subsequent treatment with Bora-Care® with Mold-Care® Moldicide Concentrate (also available on this website). Spray it on and clean it up.

WCSMOLDC-1 $21.95

IMPORTANT NOTE: Neither cleaning nor eliminating mold will stop it from reoccurring if conditions remain conducive for growth. The enemy is moisture. Permanently solving mold problems will require fixing and maintaining moisture levels.

BAC-AZAP - Single Gallon

BAC-AZAP represents a great opportunity for pest control professionals who want to expand their service line and provide more value to the customer. This is an add-on service to the regular quarterly visit and can create new calls that generate new revenue. It allows you to eliminate dead rodent odors and treat crawl spaces that reek from decaying matter. Pet smells can be eradicated and you can be the hero. Urine, feces and vomit smells can be eliminated from carpet upholstery and mattresses. Make it a regular part of commercial sanitization. Use BAC-AZAP on farms to minimize odors in dairy barns, chicken coops and pig sties. BAC-AZAP is also great as a wash-down for stalls and floors and perfect to keep drains clear.

Nisus DSV Disinfectant - Gallon

Disinfectant, Sanitizer, Virucide. The Cure for Serious Threats To Your Customers' Health. Nisus DSV Disinfectant - This all-in-one solution is a powerful disinfectant that is highly effective against disease-causing bacteria. But it's also a sanitizer that can rid an area of germs and fungi that can cause sickness and mold. And it's a powerful virucide, capable of killing the viruses you've read about in today's headlines, as well as many others that you may not even be aware are stalking your customers' homes.

WCSDSV	Gallon	$25.50
WCSDSVC	4 Gallon Case	$88.95

Epoleon N-100

Pet urine odor and other animal related odor problems result from alkali odors (ammonia, Trimethylamine), and acidic odors (Hydrogen Sulfide, Methyl Mercaptan) emitted from urine and feces. When your pet releases urine, PH property of urine is alkali; however, after being exposed to air, it changes from alkali to acidic. These odors are not only bad for humans but also for your pets. The most important fact is that pet odor control should be carried safely so that both of you can live comfortable.

WCSN100S	1/2 Gal.	$48.95
WCSN100S-C	Case of 10 1/2 gal.	$450.00

Epoleon NnZ -

A catalytic deodorizer that is nontoxic, non-hazardous, and non-corrosive. NnZ has no fragrance. Epoleon NnZ can react with pet odors, sweat odors, tobacco odors that are embedded in carpet and furniture, etc. It also reacts with raw garbage for indoor and outdoor applications, dead rodents, skunk smell, etc. NnZ can eliminate acidic, alkali, and neutral odors such as putrified oils. It also contains an emulsifier and surfactants for oil and has excellent cleaning power.

WCSNnZS	Single 1/2 gal.	$31.95
WCSNnZS-C	10 1/2 gal. Case	$290.00

Fogmaster Jr.

The Fogmaster Jr. is constructed of corrosion resistant materials. Twist the power head to detach the tank and pour in the solution. Another half twist and you're ready to go. A switch located on the handle to run. Adjust output size droplet, from a fine light fog to a coarse mist, with the rotary valve. This is a great sized fogger for smaller applications, (i.e., one room, garage, a crawl space, etc.)

WCSFOG $110.95

Hudson FOG® Electric Atomizer Sprayer

WCS99598 $259.95

Curtis Dyna-Fog Hurricane Ultra II ULV Mister

The Hurricane Ultra II ULV Mister is an electric portable aerosol applicator that dispenses both oil and water-based products. The Hurricane Ultra II is ideal for use in spraying industrial and residential areas. Farms, greenhouses, warehouses,animal care facilities, sanitation, germicidal spraying and disease control programs are just a few of the markets where the Hurricane Ultra II is used.

W2794 $274.95

Anileator Electric Handheld Cold Fogger Curtis Dyna-Fog

The Anileator™ Fogger (Model 2997) is excellent for use on small acreages, in backyards and around lake cabins. This insect fogger was designed and developed exclusively for controlling mosquitoes and other potentially dangerous flying insects. It's also effective at combating the West Nile Virus around your home and on the farm when used with an approved pesticide. The quiet operation is ideal for use around horses and other livestock.

For additional crawl space & basement products, give us a call.

EXCLUSION – FOAMS AND FILLERS

Todol Foams

For best results, we follow the manufacturer's advice: shake the can well, keep its temp-erature above 60°F, leave it on the gun to prevent moisture from entering. Note: except for Pur Black NF, these polyurethane foam sealants require foam guns for application.

Pur Black Gun Foam

Especially developed for outdoor use. Stops gases, water, sound and pests. Black color blends into surrounding environment and never looks dirty. Perfect for roofers, pond installers & nuisance control professionals. To be used with a foam gun (see selections below). Sandable and paintable. 12 dispensed gallons.

NWS0601	750 ml	$16.95
NWS0601C	Case of 12	$179.95

Pur Fill 1G Foam (Beige)

Todol's versatile foam, in beige. Used on a Foam Gun, this is very economical, with unlimited start-ups and closures. USDA approved. Excellent for sealing around windows and doors. 12 dispensed gallons.

NWS0606	750 ml	$15.50
NWS0606C	Case of 12	$175.00

IPF Professional Hot Spice Foam

A perfect weapon for the Pest Control Professional! This closed cell, expanding foam contains 600 ml of natural scented aroma (hot spice) to deter insects, birds, rodents and small animals. 9 dispensed gallons. Used on a Foam Gun.

NWS0604	600 ml	$16.95
NWS0604C	Case of 12	$179.95

Pur Black NF Foam

Keep this single-use, straw dispensed canister in your truck as a backup or use it for smaller-sized rodent and bat exclusion. Ozone-friendly, Todol's Pur Black foam works on all kinds of outdoor jobs. 5 dispensed gallons.

NWS0605	400ml	$10.95
NWS0605C	Case of 12	$102.00

Pur Fill 1G Cold Weather Foam

Expands in place and bonds to seal and stop the passage of air, gases, water, dust, fibers, sound, rodents, pests, radon and odors. Each can delivers 2200 cubic inches of cured foam. Makes a 1/2" diameter bead over 960 feet long. Minimum can temp - 40° - minimum surface temp 32°. Yellowish color

NWS0608	600ml	$12.95
NWS0608C	Case of 12	$143.95

CLEANERS

Gun Cleaner – Pur Fill 1G

Screw this acetone cleaner onto your Pageris gun to get the most out of each foam cartridge purchase, to remove uncured foam and extend the life of your gun in one easy step. Only use when the flow of foam stops or slows.

NWSGC01	500 ml	$11.95
NWSGC01C	Case of 12	$135.00

GUNS & ACCESSORIES

Professional Foam Gun Kit

Everything you'll need for professional results every time. Includes 12" Pageris foam gun; three 32 oz. cans of Pur-Black foam; 1 full-size screw-on foam cleaner; 5 pair of Nitrile gloves; three needle tips, three syringes and a flexible plastic tube. Comes in a handy green plastic molded carrying case.

NWS603C $185.95

Pageris Foam Gun

The industry's standard and essential equipment for any NWCO. The Pageris gun gives complete control with no messy clean-ups and wasted foam. Built to last, with stainless steel barrel and Teflon-coated adaptor, it'll pay for itself many times over. Can be loaded with black, white or beige foam.

NWSECO 12" nozzle $75.00

Pageris Foam Gun - Long

Extend your reach with the Long Pageris foam gun. The 24" barrel is just right for reaching the toughest of spots, like under soffit from near the top of a 40' ladder.

NWS0707 26" nozzle $137.50

Todol Budget Model Long Foam Gun

The Todol Budget Model Long Foam Gun has a 24" nozzle for reaching those hard to access spots. When you're on a ladder, safety is key. Now you can get to those tough "under-soffit" spots with less danger to you and less impact on your wallet !!

NWSCH24 $79.95

Plastic Case

Keeps your 12" Pageris Gun and accessories clean and protected between uses and always ready for the next job. Tough molded plastic construction.

NWSCASE01 Green Molded for 12" gun $45.95

Dripless ETS 3000 Caulking Gun

Designed for the professional, these guns address weight, balance and stress while applying caulk and sealants. The grip has been designed to keep the wrist in a natural and balanced position, while the squeeze handle comfortably accommodates the fingers and allows them to guide smoothly over its surface.

ETS3000 $17.95

ASI 502 100% RTV Silicone

A one-part moisture-curing RTV silicone that cures to a strong silicone rubber that maintains long-term durability and flexibility. Excellent resistance to weathering including ozone, ultra-violet radiation, freeze-thaw conditions & airborne chemicals (available in Clear, White, Black).

502xx-1	10.2 oz (Single)	$3.75
502xx-24	10.2 oz (*Case of 24)	$79.95

Angle Shot Green Plastic Nozzle

Angle Shot Bent Nozzles fits virtually any caulking cartridge by sliding over the existing nozzle. They hold securely between the cartridge and the end of the caulking gun, and will also adapt for sausage or bulk guns. The 45 degree bend and extra long length make reaching into and around corners both easy and fast.

WCS9351	5-Pack	$12.95
	25-Pack	$51.95

PUR Stick Foam Adhesive

A professional gun foam adhesive system. It's an economical alternative to standard adhesive caulk, saving you both time and money. A gun dispenser is perfect for construction professionals, giving them the benefits of complete control, no messy clean-ups and unlimited start ups.

NWSPS01	20 oz. (Single)	$16.25
NWSPS01C	20 oz. (Case of 12)	$174.95

EXCLUSION – DOOR SWEEPS AND DETERRENTS

B3X Exclusion Strips

B3X Exclusion Strips are an exciting new and innovative exclusion product for birds, bats, insects, and more! Place strips behind shutters, in ridge vents, fill gaps along roof lines, or seal off attic vents. The "compression anchor technology" constructed of reticulated polyurethane material allows installation without adhesives or tools. Each box contains 32 two-foot strips, for a total of 64 linear feet

WCSDV8-32 $94.95

B3X Exclusion Strips for Corrugated Metal Roofs

B3X-SR Exclusion Strips are specifically designed for use with corrugated metal roofs and exclusively sold by WCS. They provide the same great protection from Bats, Birds & Bees as the original B3X strips, but their wedge shape makes them ideal for excluding the spaces created by corrugated metal roofing. The "compression anchor technology" constructed of reticulated polyurethane material allows installation without adhesives or tools. Each box contains 24 two-foot strips, for a total of 48 linear feet.

B3X-SR-24 $125.95

Xcluder™ Stainless Steel Fabric

A great mouse, rat and insect prevention tool professional's use is now available for the consumer to prevent rodents and pests from finding their way into any structure! Xcluder™ is made from a blend of coarse stainless steel and poly fibers to form a highly resilient and impenetrable barrier against rodents and pests. 100% non-toxic, environmentally safe, easy to install and guaranteed. Prikka Animal Deterrent Strips

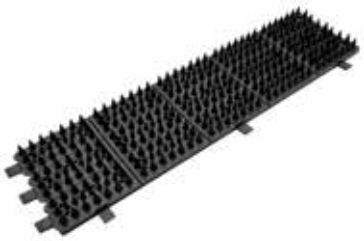
Easily fix on top of fences and walls to keep intruders or unwanted animals out of your property. They are designed to cause maximum discomfort but are unlikely to cause injury. Simple and easy to install, made from tough plastic that can be cut to length and divided to make a thinner strip. (45mm x 500mm strips)

PSPS8 (Pack of 8) **$18.95**

Critter Pricker® Exclusion Panels (10 Pack - 18"L x 1.5"W panels)



Critter Pricker® is a patented humane, cost-effective prevention tool for raccoons and other nuisance animals. Made of strong polypropylene plastic. Once wildlife touches the Critter Pricker®, the uncomfortable feel of the pointed cones repell him safely and unharmed. Kit comes with (10) 18"L x 1.5"W panels for approx. 3 sq. ft. of coverage.

Please Note: Product is sharp, please use caution when using and installing.

CRTRPRCK $32.99

Xcluder™ Wrap

Xcluder™ the best mouse, rat and insect prevention tool professionals use is now available as an adhesive backed wrap to prevent rodents from chewing into wires. Xcluder™ is made from a blend of coarse stainless steel and poly fibers to form a highly resilient and impenetrable barrier.

WCS162800	2" x 10' roll (box of 2)	$59.95
WCS162801	4" x 10' roll	$49.95
WCS162802	8" x 10' roll	$86.95

EXCLUSION – DETERRENTS

PrevenChew™ Stainless Mesh

PrevenChew™ Stainless Steel Mesh is a great rodent excluder. Once you get them out, keep them out! When used in combination with closed-cell, expanding foam or a quality caulk or sealant, it makes rodent-proofing a home a snap.

4" x 25" Rolls

WSSM-25	Single Roll	$14.95
WSSM-100	4 pack	$49.95

8" x 25' Rolls

WSSM8-25	Single Roll	$20.95
WSSM8-100	4 pack	$64.95

Copper Mesh

A rust-free solution for thousands of exclusion projects. This round metal stocking stretches like a slinky and can be stuffed in holes and voids to keep out rats, birds, bats – you name it. Use it alone to allow for free airflow or use it with foam to make an impenetrable barrier to rodents.

WCSLM01 100' $29.95 WCSLM02 400' $99.95

Aluminum Coil Stock (Gutter)

Use to customize exclusion work for a clean, professional finish. For openings under soffits, dormer returns or roof line valleys, this non-rusting, color matching material truly finishes off your job. 40 lb. roll (approx. 105 feet) for ease of transport. 11 7/8" wide, .027 thick is easily handled on a brake. Available in Lo-Gloss White, Almond, Clay, Sandcastle, Musket Brown

C113427 $127.95

Backer Rod

Easy to compress, rope-like celled polypropylene/polyolefin based foam is very highly resistant to moisture and will not absorb ground water. Insert in clean joint to fill voids prior to adding caulk, foam or sealant. Great for use in high moisture areas, ground based expansion highway joints, parking garages, Window & Door perimeters, log home chinking, etc. (Gray)**other sizes available call for information.

WCSBR34CC $59.95

WCSBR12CC $69.95
½" Mini-Carton 1,250 ft.

Batcone® Products

Durable Batcones are a humane, one-way exclusion devise for ridding any building of unwanted bat colonies – forever. Since they cannot grip the slippery inside of the Batcone, bats have no way to crawl back in. Set these Batcones with a slight downward slope to make it easier for bats to exit. Once excluded, seal the exit points with mesh and Todol Foam or Solar Seal.

Batcone® Pro-Cone™

Newly redesigned to meet the durability needs of the professional. Now available in heavy duty injection-molded plastic, versatile Pro-Cones come with a built-in solid flange and mounting holes. Can also be used to exclude flying & red squirrels, sparrow and starlings. Available in three different styles: Corner, Round and Square.

Batcone® II – Bat Excluder

For fast, easy installation, this model can't be beat. The reusable, long lasting cone attaches quickly with pushpins, nails staples or even duct tape. Polyethylene excluder is 6" long and comes with four flexible tabs at one end to attach over entry/exit point.

PCRFS7HD	(7″ x 2.5″)	$17.95
PCRFS12	(12″ x 2.5″)	$19.05
PCRFS12HD	(12″ x 2.5″)	$21.15

Rodexit Rodent Proofing Strip

Rodexit Rodent Proofing Strip is a high quality weatherstrip, which can effectively repel even sustained attacks from mice and rats. It is made of a very durable polymer material - Santoprene - and has an embedded rodent proof barrier consisting of 10 solid stainless-steel wires with a diameter of 0,04 inch (1 mm). It is 2.4 inches (62 mm) wide and 0.13 inch (3.2 mm) thick.

RodeXit Rodent Proofing Strip has a barrier of solid and impenetrable stainless-steel wires, that can withstand even sustained rat attacks, and has successfully passed scientific tests conducted by an independent and accredited test institution. Mounting is quick and easy, saving labor costs, and it is extremely durable, lasting up to 10 years.

WCSSPS9	Straight 9 yards	$270.00
WCSWPS9	Wave 9 yards	$293.00
WCSWPS14	Wave 14 yards	$414.00

The Coontroller™

An industrial strength exclusion device designed to allow raccoons to leave a structure but not allow them to return through the original access point. Appropriate for use when raccoons are in an attic, chimney or underneath an enclosed shed or deck. The excluder features a unique cam locking double door that allows wildlife to push through to gain access to the outside, but locks behind them so if they try to re-enter, they are stopped cold. The Coontroller is 17″ x 8″ x 8″ and is constructed of 1″ x 1″ galvanized 14 gauge wire mesh. Also effective for groundhogs, skunks, feral cats, armadillo and other similar sized animals. Note: This is not a trap; it allows animal to leave but not re-enter.

EP16G2424 $6.50

RIDGE VENT PROTECTION

Ridge-Vent Protection

Ridge-vents have been a great improvement for roof construction and attic ventilation as they are designed to protect shingles from overheating in the summer and allows the release of excess moisture build up in the winter. Although great for extending the life of the roof, this large vent opening across the ridge of a home, creates a potential problem area as it can be an easy access for unwanted pests! New products have been developed to help protect this area by keeping critters out!

Ridge Armor™ Ridge Vent Protection (HD 1/4" mesh)

Ridge-Armor™ Ridge Vent Protection by Hy-Guard Exclusion is a new product for protecting your home against wildlife entry at the roof ridge.

Ridge-Armor™ is made of steel mesh with a durable black powder coat finish, Easy-to-handle 48" Lengths, Fits over existing ridge vent: Saves labor and eliminates the risk of damage associated with tear-off solutions

The kit comes with: (40) 4' sections of Ridge-Armor™ Heavy Duty 1/4" mesh, 200 (1 1/2" long) hex head screws with sealing washers for attaching. 160 linear feet of Ridge Armor™ provides 80 feet of ridge-vent coverage.

RA1448B-HD $427.00 (Flat Rate shipping $25.00 – within Continental U.S.)

RA1448B-HD-20 Pallet of 20 Kits **$7,070.00** – Post Paid

Ridge Armor™ Ridge Vent Protection (STD 3/8" mesh)

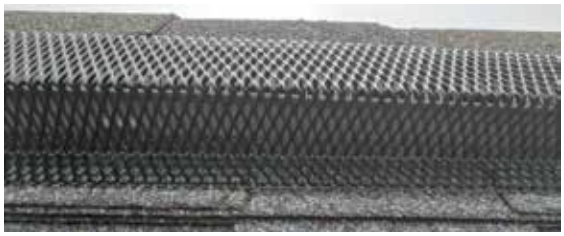
The kit comes with: (40) 4' sections of Ridge-Armor™ Standard 3/8"mesh, 200 (1 1/2" long) hex head screws with sealing washers for attaching. 160 linear feet of Ridge Armor™ provides 80 feet of ridge-vent coverage.

RA3848B $365.00 (Flat Rate shipping $25.00 – within Continental U.S.)

RA3848B-20 $6,060.00 – Post Paid Pallet of 20 Kits

Ridge-Guard™ Animal Exclusion

A revolutionary system for guarding against animal entry at the roof ridge. Comes with (20) 8' sections, and 250 screws for attaching. Covers 160 linear fee which provides 80 feet of ridge vent coverage.

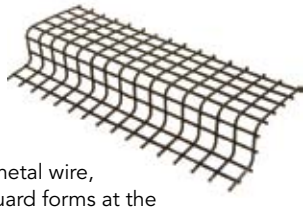


Ridge-Guard™ seals up those easy entry points with the following benefits:

- Less labor and materials vs. tearing off existing ridge and reinstalling with reinforcements.
- No need for extensive construction skills to install. If you are not afraid of ladders, and can run a screw gun you can install Ridge-Guard™.
- Product will last as long as your roof.
- Highly effective and barely visible from the ground.

RGK-160 $472.00 (Flat Rate shipping $40.00 – within Continental U.S.)

Peak Protector-Ridge Vent Exclusion - 100'



Made of coated metal wire, Peak Protector Guard forms at the ideal lengths and angles providing the best protection for ridge vents from intrusion of pests!

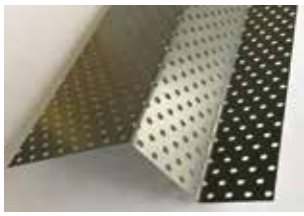
It comes in 4 foot sections, making it an ideal length for installation. This shorter length is safer for carrying up a ladder and onto the roof while reducing the risk of product damage. Peak Protector's coated welded wire increases its lifetime and effectiveness in harsh climates.

PPK-100 $195.00

Pest-Blok Ridge Vent Wrap - 160'

Pest-Blok Ridge Vent Wrap will guard your roof against a variety of wildlife including squirrels, raccoons, birds, bats and many more. It is specially designed to keep wildlife in the wild and out of your home. Protecting your house from uninvited guests is the smartest decision you could ever make. Pest-Blok products are 100% made in America which allows better prices for you. Large company quality at a competitive price. Each tube contains 160 linear feet. Product measurements: (in inches): 1 X 1.25 X 2.
Free Standard Shipping within the continental United States!

PBRVW Black or Brown **$425.00**



VENT PROTECTION – DORMER & GABLE

Brandguard Gable Vent
14" x 24" - Retrofit
Increase airflow to your attic while protecting your home in fire prone areas. Brandguard Vents™ provide excellent ventilation while trapping flames and embers BEFORE they enter the home. In this way, Brandguard Vents defend against wildfires and help SAVE HOMES!

Benefits:
Safety vents that are used in areas prone to wildfires, wind driven rain, or wind driven snow.

- Overlapping Baffle Protection (Patent Pending)
- Air Flows through normally
- Resists the intrusion of flame and embers, wind driven rain and wind driven snow.
- Compliant with new California Ch7a Building Code
- 20 Year Warranty
- Easy Installation - Install like any other similar Ventilator Product on the market.Brandguard Gable Vent 14" x 24" - Retrofit

9" x 18" - Standard
Increase airflow to your attic while protecting your home in fire prone areas. Brandguard Vents™ provide excellent ventilation while trapping flames and embers BEFORE they enter the home. In this way, Brandguard Vents defend against wildfires and help SAVE HOMES!

BDG-DV2011 $80.00

VENT PROTECTION – ROOF AND FOUNDATION

HY-C Roof VentGuard™

This product prevents raccoon, opossum, squirrel and other pesky animals from entering structures through roof vents. Most roof vents are made of a plastic material with simple window type screening or no screening at all. Animals can and do chew through these vents to enter the attic where they can destroy wiring, cause leaks and do severe damage. Made from heavy duty 18 Gauge expanded metal mesh in Stainless Steel or Galvanized. Tapered units nest inside each other for easy transport and can be fastened with roofing nails, caulk or tar.

NO-PEST Light Covers

"No-Pest" Light Covers give your recessed light fixtures and your property numerous advantages over invasive pests and the trouble they bring. Features and benefits of this unique pest prevention method include easy installation and cleaning, attractive design, and most importantly, pest-impervious construction.

WCSTRLC $15.50

Temp Vent Automatic Foundation Vent

Takes worry out of remembering to open & close vents as weather changes to bring in fresh air, conserve energy & protect pipes. Bi-metal coil opens at 70°F and closes at 40°F without electricity.

Series 5: removable front frame, in addition to removable back for cleaning, snapped in after installation

WCSTV5 $26.50
(available in Black or Brown)

Series 6: one piece front frame, removable back for cleaning

WCSTV6 $24.95
(available in Black or Brown)

Temp Vent Powered Foundation Vent

When a higher rate of airflow is needed, Low-Voltage Powered Temp Vent is the answer. Powered Vents help control moisture & odor problems. Used on one site of house with non-powered vents that act as intake, maximize effectiveness. (Control Unit required which can operate up to 3 Powered Vents, requires access to GFCI outlet)

WCSTV6LVHPBL Vent $176.95
WCSTVLVKIT $196.95
Low Voltage Control Kit

VENT PROTECTION – VENT COVERS

VentGUARD PLUS Vent Cover

Roof vents are the most common entry point for raccoons, squirrels and birds. Control the wildlife and protect your roof vents by covering them with VentGUARD PLUS. VentGUARD PLUS protects roof vents against wildlife, falling debris, hail, shingle mold, and damage from snow removal. Powder coated strong galvanized steel, engineered to resist denting, peeling, fading and extreme weather. Manufactured in gun smoke grey. Easily paintable to match roof color. 16.5" x 22" x 4.8"H

WCSRD50 $34.50

The DEFENDER Premium Vent Cover

The Defender Premium Vent Cover is constructed of zinc coated steel that is also powder coated to deliver lasting protection. Vertical bars keep creatures out while minimizing lint buildup and making it easy to clean. Three sizes—with inner dimensions of 6.5, 8 and 11.5 inches—allow for an exact fit and universal application.

WCSDFR6X 6.5" $33.45
(White, Tan or Brown)
WCSDFR8X 8" $34.85
(White, Tan or Brown)

WCSDFR11W 11.5" $37.95
(White Only)

Universal VentGuard™ by HY-C

Create a no-go zone around your vents. Birds, squirrels and rodents cannot chew through this cover's heavy-duty construction. Stainless steel mesh won't rust or corrode. Easy to install over most 3" or 4" dryer and bathroom exhaust vents. White powder coat finish. 7 x 7 x 4½ (5/8" mesh).

RVG-DVG-1 Single **$19.95**
RVG-DVG-6 6 pack **$114.95**

Dryer Wall Vent

Better Dryer Venting - Dryer Wall Vents meet or exceed all code requirements for safely venting a dryer. This vent provides Zero Airflow Restriction, Easy Cleaning Access and Balanced Magnets that protect against animal entry and negative air pressure flapping. Built tough in the USA, these are made with 26 gauge galvanized steel that is powder coated to minimize fading or cracking ensuing a long duty life.

WCSDWV4 $31.80

Poly Coated Vent Covers

Add an extra margin of safety against critters getting into attic fans and roof vents. Easy to install, these black polyurethane, ½" x ½" vinyl-coated wire covers blend in and last long. Some assembly required. Color: Black

NWS14155-1 (single) **$29.95**

Hand Nets

WCS Hand Capture Net

The professional choice for close quarters bat capture and even squirrels in the fireplace! Our net's soft, ¼" black nylon mesh keeps animals safe and comfortable, while the 5" foam grip handle makes for easy gripping. 11"w x 15"l x 12"d.

WCS3401 $14.95

WCS™ Magnum Net

The standard for brute strength, durability and professional grade performance. We make our Magnum with a tangle-free, super soft nylon netting – safe for large birds, domestic animals and wildlife. Then we add an extra heavy-duty aluminum handle with a double walled frame and extendable 4'-8' reach. 32" x 41" teardrop hoop, weighted 48" deep net and 2" mesh accommodates animals to 60 lbs. and is ideal for goose control. Handle requires assembly. Two lengths available.

NWS8430-Kit1 96" **$155.95**
NWS8430-Kit2 48" **$124.95**

WCS™ Bat-Bird Mammal Net

A versatile favorite for small animals. This square net holds bats to cats and comes with a tough 6' aluminum handle that telescopes to an incredible 18'! With soft, fine-mesh black netting. 17" x 19" D hoop, 24" deep Micro Mesh net with ¼" mesh.

NWS3543 $59.95

Dura-Flex By Tomahawk

Tomahawk doesn't mess around when it comes to net construction. Their flexible Standard and Heavy nets boast full 1" aluminum shafts and solid polycarbonate hoops. The Dura-Flex fits flush against hard surfaces, allowing you to stand upright while netting and restraining, while a tie-off cord provides a comfortable 3' of space beneath. Too small to prevent animal entanglements, the ¼" nylon mesh won't unravel or weaken from adjacent tears. Two layered woven nylon hem around the hoop. 24" neoprene slip-free grip and a shaft that holds up to heavy jobs. 48" deep.

Standard Dura-Flex with Shaft

Perfect for cats, small/medium dogs, bats, birds, raccoons and rodents. 60" circumference and ½" x 5' polycarbonate hoop.

SN201 3' Shaft **$92.50**
SN202 4' Shaft **$95.50**
SN203 5' Shaft **$98.50**
SN200 Standard Replacement Net **$49.50**

Heavy Dura-Flex with Shaft

A great choice for cats, dogs, raccoons. 96" hoop circumference and 5/8" x 8' polycarbonate hoop.

HN301 3' Shaft $102.50
HN302 4' Shaft $105.50
HN303 5' Shaft $108.50
HN300 Heavy Replacement Net $49.50

McLean Folding Net

Spring-loaded and ready to fire. We like the telescoping McLean for its 5/8" soft nylon mesh, gentle and strong on small birds and mammals. But we're also very fond of the anodized, corrosion-resistant aluminum handle (21 ½", 4' extended) and the elastic front portion of the triangular net – very handy for corners, columns and irregular surfaces. All this, and it's small enough to fit in an included belt scabbard. 15 ½" long, 21 ½" across, 21" deep.

WCSMFN $99.95

Transformer Net System

There has never been a capture net with this kind of flexibility. With the standard hoop frame and net you can make 6 different hoop configurations.

23x18" Standard Hoop
25x12" Narrow Cat Net
24x15" to the right hand off set
24x15" to the left hand off set
24x14" tight right hand off set
24x14" tight left hand off set

100-NT-TF-1 $149.95

WCS™ Kwik-Fold Hand Net -

The WCS™ Kwik-Fold Hand Net is 18" x 16" by 19" deep and comes with a telescoping handle that extends from 24-41". A great net for capturing birds, bats, and other small animals.

WCS3607 (Medium) 18" x 16" **$28.95**
WCS3608 (Large) 22" x 20" **$33.95**

WCS™ Kwik-Draw Hand Net - Narrow Frame

The narrow profile of this 6.5" x 12" x 17" deep net allows for easy access to spaces that other nets just can't reach. Great for capturing small rodents in tight spaces!!

100-NT-RT $39.95

Throw Nets

Throw Net

When getting close to an animal is almost impossible and conventional nets haven't worked, throw nets can save your day. Thrown like a Frisbee, they'll safely capture birds, cats, dogs and wildlife. With a little practice, you'll find they are easy to use and can be very accurate. Netting is nylon with weighted perimeter. With smaller mesh openings for tighter jobs.

NWSTN4 4' Throw Net w/ 1" openings **$85.25**
NWSTN6 6' Throw Net w/ 2" openings **$96.50**
NWSTN8 8" Throw Net w/ 4" openings **$108.95**

Poles

Ketch-All Poles

Our personal favorite is also the number one choice of wildlife professionals around the world. Ketch-All's looped poles handle almost any animal in any situation – up a tree, under a building, down a storm drain – you name it. In addition to restraining cats and dogs, professionals have used them for the humane capture of bears in the California mountains, wolves on the Alaskan tundra and alligators in the Florida everglades.

Made in the U.S.A. since 1952, these tough poles are quality-constructed from aircraft grade aluminum. A draw cable locking mechanism allows for various loop sizes and a quick release on the back of the pole makes for controlled handling. When retracted, extended versions work well as heavy restraining devices. In a variety of sizes:

3' Standard Ketch-All Pole Favored in kennels for cats and small dogs.
NWS0901-3 $70.00

4' Standard Ketch-all Pole The most popular pole for general use.
NWS0901-4 $77.00

5' Standard Ketch-all Pole When you need additional length and a larger noose.
NWS0901-5 $86.00

4' - 6' Ketch-all Pole Extending/retracting version can reach where you can't.
NWS0901-4-6 $105.00

7-12 ft. Extension Ketch-All Pole Great for rescuing animals from waterways, trees or storm drains.
NWS0901-7-12 $143.00

28" Baton Type Ketch-all Pole For small animals in confined areas like cages. **NWS0901-28 $67.00**

Leather Baton Holder for 28" Baton
NWS0907 $11.95

Stainless Steel Poles

The Stainless Ketch-All Pole is a high quality constructed device crafted of Stainless Steel for maximum durability. Designed for the humane handling of animals while affording maximum protection to the handler. Used by animal handlers & wildlife control professionals in all 50 States and the District of Columbia, as well as many foreign countries.

NWS0901SS-4 $107.00
4' Stainless Steel Pole

NWS0901SS-5 $114.00
5' Stainless Steel Pole

Ketch and Release Poles

In addition to the proven and trusted spring loaded release mechanism, Ketch-All has added a unique emergency release feature: a simple lift and slide of the knob allows the cable loop to drop away. Ketch-All has retained the essential swivel head mechanism, now redesigned for emergency release and quick, easy reattachment of the cable, making the Ketch & Release All Pole unlike any other on the market.

Ready to Repel All Intruders

Productivity, safety or just plain sanity – there are lots of reasons for wanting to keep animals away from buildings and outdoor areas. That's why we have repellents and deterrents for everything from fruit trees to forests, attics to ponds and restaurants to golf courses. Have a question about ingredients or proper application? Give us a call at 1-877-684-7262.

Repellents

MULTI-PURPOSE

Bobbex-R Animal Repellent (Rabbits, Groundhogs, Chipmunks, Squirrels, Voles)

Feed your plants while repelling nibbling critters. This rain-fast spray, made from natural and recycled ingredients, has an odor and taste that chewers find offensive but remains harmless to wildlife. Used year-round, this spray slowly releases its nutrients and helps plants retain moisture, protecting against drought and frosts.

(concentrate)

B550120	Quart	$29.95

CritterRidder (Skunk, Woodchuck, Dogs, Cats, Squirrels, Raccoons)

USDA-approved for organic garden-ing, this granular repellent's pepper-based formula produces a powerful odor and taste barrier. Can be used inside, in non-living areas, and outdoors on lawns, gardens and trees. One application lasts up to 30 days. Not for use on food crops.

WCS3142S 2 lbs. $14.25

Animal Stopper Trigger Spray

Messinas Animal Stopper Trigger Spray can be used to discourage groundhogs, skunks, rabbits, raccoons and other common pests from devastating gardens, flowerbeds and sheds. Our humane and safe Messinas Animal Stopper creates a sensory barrier that works by smell, taste and feel and can be applied every 30 days regardless of weather or watering. It is pleasant to use, dries clear and odor free and is safe to use around fruits and vegetables.

ASTOP-32 32 oz. $12.99

Shake-Away®

Shake-Away® 100% organic animal repellent safely & effectively repel animals like deer, rabbits, cats and more from damaging your plants, shrubs, and garden. Shake-Away®'s patented formula uses predator scent, in the form of non-toxic urine granules, to create the illusion that predator animals are present. When an animal detects predator scent its natural survival instinct compels it to leave and avoid that area.

SCR5608-8 8 lbs. **$48.25**
SCR5625-22 22 lbs. **$132.95**

Vanish Raccoon Eviction Paste

Vanish is a natural by-product of boar raccoon, which are predators to female raccoons during the birthing period. When placed in a den area, the female instinctively senses that a danger to her young is nearby. It has the consistency of a thick, creamy paste and has been formulated to stand up well in all weather conditions. Easy to handle, it will stay where it is placed.

WCSTJV-4 4 oz. **$54.95**
WCSTJV-Tube **$19.95**
(syringe tube 2 to 3 applications)

Raccoon Eviction Fluid

These will help to move nursing raccoons out of difficult to trap locations. Apply to a cloth or tennis ball and toss in the direction of the where the animals are located.

NWS1115-1 1 oz. **$19.95**
NWS1115-4 4 oz. **$54.95**

ELECTRONIC DETERRENTS

Electronic Deer Repellent

The repellent's posts attract deer with a lure scent, then repel them with 400 volt shock. Includes 3 posts, covering approx. 1000 square feet of total area. Two AA batteries (not included) will give life of one year.

NWSEDR01 $71.95

Critter Ridder® Motion-Activated Animal Repellent & Sprinkler

Repels nuisance animals such as dogs, raccoons, opossums and more. It Releases a startling surge of water to scare animals away. An infrared sensor detects animal up to 100 feet. The metal spike allows for easy placement anywhere on your lawn or garden. Continuous spray setting allows for use as a sprinkler unit. Eco-friendly design – Uses only 2-3 cups of water per spray.

WCS5277 $44.99

INSPECTION TOOLS

Flir One PRO Thermal Imaging Camera

FLIR ONE PRO detects heat (thermal) energy, giving you the ability to "see" and measure minute temperature variances. Available in two models, one for Android, and another for iPhone/iPad devices. A lightweight accessory, both models enable you to see in complete darkness so you can observe wildlife at night. Both feature more powerful thermal sensors with four times the resolution for crisper and clearer thermal images than the original FLIR ONE.

FLIR-1-PRO-A (Android) **$399.99**
FLIR-1-PRO-I (IPhone) **$399.99**

FLIR C2 Compact Thermal Imaging System

The world's first full-featured, pocket-sized thermal camera designed for a wide range of applications. The slim, light profile fits comfortably in any work pocket. The C2's 4800-pixel resolution, high sensitivity detector captures and displays subtle thermal patterns useful in detecting nuisance animals anywhere they might be hiding.

FLIR-C2 $499.00

See additional FLIR thermal Imaging tools on our website

BR200 Video Borescope

The perfect tool for challenging inspections! Capture video and still images that can be played back on the detachable wireless monitor, or downloaded to your PC.

BR200 $249.99

Wohler VE200 Video Endoscope

Use the Wohler VE200 Video Endoscope for inspection of inaccessible cavities from 20 mm in diameter (for example: roof insulation, exhaust pipes, sinks, fireplaces, wall cavities) and transmission of image and video data via wireless (WiFi) on laptop, tablet PC or Smartphone. Download the application from Google Play or the App Store. Includes 4 AA batteries and plastic carrying case. Note: The VE 200 is not compatible with Windows Phone.

WCS7792 $129.95

FLASHLIGHTS

Streamlight Stinger LED Model (390 Lumens)

The Streamlight Stinger Classic LED Flashlight was designed to replicate the size, shape and feel of the original xenon Stinger model enhanced with C4® LED technology for intense brightness. Custom optic design provides a smooth beam with optimal peripheral illumination; optimized electronics provide regulated intensity throughout battery charge.

NWSSLT75662 $136.95

PolyStinger LED Flashlight by Streamlight - Model 76161

The PolyStinger LED is an all-purpose, non-conductive polymer flashlight, designed for the broadest range of lighting needs at the best value. This Multi-function On/Off push-button switch lets you choose three lighting modes and strobe; designed for extremely long life; tested at 1 million actuations. Deep-dish parabolic reflector produces concentrated beam with optimum peripheral illumination; optimized electronics provides regulated intensity.

NWSSLT76161 $108.95

UltraStinger LED Flashlight by Streamlight - Model 77553

The UltraStinger LED delivers a piercing 1,100 lumens, but that's not all... it also has a far-reaching beam, TEN-TAP® Programming for its multiple intensities and strobe; plus Streamlight added a rubber sleeve for a better grip. It's IPX4 rated for water resistance and it works with existing Stinger® chargers and accessories.

NWSSLT77553 $159.95

Streamlight Vulcan AC/DC Dual Filament (157 lumens)

An industrial light that will never let you down. If one filament in the 8W safety bulb goes, the second filament provides an instant backup beam. Spot, bi-pin bulb provides up to 157 lumens with very long run time. Virtually indestructible ABS thermoplastic case is waterproof to 100 feet. Rubberized cushioned grip handle. Includes rechargeable battery, 120V AC (outlet) and 12V DC (car lighter) cords, mounting rack and shoulder strap. 7 ½" L x 5" w x 6 ½" H. 3.3 lbs.

SLT44200 $129.95

Streamlight Accessories

12V DC Cord for Car

NWSSLT22051 $12.95

HOG RINGS & PLIERS

Hog Ring Pliers & Rings

Make quick work of attaching nosecones, constructing vent covers or trap making. These pliers fit both ½" and ⅜" hog rings, with a spring-loaded action and vinyl-coated handles for easy clipping. Exceptionally tough, they'll last a lifetime. Pair with galvanized, 14 gauge blunt tip Hog Rings. Single ring installation.

OSCXX Pliers **$17.95**

X0GB430-1 ½" Galv. Blunt tip, 1 lb. **$5.95**

X00GB530-1 ⅜" Galv. Blunt tip, 1 lb. **$5.95**

J-Style Pliers & Ferrules
For when a wider clip (or ferrule) is needed. J-Clip pliers and J-Clips make for quick single ring installation when modifying or repairing traps, vent covers or other wire mesh items.

JPL51612 $18.95

J51612Z-1 J-Clip Ferrules (1 lb.) **$6.75**
J51612Z-5 J-Clip Ferrules (5 lbs.) **$32.95**
J51612Z-10 J-Clip Ferrules (10 lbs.) **$62.95**

P7 Pliers & Rings

A versatile tool for bird netting, making and repairing small cages, closing bags and more. Pair with 16 gauge blunt tip C-Rings. Rings come in a strip similar to "staples" and are fed into the pliers to save time.

WCSP7 Plier **$53.95**

RING616G50B-S 16 ga. Galv. C-Rings 2,500 rings **$22.50**

Ringer Tool

No more sore hands, wrists and arms! Just feed a strip of fifty 9/16" blunt-tipped hog rings into the Ringer Tool in a "clip fashion," position and squeeze the handle grip. The ring automatically closes tightly around material. We love having the Ringer Tool around for joining wire to make cages, nosecones or attaching bird netting to cable systems. Pair with 15 gauge galvanized C-Rings.

GLF-9/16 9/16" Ringer **$84.95**
515DG50B-S **$25.00**
9/16" 15 ga. Galv. Blunt D-Ring (2,500 rings)

1" Rings, 100/box
NWSRNH3-10 $54.50
1" Rings, 100/box - 10 pack

LADDER & ACCESSORIES

LeveLok Ladder Leveling System (Permanent Mount)

Give your ladders the same level footing as the ones used by the largest utility companies. Attached to the bottom of almost any extension ladder, these rock-solid, adjustable levelers have feet that bite both hard and soft surfaces (ice, gravel, snow, dirt). Hands-free operation makes them great for stairwells and uneven terrain. Automatic safety lock. Self-cleaning and corrosion-resistant.

LL-STB-IAL (pair) **$149.95**

Levelok Quick Connect System Base Units (Use with Quick Connect Ladder Leveling Units)

Set of two KeyLok Quick Connect Base Units for KeyLok Levelers only (one for left rail, one for right rail). Includes installation instructions and all mounting hardware.

LL-QC $45.95

LeveLok Quick Connect Ladder Leveling Unit (Use with Quick Connect System Base Units)

The snap on, snap off version of LeveLok's adjustable levelers. Install the base unit, then use levelers where and when you need them. 5-star rating from Amazon customers.

LL-STB-1QC $94.95

Ladder Mount Gutter Guard

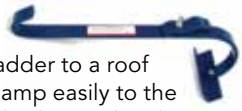
Easy to use gutter docking station for ladders. Provides gutter protection and fits inside gutter. Secures any ladder safely in place and disperses ladders weight against the fascia, not the gutter.

WCSLMNT $35.95

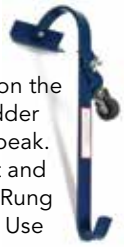
Corner Buddy Ladder Stabilizer complete w/ hardware
Bolt this buddy to your ladder and free your job of worry. Rounded "claw" grips corners, round and multi-dimensional constructions with rubber bumpers. Remove easily for storage. Coated in yellow for visibility.

WCSCB Complete w/hardware **$57.95**
WCSCB2 Hardware Kit **$19.50**

Ladder Stabilizer
Get a sure grasp of the wall. This two-pronged stabilizer spans the width of your straight ladder and grabs onto surfaces with its non-marring rubber tips. Strong and lightweight. Spans 48".
WCSLS48 $38.50



Flat Ladder Hook
Convert your single ladder to a roof ladder. Steel hooks clamp easily to the top two rungs and fit both round and D-rung styles. Powder coat painted blue.
WCSFLH $19.75



Rolling Roof Hooks
Roof jobs made easy. Roll your ladder up steep surfaces on the hook's casters, then flip the ladder over to catch the hook on the peak. Your single ladder now lays flat and secure. Fits both round and D-Rung styles. Not for Type III ladders. Use in pairs.
WCSRRH Rolling Roof Hook **$23.95**
WCSRRC Replacement Caster **$6.00**

Ladder Mitts (Pair)
Protect the ends of your ladder from scratching or marring house siding. Professionals, take note – this is a courtesy your customers will notice.
WCS611 $14.95

Pivit Ladder Tool

Level any ladder in seconds – even on stairs! This tool has hundreds of rubber "gripper feet" that cling to tiles and slippery areas, giving you a stable surface for ladder legs. Or try it on a roof as a platform for toolboxes. The portable Pivit has 11 functions, requires no bolts or clamps to install and is completely adjustable. Works on stepladders, too! Rated at 500 lbs. as ladder jack and ramp.
WCSPLT $99.95

Roof Boot (Pair)
Make steep roofs safer. These roof boots secure walkboards, toeboards and flat ladders on up to a 20-pitch roof. Easy to handle and set-up. One pair.
WCSRB $55.95

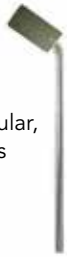
Xtend & Climb Telescoping Extension Ladders
These ladders are built for heavy-duty use in commercial and contractor settings. They are super strong, open and close with ease, and feature a no-pinch closure system. ANSI rated 1A to 300 lbs. Extends to 12-1/2 feet (Model 780p) or 15 feet (Model 785p) and closes to 3 feet. Features angled thumb release, non-slip end caps, carrying handle and closure strap. These are great for indoor use and anywhere where compactness and portability are required.
780P-Plus $293.95 (12.5 feet)
785P-Plus $319.95 (15.5 feet)

Ladder Stability Anchor
The Guardian Fall Protection Ladder Stability Anchor is specially designed to promote compliance with OSHA regulation 1926.1053(b)(1), which states, the ladder shall be secured at its top to a rigid support that will not deflect.The Ladder Stability Anchor functions to clamp to a roof (without any penetration of the substrate) and then secure to the top rung of a ladder with either 2 or 3 foot long Velcro straps, ensuring that the ladder will not fall or move. It is composed of lightweight aluminum for superior durability, and requires no special tools to install.
G10808 $99.95

Foldable Roof Platform with Chain, Snap Hooks, and Ridgehook
The Foldable Roof Platform by SnapLok comes with a chain, snaphook, and ridgehook. It measures 24"W x 36"L and folds for easy transport and storage. It works on roofs up to 12/12 pitch and has a 330 lb. capacity. It's like having a workbench/scaffold on your roof.
FRP330 $194.95

GENERAL TOOLS

Malco Mini-Brake - Portable Fabrication Tool
Make big or small fabrications on the job with this lightweight and portable bender tool ! The versatile Malco Mini Brake produces bends up to 135 degrees in sheet metals, including aluminum, copper and 22-gauge galvanized steel. The brake's compact size can accommodate sheet metal stock up to 4-feet wide, in any length, because there is no fixed throat depth to contend with.
WCSMB48A $379.95



Stainless Steel Inspection Mirror
An indestructible must-have. Rectangular, 2" x 3 ¾" mirror, or round 3 ¾" adjusts to any angle and extends from 10" to 26". Chrome plated brass handle with cushioned grip.
R4074371 Rectangle **$29.95**
R4074385 Round **$29.95**

Telescoping Inspection Mirror (Glass)
Mirrors are a great "extra eye" to have for chimney flues, above dampers, over drop ceilings, etc. This telescoping inspection mirror is long, strong and lightweight.
- Clear glass mirror for perfect reflection.
- All-angle ball joint holds mirror firmly for 360° viewing.
- Telescoping handle is strong, long & lightweight.
- Comfortable textured cushion grip keeps handle secure in wet or oily hands.
- 2 ¼" mirror diam. Telescopes from 6 ½" to 36 3/8"

NWSHTC-2 $14.95

Dripless ETS 3000 Caulking Gun
Designed for the professional, these guns address weight, balance and stress while applying caulk and sealants. The grip has been designed to keep the wrist in a natural and balanced position, while the squeeze handle comfortably accommodates the fingers and allows them to guide smoothly over its surface.
ETS3000 $17.95

Booger Retriever

The Booger Retriever will allow you to "retrieve" almost anything you drop without having to set foot on good old terra firma. It's lightweight, pocket-sized and made of durable 1/8" hardened steel. When set, the weight of the Booger will trip the spring-loaded trigger and close its fingers around the dropped item. Holds up to 25 lbs.

WCSBGR $29.95
WCSBGRC Green 36" **$6.95**

Booger Combo Pack

The Booger Combo Pack combines the Booger Retriever and 36' of Booger Cord conveniently packed in a zippered twill pouch. This water-repellent pouch is a large 7" x 7" size and has two Velcro strips for easy attachment to your belt or treestand and convenient storage in your toolbox.

WCSBGRKit $39.95

Monk Mechanics 3D Textured Hand Cleaning Towels

Removes grease, oil, ink, paint, dirt and grime. Large 9.6" x 12.5" Special 3-D textured fabric towels grab and hold grease and grime. Formulated with ORANGE OIL for SUPERIOR CLEANING POWER and MOISUTURIZERS for SUPERIOR SKIN CARE.

WCS45101C $79.95
Bucket of 130 Hand Towels - Case of 4

VACCUMS & VENT CLEANING

ERGO PMP Backpack Vacuum/Blower

The NEW Atrix ERGO PMP Backpack Vacuum/Blower is an excellent and economical option for pest control, janitorial, offices, and warehouse applications. After input and feedback from Professionals throughout the country, Atrix has exclusively reconfigured the backpack vacuum to meet the exact needs of the pest control industry and applications. The ERGO PMP Backpack is lightweight, safe and low profile making it comfortable for Professionals to wear for a long duration of time. It is powerful with its 1,400 watt cleaning power which produces 106 CFM. The vacuum provides four levels of filtration which consists of an eight quart HEPA bag, cloth shake out bag, HEPA premotor filter, and an exhaust filter. The ERGO PMP Backpack Vacuum can be adjusted to left or right hand operation and easily converts to a blower providing an extra cleaning dimension. This vacuum can capture everything from bed bugs to dirt and debris.

Note: This product should not be used for hazardous particulate applications.

PMPBP $199.95

Ergo Cordless Rechargeable Battery Backpack Vacuum

The Atrix ERGO Cordless Backpack Vacuum is an excellent option for janitorial applications, offices, warehouses or locations that do not offer any power sources or where corded vacuums are a safety hazard. The ERGO cordless vacuum is safe and low profile making it comfortable for the professional cleaner to wear for a long duration of time in constricted spaces. It is powerful with its 500 watt cleaning power which produces 71 CFM. It has a long fifty-five minute run time and quick three-hour charge. The vacuum features four levels of filtration that consists of an eight quart HEPA bag, cloth shakeout bag, HEPA premotor filter and an exhaust filter. The ERGO cordless backpack vacuum can be adjusted to left or right hand operation and easily converts to a blower providing an extra cleaning dimension. The cordless vacuum can be used in but not limited to, scaffolding, stairways, crawl spaces, ceilings, entryways, or larger areas such as churches, movie theatres, schools or libraries.

Note: This product should not be used for hazardous particulate.

BUGBP6-10 (10-pack) **$32.95**

VACCUMS & VENT CLEANING

Omega Cordless Immediate Containment PMP Vacuum

The Omega Cordless Immediate Containment Vacuum is an excellent immediate containment option for your pest control applications. This cordless HEPA (High Efficiency Particulate Air) vacuum offers self-storage and contained accessories, built-in full filter indicator light, brushless digital motor, and 1 hour rechargeable battery. It is a powerful vacuum with its 200-watt cleaning power but quiet at only 67 decibels. The one gallon HEPA filter, manufactured with Pentair® brand media is 99.97% efficient at .3 micron and includes three layers of 56 pleat media. The three layers consist of one cellulose layer and two glass layers. The HEPA filter captures everything from bed bugs, cockroaches, rodent droppings, dry chemical, and hazardous chemical. This vacuum includes hose and filter plugs to ensure safety when transporting or storing. The cordless tool box structure makes this vacuum convenient for applications where corded versions are inconvenient or simply not an option.

PMP22VDC $599.00

Omega Supreme IPM Hepa Vacuum - 1 Gallon capacity

The Green Supreme IPM HEPA Vacuum by Atrix is powered by a 120 volt motor. Just over 19 inches long and 7 inches wide, it weighs only 12.5 lbs. This HEPA vacuum has over-heat protection and is made from high impact Starex flame retardant polymer which gives it good durability and long life. Perfect for ash or dust that falls from a chimney, or debris in an attic.

No Smells, No Germs, No Fuss

Wildlife control work can mean fighting a lot of unpleasant smells – skunk spray, urine, feces, bat guano, dead wildlife, blood – the list goes on. To win the war, we offer a range of products that neutralize air and surfaces. These scented and unscented products don't simply mask odors, they eliminate them. To destroy dangerous bacteria, choose a product described as a disinfectant.

SPRAYERS & FOGGERS

Fogmaster Jr.

When a space is too small for an industrial fogger and too large for a trigger sprayer, use the Fogmaster Jr. to disperse lightweight oil- or water-based fluids for odor control. Made of corrosion-resistant nylon, vinyl and polyethylene to last job after job., Easy to use. Just twist off the power head,, pour in deodorizer or disinfectant mixture, And replace cap. Rotary valve allows you to fine tune the output from fine light fog to coarse mist. Quart capacity.

WCSFOG-1 1 Quart **$110.95**

Hudson Fog® Electric

Conserve expensive chemicals and deodorizers with this Ultra Low Volume (ULV) sprayer. Designed to reduce droplet size, the Atomist emits an ultra-fine mist on your chosen area. Use it for odor and pest control, to reach into cracks and crevices or in the garden. Fine to heavy spray settings allows for adjustment for a variety of situations. 2-gallon capacity.

WCS99598 2 Gallon **$259.95**

Curtis Dyna-Fog Hurricane Ultra II ULV Mister

The Hurricane Ultra II ULV Mister is an electric portable aerosol applicator that dispenses both oil and water-based products. The Hurricane Ultra II is ideal for use in spraying industrial and residential areas. Farms, greenhouses, warehouses,animal care facilities, sanitation, germicidal spraying and disease control programs are just a few of the markets where the Hurricane Ultra II is used.

W2794 $274.95

Anileator Electric Handheld Cold Fogger Curtis Dyna-Fog

The Anileator™ Fogger (Model 2997) is excellent for use on small acreages, in backyards and around lake cabins. This insect fogger was designed and developed exclusively for controlling mosquitoes and other potentially dangerous flying insects. It's also effective at combating the West Nile Virus around your home and on the farm when used with an approved pesticide. The quiet operation is ideal for use around horses and other livestock.

62225-1 $310.00

CONCENTRATES

Wash-Safe Roof Wash - 3 Lb.

Roof Wash is an Eco-Safe roof cleaner that will remove stains on roofs caused from molds or fungus. Good for use on Asphalt, Tile, Rubber or Metal Roofing. Product does not contain bleach or chlorine. Granules mix with water. 3 lbs (48 oz.) container cleans 600-800 sq. ft. Made in the USA. Ideal for removing moss, mildew, lichen or black algae stains from asphalt roofing shingles.

WSRW-3 $24.95

Wash-Safe Deck Wash - 3 lbs.

Deck Wash easily cleans and restores your deck without toxic chemicals. Just what you need to clean your deck or to prepare it for staining or water sealing. Deck Wash not only cleans the wood decking but restores the wood to a "like new" color tone, removing the gray weathered wood fibers. No chemical odors, non damaging to plants or grass, not harmful for your pets or children.

WSDW-3 $24.95

Wash-Safe Spray & Clean

Typical composite deck cleaners or cleaning agents in general only clean topically and may work well on surfaces but are ineffective at "deep set or below the surface" cleaning. These stains became a problem and we created a product that would "penetrate" the surface unlike anything else.

WSMCDC-1 Gallon **$23.95**

Sx Bio Dumpsterkleen - Gallon

Sx Bio Dumpsterkleen is a biotechnological breakthrough. It combines three products in one: an exceptional cleaning agent, an excellent odor eliminator & deodorizer, and it is bio-enhanced for the superior breakdown of organics. Great for Dumpsters/ Waste Receptacles, Recycling Bins, Compost Bins, Trash Cans, Rendering Vats, Lift Stations, Compactors, and Vault Toilets.

PSDMP-GAL Single **$48.00**
PSDMP-4 Case of 4 **$185.95**

Citrus Neutrox (Odor Control)
A water-soluble, neutralizing deodorant with a fresh citrus fragrance that lasts for hours. Not a masking agent, this concentrated product destroys malodors produced by organic sources and odor-causing deposits. It contains no hazardous ingredients, is non-flammable and will not harm surfaces that are water-resistant. Leaves no residue when used as a surface spray, a fog or when diluted in cleaners.

NWSCN01-32	32 oz.	$9.50
NWSCN01-32C	32 oz. Case of 12	$89.95

Epoleon (Odor Control & Cleaning)
Zap animal odors instantly!
Epoleon's all-natural and biodegradable compounds attack odors by chemical reaction, counteraction and absorption, allowing it to react with a variety of gases (acidic, neutral and alkaline) simultaneously. Eliminates odors like urine, skunk or dead animal. The concentrated, water-based formula leaves no residual scent, is non-toxic and is USDA approved. NnZ contains an additional detergent for surface cleaning. (Not a disinfectant)

WCSN100-S	N-100, ½ Gallon concentrate	$48.95
WCSN100-C	N-100, ½ Gallon (Case of 10)	$450.00

WCSKHCGC	Case of 4 Gallon	$221.50

DSV (Disinfectant, Sanitizer, Virucide)
By Nisus, an all-in-one solution that is highly effective against multiple disease-causing agents.

- Kills harmful germs, bacteria, fungi and viruses
- Prevents and eliminates mildew
- Disinfects hepatitis, hantavirus, avian flu, HIV and more
- One gallon of concentrate makes 64 gallons of solution

WCSDSVS	Gallon	$25.50
WCSDSVC	Case of 4 Gallons	$88.95

READY-TO-USE

Wash-Safe Rust Off (Cleaning)
Rust Off removes rust from most any surface in seconds! Just spray and watch as the rust stains disappear! Also use to remove stains from calcium, lime and iron. Rust Off is non-corrosive and non-bleaching. Rust Off can be used to penetrate and loosen rusted nuts, screws, and bolts.

WSRO-32	(Quart Liquid)	$15.95
WSRO-GAL	(Gallon Liquid)	$29.95

Instant Soap N Water (Cleaning)
Instant Soap n Water is a foaming cleanser made of natural saponified soaps. It's a great smelling, ready-to-use, multi-purpose soap that can be used as a hand or surface cleaner. It has hundreds of uses!

WCSSOAPN-1	9 oz. Can (Single)	$10.95
WCSSOAPN-12	9 oz. Can (Case of 12)	$99.95

Bac-a-Zap (Odor & Cleaning)
BAC-A-ZAP allows you to eliminate dead rodent odors and treat crawl spaces that reek from decaying matter. Pet smells can be eradicated and you can be the hero. Urine, feces and vomit smells can be eliminated from carpet upholstery and mattresses. Make it a regular part of commercial sanitization.

WCSNBAG-S	Gallon (Single)	$30.95
WCSNBAG-C	Gallon (Case of 4)	$104.95
WCSNBAQ-S	32 oz. (Single)	$12.50
WCSNBAQ-12	32 oz. (Case of 12)	$117.95

Fresh Wave Commercial IAQ
(Odor Control)
Neutralize skunk, dead animal, bat guano, feces and urine odors. Ecosorb is a non-toxic, environmentally-safe and biodegradable product made with natural organic compounds and food grade surfactants. Ready-to-use right out of the bottle. Leaves no scent behind. Remove children and pets from treated areas until surfaces are completely dry.

FWIAQ-Gal	Gallon	$33.50
FWIAQ-C	Case of 4 gallons	$114.00

Fresh Wave (Odor Control)
An excellent "green" solution for households. This neutralizer's biodegradable, non-toxic solution contains natural plant extracts and is safe for use around people and pets. Three different products available: spray in a non-aerosol can, gel in a jar (great around cat litter boxes) and candle. Leaves a clean, natural-smelling environment.

WCSFWCRG-S	Continuous Release Gel - 15 oz.	$11.95
WCSFWCRG-C	Continuous Release Gel - 15 oz. (Case of 12)	$132.00
WCSFWSPRY-S	8 oz. Spray	$7.95
WCSFWSPRY-C	8 oz. Spray (Case of 12)	$79.95

Odor Assassin (Odor Control)
Odor Assassin's super-concentrated formula can eliminate the strongest animal odors, (skunk smells haven't a chance), but is safe for use in ordinary businesses and households. Easily applied from an aerosol-free can, it leaves the natural scent of fresh-picked oranges or lemon & lime. USDA approved for use in kitchens.

Lemon-Lime 8oz. non-aerosol can

WCSOA01-104403	Single	$7.95
WCSOA01-104403C	Case of 12	$72.95

Orange 8oz. non-aerosol can

WCSOA01-17062	Single	$7.95
WCSOA01-17062C	Case of 12	$72.95

Crisp Apple 8oz. non-aerosol can

WCSOA01-111146	Single	$7.95
WCSOA01-111146C	Case of 12	$72.95

Mixed Case

WCSOA01-MIX	Case of 12	$72.95

Fire-D & Odor Control Foggers
(Odor Control)
When a fogging machine isn't practical or electric power isn't available, Fire-D "One Shot" and Scented Odor Control canisters are a great heavy-duty solution. Close all doors and windows and turn off fans. Place aerosol fogger on top of a drop cloth in the center of the area to be treated. For best results, leave treated area undisturbed for 1 hour. Use one can for every 10,000 cubic feet of space.

"One Shot" Fire-D Fogger - 5 oz. Canister

NWSFIRED	Single	$6.95
NWSFIRED-C	Case of 12	$59.95

Odor Control Fogger - Original - 5 oz.

NWSOCF	Single	$5.95
NWSOCF-C	Case of 12	$57.50

Odor Control Fogger - Cinnamon - 5 oz.

NWSOCFCIN	Single	$5.95
NWSOCFCIN-C	Case of 12	$57.50

Odor Control Fogger - "New Car" - 5 oz.

NWSOCFNWC	Single	$5.95
NWSOCFNWC-C	Case of 12	$57.50

Odor Pet (Odor Control)
Specially formulated for animal care facilities and veterinary clinics. A concentrated odor counteractant and cleaner, Odor Pet contains a stabilized bacterial spore system that breaks down organic waste (blood, urine, fecal stains) and removes odors. Debris is reduced to a solution of CO_2 and water. This biodegradable, non-toxic neutralizer is a great choice for cleaning cages, runs, floors, drains and other high traffic areas. Safe for use around animals and children. Fresh black cherry scent.

Note: Odor Pet is not a disinfectant. We recommend following up with a treatment of KenneSol in situations where removal of organic bacteria is desired.

WCS5410-S	½ gal – Single	$31.95
WCS5410-C	½ gal. Case of 4	$122.95
WCS5420	5 gallon pail	$185.95

Sterifab (Disinfectant & Odor Control)
One of the most hardworking disinfectant and insecticides on the market. Perfect for cleaning up bird droppings, bat guano and raccoon feces. Or use it to wipe out lice, bed bugs, ticks, dust mites, bacteria, fungus, mold, mildew and viruses. And did we mention it deodorizes too? Dries in 15 minutes and leaves no residue. No dilution required. (EPA REG 397-13) – registered all states. Ships ground only.

SFD-GAL	RTU – Gallon	$47.95
SFD-GAL-C	RTU – Gallon Case (Case of 4)	$157.50

EarthCare Odor Removing Bag
To remove dead rodent odors, urine and feces odors, skunk odors, as well as odors from chemicals, cigarette smoke, and Earth Care Bags do not have to come into contact with dead rodent or odor causing agent. Simply place the bag near the odor and in 24 hours the odor will be gone.

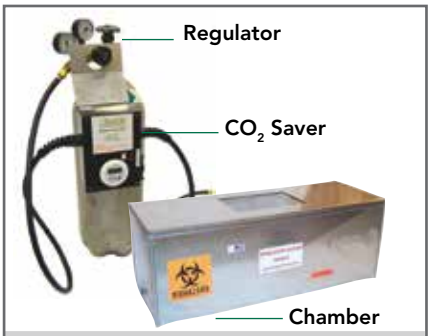
B193892-1	Single	$13.95
B193892-6	Six Pack	$69.95
B193892C	Case of 12	$119.95

EarthCare Skunk Odor Removing Canister
Absorb skunk odors anywhere: indoors or outdoor, on carpet, floors, dogs, concrete or lawns without chemical or fragrances. Covers 100 square feet. Non toxic, biodegradable and safe for Planet Earth. It is also safe around children and pets even if eaten.

ECOE-S	Single Canister	$6.50
ECOE-C	Case of 12	$60.75

EarthCare Odor Eliminating Granules
EarthCares Odor Eliminating Granules absorb pet urine odors from all surfaces (carpets, lawns, dog runs, concrete litter boxes & cages), musty mildew odors in all areas (basements, crawl spaces, outdoors and indoors), Skunk Odors, chemical odors, etc. without chemicals or fragrances.

BU9G-S	Single Bucket	$33.50



Euthanasia Setup

WCS™ Galvanized Euthanasia Chamber

Euthanasia is a process with legal and ethical responsibilities, and we take it very seriously. Our CO_2 chamber is the industry-standard for humane dispatch, a cost-effective product that gives minimal distress to wildlife. Measuring 14" x 14" x 38", it is capable of handling traps up to 36" long for simple top loading. We use all galvanized steel for long use and rust-resistance and include a clear viewing window in the lid. A screw-type port in the lower portion makes it easy to link the gas bottle. Includes hose for connection to a CO_2 regulator (regulator sold separately, see below).

NWS0123-Galv $250.00

CO_2 Regulator

An essential component for delivering gas safely and humanely. Attached to the CO_2 tank, the regulator monitors pressure via two gauges. One gauge reads the gas pressure being delivered to the tank, giving you an accurate reading of the CO_2 flow. This helps you minimize gas waste and ensures the animal is receiving the proper gas distribution. The other gauge reads the tank pressure itself and is an excellent indicator of how much gas is left. Never deliver gas to tank without a regulator.

NWS0121 $95.00

WCS Electronic $C0_2$ Saver

Eliminate worry about extended gas flow. Connected to a regulator, this digital, automatic shut-off device controls the on and off flow of CO_2 delivered to chamber and allows for programmed timing. Enter the time interval you want the gas to be set for and the saver will automatically shut off the CO_2 after it has elapsed. A mounting bracket allows you to hang the unit on the regulator knob, making connections easy and convenient. Save your precious time and gas supplies.

CO2ASO $275.00

Tank Clamp

Secure your CO_2 tank in a vehicle or stationary workspace. Two sizes available to fit 20 lb. or 50lb. cylinder.

NWS0122 Fits 20 lb. cylinder **$55.95**
Fits 50 lb. cylinder **$55.95**

Aluminum Syringe Adaptor (12cc or 3cc)

Use for injecting skunk with euthanizing fluid or administering medications. Includes an aluminum base Adaptor that screws into any threaded painter pole/broom handle (Not Included), (1) standard plastic syringe with rubber tip and (1) 16 ga. 1" needle. Aluminum parts are covered by a lifetime warranty.

WCSPS12CC $57.95
12 cc Aluminum Pole Syringe with Adjustable Tip

WCSPS3CC $57.95
3 cc Aluminum Pole Syringe

BLITZ Captive Bolt Stunner Gun Kit

The most powerful stun gu available in its category. The heavy-duty, nickel-coated BLITZ is built tough in Germany to withstand the worst conditions. 9mm center fire blank cartridge provides a high velocity penetration and gun is easy to use and maintain. Comes with 150 center fire cartridges, replacement parts, protective molded carrying case, cleaning supplies and Hoppes Plus solvent.

35-310 $399.95

BurrowRx Burrowing Rodent Control Device

Control gophers, rats, ground squirrels, moles, chipmunks, prairie dogs, voles, and other burrowing rodents with the BurrowRx Rodent Control Device. The BurrowRx is a Carbon Monoxide Device that utilizes a smoke oil tracer to show you where most of the Carbon Monoxide is going. Carbon Monoxide can be used as an effective approach to control of burrowing rodents.

BRXBRCD Call for Pricing

BurrowRx Smoke Oil 16 oz

BurrowRx Smoke Oil Smoke Oil comes in pint sizes, twelve (12)- 16 oz. bottles per case. This oil blend can be used in the BurrowRx Rodent Control Device as a carbon monoxide warning agent. It shows where concentrations of carbon monoxide are, which arms the technician with more information about their treatment. With that information they can adjust their approach to ensure an efficacious treatment. 22 treatments per bottle, approximately 270 treatments per case.

BRXSOC (Case of 12) **$139.95**

BurrowRx Hose

The BurrowRx Replacement Hose will provide you added flexibility when using your BurrowRx Rodent Control Device.

BRXHS 3' **$78.95**
24' **$274.95**

Play it Safe

PERSONAL SAFETY

Your tools are replaceable. You are not. Guard yourself against bites, scratches and infection with our selection of field proven protective gear from manufacturers who never cut corners on safety.

SAFETY EQUIPMENT

North® Full Facepiece Respirator with 5 Point Headstrap

This is the redesigned Survivair Opti-Fit. The RU6500 uses Honeywell's N-series cartridges and has the most options for configurations in the Honeywell respiratory product line. Filter cartridges sold separately. Silicone nose cup and face seal for all day comfort. Polycarbonate lens provides open view and peripheral vision. Features a 5 point headstrap suspension for a secure fit and comfort

RU65001M Medium **$146.50**
RU65001L Large **$146.50**

North® 7700 Series Silicone Half Mask Respirator

Made from 100% medical grade silicone, the wide sealing area provides exceptional fit and comfort. Cradle suspension features woven straps that provide for maximum mobility without sacrificing support. Easily converts to PAPR or supplied air. Dual cartridge connectors. Filter cartridges sold separately.

HON770030M Medium **$29.95**
HON770030L Large **$29.95**

North® Organic Vapor Cartridge & P100 Particulate Filter

Compatible with all North facepiece respirators (2 CARTRIDGES)

W7583 $28.95

YULEYS® Reusable Boot Covers

YULEYS® Reusable Boots Covers keep dirt and grime outside. Hands-free design keeps the focus on the customer eliminating the need for dirty hands to touch walls or countertops for balance. YULEYS also prevents damage to floors and other surfaces. Call or see website for sizes.

WCSYUL $35.50

Bucket of Safe-Tie

From Guardian fall Protection, everything you need to stay safe while working at heights. Contains a Guardian Velocity Harness, 50' of lanyard with built-in shock absorber, and a Temper Roof Anchor.

G20031 $184.95

Crews Verdict Safety Goggle

We think everyone in wildlife control should have a pair of these goggles. Their clear lens area (coated for anti-fogging) shields against the liquids, sprays, dusts and debris we often encounter. A transparent PVC frame offers a wide field of vision, while the foam lining and adjustable elastic strap give a comfortable fit over most prescription eyewear. You only have one pair of eyes – protect them!

2410F $9.50

Tyvek Suit with Hood & Booties

Keep your skin safe from a variety of dangerous and irritating contaminants. Tyvek suits are made from Spunbonded Oelfin, a high-density polyethylene that can't be easily scratched or compromised. This lightweight, low-linting and anti-static material forms an inherent barrier against dangerous liquids and dusts. The new fit comfort design has a zipper front, elastic wrists, extra room in the back and integrated hood and booties. Reinforced in areas prone to wear.

WCS1414L	Large	**$8.25**
WCS1414XL	X-Large	**$8.25**
WCS1414XXL	XX-Large	**$8.75**

Call for case pricing and larger sizes.

Tyvek Shoe Covers

Tyvek's durable booties slip on over your work boots to provide an extra layer of protection. Disposable. One size fits all.

FC450-10pr	10 pair	**$11.25**
FC450-100pr	100 pair	**$108.95**

STINGING INSECT PROTECTION

Bee Smoker

A quality smoker is an essential part of your tool kit. We offer the best we could find – a shielded stainless steel model with a superior bellows design that produces excellent smoke output. American-made, this smoker has hooks for hanging on the side of the hive, bottom rests and hinge pins with keepers that last and last. 4"x 7".

WCSM927 $47.95

Long Burning Smoker Fuel 1 lb.
WCSLBSF-1LB $5.50

Sting Resistant Leather Gloves

Enjoy great dexterity when working on your hives. These sting resistant gloves have an incredibly soft feel. Long white cotton canvas cuff has a vented section and elastic gathering. Specify Medium, Large or X-Large.

M011372M-MED	medium	**$29.95**
M011362L-LARGE	Large	**$29.95**
M011352XL-X-LARGE	X-Large	**$29.95**

Bee Keeping Pullover Veil

The beekeeper's dream, and now available from WCS! Our premium quality veil is 100% cotton, with the finest high thread count and super-strong fault-felled stitching. While other veils use three, the Chilly Veil has four heavy-duty boning hoops to ensure it will always hold its shape. We guarantee you'll be satisfied. One size fits all.

V01103 $49.95

Beekeeping Full Body Hat-Veil Combo Cotton/Poly Coverall (pictured)

Total coverage for total piece of mind. This full body cotton/polyester suit features leg zippers for easy on/off, elastic leg and wrist cuffs, two front side pockets and a chest pocket. Accompanying Hat/Veil is extra comfy and fits all sizes. Spring steel band rings keep the veil away from the head and hat flips back when unzipped.

V01170M	Medium-Chest 40-42	**$92.95**
V01170L	Large-Chest 44-46	**$92.95**
V01170XL	XLarge-Chest 48-50	**$92.95**
V01170XXL	XXLarge-Chest 52-54	**$92.95**

Call for larger size options

Pocket Veil

A nifty and inexpensive nylon veil. Lightweight and flexible enough to fit in your pocket, it's designed to be worn with any cap or hat. Keep a couple for guests and one in the glove compartment for swarm captures.

WCSPV $18.50

GLOVES

Choosing Vet-Pro Gloves

When it comes to choosing gloves, we always start by asking whether we want more protection from penetration or from crushing. Handling the sharp teeth of cats (penetration) will require less steel plating than, say, the jaws of a coyote (crushing).

Flesh wounds are the easiest way for professionals to get infected, so we never skimp on quality. It's important that you use gloves as protection and as much as possible limit direct contact with the animal. The use of a capture pole or animal grasper is always best (see page 57), with gloves used as a backup solution if the animal gets free from the capture tool. While no glove is puncture proof, our entire Vet-Pro selection is highly puncture resistant and will last you a long time when properly cared for.

Animal Handling Vet-Pro
All Vet-Pro gloves (except the Forester) are made of hand-cut, split grade cow-hide palomino leather and a ballistic lining of DuPont Kevlar felt. Unlike knitted or woven versions, Kevlar felt is tightly packed for maximum puncture resistance. Double-stitched with Kevlar thread, with a loose fit for dexterity and emergency removal. The Forester glove's palm is lined with Kevlar and the cuff is double thick palomino leather. Style descriptions are listed below.

A

B

C

D

E

F

A Warden Junior 15"
A quality first pair of gloves you'll use again and again. Cuff typically ends mid arm. Excellent for small animals, with less restriction than the 23".
WCSVP02-S/M-JR
Small to Medium **$103.00**
WCSVP02-L-JR Large **$103.00**

B Warden 22"
When you need greater coverage than the 15". Cuff typically ends at elbow. A favorite of vets, humane societies, animal wardens, breeding farms, university labs and reptile handlers.
WCSVP04-S/M
Small to Medium **$114.00**
WCSVP04-L Large **$114.00**

C Trapper 22"
Perfect for use over heavy clothing or foul weather gear. The Trapper 22" has a much wider cuff than the Warden, with a durable nylon cinch strap built-in. Trappers, EPA Inspectors, animal rescue teams, SPCAs, Animal Control officers and animal wardens love these gloves.
WCSVP01-L Large only **$144.00**

D Magnum 22"
For maximum crushing and puncture resistance. The Magnum 22" has 400 stainless steel safety bars built into the hand, clinched on the back and front of fingers, to disperse force and shield against penetration. The choice of vets, wardens, humane societies, zoos, exotic animal handlers, hunters and animal rescue teams.
WCSVP03-L Large only **$170.00**

E Warden Pro-Max 22"
Developed for use with feral cats, snakes, dogs, reptiles, and rabid animals. Double lined in hand and cuff portion. Heavier felt lining used with good dexterity.
WCSVP05-L-Custom
Large Only **$139.00**

F Forester 22"
Developed with steel safety mini-bars clinched to the back and front of hand portion of glove to provide the maximum in protection of high hazard areas from puncture wounds. Configured very similar to the MAGNUM but with many more mini-bars installed in the palm and finger areas. Cuff is double-thick palomino leather.
WCSVP06-L Large Only **$180.00**

Latex Disposable Gloves
Animal sediment and carcasses of rabies carriers hold nasty surprises. Stock these disposables in your truck and business to keep you and your employees safe. Non-sterile. Powdered for easy removal. Ambidextrous. Size Large
WCS5060-L-S Box of 100 **$9.75**
WCS5060-L-C Case of 1000 **$84.95**

Nitrile Exam Gloves (50 pair)
The best nitrile glove available today. The low modulus Nitrident Stretch is periwinkle blue and stretches like a latex exam glove but is completely synthetic. The glove has a light peppermint fragrance and fingertip texture. The Nitrident Stretch also provides excellent tactile sensitivity. Perfect for those who are sensitive to latex.
W2XMA8 $14.50

Wildlife Handling Gloves 21"
The puncture resistant material on the cuff is pig split leather, 2 layers of leather and canvas. Pig split leather provides puncture resistance due to its naturally tight fibers. It's also used on the back of hand and palm patches (charcoal colored leather throughout the glove). 3 ply Kevlar thread is used in the stitching throughout the glove.
WCSWHG-21 $69.95

WCS "Premium Grade" Baits & Lures – Proven to perform!

WCS stocks the widest range of choices in baits and lures because species, location, temperature, weather conditions and part of the country all play a role in what might be attractive to your target. WCS's "Premium Grade" Baits and Lures were developed in the field and have been used for more than 30 years. Other bait & lure lines that we carry have been used for more than 50 years. Just starting out or if you've been trapping for years, we recommend experimenting with a few different baits & lures, in different traps, so you can judge the results. Remember too that what worked in the past may not always work in the future. Changing up your bait from time to time can also help when conditions in the area change. If you want advice for your specific situation or just general info, give us a call at 1-877-684-7262, chat with us online at ***www.ShopWC.com*** *or email us at* ***admin@ShopWCS.com***

WCS "Premium Grade" Paste Baits

Any four 8 oz. WCS paste baits just $26!

Paste Baits $7.50/8 oz. $13.50/16 oz. $66.95/gal.

Acorn (for mice, squirrel, chipmunk) **NWS019**
A rich mix of Pure Acorn Essence oil and pulverized white oak acorns that squirrels simply find irresistible. This bait, like all "Premium Grade" bait products, is spiked with an anti-drying agent to increase the baits effectiveness.

Applelicious (for Groundhog, Muskrat, Raccoon, Skunk) **NWS014**
Great for groundhog, muskrat, raccoon and skunk, this paste-based bait has an explosive apple aroma, designed to fill the air around your trap. Field-tested to attract more finicky critters.

Black Anise (for raccoon, skunk) **NWS021**
Truly a general purpose bait, made with 100% Pure Anise Oil. Great on raccoon, skunk, even fisher, as this sweet smelling paste fills the air with its aromatic scent.

Corn Dog (for Raccoon & Skunk) **NWS008**
This versatile bait attracts both Raccoon and Skunk. It has an overtone aroma of succulent sweet corn, along with a "kicker" of sweet honey, and contains bits of kernel corn for eye appeal that will entice even the finickiest critter. This is a great year round attractor.

"Green Machine" (for Squirrels, Rats, Mice, Chipmunk) **NWS016**
For mouse, rat, and squirrel. Unique and alluring, this is a great change up to traditional paste baits or liquid lures. The smooth paste consistency with added essential oils attracts all kinds of rodents, including mice, rats and squirrels. Caution: contains peanut products and oils.

Mellow Yellow (for Skunk) **NWS004**
This paste bait for skunk mimics nature's perfect fruit, the Bannana! Powerful, lingering, and intensely sweet. A good Spring & Summer bait that animals really work for. WCS "Premium Grade" baits will not dry out like some of the others, and is cat "resistant".

N. B. Squirrel & Rodent **NWS002**
N. B. Squirrel & Rodent is a rich mix of nut oils, nutmeats and seeds that squirrels and other rodents simply find irresistible. This bait, like all of the "Premium Grade" products, is spiked with an anti-drying agent to increase the baits effectiveness. Place on your favorite bait holder and position so animal must pass over the pan to get to it and watch the results. Great on all types of Squirrel, Mice, Chipmunks and Norway Rats.

Rosebud (for Skunk) **NWS005**
This is a loud, reach out and "grab ya" bait. It really holds their interest and is loaded with an attractant that inspires excitement, along with a pungent odor carrying side tone. As the name implies, especially made for the "Little Stinkers". This bait contains no fish and is cat resistant.

Tree Berry (for Raccoon, Skunk, Possum) **NWS003**
Our personal favorite for a general-purpose paste bait. This sweet smelling bait fills the air with its aromatic scent and is a combination of tree-ripened fruit essences and puree, along with an under tone of bush berries. Place on your favorite bait holder and position so animal must pass over the pan to get to it and watch the results. Great on coon, skunk & opossum.

Whistle Pig (for Groundhog aka Woodchuck) **NWS009**
For groundhog. This bait has just the right amount of leafy, green vegetables and fruit essences, which really make those finicky chucks, sit up and take notice. Long lasting and very fragrant.

WCS "Premium Grade" Baits & Lures – Proven to perform!

WCS Tube Baits available by:

Single Tube & Plunger $4.95
3 Pack (3 tubes & 1 Plunger) $11.95
Kit (3 tubes & Bait Gun) $29.95
(WCS101504) Bait Gun only $19.95

Treeberry Tube Bait
The WCS™ Treeberry Tube Bait Gun Kit includes three (3) tubes of WCS™ Treeberry Tube Bait and a Bait Gun for ease of application. Great on raccoon, skunk, even armadillo this sweet smelling paste bait fills the air with its aromatic scent and is a combination of tree-ripened fruit essence puree along with an undertone of bush berries. Watch the results! The reusable Paste Bait Gun makes a great product even better!! Also available in single tubes.

N.B. Squirrel & Rodent Bait
Our most popular paste bait made with a rich mix of nut oils, meats & seeds that rodents find irresistible. A "go to" for Pro's to attract mice, rats, chipmunk, gray squirrels, red squirrels and flyers since 1999. Now available in an easy to apply, no-mess Tube used with a bait gun or with a plunger.

WCS "Premium Grade" Beaver Lure Products

$12.00/2 oz. $22.00/4 oz. $68.00/16 oz.

Beaver Blaster **NWS001**
This lure was 5 yrs. in the making. It's some of the finest beaver lure ever poured into a bottle. This oily, castor-based lure is loaded with just the right blend of essential oils and is 'fixed at its peak' of attracting capabilities. It stands up to the elements and will put a nice slick on the mud or water. Satisfaction Guaranteed!

Beaver Buffet Food Lure **NWS006**
This paste lure has absolutely no beaver castor or oil added. Made for warmer weather, it has several food oils, plus a "curiosity kicker". Smear on peeled sticks by waters edge and watch the results. Won't arouse suspicion!

Beaver Castor **NWS011**
Pure dark beaver castor, finely ground, then preserved. Great for beaver castor mounds or in formulation of lure. Good on coon, otter, fox, etc.

WCS "Premium Grade" Trailing & Attractant Products

Fruit & Nut Rodent Lure
NWS0302 **$6.00/1oz. $12.00/4oz. $36.00/16oz.**
This is the liquid form of our "Premium Grade" NB bait. We call this, "nut essence with a fruit twist." Proven effective on all types of squirrels, chipmunks, and other rodents. Use as a trailing scent, leading animal into the trap, baited with N. B. Squirrel & Rodent Paste, it is an unbeatable combination.

"Yellow Stripe" Skunk Trail
WCSYS01 **$8.00/4oz. $22.00/16oz.**
As the name implies, this skunk trail scent really lays down a "yellow stripe" leading to the trap. Very fragrant, and sweet smelling, will not attract cats. Lead the skunk right into the trap. Will work equally as well on raccoon and opossum.

"Strike-Um" Snake Lure
WCSTJSL **$19.95/4oz.**
Snakes won't be able to resist this powerful formula created by the pros. Just drop 4-6 drops on a cotton ball or sheep's wool and place in the center of your glue trap. Usually takes 12-72 hours, depending on the snake's feeding cycle. Caution: Keep out of reach of children and avoid contact with eyes.

Hanging Bait Crevice Devices
Ditch those annoying pipe cleaners. Just draw these grooved bait sticks through your favorite paste bait and hang them from their wire hangers in your cage trap. You'll have the proper amount of bait and a whole lot of extra time.
WCSPTB-Kit 100 pack $22.95

GroundHog "Kokaine"
NWSGHK1 **$31.95/gal.**
Made and patented by wildlife pros for wildlife pros. Unlike those other hog baits this bait DOES NOT need an "eye attractant", it works all by itself and needs nothing else. We've had some of our referral pros testing this all over the country and now they are begging for more! It is simply that good. If you trap Groundhogs you need this bait!

"Sparrow Treat"
WCSSP4 **$18.95/gal (6 lb millet)**
Sparrow Treat consists of millet (white and/or red mixture) which has found to be preferential to house sparrows during trap testing over a period of eighteen months. This is the recommended bait to use when deploying Sparrow Sleds in "big box" stores. You can use a couple of pieces of white bread for EYE APPEAL to enhance the baiting program, but you should be using millet as your primary bait when your target is house sparrows.

Triple Treat Powdered Bait/Lure Combo
WCSTT **$6.95/16oz.**
Triple the power, triple the results. Unlike your typical powder baits, Triple Treat has additional food quality materials that enhance the fish powder base. Sprinkle some as a trailing scent into your cage and place about 2 tablespoons behind the triggering pan – no other bait or lure is necessary. Won't wilt or spoil in high heat. Great for raccoon, skunk, opossum, weasel, mink and more.

Ground Mouse Paste Bait
NWS020 **$10.00/8 oz. $18.00/16 oz.**
100% Fresh Ground WILD Mice just like predators prefer. This ground mouse bait is preserved fresh, not tainted, and does not contain laboratory mice as a filler.

WCS "Paste Bait Sampler"

"With our Bait Sampler you get (6) 4 oz. jars of our paste baits that will give you a variety to attract Squirrel, Raccoon, Skunk and Groundhog".

NWS010 in 4 oz. sample jars $30.00

Cronk's Skunk Essence Paste - 1 oz.
Cronk's Skunk Essence Paste utilizes pure skunk essence put up in a freeze-proof base, very loud. Great for placing above fisher & marten sets as a call lure, especially in cold temperatures. Good in small amounts at canine sets in cold weather also.There is a $2.00 special packaging surcharge per order.
OCSEP1 $19.95

Cronk's Skunk Essence Tincture - 1 oz.
Cronk's Skunk Essence Tincture utilizes pure skunk essence put up in an oil base. This is a very strong tincture and not as costly as the pure skunk essence. Great for placing above fisher & marten sets as a call lure, especially in cold temperatures. Good in small amounts at canine sets in cold weather also. 1 oz. bottle

There is a $2.00 special packaging surcharge per order.
OCSET1 $15.95

Super Call Bear Chunk Bait
Cronk's Super Call Bear Chunk Bait contains solid pieces of chunk bait that calls bears to the area without the use of messy, bulky baits. This bait will not spoil and will give out odor for many days.
OCSCBCB6 $10.95/6oz.

Supreme Fox & Coyote Bait
Cronk's Supreme Fox & Coyote Bait, use one or two pieces at each set. No other lure is necessary with this high powered, appealing bait. Also attracts fisher, marten, bear, raccoon, and bobcat.
OCSFCB4 $9.95/4oz.

Bob Noonan Lures

$14.95/4oz. $34.95/16oz. $162.50/gal.

Cottontail Cager
WCSBNCC

For rabbit. Pull in territorial males and curious females. Lure contains heavy, pungent dose of mature male cottontail glands, mixed male rabbit urine and curiosity ingredient. Males will come looking for a fight, females for fun. Use on small piece of white cloth or similar to mimic fur and add fresh greens for extra appeal.

Masked Magic
WCSBNMM

For Raccoon. Masked Magic is a viscous lure with a sweet, penetrating odor. The blend of seven ingredients, properly aged make it a combination call/curiosity/food lure. They investigate even when not hungry. Its odor is clinging and long-lasting; get it on your fingers and you'll need soap and water to remove it. Fortunately, the odor is pleasing. Raccoon really work for this lure.

Muskrat Love
WCSBNML

A reliable, time-tested lure. A sweet, share food blend with many attractive natural oils & a touch of mink. Muskrat Love also attracts raccoons! Muskrats are strongly attracted to lure & can pinpoint its source quickly. With small home ranges, the penetrating odor quickly spreads low, at their face level, across water or ground to saturate their range.

Black Magic Bruin
WCSBNBMB $25.95/gal.

Another time tested favorite, particularly among Canadian outfitters, primarily used to help Black Bear find bait stations. Bear will relish it and return for more. Use as a trailing scent, this cannot be over applied and is completely edible. Apply single drop to an ounce or more of your favorite bait and set every few feet.

Bob Wilson's GREEN Beaver Lure
WCSGBL-4 $21.00/4oz. $68.00/16oz.

The Original Bob Wilson's Green Beaver Lure. Loaded with castor, blended with oil and those special ingredients that bring beaver year 'round. This is Trapper Bob Wilson's original recipe … "don't go trapping without it!"

"What's the difference between Bait & Lure?"

We get asked this question often, so take a look below at generally accepted definitions:

- Baiting covers all actions related to attracting animals to approach a trap. Unlike blind or positive set traps that rely on the animal's use of trails or pathways, baited-traps entice animals to leave the trail and investigate.
- Bait refers to materials that stimulate an animal to act on its natural desire to eat. Baits are typically solid or pastes. Lures on the other hand encompass a wider variety of enticements.
- Lures usually are categorized as food, territorial/sexual, or curiosity. Food lures function on the same principle as baits, except that lures are generally a more liquid consistency. Territorial/sexual lures exploit the instinct of animals to protect their property and females. Curiosity lures take advantage of animal desire to investigate new smells.

WCS carries one of the largest selections of Baits & Lures, from tried & true old favorites to new formulas!

So you're running a Nuisance Wildlife Control Business…

You need Liability Insurance!!!

Proline Lures

$12.00/2 oz. $22.00/4oz. $68.00/16oz.

Alley Cat — WCSTJAC
For feral cat. This is a bobcat gland based lure that was formulated with high dollar spotted cats in mind. It works equally well on ferals, mountain lions and during testing in Missouri and New Mexico proved effective with grey fox. Tests in Mississippi found it to outperform other cat lures taking bobcats consistently.

Bittersweet — WCSTJBS
Bittersweet is specially formulated to stay put in the dog-proof style enclosed traps. Pre-bait your traps and set with confidence. Raccoons will work the trap until captured or cleaned out.

Cat Rub — WCSTJCR
The name says it all. Cats will rub their chins, necks and body along anything you apply this lure to. Apply to rock ledges, tree branches and other eye level solid objects, with a trap up close. A wooden stick in the back of a cage is deadly with Cat Rub applied. Has been used in cages putting an end to many chicken-stealing Bobcats. Tests well on feral cats as well.

Collarum Bait — WCS014
This one was formulated to be used on the Collarum™ cable restraint for canines. Causes an excellent "bite & pull" response. M44's, grubstake and dirthole sets are all great uses of this canine food lure/bait. As an extra bonus we have found it to be an excellent spring skunk and raccoon bait. This bait is also known as "Silence".

Fisher Red — WCSTJFR
Fisher RED was created to be especially attractive to Fisher in the Northeast. RoundUp was used as a starting point and tweaked to produce Fisher RED. A very good choice for multi species trapping, having equally good results reported while targeting coyotes, raccoons, fisher, and marten.

McRat — WCSTJMcR
The hottest attraction available for muskrats. Excellent for use on float and pocket sets as well as food piles and edges of houses. A food attraction that when used on floats will require a twelve hour check!

Outreach — WCSTJOR
OutReach is a louder food based lure. OutReach has a boost to carry it in extreme wet or frozen conditions, but not so loud that it would be less effective in warm dry conditions. Use year round in food sets such as dirt holes, grub stakes, etc. Strong enough to pull in Fisher, Marten, and Fox during the northern fur seasons. Can be used as a very effective call lure or in very small amounts directly at the set.

Porky — WCSTJP1
When targeting Porcupines, Porky One is the only lure you will need. Highly attractive, and really makes them work the set.

Rat Bang — WCSTJRB
Results are at least equal to McRat. It passed the same tests with super results. We formulated this one achieving the same reaction we saw with McRat. Muskrats are sometimes very attracted to differences in their environments. Using a combination of sets with different attractants can be very productive. Half the sets with McRat and half with Rat Bang will achieve superior results.

Roadrunner — WCSTJRR
Roadrunner is a very special food lure that can stand on its own. It will work equally well on all carnivores. Attractive to coyote, fox, feral dogs, dingoes and jackals. Made of fresh animal products, this lure holds up well in all conditions as a mild food attractant. Extremely attractive to coyote when used as an early season lure. Works very well for "bite & pull" response devices like the Collarum.

Roundup — WCSTJR
RoundUp is designed as a Raccoon food lure intended to pull them in regardless of current food availability. Great in cages, dog proof type traps or dirt hole sets. Equal results at the water or high dry ground. RoundUp is attractive to urban raccoons stealing the pet's food, grubbing in the lawn or raiding the garbage. This is a versatile lure that can be used for canines, raccoons, fisher and marten with great results. Every bit as good a canine lure as a raccoon lure, especially in warm weather.

Saber Tooth — WCSTJST
Saber Tooth is formulated with the Coyote in mind and has extra curiosity ingredients that are very attractive to all coyotes. Use as a curiosity lure for all canines. Has proven itself equally effective on Cats!

Selector – Coyote — WCSTJS
Selector – Coyote is a premium Coyote Gland Based Lure. Use at Flat or Post Sets. Has that little EXTRA bang! Selector – Coyote is Gary's choice for Spring and Summer coyote trapping. It performs well all season.

Selector – Fox — WCSTJSF-4
Selector-Fox is of the same great quality as the original Selector with a primary FOX gland base. A Must Have lure for sets targeting Fox at Flat sets, urine post and other territorial-type sets.

SilverTip — WCSTJST0-16
This is a NEW product designed specifically for badger. SilverTip will attract badgers to cages or traditional dirt hole sets equally well. Badger will aggressively go after this food-type lure. Other predators will also be attracted to SilverTip and makes a great multiple species choice.

Sweet Sabotage — WCSTJSS
For summertime beaver. This lure has that little extra that works well in Hancock-type and other live trap situations for those castor shy beaver. This lure is a blend of many other attractive ingredients and works well on summer beaver. Has shown to be a great groundhog, squirrel and other rodent lure as well.

Target — WCSTJT
Highest Quality Beaver Gland Lure. Made from only fresh ground glands. Will take young and old beaver alike.

Underground — WCSTJU
Underground was formulated to cause moles to work the area under the trap. Using Underground will improve your chances with moles that dig around or under set traps. Apply to soil directly below trap triggers on scissor (Out-o-Sight) or harpoon traps and between the jaws of the NOMOL® mole traps. Because of its fresh insect base, the lure has been extremely effective on Raccoons that are grubbing in lawns. We suspect it will prove effective for Armadillos and Skunks as well.

Wildcat — WCSTJWC
ProLine's fresh meat product, specifically designed for bobcats. A great all-around Cat attractant, this bait/lure combination was used during the filming of Gary Jepson's trapping videos. Pair it with Alley Cat for bobcats or with "Big Cat" for mountain lion.

RK's Predator Plus – 16 oz. (Bobcat meat based)
RKPP-16 $14.00

Based on the world famous "Nelson Bait" with a few extras. This bait is made from aged bobcat meat, has plenty of mink musk, rat musk & beaver castor, plus a few extras that make it even better than the original. Highest quality full strength ingredients are used.

Trent Masterson's Truckload Coon Bait
WCSTMTCB $10.50/Pint

Catches coon by the truckload. Fur trappers and control trappers go to bait. A fish based pellet with a sticky sweet sauce. Effective early to late season. Designed for dog proof traps. Works great in cage traps. Trent recommends approximately 2 oz. of bait per dog proof trap for best results. Freeze Proof!

"Uncle Kirk's"Magic Lure

Gold Magic Rodent Lure

GMGL $11.95/4 oz. $35.95/16 oz.

The gel consistency was formulated to enhance the palatability to rats. It stays where you put it and continues to give off a high degree of fragrance. Very attractive to mice, rats and squirrel.

Westchester Wildlife Lures

Westchester Wildlife Lures	Target Species	WCS Code	2 oz.	8 oz.
Liquid Peanuts Rodent Lure	***Mice, Rats, Chipmunks, Squirrel***	***WESTLP-2***	***$9.95***	***n/a***

This chemically formulated lure is highly concentrated and emits an extremely penetrating smell of peanuts. Only 1 - 2 drops are necessary per application.

Magnum Maple Raccoon Lure	***Raccoon***	***WESTMM-8***	***n/a***	***$14.95***

MAGNUM MAPLE is a SUPER new raccoon lure by Westchester Wildlife. It has a loud, very sweet scent of maple that raccoon and similar animals find irresistible. Comes in liquid form only for easy application. Place a few drops leading into the cage and some on an absorbent lure holder in the rear of the trap. Super attractive.

Sweet Berry Treat Multi-Purpose Liquid Lure	***Raccoons, Skunks, Woodchucks, Possum, Rats & Mice***	***WESTSBT-8***	***n/a***	***$14.95***

Very easy to use, comes in a flip-top bottle, very fragrant!

Melon Madness	***Woodchuck***	***WESTMMWL***	***n/a***	***$14.95***

The strong sweet smell of melon will draw in the woodchucks. Just a few drops is all that's needed.

Java Joe Paste Bait	***Raccoon***	***WESTJAVA-6***	***6 oz. $6.00***

A paste base with the strong smell of coffee and a great change up bait to attract raccoons to cage traps.

WILDLIFE RESEARCH CENTER

Hard-Core Raccoon Lure

WCS901-1 1 oz. $3.95

WCS901-4 4 oz. $14.95

Instructions: Soak 10 – 20 drops of Hard-Core into a cotton ball or another type of scent dispenser. Place it so the raccoon must pass over the trap to reach the lure. If the lure is 6" to 12" above the ground or water, it will attract them from a greater distance. Add another 5 – 10 drops of lure every 5 to 7 days, depending on conditions.

Carman Pro-Mix

Coyote Pro-Mix Scent
CarPMCoy $10.95/16 oz.
High grade coyote urine with Carman's Coyote Gland Lure added. Excellent at dirt hole sets and post sets.

Red Fox Pro-Mix Scent
CarPMFox $10.95/16 oz.
High grade fox urine with Carman's Red Fox Gland Lure added. Excellent at dirt hole sets and post sets.

Dunlap's Urine Enhancer
JDUE $10.00/8 oz.
Dunlap's Urine Enhancer makes urine more attractive to predators. It can be used along with lure and bait or as a stand alone attractant. Urine enhancer will also keep your urine working longer at your sets. Add 4 oz. of urine enhancer to one pint of urine.

Fish Type Oils

Fish Oil
Top quality, pure, fresh pressed fish oil. Excellent as an attractor or used by itself or as an ingredient in the formulation of lures and baits.

EO0017-16 $6.00/16 oz.
EO0017-32 $10.00/32 oz.
EO0017-GAL $25.00/Gal

Alaskan Fish Grease
Fish Grease is excellent for use as a base or as an attractor itself smeared at a set. It has a long lasting fishy odor and is in paste form below 50 degrees and liquid above 50 degrees.

EO0062-16 $5.95/16 oz.
EO0062-32 $9.95/32 oz.
EO0062-GAL $23.95/Gal

Shellfish (Natural) Oil
Potent attractor for raccoon, and mink which can be used straight, but is often mixed with fish oil.

EO0044NAT-1 $3.25/1 oz.
EO0044NAT-4 $9.00/4 oz.
EO0044NAT-16 $22.00/16 oz.
EO0044NAT-GAL $115.00/Gal

Shellfish (Synthetic) Oil
Potent attractor for raccoon, and mink which can be used straight, but is often mixed with fish oil.

EO0044SYN-1 $3.25/1 oz.
EO0044SYN-4 $9.00/4 oz.
EO0044SYN-16 $22.00/16 oz.
EO0044SYN-GAL $115.00/Gal

Salmon Oil
Highly attractive to most furbearers. This clear, clean oil has the pronounced and intense odor of salmon.

EO0025-16 $7.95/16 oz.
EO0025-32 $11.95/32 oz.
EO0025-GAL $28.95/Gal

Shrimp Essence Oil
Potent attractor for raccon and mink, which can be used straight, often times mixed with fish oil.

EO0058-1 $3.50/1 oz.
EO0058-4 $12.00/4 oz.
EO0058-16 $36.00/16 oz.
EO0058-32 $64.00/32 oz.

Crayfish Oil
Loud and long lasting. Crayfish Oil is an excellent attractor for raccoon, mink and otter.

EO0087-1 $3.25/1 oz.
EO0087-4 $9.00/4 oz.
EO0087-16 $22.00/16 oz.
EO0087-GAL $110.00/Gal

Clam Oil
Excellent attractor for raccoon. Has a deep and rich smell of clams.

EO0014-1 $4.00/1 oz.
EO0014-4 $13.00/4 oz.
EO0014-16 $38.00/16 oz.

Lobster Oil
Excellent attractor for raccoon. Unique odor on most traplines that triggers curiousity and food response.

EO0074-1 $3.50/1 oz.
EO0074-4 $12.00/4 oz.
EO0074-16 $36.00/16 oz.
EO0074-32 $64.00/32 oz.

Make your own baits and lures

WCS has everything you need to make your own secret formula

Bases & Preservatives

Looking to experiment with your own bait recipes? Let WCS provide the ingredients! Start with a base like our fruit base, Propylene Glycol or Tallow as a basic mixing paste and mix in your own choice of essential oils. Then add preservatives and stabilizers like Sodium Benzoate, and Glycerin to give your baits long life and staying power. Have a question? Call us at 1-877-684-7262.

Fruit Base

Our secret recipe fruit base is an excellent starting point for paste baits. We specially formulate it to absorb your oils well. Want to try making your own paste bait? Start with this fruit base and mix in your own choice of essential oils!

NWSPB005-16 16 oz. (approx. 50 sets) **$6.25**
NWSPB005-GAL Gallon (approx. 3-400 sets) **$28.50**
NWSPB005-5G 5 Gallon Pail "Bait Maker Special" **$115.00**

Propylene Glycol

Propylene Glycol, (USP) High Grade. Commonly used as a tincturing base. If using as an antifreeze at dirt sets – mix 1 part glycol to 3 parts water and apply in several layers at the set.

NWSPB3 16 oz. **$5.95**
32 oz. **$9.95**
Gallon **$26.95**

Glycerine (Stabilizer)

Add body to urine and prevent its evaporation and freezing with our high quality glycerine. Great as an antifreeze, stabilizer, binder, etc., but NOT a preservative.

NWSPB2 16 oz. **$5.95**
32 oz. **$9.95**
Gallon **$26.95**

Tallow Base

An all-purpose waterproof base for a canine lure or bait.

NWSPB004 1 lb. **$2.75**
5 lbs. **$12.50**

Sodium Benzoate (Preservative)

Sodium Benzoate (Bait Makers Compound) Use 2 tablespoons per pint or 1 cup per gallon to preserve fresh or aged meat or fish baits.

NWSPB001 16 oz. **$4.95**
5 lbs. **$20.00**

Lanolin (Anhydrous) Base

Lanolin is a natural, waterproof emollient derived from sheep wool. It is commonly used to create a bait or lure that will withstand harsh weather conditions, i.e. rain. It acts as a moisturizer for use in cosmetics and skin and hair care products. Lanolin can soothe burns as well as irritated or dry skin and helps retain moisture. Lanolin can be added to soap and bath and body products for a rich, creamy lather. It also has other uses such as a lubricant.

WCSLANP 16 oz. **$14.95**

Cotton Swabs COTSWAB $1.95/100 Pack

These long handled Cotton Swabs are excellent for lure application at sets. No more walking around your set looking for a stick to use to get lure out of the bottle. These long cotton swabs solve the problem.

Sheep's Wool

WCSWOOL-1 $3.95/1 Bag WCSWOOL-2 $6.95/2 Bags
WCSWOOL-3 $9.95/3 Bags

Spice up your sets with Sheep's Wool instead of cotton or ground litter. Sheep's wool makes an excellent pad in dirt holes to put lure or bait on. Predators are attracted to the natural smell of sheep.

Lure Capsules

LURECAP-12 $2.95/doz. LURECAP-60 $18.95/5 doz.

Lure Capsules produce a steady flow of odor in all conditions. Used in trapping at sets with lure or urine or in hunting with masking scents or attractants.

Scent Eggs WCSBRSE $19.95/doz.

Scent Eggs make excellent trapping lure holders at flat sets and are also effective when using masking scents while predator calling.

Methyl Paraben

An anti-fungal agent (powder) used as a preservative.

AMETHPARA 1 oz. $6.00
4 oz. $19.00
16 oz. $57.00

Zinc Valerate

Powder used to stimulate odors during bait/lure aging process. A little goes a long way.

EO0072-1 1 oz. $13.95

Skunk Oil

Smooth, mild smelling, readily accepts oils to create lure formulations

EO0092 4 oz. $6.00
6 oz. $20.00
2 oz. $35.00

Molasses Fortifier (Granulated)

Used to bolster/thicken liquid molasses in lure-making

EO00MF 16 oz. $3.95
32 oz. $6.95
Gallon $12.95

Guar Gum

Use as a binder in some lures to prevent separation

GuarGum 1 oz. $4.00
4 oz. $13.50

Bait Solutions

Dunlap's Bait Solution

Dunlap's Predator Bait Solution is formulated to mix with the meat or fish base of your choice when making ground or chunk type predator bait. This bait solution is a mix of essential oils and musks that are highly attractive to all predators. You can use this bait solution with fresh or tainted meat or fish to create a bait that is excellent for coyote, fox, bobcat and coon.

JDBSOL $18.00/16 oz.

Dobbin's Bait Solution

This bait solution is an enticing liquid blend that when mixed with your chunked or ground bait, is irresistible to canines.

NWSPD015 $25.00/16 oz.

Locklear's Bait Solution

Locklears' Bait Solution pulls in coyotes, fox, bobcats and big boar coons. It has three triggers on predators that get them and keep them at your sets for maximum catch ratio. It can be used to prepare a gallon of any fresh or tainted meat or fish. This is a strong solution that reaches out over a long distance. Pour the bait solution in a container with the ground or chunked meat or fish of your choice, mix it in well, and go catch your predators, while keeping your bait expenses down.

CLBaitSol $18.00/16 oz.

Marsyada's Maxima Bait Solution

Highly effective on all predators and is recommended to any trapper that likes to put up his own bait. Mike Marsyada used it over a decade ago to make one of the best chunk baits that has ever been offered to the public. Works on any chunk or ground flesh that is freash or tainted. This solution even works on fish and chicken.

MMBS-16 $14.95/16 oz.

Alfalfa Powder (Extract) has an uncanny attractiveness to woodchuck, muskrat, nutria and beaver when formulated into food lures of a particular type and concentration.

	Size	Price
ALFALP	1 oz.	$4.00
	4 oz.	$14.00
	16 oz.	$43.00

Almond Oil
Has a piercing and long lasting odor that is great for raccoon, bear, squirrel, and muskrat.

	Size	Price
EO0053	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Amber Oil "Rectified"
Amber Oil has a strong mint odor, and is popular in fisher, marten and canine formulations.

	Size	Price
EO0060	1oz.	$5.00
	4oz.	$17.00
	16oz.	$52.00

Ambergris Oil (imitation)
Top notch ingredient that holds a great attraction to raccoon, mink and most predators.

	Size	Price
EO0061	1oz.	$5.00
	4oz.	$17.00
	16oz.	$52.00

Ambrette Musk Crystals

Size	Price
EO0075Crys-16 16oz.	$52.00

Ambrette Musk Oil
This is a synthetic musk with a very sweet odor. Very attractive to muskrat, beaver, raccoon and fox. Often used in any formulation calling for musk.

	Size	Price
EO0075	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Anise Oil
A strong black licorice odor. Excellent for raccoon and muskrat. Also good for beaver, bear, fisher and marten.

	Size	Price
EO0002	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Apple Oil
It has got a powerful odor that is much stronger than actual apples. Excellent for muskrat, raccoon, beaver and bear.

	Size	Price
EO0003	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Asafoetida Powder
Excellent for canines, and attractive to cats in lure formulations.

	Size	Price
ASAPWDR	1oz.	$6.00
	4oz.	$21.00
	16oz.	$62.00

Asafoetida Tincture
Excellent for canines, and attractive to cats in formulations. Easier for mixing purposes than the powder.

	Size	Price
ASATINC	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Asafoetida Pure Gum
Excellent for canines, and attractive to cats in lure formulations. This is the real deal. None Better.

	Size	Price
ASAGUM	1oz.	$10.95
	4oz.	$34.95

Banana Oil
Smells just like its name, only stronger. Sweet, tropical banana odor. Excellent for raccoon and skunk.

	Size	Price
EO0004	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Beaver Castor (Liquid)
Beaver Castor (Liquid) also known as Castoreum can be used straight as an attractor or in formulation.

	Size	Price
NWS011L	1 oz.	$6.00
	4 oz.	$15.00
	16 oz.	$42.00

Beaver Oil
Beaver Oil - Nothing is added to this oil, it is straight out of beaver oil sacs. A little goes a long way. Just a few drops at a set is all that is necessary. Use as a change up to castor or as a mixture. Use straight or in formulation.

	Size	Price
EO0006	1 oz.	$5.00
	4 oz.	$16.00
	16 oz.	$54.00

Beaver Tail Oil
Beaver Tail Oil is a thick, viscous oil derived from ground and then sun-rendered beaver tails. It has an evenly pronounced aroma, although not rotten. A little goes a long way, try a few drops at a dirt hole and watch the canines aggressively work the set.

	Size	Price
EO0091	1 oz.	$6.75
	4 oz.	$23.50
	16 oz.	$75.00

Bergamot Oil
A very aromatic citrus odor. Good for muskrat and beaver.
Used in many lure formulations.

	Size	Price
EO0007	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Blueberry Essence
Blueberry Essence is sweet smelling, extremely fragrant and lingering. Great for attracting raccoon, skunk, bear, etc. Can be used by itself or in formulation to produce a bait or lure.

	Size	Price
EO0009	1 oz.	$4.00
	4 oz.	$14.00
	16 oz.	$43.00

Birch Oil
Good for raccoon and muskrat. Excellent for beaver also. Has a sweet, attractive odor. Great when used straight also.

	Size	Price
EO0008	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Blackberry Oil
Has a rich, intensely sweet odor that is highly attractive to raccoon, grey fox and bear.

	Size	Price
EO0065	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Black Walnut Oil
A vibrant, deep odor that is highly attractive to all rodents.

	Size	Price
EO0055	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Broccoli Essence Oil
Broccoli Essence Oil, fragrant, pungent. It has been compared to over-ripe cabbage. Appealing to rabbits, groundhogs, etc. Use as a trailing scent or use to formulate your own bait.

	Size	Price
EO0028	1 oz.	$4.50
	4 oz.	$15.00
	16 oz.	$45.00

Butter Pecan Oil
This gives an overwhelmingly sweet, butter pecan odor that is highly attractive to raccoon, as well as all rodents.

	Size	Price
EO0047	1oz.	$3.50
	4oz.	$12.00
	16oz.	$42.00

Butterscotch Oil
Very loud butterscotch odor. Excellent for raccoon and bear.

	Size	Price
EO0048	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Caramel Essence Oil
Strong caramel odor that is excellent for raccoon and bear also attractive to muskrat and beaver.

	Size	Price
EO0076	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Carrot Seed Oil
Carrot Oil has a very fragrant carrot odor that muskrats find highly attractive. Supreme Quality!

	Size	Price
EO0010	1oz.	$10.00
	4oz.	$36.00
	16oz.	$135.00

Catnip Oil – Imitation
Stronger than genuine catnip oil, and is excellent for bobcat, lynx, and feral cats. Also used in formulation for other furbearers.

	Size	Price
EO0011	1oz.	$5.00
	4oz.	$17.00
	16oz.	$52.00

Catnip Leaves – Genuine
100% Genuine Natural catnip. Prepared in a powder form. Can be mixed with your own bait preparations or sprinkled on the ground directly at set.

	Size	Price
I001CN	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Cedarwood Oil
Cedarwood Oil, subtle, but penetrating. Can be used alone or in formulation. Great for beaver, muskrat, nutria, etc.

	Size	Price
EO0041	1 oz.	$4.00
	4 oz.	$14.00
	16 oz.	$43.00

Cheese Essence Oil
Gives off a powerful blue cheese odor that is excellent for canines and skunk.

	Size	Price
EO0012	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Cherry Essence Oil
A nice wild cherry odor that is attractive to muskrat, beaver, raccoon and bear.

	Size	Price
EO0013	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Cinnamon Oil
Cinnamon Oil, strong, penetrating, alittle goes a long way. Can be used alone or in formulation. Great for creating that "side" spicy odor that will give your lure
a farther reach. Great for beaver, bear, muskrat, deer, etc.

	Size	Price
EO0029	1 oz.	$4.00
	4 oz.	$14.00
	16 oz.	$36.00

Civet Musk Oil – Imitation
This is a synthetic oil that is attractive to all animals.

	Size	Price
EO0066	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Clam Essence Oil
Clam Essence Oil is strong, and has a pungent smell of seabed clams! Product is oily, really making coons investigate, and will also attract cats.

	Size	Price
EO0014	1 oz.	$4.00
	4 oz.	$13.00
	16 oz.	$38.00

Clove Oil
Clove Oil very pungent, for use by itself or in formulation. Great fror increasing the "heat" or creating a side odor in beaver, muskrat, nutria lures.

	Size	Price
EO0033	1 oz.	$4.00
	4 oz.	$14.00
	16 oz.	$45.00

Cranberry Essence
Cranberry Essence, has a sharp sweetness to it, very fragrant, great on muskrat, beaver, and other rodents.

	Size	Price
EO0015	1 oz.	$4.00
	4 oz.	$13.00
	16 oz.	$38.00

Crayfish Oil
Loud, but not overpowering, and long lasting, Crayfish oil is an excellent attractor for Coon, Mink and Otter. This is NOT the crayfish oil which was previously on the market, almost black in color and with a rotted and rank aroma. This oil just has a nice smooth smell of crayfish… not rotted at all!!

Size	Price	
EO0087	1 oz.	$3.25
	4 oz.	$9.00
	16 oz.	$22.00
	Gallon	$110.00

Earth Fragrance Oil
Fresh and earthy odor. Good as a natural set scent and as a cover scent while hunting.

	Size	Price
EO0067	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Fennel Oil
A similar odor to Anise Oil, but slightly less intense. Good in lure formulation for raccoon, muskrat, beaver and bear.

	Size	Price
EO0077	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

FenuGreek Powder
FenuGreek Powder is attractive to members of the canine family. Can also be used as an attractor in deer lure formulations.

	Size	Price
FenuGreek	1 oz.	$4.00
	4 oz.	$13.00
	16 oz.	$48.00

Fig Extract Oil
Light and attractive sweet fig odor. Highly attractive to raccoon, grey fox and bear.

	Size	Price
EO0016	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Geranium Oil
Geranium Oil pungent and fragrant is the best way to describe this oil. Very attractive to woodchucks.

	Size	Price
EO0018	1 oz.	$6.00
	4 oz.	$21.00
	16 oz.	$75.00

Grape Essence Oil
Gives a strong ripe grape odor. Highly attractive to raccoon, grey fox and bear.

	Size	Price
EO0019	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Hibiscus Oil
A medium weight, highly fragrant oil derived from the hibiscus flower that is good used by itself or in formulation. Especially attractive to iguanas, as well as all herbivores.

	Size	Price
EO0057	1 oz.	$ 4.25
	4 oz.	$14.25
	16 oz.	$42.00

Honey Essence Oil
A nice light honey odor. Good for raccoon, bear, fox and beaver.

	Size	Price
EO0020	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Lobster Essence Oil
Lobster Essence Oil, this oil has a nice stable, rich aroma of lobster. Not loud and rank like some of the other crustacean oils. Great for raccoon and mink. Can be used alone as a lure, or in formulation.

	Size	Price
EO0074	1 oz.	$3.50
	4 oz.	$12.00
	16 oz.	$36.00
	Gallon	$64.00

Loganberry Oil
Very sweet penetrating odor. Excellent for raccoon, skunk and bear.

	Size	Price
EO0021	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Lovage Oil Tincture
A compelling passion ingredient that is highly attractive to canines.

	Size	Price
EO0068-SYN	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Lovage Root Powder
Lovage Root Powder is a Passion ingredient of the highest caliber, and is used in many natural scent products for canines. A little goes a long way.

	Size	Price
LovageRP	1 oz.	$4.00
	4 oz.	$13.00
	16 oz.	$48.00

Lovage Oil Tincture (Natural)
Lovage Oil Tincture (Natural), this is a strong tincture from Natural Lovage Oil, this is NOT a synthetic product. Lovage Oil is a compelling passion ingredient that is highly attractive to canines. While the cost of Lovage Oil in its pure form is prohibitive for luremaking, when tinctured properly it brings it back into the realm of affordability.

	Size	Price
EO0068-NAT	1 oz.	$6.00
	4 oz.	$21.00
	16 oz.	$72.00

Melon Oil
Has a sharp, sweet odor. Excellent for woodchuck and raccoon.

	Size	Price
EO0051	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Methyl Paraben
An anti-fungal agent (powder) used as a preservative.

	Size	Price
AMETHPARA	1oz.	$6.00
	4oz.	$19.00
	16oz.	$57.00

Mulberry Oil
Mulberry Oil, extremely fragrant, oily, the majority of groundhog baits and lures are based upon this oil due to its' attractiveness. Good for any vegetarian species. Can be used alone as a trailing scent or in formulation.

	Size	Price
EO0040	1 oz.	$3.75
	4 oz.	$12.00
	16 oz.	$40.00

Muscaro Type Musk Oil
A synthetic musk that is very attractive to most furbearers.

	Size	Price
EO0069	1oz.	$4.00
	4oz.	$15.00
	16oz.	$54.00

Muskrat Musk – Imitation
An excellent substitute for real muskrat glands. Works fine in any lure formulation calling for the real thing. Thick and pasty just like real, ground rat glands.

	Size	Price
EO0078	1oz.	$5.00
	4oz.	$17.00
	16oz.	$52.00

Nutmeg Oil
Powerful and aromatic scent attractive to beaver, raccoon, muskrat, nutria. Useful as a long-distance draw for fox, coyote and wolf in dry desert regions.

	Size	Price
EO0037	1 oz.	$4.00
	4 oz.	$14.00

Oak Moss Resinoid Fragrance
A powerful fixative product, used in in coyote and wolf natural scent formulations, occasionally in fox lures. Recommended for those that are experienced working with fixative products.

	Size	Price
EO0086	1 oz.	$11.00
	4 oz.	$40.00
	16oz.	$144.00

Orange Oil
Orange oil, sweet, delivers a very fragrant, lingering smell of ripe oranges

	Size	Price
EO0054	1 oz.	$3.00
	4 oz.	$8.00
	16 oz.	$24.95

Peanut Butter Oil
Produces a heavy, permeating peanut butter odor. Excellent for squirrel, raccoon and bear.

	Size	Price
EO0079	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Pecan Essence Oil
Pecan Essence Oil has a very sweet, alluring odor of pecans. Can use just a few drops as a trailer or mixed with a base formulation for a bait. Very attractive to all rodents.

	Size	Price
EO0046	1 oz.	$3.50
	4 oz.	$12.00
	16 oz.	$42.00

Pennyroyal Oil
Strong mint odor. Good for muskrat, raccoon, beaver and nutria.

	Size	Price
EO0064	1oz.	$6.00
	4oz.	$21.00
	16oz.	$62.00

Peppermint Oil
Gives a strong peppermint odor that is highly attractive to muskrat and raccoon.

	Size	Price
EO0042	1oz.	$4.50
	4oz.	$15.00
	16oz.	$48.00

Persimmon Oil
A sweet and alluring odor. Very attractive to most animals.

	Size	Price
EO0052	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Phenyl Acetic Acid
Light aromatic honey odor. Excellent for raccoon and bear. Crystalized.

	Size	Price
APAAC	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Poplar Bud Oil
Creates a strong poplar odor that is highly attractive to beaver. Also good for raccoon and muskrat.

	Size	Price
EO0036	1oz.	$4.50
	4oz.	$15.00
	16oz.	$45.00

Prune Essence
Sweet candy odor that holds a strong attraction for raccoon and bear.

	Size	Price
EO0080	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Prune Extract (Powdered)
Sweet, mild odor, easy to work with. Long-lasting, extremely attractive to raccoon and bear.

	Size	Price
APExtPwdr	4 oz.	$14.50
	8 oz.	$22.50
	16 oz.	$40.00

Raspberry Fragrance Oil
Raccoon and Gray Fox weave in and out of raspberry patches for this succulent fruit, great call along streams, ridges, and hedge-rows.

Size	Price	
EO0093	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Rhodium Oil
Permeating mint odor. Good for muskrat, nutria, raccoon and beaver.

	Size	Price
EO0063	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Shellfish Essence Oil
Shellfish is a potent attractor for raccoon and mink. Use straight or mix in formulation. Synthetic.

	Size	Price
EO0044	1oz.	$3.25
	4oz.	$9.00
	16oz.	$22.00

Shellfish Essence Oil (Natural)
This is NATURAL Shellfish Oil, rendered and cold pressed from shellfish. This is a smooth smelling, not rank, full-bodied shellfish oil that is highly attractive to raccoon, mink, otter, coyote, etc. Has a lingering odor that will stand up to weather. Can be used as a trailing scent.

	Size	Price
EO0044N	1 oz.	$3.25
	4 oz.	$9.00
	16 oz.	$22.00
	Gallon	$115.00

Shrimp Essence Oil
Shrimp is also an excellent attractor for raccoon, mink and otter. Again, use straight or in formulation.

	Size	Price
EO0058	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Skunk Oil
Skunk Oil is a smooth, mild smelling oil which is a butter-like solid at room temperature, but melts at and turns liquid above 90°. Skunk Oil is slowly sun-rendered from skunk fat and the oil poured off. Great as a lure base as it doesn't impart a smell of its' own to the formulation, but readily accepts oils which comprise the lure formula.

	Size	Price
EO0092	4 oz.	$6.00
	16 oz.	$20.00
	32 oz.	$35.00

Smoke Fragrance Oil
Burned flesh odor. Add to fish or meat based baits and fish oil. Excellent for canines, raccoon and bear.

	Size	Price
EO0081	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

Spearmint Oil
A very sweet, spearmint odor. Good for muskrat and raccoon.

	Size	Price
EO0082	1oz.	$4.50
	4oz.	$15.00
	16oz.	$48.00

Sweet Corn Oil
Excellent for raccoon, beaver, muskrat and bear. A very sweet and very effective odor.

	Size	Price
EO0039	1oz.	$4.00
	4oz.	$14.00
	16oz.	$43.00

Sweetflag (Calamus) Oil
An alluring, sweet odor that is attractive to raccoon, beaver and muskrat.

	Size	Price
EO0056	1oz.	$4.50
	4oz.	$15.00
	16oz.	$48.00

Synthetic Fermented Egg (SFE)
Rotten egg odor. Excellent for canines, alone or at urine post sets. Great for skunks.

	Size	Price
EO0083	1oz.	$8.50
	4oz.	$27.00
	16oz.	$94.00

Tonquin Musk – Siberian
This is a synthetic musk that is a top attractor for all animals. Very high in quality.

	Size	Price
EO0090	1oz.	$16.00
	4oz.	$58.00

Tonquin Musk Tincture
This is a tincture of synthetic Tonquin musk. Excellent for attracting all animals.

	Size	Price
EO0073	1oz.	$4.50
	4oz.	$15.00
	16oz.	$48.00

Valerian Root Extract Oil
Very effective for canines and cats. Used in many lures for a wide variety of animals.

	Size	Price
EO0038	1oz.	$5.00
	4oz.	$17.00
	16oz.	$52.00

Valerian Root Powder
Valerian Root Powder, this is a pure ground powder. Strong, Heavy, Penetrating Odor.

	Size	Price
AVRPwdr	1 oz.	$9.00
	4 oz.	$32.00

Vanilla Oil
Vanilla Oil is highly attractive to raccoon, deer, beaver and muskrat.

	Size	Price
EO0071	1oz.	$3.50
	4oz.	$12.00
	16oz.	$36.00

White Musk
A natural, animal like scent that is highly attractive to all predators. Also known as Xylol Musk, and is a top shelf ingredient.

	Size	Price
EO0084	1oz.	$5.00
	4oz.	$17.00
	16oz.	$52.00

Wintergreen Oil
Wintergreen Oil, very fragrant, pungent. Scent fills the air. Great for beaver, muskrat, etc.

	Size	Price
EO0035	1 oz.	$4.50
	4 oz.	$15.00
	16 oz.	$45.00

Ylang-Ylang
Attractive to canines, felines, raccoon, muskrat and beaver. Can be used straight as a lure or in formulation.

	Size	Price
EO0059	1oz.	$15.00
	4oz.	$52.00

WCS™ Zinc Valerate (Preservative)
Zinc Valerate is a powder used by lure and flesh bait makers in the same manner as Sodium Benzoate Powder but its chief function is to stimulate lure and bait odors during the aging process and to stabilize them when in use. It is also an excellent retarder-preservative of urine.

	Size	Price
EO0072-1	1 oz.	$13.95

Wildlife Calls "Bring them in"

ICOtec GC500 Gen 2 Electronic Game Caller - Up to 200 calls

ICOtec is one of the fastest growing electronic game call manufacturers in the world. Our products are derived from years of experience developing and manufacturing products for companies across the globe. The reason our calls are so well received, reviewed and recommended is that we studied your suggestions and the failures of the products before ours. We design and build our products just the way you would. And we keep them affordable! You have several options if you have $400 - $600 to spend, but you won't be guaranteed better results!

GC500-G2 $199.99

ICOtec GC350 Gen 2 Programmable - Up To 24 Calls

The NEW GC350 is a highly efficient unit, it is durable, easy to operate, powerful and extremely affordable. You can't go wrong with this electronic game call if you are a beginner or a more experienced hunter that demands expandability. Great for attracting coyote, bobcat, fox, wolf, bear, crow, raccoon, whitetail deer, snow geese, wild turkey and much more. If you are a master of the hand call, take advantage of the remote range and stay better hidden from your game. The more advantages you have, the more results you are potentially going to see.

GC350-G2 $144.99

Lucky Duck Trap Bait Digital Caller

The Lucky Duck Trap Bait Digital Caller helps to draw bobcats into your live traps and predators to your foothold sets. Simply turn it on, set it inside the cage trap or by the foothold set and leave. The Trap Bait Digital Caller will help lure predators to your set. The Trap Bait Digital Caller features: 3 random sounds, Lightweight and compact, Plays continuously for up to 3 weeks on a set of batteries. Requires 4 AAA batteries (not included)

LDTBDC $17.95

ICOtec GEN2 GC300 Electronic Game Caller

The NEW and highly improved GEN2 GC300 Electronic Predator Call offers an outstanding value when it comes to quality, performance and ease of use. ICOtec has improved on one of the most sold models in the electronic game calling industry. Practical features that lead to better results – at a price that nearly anyone can afford.

GC300-G2 $89.99

Tally-Ho Predator Call

One of the finest open reed calls on the market. Designed by a predator specialist and beloved by many expert hunters. By changing hand movement and mouth placement, you can make a slew of sounds at a hefty volume. Includes instructions.

NWSTH01 $13.99

Calling the Elusive Coyote with Vern Howey (DVD)

Calling the Elusive Coyote with Vern Howey: Speaking the language of the coyote is an art that professional caller Vern Howey has been practicing for over 35 years. During this period of time he has come to develop and understand coyote behavior and vocalization.

WCSCECVH $34.95

WCS's Standard Bearer for Humane Canine Capture

www.collarum.com

We set out to find the best humane canine capture trap on the market, and feel we've succeeded. The Collarum® throws a secure, non-choking cable loop over a canine's head and around the neck, making capture faster, easier and more humane than ever before. The Collarum is recommended for capturing dogs, foxes, dingoes, coyotes and wolves. Unlike other canine traps, the Collarum delivers three major advantages.

100% CANINE-SPECIFIC.

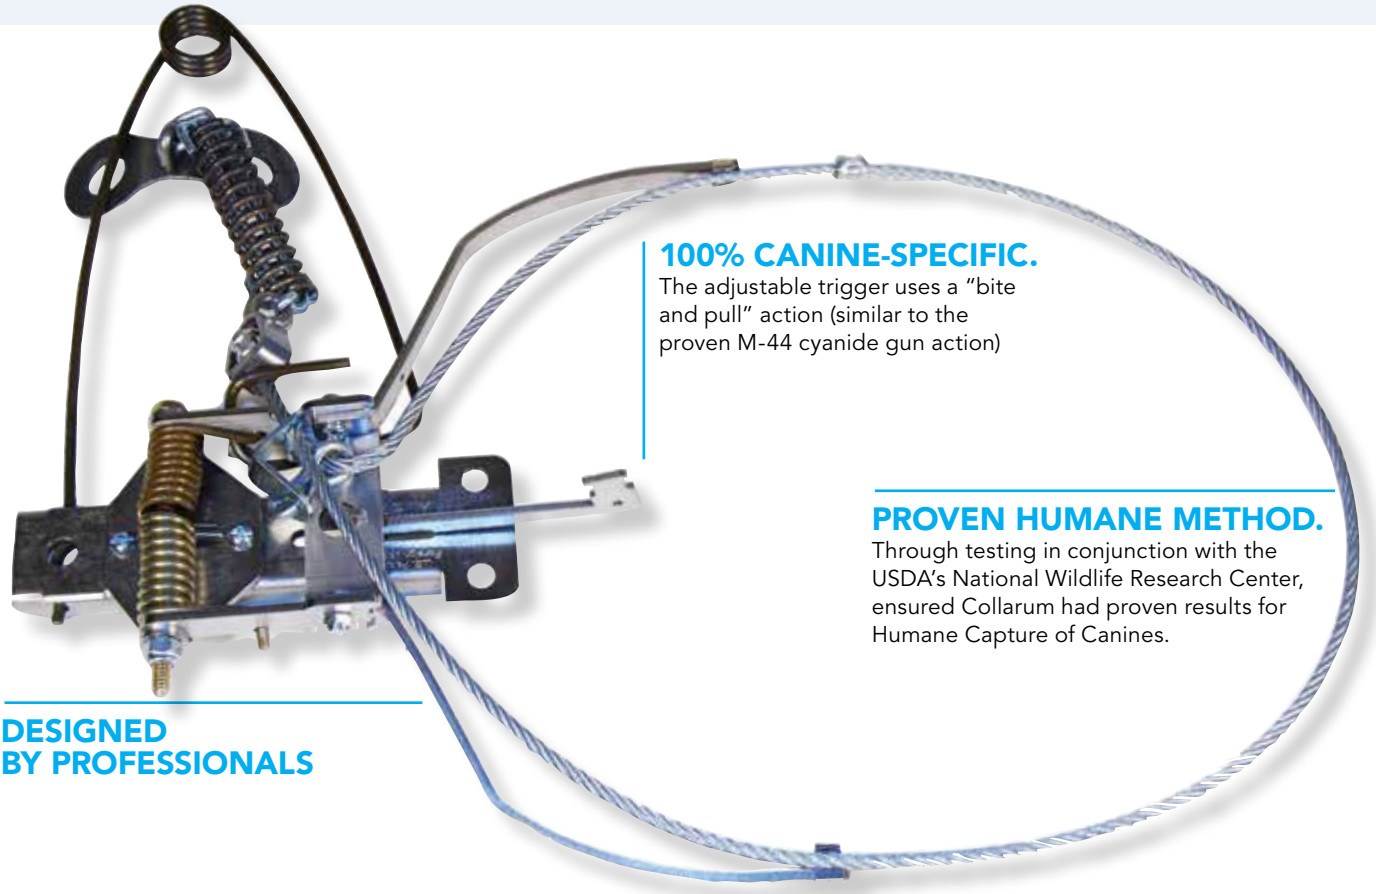
The adjustable trigger uses a "bite and pull" action (similar to the proven M-44 cyanide gun action), not the "push or depress" mechanism employed by conventional traps. Unlike other capture devices, the only animals caught during the Collarum's development and trialing were canines.

PROVEN HUMANE METHOD.

From day one, the Collarum was designed to meet International Humane Standards. Through testing in conjunction with the USDA's National Wildlife Research Center, we've made a number of improvements, including our latest, a Relaxalock cable that ensures even more "dog-friendly" captures when needed.

IDEAL FOR ALL AREAS.

Light, compact and easy to hide, the Collarum poses little risk to humans, livestock and pets—a particular advantage for Animal Control Officers in high traffic and high visibility areas. Since 2002, the Collarum has been proven in urban backyards and landfills, coyote-plagued pastures and remote rural settings worldwide.



All Collarum models are made of stainless steel and have one of three reusable cable options:

Relaxalock: relaxing lock designed for live capture, specifically for dogs trained to leash, choke chain or collar

Shurlock: non-relaxing lock designed to hold canine with minimal damage

Lethalock: non-relaxing lock designed for quick kill and less fur damage

Each Collarum includes a complete set of assembly and setting instructions plus instructional DVD. If you'd like to see the Collarum at work, visit www.collarum.com

COLLARUM® Deluxe for Coyote
Heavy duty and humane. In a study conducted by the USDA's National Wildlife Research Center, coyotes caught with the Collarum showed no significant injuries. Includes base unit, 1 complete 3/16 cable with Shurlock, shock spring and double stake swivel. 2 bite pieces, 4 extra clips, instructional DVD.
NWSCDM.001 $76.95

COLLARUM® FOR WOLF
The Base is modified to include a longer trigger & throw arms and the cable is made extra strong with a stainless steel lock, 3/16 7x19 aircraft cable, heavy duty shock spring, stainless swivel and more. Includes extra clips, bite piece, instructions and DVD.
NWSCDM.005WOLF $145.95

COLLARUM® for Fox
Has 1" shorter throw arms than coyote model to allow for size. Includes base unit, 1 complete 3/16 cable with Shurlock, shock spring and single stake swivel. 2 bite pieces, 4 extra clips, instructional DVD.
NWSCDM.003 $76.95

COLLARUM® for Domestic Dog
Has Relaxalock cable and lighter throw springs than coyote model for shorter set periods. Includes base unit, 1 complete 3/16 cable with Relax-A-Lock, shock spring and double stake swivel. 2 bite pieces, 4 extra clips, instructional DVD.
NWSCDM.002 $96.95

Animal Control Officer Special ACO Special
All you need for dog capture in one complete kit. Includes an instructional video on DVD, Field Guide and Setting & Assembly Instructions, along with the following components:

- Domestic Dog model Collarum
- Rebar stakes (2) for anchoring the cable
- Pegs for anchoring the baseplate
- Screw link on cable for easier transfer of canine
- Prepared bait cap
- 4 oz. jar of canine specific attractant bait
- Bait Spreader for applying bait
- 5 ft. security cable for theft prevention

This is a complete kit, right out of the box, nothing else necessary for capturing canines.

ACO Special - Complete Kit
NWSACOSP $135.95

Accessories

Conversion Kits
Increase or decrease the size of capture cable and arms to accommodate different canines.

NWSCKF.01 Coyote/Dog to Fox $25.00
NWSCKC.01 Fox to Coyote $25.00
NWSCKD.01 Fox to Dog $25.00

Replacement Cables (cables only)
Although the Collarum cable is reusable, it will not last indefinitely. On average, 3-4 coyotes can be caught before replacement is necessary; the cable will last much longer with foxes or dogs.

RC3.01 3/16" cable, 40"L, w/Lethalock $6.95
RC3.02 3/16" cable, 39"L, w/Shurlock $6.95
RC3.03 3/16" cable, 40"L w/Relaxalock $11.95
RC3.04 3/16" cable, 36"L, w/Relaxalock (fox) $11.95
RC5.01 5/32" cable, 35"L, w/Shurlock $6.95

Replacement Cables (complete: includes shock spring & anchoring swivel)
RC3.01C 3/16" cable, 40"L, w/Lethalock $8.95
RC3.02C 3/16" cable, 39"L, w/Shurlock $8.95
RC3.03C 3/16" cable, 40"L, w/Relaxalock $13.95
RC3.04C 3/16" cable, w/Relaxalock (fox) $13.95
RC5.01C 5/32" cable, 35"L, w/Shurlock $8.95

J-Hooks Rivets (100) $12.95

The Widest Choice of Traps in the Business

Whether you're a wildlife control professional, animal control official, researcher or zoologist, we make it easy to choose the species-specific traps and accessories you need for success. As always, if you need help or advice, we're here to answer your questions. Call us at 1-877-684-7262 or e-mail us at **admin@wildlifecontrolsupplies.com** anytime.

WCS Specialty Live Traps

Collapsible Muskrat Trap

Sometimes called the submarine trap, this multiple catch muskrat colony trap can be submerged in a muskrat's runway or den for effective catching. A passive door on each end allows for entry while a central handle holds it in a rigid square shape. When the handle is removed from the trap, it folds flat for easy carrying and storage. 28"L x 5"W x 5"H trap is made of 1" x 1" galvanized wire mesh. Note: If this trap is located in shallow water it can be used as a live capture device, however locating it in deeper water makes it lethal.

WCSMUSKC $16.00

WCS™ Simple Squirrel Trap

Inexpensive, easy to set and sensitive enough to catch chipmunks. Made in Pennsylvania exclusively for WCS, this 1" x ½" mesh trap comes with a spring-loaded door for quick, secure capture. Dipped in trap dye for rust resistance and ready to go.

WCSJC001 **$14.50**
Narrow: 3" x 4" x 17"

WCSJC002 **$15.50**
Standard: 4" x 4" x 17"

WCSJC003-XL **$17.50**
Xtra Large: 5" x 5" x 21"

Sized to fit in a gutter and easy to set from a ladder.

WCS™ Flyer Funnel

Convert your standard single catch squirrel traps into multi-catch units for flying and red squirrels. The Flyer Funnel has a nose cone at one end for attaching to a standard 18"x5"x5" cage trap and four wing-flanges at the other for securing around a hole. Inside, a spring-loaded one-way door lets squirrels pass through but not back out. Keep the Flyer Funnel attached to the structure, remove the full cage and replace with an empty one until you've captured all the squirrels in the area! Made of 16 gauge galvanized wire, 1" x ½" mesh. Attach with wire ties or dog clips (not included).

WCSFF01 $27.95

WCS™ Special Squirrel Traps

WCS created this easy-to-set squirrel trap to stand up to years of service. Trap measures 5"W x 5"H x 18"L, dimensions precisely suited for squirrels. It is offered it in two styles: Standard with 1" x ½" mesh for general use and Professional with ½" x ½" mesh for daily use and to prevent bait access from the outside of the trap. Both traps include an effective door lock to allow for one hand setting (great for use with ladders). And we added a handguard plate for protection when moving your capture. The result is a custom-designed trap that is second-to-none. A WCS exclusive!

WCS55STD (Standard) **$29.95**
WCS55PRO (Professional) **$33.50**

WCS™ Excluder Series

Our new 4" Excluder Series provides great flexibility for excluding squirrels and similar size animals. The trap has a one-way door, mounting flanges and a hinged back door which can be left open to let the animal out or closed if you wish to relocate the trapped animal. Constructed of 1" x ½" Galvanized Wire and includes a handle. When used with the nose cones listed below, the mounting flanges are not used. 3 different type nose cones are available. Secure nose cone over entrance hole of animal. Once an animal is caught, you can replace the trap, leaving the nose cone secured. When all animals have been caught remove nose cone and repair hole.

WCSEXCL-Kit (2) One way door traps & (1) Straight Nose Cone **$74.95**

A Straight Nose Cone - Secures trap perpendicular to structure.
B Wall/Soffit Nose Cone - Secures trap against or under a surface.
C Angle/Gutter Nose Cone - Secures trap onto fascia board inside the gutter.

WCSOWT4W	– One Way Door Trap with back door	**$32.95**
WCSSNC	– Straight Nose Cone	**$17.80**
WCSGNC	– Angle/Gutter Nose Cone	**$23.95**
WCSWNC	– Wall/Soffit Nose Cone	**$23.95**

WCS™ Floating Muskrat Trap

Works in only a foot of water! Our lightweight, innovative trap has two compartments – one 7" high above water and one 13" below – plus a 7" floating platform outside the trap. The muskrat sits on the platform, smells the bait and enters through the one-way door… trapped, and with plenty of room for the family to join him. For live capture, wire the interior spring loaded door open. 2 clear out doors. Sturdy 1" x 1" galvanized wire mesh. Measures 18L x 16W x 20H.

WCSFMT2 $104.95

Odorless Skunk Trap

(Spray Control)

The "Odorless Skunk Trap" is constructed of round 6" PVC pipe, which means that when a capture is made the skunk is fully enclosed and out of view. The design minimizes the likelihood that the skunk will spray. The trap has a gravity-activated door which is easy to set. Can be set flush mount against an opening as the door functions vertically. A slide back door is great for releasing animal and when baiting. A great solution when you need to remove skunk from a property, with an added bonus that it doesn't even look like a trap.

WCSRCSNKTRP $56.50

Multi-Catch Rat/Chipmunk Cage Trap

The Multi-Catch Rat Cage Trap is a traditional device for the humane trapping of rats or similar sized pests (e.g. chipmunks, red squirrels, weasels, flying squirrels). The counter-balanced door is activated when the animal steps on it in an attempt to reach the bait, when the animal steps off the door it closes behind them, safely trapping it inside. Because of the clever trap design, it allows for multiple rats or other similar sized animals to enter the cage and be captured. Purchase it now at this low, introductory price!!

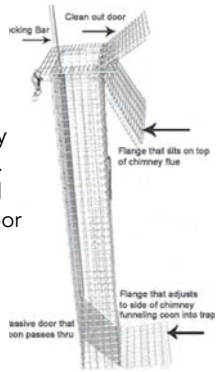
PSMRCAGE $19.95

Mink Trap - Double Door

This live capture Mink Trap has two spring-loaded doors and measures 30 1/2"L x 5 1/2"H x 6"W is of a very high quality, originating in the U.K., and is constructed of 14 gauge 1" x 3" galvanized wire mesh. The bait is placed on or close to the metal plate inside the trap. When the mink touches the plate, the trap is activated and the doors close trapping the animal inside. It works for small Woodchucks, too!!

PSMCAGE $22.50

No-See 'Um™ Chimney Trap



This is the best trap we've found for coons! The No-See 'Um fits right down the chimney flue, hidden from sight. Raccoons climb up and through the passive door of the trap, triggering a wire and locking the door behind them. A visual indicator allows checking it from the ground. Made of 1"x 1" galvanized mesh for years of service. End doors have sturdy 10.5 gauge ½" x 2" mesh, with flange at bottom. Fits 9 x 13 and 13 x 13 flues.

WCSNOSEE $149.95

The Coontroller™

An industrial strength exclusion device designed to allow raccoons to leave a structure but not allow them to return through the original access point. Appropriate for use when raccoons are in an attic, chimney or underneath an enclosed shed or deck. The excluder features a unique cam locking double door that allows wildlife to push through to gain access to the outside, but locks behind them so if they try to re-enter, they are stopped cold. The Coontroller is 17" x 8" x 8" and is constructed of 1" x 1" galvanized 14 gauge wire mesh. Also effective for groundhogs, skunks, feral cats, armadillo and other similar sized animals. Note: This is not a trap; it allows animal to leave but not re-enter.

WCS54590 $78.95

Large Pigeon Trap

Just call it the Pigeon Hilton. Our extra-large trap holds 45-60 birds and comes in 7 convenient panels. Extra panel can be used as a separator when removing birds. 8 non-stick bobbin-type doors (4 each end), plus 1 large cleanout door. 14 gauge wire, 1" x 2" mesh. 4'L x 3'W x 2'H.

WCSPPT $184.95

WCS Tip – place on flat roof or plywood and bait with whole kernel corn to avoid attracting smaller birds.

Shade Cloth for WCS™ Large Pigeon Trap

Shade Cloth for WCS™ Large Pigeon Trap – This fabric is extremely strong and durable, treated to withstande the suns rays, yet lightweight enough to allow water to pass through. It measures 2' x 3' and includes for 4 grommets.

WCSPPTShade $19.95

WCS Specialty Live Traps (continued)

WCS™ Pigeon Trap (Low Profile)

Perfect for tight spaces (ledges, patios, billboard catwalks – you name it). 2 bobbin-type doors have unique "feet" that prevent jamming and 1" x ½" mesh that prevents hawks from feeding on captured birds. Holds 6-10 birds. 24"L x 12"W x 7"H.

WCSPGLP $44.95

WCS™ Wooden Bird House Trap for Sparrow

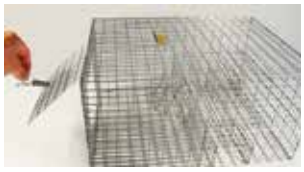
A spring-loaded door snaps shut when the sparrow lands on a perch below the opening. A convenient fluorescent orange sticker on the door shows you if it's been closed. Trap inside is detachable. Remove birds promptly.

NWSSTWH $38.00

WCS™ Sparrow Sled Live Trap

A unique solution for use in "big box" retailers, factories and hangers. When suspended from rafters, this trap's sled base allows for a landing spot (bait area) and keeps debris from falling on employees and customers. Front entry compartment has funneled door and cone funnel to back compartment, equipped with 2 water bottles for thirsty captured birds. Trap made of 1" x ½" mesh and measures 24"L x 12"W x 12"H. Sled measures 33"L x 13.5" 4"H.

WCSSPWSLDE $139.95



WCS™ Multi-Catch Sparrow Trap

No fuss, no muss, no moving parts. Our super-sturdy Multi-Catch Sparrow Trap has two entry points and a side release door. Just set in an area where sparrows are gathering and bait with seed or breadcrumbs. 8-10 bird capacity. 16"L x 12"W x 8"H.

WCSKBSPWT $39.95

WCS™ "Starling Catcher™"

There is nothing like it on the market. This wooden trap contains 2 chambers for live capture. It measures 14.5H x 8W x 9D and is perfect for capturing those pesky starlings. A fluorescent circle helps to notify user once the trap has been triggered closed.

WCSSC-1 $79.95

WCS™ "EZ" Catch Bird Trap

Proven to work, easy to use, safe for the birds – that's why we trust our EZ Catch Bird Traps. A spring-loaded gentle nylon net closes like a clamshell over the birds when they trigger the bait pan, to trap them quickly and effectively. The metal mesh base frame is powder coated for rust resistance. Can be mounted on walls, buildings or placed in trees. Base and net are green to blend with surroundings.

WCSRC17 $72.95
17" x 17" x 2.5" – (Woodpecker)

WCSRC24 $84.95
24" x 24" x 2.5" – (Crow/Duck/Grackles)

WCSRC36 $124.95
36" x 36" x 2.5" – (Duck/Chicken)

WCS™ "EZ" Catch Bird Trap with Remote Trigger

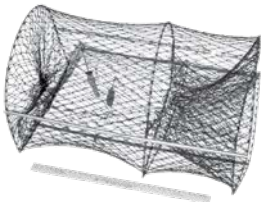
We took our effective EZ Catch Bird Trap and added a unique remote trap trigger that provides an onsite, manned operation for selective capture. Rigorously field-tested, with a maximum effective range between 100'-150' and success up to 200' depending on terrain and interference. When you need to monitor capture and select specific targets, the EZ Catch with Remote Trigger is a powerful solution.

WCSRC36-Remote $374.95
36"x36"x2.5" (ships at 90 lb rate)

WCS™ Wooden Rabbit Trap

If you've tried to get a rabbit into a wire cage you know it's no picnic. So we offer a unique all-wood, ¾" pine box that makes trapping easier. As the rabbit walks up the incline to the bait, their weight tilts the wooden pan forward and the door closes behind them. We've included 1 oz. of pure Apple Essence as an attractor. 24" x 7" x 8.5"

WCSWRT $54.95
WCSWRT2 with double doors **$66.95**



Collapsible Turtle Trap

We got tired of lugging traps the size of refrigerators around. The result is a trap capable of handling the largest turtles, but flat enough to stack in your truck or shed. Built extra-tough with 3 D-shaped hoops of spring steel and zinc-plated for rust-resistance, this trap won't roll in water and comes with spreader rods that hold it in its rigid "set" position. Durable net mesh is 2" square, with large funnel opening. A detachable bait bag hangs in the rear for ease of setting. Trappers confirm this one really works!

WCSNSTT-2 $99.95

Bobcat Trap

The Bobcat & Grey Fox Trap measures 36"L x 9"W x 18"H and is constructed of 1" x 1" wire mesh which is powder-coated brown for added durability and ease of camouflaging. Trap has a locking guillotine-type gravity door constructed of .25 cold-rolled steel rod. The combination of gravity, coupled with the powder-coating makes this an extremely fast closing and quiet trap door. Triggering pan is solid, there is no walking on wire mesh. The pan at the interior end has approx. 2.5 - 3 lbs. of pan tension and works in a see-saw fashion. When the trap fires the animal is well inside the traps enclosure.

(Flat rate shipping - Continental US)

NB-Bobcat $166.95

WCS Trap Accesories

Animal Proof Bait Baskets - 3 sizes

Animal Proof Bait Baskets are available in three sizes depending on the size cage trap you are using or animal you are targeting. These bait baskets can be hooked over any wire in the back of the cage trap and is suspended above and beyond the triggering pan.

WCSBB	small	$5.40
	medium	$5.90
	large	$6.50

Trap Dividers

Our custom Trap Dividers allow you to confine animals in the rear of a trap while preparing them for transfer. Made from heavy duty steel rod and plated in yellow zinc chromate for rust protection. Available in 3 sizes:

WCSTD5 $17.00
fits a 4" or 5" cage trap, 4.5"W x 7.5"H, 3/16" steel rod and has 1/2" tine spacing

WCSTD8 $18.50
fits a 9" wide and smaller cage trap, 7"W x 12"H, 1/4" steel rod with 1" tine spacing

WCSTD12 $20.50
fits a 12" wide and smaller cage trap, 11"W x 14.25"H, 1/4" steel rod with 1" tine spacing

Nose Cone for Raccoon & Skunk Sized Cage Traps

When the nose cone is placed over the front of a cage trap and anchored in place, using wire or plastic zip ties, it changes the position of the entry point to the bottom of the trap. This is a great addition to any cage trap, especially for catching animals inhabiting burrows. Simply dig the front end of the trap with nose cone attached over the front of an animals den or burrow and the only thing that will be captured is the animal in residence when it tries to leave its burrow. It "forces" the animal up into the trap.

WCSNC01	Skunk Size	$19.95
WCSNC02	Raccoon size	$21.95

Gutter Grabber – Squirrel Trap Bracket

The Gutter Grabber is an aluminum gutter hook made to fit snugly over the lip of the standard aluminum gutter, and holds a 5" x 5" squirrel trap securely on the gutter. One required per trap. This ingenious gutter bracket eliminates the need for a custom platform or wiring the trap to the structure – a great timesaver for squirrel jobs!

NWSGXG01	1-5	$3.75
	6+	$3.50

Trap Dock for Squirrel Traps

The Squirrel Trap Dock is the perfect tool for mounting any 18" squirrel trap in almost any situation. The galvanized steel construction is durable and tough enough for pros to use over and over again. Keyholes on the sides and bottom allow for easy mounting to the sides or roof of almost any house. Additionally, the Squirrel Trap Dock serves as a trap cover, protecting the animal from the elements, and keeping it safely out of the view of passers-by.

TD1800 $35.00

NEW Trap Dock for Raccoon Traps

Measures 12"W x 13"H x 36"L

TD3000 $69.95

Safeguard Products

Standard Front Release

A favorite with Nuisance Wildlife Control Professionals, Animal Control Officers and Government Agencies. Safeguard has been in business since 1982 and offers a wide range of economical and commercial-grade options for professionals. Constructed with patented field-proven Galfan wire mesh that is much more corrosion resistant that galvanized wire. Made in the U.S.

Standard Slide Release

Humane Cage Traps

With the exception of the 18" trap all others are made of Galfan corrosive resistant wire mesh. This revolutionary coating provides up to three times longer life than galvanized-after-weld wire. Before welding, the wire is dipped in an aluminum- zinc bath. During the welding process the zinc in the coating evaporates while the aluminum forms a new protective surface that makes the welded joints extremely resistant to corrosion. Over 24" sizes have 1" x 1" wire at the front and ½" x 1" wire at the rear protect the bait area. Additional features include; support rings on the rod between door and pan, spring loaded doors, hand guard and each is available with either a front release or slide release back door. Solid traps with size flexibility to meet your animal capture needs.

Professional Choice Cage Traps

Designed with the Wildlife Control Professional in mind! Feature improvements make this rugged trap even better. Again made with Galfan wire, each trap has a spring loaded door, a hand guard, 1" x ½" wire mesh on base and sides to prevent dirt collection, the operating rod has additional support rings to prevent bending and a thicker pan with travel limit stops to prevent raccoon damage. A heavy-duty cage trap for use by the busy professional.

Sold Separately

Controllers & Extenders

The controllers are built from ½" x 1" 16 gauge wire mesh and exclude gray, red and flying squirrels from structures. Mounting wings allow attachment over the entry hole. The one-way door allows animals to exit, but prevents reentry. The "New" Multi-Catch extenders are designed to attach to the Controllers to work as a repeating trap, allowing nuisance animals to be captured and removed from the Property.

Animal Trap Scale

Here's a general guide on what size cage trap to use for various animals. Circumstances and animal sizes do vary, but this is a good **"rule-of-thumb"** starting point.

Target Animals	Trap Size
Chipmunk	16"Lx5"Wx5"H

Squirrel, Chipmunk, Rat	18" to 19"L 5" to 6"W 5" to 6" H

Rabbit, Skunk	20" to 24"L 7" W 8" H

Raccoon, Skunk, Opossum, Feral Cat	30" to 36" L 10" to 11"W 12" to 14"H

Target Animals	Trap Size
Raccoon, Woodchuck, Feral Cat	36" to 42"L 11" to 12" W 12" to 14" H

Bobcat, Fox, Dog, Jackrabbit	42"L 15" to 20" W 18" to 20" H

Bobcat, Fox, Dog, Jackrabbit, Coyote	48"L 15"to 20"W 22" to 26" H

Large Dog, Coyote	60" to 72" L 20"W 26" to 28"H

General Information on Common Nuisance Animals*

	Breeding Timeframe	Gestation	Birthing Timeframe	Litter Size	Weaning Timeframe
Bats	April-May	2 months	June-July	Avg. of 2	3 weeks Capable of flight in 3-4 weeks
Grey Squirrels	Mid winter (Jan-Feb) (May-June)	42 to 45 days Late Spring/ Early Summer	Spring (March-April) Late Summer (July-Sept)	2 to 7 Avg. 3	Between 8 – 10 weeks Young begin to leave nest 7-8 weeks
Raccoon	Late January to Early March	63 days	March to May	3 to 5 Avg. 4	Between 2 to 4 months. Young will venture out with female around 8 weeks
Skunk	February to Late March	62-68 days	Late April	2 to 10 Avg. 6	Between 6-8 weeks. to early June Young become active with female around 7 weeks
Woodchucks (Ground Hog)	April to May	32 days	Between 5 to 6 weeks	2 to 8	Early March to late April

Mole – Eastern or Star Nose

Litter Size	Tunneling Rate	Travel Rate	Life Span
2 to 8 Up to 3 litters per year	18' per hour	80' per minute in both directions	Can live up to 7 years, most die within first 3

Made in the U.S.

TLT108

Original Series: Rigid Traps with One Trap Door

These professional-grade, heavy-duty traps operate reliably in practically any situation – even upside down! All styles have a fast spring-loaded V door with automatic locking that activates as soon as the animal steps on the rear trip pan. A special locking system and heavy trap door reinforcement stops captures from forcing the door open. Super-tough frame is welded with galvanized steel rods for extra support and endurance, bait areas are welded with galvanized ½" x ½" wire mesh to prevent escape. Adjustable trigger release mechanism allows for heavy or light sets.

Original Series: Rigid Traps with One Trap Door and Easy Release Door

Makes baiting, animal removal and resetting ten times easier than with fixed entries. These Transfer traps use the same rock-solid and innovative construction as the Single Door traps, with the added convenience of a rear sliding door. The sliding door offers easier and safer animal releases because you can stay well clear of striking distance. No more reaching inside to bait beyond the trip pan either!

Original Series: Rigid Traps with Two Trap Doors

Features the same sturdy frame and construction as Tomahawk's proven single door traps, with an extra door for twice the effectiveness. In their set position, double door traps have no wires or doors to obstruct the animal's view and allow entry from either end, improving capture chances. Trip pan is located in middle of trap and, once activated, shuts and locks both doors. If desired, the Double Door can be set in single door position, making it a versatile option in the field.

Tomahawk Live Traps (continued)

Flush Mount Live Traps

These styles allow the setting of the trap directly against buildings, structures, and other objects so that the target animal is "forced" into the trap, virtually eliminating non-target captures.

Professional Series Traps

Tomahawk Professional Live Traps are the strongest, most durable, and most effective traps available. These traps surpass the legendary Tomahawk "Original Series" traps when it comes to toughness. They feature a very strong frame with tighter mesh and heavier gauge wire. The construction prevents animals from reaching through from the outside to steal bait and also prevents trapped animals from reaching outside to damage surroundings.

Professional Series: One Trap Door

WCS Code	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price

One-way Door Excluders

Remove unwanted animals from homes and buildings without trapping! Simply attach the Excluder's 4 moveable wings to the exterior of the building to surround the rodent's access hole. As animal exits, it pushes its way through the one-way spring-loaded automatic door, locking itself out of the building. For trapping and counts, the rear sliding door model is available with extra holding room. Attaches with screws or nails (not included).

WCS Code	Description	Dimensions	Mesh	Gauge	Ship Wgt	Price

Comstock Series Wire Triggered Traps

- ***Super strong coil springs.*** Powerful trap doors instantly snap into place when the trap is triggered. This prevents animals from backing out when the trap fires.
- ***Function In Any Position.*** Can be set standard, upside down, sideways, or vertically. Locking trap doors prevent animals from escaping, even if the trap is flipped upside down.
- ***No Trip Pan To Avoid.*** Trap is triggered by a swing bar push through wire trigger mechanism which allows you to capture the most trap shy animals.
- ***A – E with ½" x 1" 14 gauge wire mesh***
- ***All Comstock Traps are powder coated for increased durability***

NWS50LW $92.95
Small Dog, 36" x 12" x 15"

Wickencamp ADC Models

The Wickencamp ADC (Animal Damage Control) traps feature the same heavy duty construction and durability with a tighter wire mesh patterns for additional strength and to prevent animals from reaching out of the trap and damaging lawns, roofs, decks, and other property. Both models constructed of 14 gauge wire with 1" x 1/2" mesh.

NWS121030-302ADC $72.95
12" x 10" x 30" Raccoon Size

NWS81028-28ADC $63.95
8" x 10" x 28" Skunk/Raccoon Size

KORO Live Beaver Trap

Shut them up tight. The KORO trap's "clamshell" style construction has been in use since 1932 and enjoys many satisfied customers. Suspended from two metal fence posts, with one closing surface parallel to the bottom, this trap is very adaptable to high and low banks, swift or shallow streams, etc. And because the trap is off the bottom, you don't have to worry about it sinking in the mud. All-aluminum frame will last a lifetime.

NWSKT04 KORO Live Beaver Trap **$399.95**
NWSKT05 Replacement Springs (pair) **$63.50**
NWSKT09 Replacement Chain Link Kit **$63.50**

No. 6 Skunk-N-More Trap 6" Trap

Ztraps, "Spray Proof" 6" Skunk Trap is an effective & humane method for capture and release of nuisance skunks. The 6" PVC tube limits the skunk's ability to lift its tail. "If skunk cannot lift its tail, it cannot spray." The enclosed confines of the tube keeps the animal calm and prevents the trapper from being scratched, bitten or sprayed. Effective for catching skunks, opossum, cats, rabbits and other similar sized animals.

ZT6-B $69.99

No. 8 Skunk-N-More 8" Double Door Trap

Constructed of one piece 5/16" PVC tubing it is indestructible and will last for many years. The Nuisance Animal Tube Trap is stronger than any standard nuisance animal cage trap on the market today. Doors are heavy duty, guillotine style, steel. Placed anywhere with our stabilizing system. Solid tube design hides captured animals from view. The enclosed tube will keep animals calm and prevent trappers from being scratched, bitten or sprayed. Includes magnetically attached directional nosecone!

ZT8-DD $120.99

No. 8 Skunk-N-More 8" Trap w/Release Door

The front door is a heavy duty, guillotine style, steel door. The trap can be placed anywhere with our stabilizing system. The rear release door makes baiting, releasing, relocating, and cleaning easy. Solid tube design keeps captured raccoons, skunks and other animals away from the prying eyes of passers by. The enclosed tube will keep animals calm and prevent injury.

ZT8-SD $89.99

Comstock Beaver Trap

The Comstock Custom Cage Live Beaver Double-Door Trap is one of the most versatile live beaver traps on the market. It can operate on land, in water, or entirely submerged underwater. The CCC Beaver Trap can be set in channels underwater and is fully effective when set both sideways or upside down because of the double spring-loaded doors. The wire trigger eliminates the possibilities of beavers "skipping" over a pan. The trap features a durable construction of 2" x 2" wire with handles for convenience.

CB39DD $249.50

Dura-Poly Plastic Catch

Great for trapping skunk or raccoons in attics. This easy-to-set, solid-walled plastic trap with galvanized steel door minimizes the chance of captured wildlife damaging the space outside of the trap by pulling in debris. Made in Canada, each high grade trap is super heavy-duty and comes in white only. Skunk trappers love 'em!

NWS924W $85.00
Skunk 9" x 9" x 24"

NWS1232W $95.00
Raccoon 12" x 12 " x 32"

Tuff Trap -Spray Proof Skunk Trap

6" Diameter PVC x 24"L, with removable back plate

Constructed of round 6" PVC pipe, so when a capture is made the skunk is fully enclosed and out of view. The trap has a gravity-activated door which is very easy to set and a slide back door when release is desired. This trap is very unique as it doesn't look like a "square cage trap" to a trap-shy animal.

NWSTT6 $60.00

ANSWER Skunk trap by JT Eaton

30" x 7" x 8" rugged polyethylene construction, spring loaded trap door and easy open release door. Low profile to minimize spray, darkened interior keeps animal calm.

JTE457N $56.95

Odorless Skunk Trap

(Spray Control)

The "Odorless Skunk Trap" is constructed of round 6" PVC pipe, which means that when a capture is made the skunk is fully enclosed and out of view. The design minimizes the likelihood that the skunk will spray. The trap has a gravity-activated door which is easy to set. Can be set flush mount against an opening as the door functions vertically. A slide back door is great for releasing animal and when baiting. A great solution when you need to remove skunk from a property, with an added bonus that it doesn't even look like a trap.

WCSRCSNKTRP $56.50

Body Grip Traps

In those situations when live capture is not practical, you want products that enable a quick and humane death. Single springs, double springs, unique triggers, square or round, we have the variety and the ideas for effective use.

WCS's popular answer to pesky squirrels – now new and improved! Powered by a beefy double torsion spring, our 21-gauge steel Tube Traps work both baited and unbaited. Curious squirrels can't resist them. Use the regular style wherever squirrels are a problem When a lethal capture is made, the squirrel is hidden from public view. Measures 4.5" diameter, 15" long; Note: This is a lethal body grip trap.

Replacement parts

Tube Trap™ pan	WCSTS03-1	$2.50
Tube Trap™ Dog (6-pack)	WCSTS04-6	$2.25

Pack Baskets & Bags

The Loring Pack Basket

The world's strongest and toughest made pack. Fashioned after the traditional North American pack baskets made of ash, these packs are crafted by hand from synthetic materials and fastened with stainless and nickel hardware. Built to last, Loring Packs promise years of hard use without ever cracking, rotting, staining, or mildewing. The "Ultimate Trapper" model features padded shoulder straps and a scent lure pouch.

Loring-Orig-24 24" **$119.95**
Available in 2 colors, all Black or Green/Black

John Graham Fur Country Badlands Heavy Duty Canvas Bag

Features: Large 2 gallon capacity in main pockets, two outside pockets, inside pockets for covers, screens, tools, etc. Two sturdy handles make carrying easy. Just the ticket for land trapping fox, coyote, moles, rodents, etc.

WCSBBAG $29.95

John Graham Fur Country Coon River CarryAll

This bag is made on the same basic design as the Badlands Bag - 2.5 gallon capacity, 2 large inside pockets, and sturdy handles. An inside middle divider has been added to keep bait jars, lure, etc., separate from tools and traps. This bag is made super tough "poly-vinyl" which is what truck tarps are made of. The CRC is green in color, and is easily washed.

WCSJGCRCl $36.00

John Graham Fur Country Trappers Trail Pack

Made of Heavy O.D. Green canvas Just the ticket for Beaver Trappers. Adjustable Shoulder Straps. Carrying Handles Straps. Great for Snaring.

WCSTTP $48.50

Fiber-Tuf Packbasket

Fiber Tuf packbaskets are constructed of durable fiberglass and were made with the beaver trapper in mind. The opening of the basket is especially wide for easy carrying of 330 body-grip traps. Comes complete with a harness. Two models available; one with a pouch or compartment on the rear of the basket for carrying lures, pliers, etc.; and one without the compartment. (17L x 13W x 18D)

FTB-WP with Pouch $79.95
FTB without Pouch $74.95

Leggett's Trapper's Bags

Leggett's Trapper's Bags are made of 1000 denier nylon and come with sturdy nylon carrying straps and wood inserts. These handy bags are excellent for carrying traps and gear and will sit flat on the ground. The Original Style Trapper's Bag has two end pouches for lure and other items. The Deluxe Style Trapper's Bag has two end pouches and a side panel for lure and other items.

LBagP Original **$39.95**
Deluxe **$42.95**

Hammers

Sod Buster Hammer

The Sod Buster weighs 4 lbs. and has a welded on solid steel cutting edge. The handle is designed to provede excellent gripping capabilities.

WCSFH1 $18.95

3 in 1 Digging Tool & Hammer

The "groundhog" hammer serves as a trowel, hammer, and a hoe. It weighs approximately 3 lbs. and measures 20" long.

WCS3I1B $16.95

FB Pro Trapline Hammer

The Freedom Brand Pro Trapline Hammer weighs 4 ½ lbs. and has a hardened head to easily drive rebar stakes and earth anchor drivers into the ground. Solid steel cutting edge for quick digging in all soil conditions and it easily cuts roots in the trap bed area.

Gauntlets & Gloves

A Dot Grip Gloves
WCSBDWG1 $2.00/PAIR
Cool and comfortable, these economical gloves are excellent for land trapping. They are also an excellent warm weather work glove.

A

B 12" Waterproof Super Flex Gloves
WCSFNG $4.50/PAIR
These 12" waterproof gloves have a fabric liner and a good gripping surface making them good for both land trapping and for trapping in shallow water.

B

C Knit Wrist Waterproof Gloves
WCSBFKG $3.95/PAIR
Knit wrist, coated, waterproof and reinforced with neoprene to allow them to be flexible even when cold.

C

D Edmont Wilson 12" Fox Trapping Gloves
WCSFNG1 $7.50/PAIR
These gloves are flexible and comfortable, but are tough enough to be an excellent land trapping glove.

D

E 18" Elbow Length Gloves
WCSBSG1 $7.95/PAIR
18" elbow length gloves with a fabric liner and a good gripping surface. Very flexible. Popular water trapping glove.

E

F Jomac Full Length Non-Insulated Gauntlets
WCSJG31 $21.00/PAIR
These full length gauntlets allow for excellent manual dexterity due to their lack of insulation and the high flexibility of the gloves.

F

G Bemac Full Length Insulated Gauntlets
WCSBICG $29.95/PAIR
These gauntlets come with an elastic strap to go behind your neck. The uppers are fabric lined, and the glove portion is insulated with heavy neoprene. The rough palm surface provides excellent gripping.

G

H "Gripper" Gauntlets
WCSMIGGG-L $29.50/PAIR
Designed and tested in conjunction with veteran trappers and commercial fisherman. Specially textured to provide a sure grip in all conditions. Rubber/neoprene – triple dipped. 31" length.

H

I WCS™ 32" Insulated Rubber Trapping Gloves
WCSRG32 $39.95/PAIR
WCS™ Full Length Insulated Trapping Gloves are 32" long and a great water trapping glove. These gloves are constructed of rubber, not PVC or neoprene. They will not become stiff in cold weather. The hands are textured for a secure grip and the added sleeve grommets can be threaded for easy "over the shoulder" transport. These gloves are waterproof, rugged, and designed to keep you dry and warm.

I

J Polar Paw 31" Insulated Gauntlets
WCSPP1 $31.95/PAIR
Polar Paw Full Length Insulated Gauntlets have fabric lined uppers and an elastic strap. These insulated gauntlets are extremely comfortable and provide great finger dexterity. The glove portion of the gauntlets are very flexible.

J

TRAP HARDWARE

Body Grip Accessories (Triggers, Brackets, Add-ons)

Bolt-On Body Grip Replacement Triggers

Bolt-on body grip replacement triggers are easy to install and they work on all brands of body grip traps.

WCSBO110	#110/#120	$1.15/ea.	$12.50/doz.
WCSBO160	#160/#220	$1.10/ea.	$12.00/doz.
WCSBO220	#220	$1.10/ea.	$12.00/doz.
WCSBO330	#330	$1.20/ea.	$12.95/doz.

Hardwood Body Grip Pans

Minimize body grip trap avoidance. Slide the trigger wire through the pre-drilled holes in the hardwood pan, bend the trigger wire over to hold the pan on and you're ready to set the trap. Works on all sized body grip traps (#110/#120 may require sanding)

WCSHWP110	#110/#120	$1.95/ea.	$19.95/doz.
WCSHWP160	#160/#220	$2.25/ea.	$20.95/doz.

Barker's BG Pans

BG Pans are very effective and very easy to install. Simply bend the trigger wires over and clip the pan on. There are no trigger wires hanging down to cause the animal to shy away.

WCSBCP-1	#110/#120	$9.95/doz.
WCSBCP-2	#160/#220	$9.95/doz.

Beaver Bait Trigger

Forget wiring bait bundles and positioning bait – this new and improve trigger helps you quickly, easily and SAFELY make a bait set. Simply "screw" a piece of bait (poplar) onto the trigger or clip and let the jaws of your body grip trap hold the Beaver Bait Trigger in position, forming a friction fit. When the animals attempts to take the bait from either direction, the trap fires. And a nickel-plated ring holds the trigger onto your trap so you'll never lose it.

WCSRC008 Pack of 6 **$13.95**

Sullivan's Circle Triggers

These triggers help reduce "trigger avoidance" frequently encountered with regular V shaped triggers. The round opening provides an attractive pathway for the target animal. They are made of heavier gauge wire to resist bending. Each trigger comes complete with a two-piece bracket and bolts for quick and easy installation on your body grip traps.

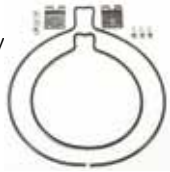
NWSSCT-110 $1.10/ea. $12.50/doz.

"ELIMINATOR" Body grip Triggers

Comes with a bolt-on assembly that is tension adjustable. Trigger wires are stainless steel which makes them impervious to acidic and salt water and are plated for added protection and camouflage purposes. These trigger wires can be bent and straightened numerous times without breaking. The #220 Eliminator model has 6" trigger wires. The #330 Eliminator model has 8 1/2" trigger wires – longer than most replacement triggers currently on the market.

ELIM220	#220	$2.50/ea.	$22.50/doz.
ELIM330	#330	$2.95/ea.	$23.95/doz.

"Bulls-Eye" Triggers



Bulls-Eye Replacement Triggers are made of heavy duty stainless wire (.104) and complete with the hardware to replace your stock trigger. These stainless trigger wires are factory plated for added protection and camouflage. Will withstand years of use without breaking. The #220 Bulls-Eye "circle" has a diameter of 4.5", and the #330/#280 has a diameter of 6.5".

WCSBET220	#220	$3.00/ea.	$27.00/doz.
WCSBET330	#330/#280	$3.00/ea.	$27.00/doz.

MB Body Grip Combo Triggers

Combo triggers come with an extra heavy duty one-piece crimp-on bracket with one hole in the center. You can use either a rivet or a bolt and nut, both of which are included.

WCSMB110	#110/#120	$1.10/ea.	$11.95/doz.
WCSMB220	#220	$1.15/ea.	$12.50/doz.
WCSMB330	#330	$1.25/ea.	$13.25/doz.

Oneida Victor Conibear® 4-Way Replacement Triggers

WCS4W110	#50/#60/#110/#120	$1.35/ea.
WCS4W160	#160	$1.40/ea.
WCS4W220	#220/#280	$1.55/ea.
WCS4W330	#330	$1.70/ea.

Barker's BG-Mount Brackets

These brackets are used to hold body grip traps of all types. They're made of formed steel and have three holes located in the center to allow fast, easy fastening to any wood surface.

Code	Style	Traps	Price	
			Each	Dozen
WCSBCM1	BG-Mount I	#110/#120	$1.50	$11.95
WCSBCM2	BG-Mount II	#160/#220	$1.75	$14.95
WCSBCM3	BG-Mount III	#280/#330	$2.50	$14.95

MB Coni Bracket

The MB Coni Bracket is a handy little bracket that can be nailed to a tree, board, rafter, floor joist, or welded on a stake or lag bolt. When nailing to wood, just bend the flange down with pliers and you have two holes to nail through. Fits 110, 120, 160 & 220 body grip traps. Except Belisle.

Code	Style	Traps	Dozen	Hundred
WCSMCB	MB Coni-Bracket	#110/#120/#160/#220	$8.95	$47.95

Chains

Double Loop Chain

For use on smaller traps when the primary target animals are mink and muskrat. Working load limit 255 lbs.

WCS2TLC-1 #2-0 $0.40/ft. $28.95/100 ft.

For use on larger traps.

WCS3TLC-XHD #3-0 $0.50/ft. $38.95/100 ft.

Straight Link Imported Chain

For use on smaller traps when the primary target animals are raccoon, fox, etc.

WCS2SLMC #2 $0.60/ft. $54.95/100 ft.

For use on larger traps when the primary target animals are coyote and bobcat.

WCS3SLMC #3 $0.62/ft. $56.95/100 ft.

Straight Link Select Quality Chain

This heavy duty, top quality #2 & #3 straight link chain is tough enough to hold animals up to coyote size, and is the perfect size for fox, fisher and raccoon.

WCSMB2HD #2 $0.59/ft. $55.95/100 ft.

WCSMB3HD #3 $0.69/ft. $63.95/100 ft.

Select Extra HD Straight Link Chain

The #5 chain is for large coyote, wolf, mountain lion and wolverine, and is often used with drags as the chains weight will assist with keeping the drag on the ground.

WCSMB5XHD #5 $0.95/ft. $78.95/100 ft.

Foothold Pans & Replacement Springs

Bobcat Pans for Pro 7.5 Traps

"Bobcat Special" Expanded Trap Pan specifically made for retrofitting Pro 7.5 Traps for bobcat trapping, as seen in Clint Locklear's Cat Collector DVD. The "Bobcat Special" measures 5" wide x 4.5" L and is laser cut from durable 12 gauge steel.

WCSPRO-75BCS $8.25

Paws-I-Trip "PIT" Pan Tension Kits

Attach easily to conventional traps to provide automatic tension. They provide an audible "click", minimal pan creep and virtually no pan wobble. Easily adjusted by bending the special dog up or down. Simple to install and require no special tools or welding.

PIT-01 $5.00/ea. $51.00/doz.
For most #3 & #4 long spring traps

PIT-07 $4.95/ea. $48.95/doz.
For #5 Bridger & #44 Blake & Lamb longspring traps.

PIT-09 $3.95/ea. $38.95/doz.
For #2 & #3 Bridger & Northwoods coil spring traps.

PIT-11 $3.95/ea. $38.95/doz.
For #3 Victor Soft Catch coil spring traps.

PIT-13 $3.95/ea. $38.95/doz.
For #3 Victor coil spring traps.

Barker's Mink Pans

Fasten onto the trap pan to increase the pan size. Greatly increase the chances of the minks foot hitting the pan. Extensive trapline testing has shown catches increasing by 80%. Buck mink travel long distances so you may only have one chance to catch them. Change your pan, and increase your odds!

WCSBMP1 Mink Pan I $9.95/doz.
For #1 and #2 traps

WCSBMP2 Mink Pan II $9.95/doz.
For #1 1/2, #1 3/4 & #2 traps.

4-Coil Springs for Bridger Traps (Pair)

Bridger coil spring traps come with long spring pins so all that is required to 4-coil them are these springs.

BR15-4CS	#1 ½	$0.85/pair
BR165-4CS	#1.65	$0.90/pair
BR2-4CS	#2	$0.90/pair
BR3-4CS	#3	$0.95/pair
BR5-4CS	#5	$1.10/pair

4-Coil Springs for MB-550-RC

Made for 4-coiling MB-550-RC traps.

MB550-4CS $0.95/pair

J.C. Conner Taos Lightning Spring 4-Coil Kits

$2.95/ea. $26.50/doz.

Taos Lightning Spring kits are easy to install. The double torsion springs are made from the highest quality music wire available. The spring pin is made from high tensile steel and will not bend. Each kit also includes a heavy spring lock which makes it easy to slide the spring off or on depending on the ground conditions and the power you need at a particular set location.

WCSJC1TLK
Kit #1 For #1 ½ Northwoods RJ & SJ,#1 ¾ Northwoods RJ & SJ,#1.75 Victor pro 2x2 and #1.65 Bridger.

WCSJC2TLK
Kit #2 For #3 Victor RJ & SJ (w/ 2 7/8" pin), #3 Victor Soft Catch, #3 Duke and #4 Victor Coyote 2 x 2(w/2 7/8" pin).

WCSJC3TLK
Kit #3 For#1 ½ Victor,#1 ½ Victor Soft Catch,#1 ½ Duke,#1 ½ Bridger and #1 ½ Blake & Lamb.

WCSJC4TLK
Kit #4 For #1.75 Victor Pro,#1 ¾ Victor Round Jaw,#2 Victor Round Jaw,#1 ¾ Duke and #2 Duke.

Call us for other Taos Lightning Spring Kits.

TRAP HARDWARE

Quick Links, Lap-Links & Misc. Connectors

Tear Drop Rings

Handy connecting rings for use with body grip traps. No need for special tools. Place ring on trap spring, and push on. Place J-hook through small eyelet holes and attach chain. Works best on 220's.

WCSTDR-12 $5.50/doz.

Quick Links

Small 220 lbs. limit ⅛" steel, 1½" L and ⅛" jaw opening. Medium - 620 lbs. limit, 3⁄16" steel, 2" long, and 5⁄16" jaw opening. Large 880 lbs. limit, ¼" steel, 2 1¼"L x 1"W . X-Large 1760 lbs. limit, 5⁄16" steel, 7⁄16" opening, 3"L x 1 5⁄16W.

QL18-12 1/8" Small $3.95/doz.
QL18-100 $29.95/100 pack

QL316-12 3/16" Medium $5.95/doz.
QL316-100 $39.95/100 pack

QL14-12 1/4" Large $6.95/doz.
QL14-100 $36.95/100 pack

QL516-12 5/16" X-Large $7.95/doz.
QL516-100 $56.95/100 pack

Lap Links

The larger lap-links are for 1/2" stakes and the smaller Lap-Links are for 3/8" stakes. By using two lap links on your trap chain you can cross stake at your set for greater holding power.

WCS38LL-12 Small $3.50/doz.
WCS38LL-100 $24.95/100 pack

WCS12LL-12 Large $3.95/doz.
WCS12LL-100 $29.95/100 pack

Heavy Duty Split Rings

Strong connecting links that can be used without tools or welding.

WCSSR-12 $4.25/doz.
WCSSR-100 $29.95/100 pack

Quick snaps

Quick snaps can be used in many different ways when constructing sets, where a quick hook-up is needed. Quick snaps are spring-loaded and thumb operated. Very convenient.

WCSQS-1 $1.45 each
WCSQS-12 $14.95/doz.

Spring Hooks

Spring Hooks measure 2 3/8" long x .25" in diameter and are made of stainless steel. Very handy in many trapping situations for quick and easy attachments or anchoring.

WCSSH-12 $4.75/doz.
WCSSH-100 $34.95/100 pack

Quick Connectors

SHORT are used for anchoring to railroad plates, connecting two chains together, attaching drags to a trap or using inside bait stations when using a disposable anchor. Many uses. LONG are used for primarily water applications. Use a piece of cable and attach to a NB Stabilizer to convert to No-Loss. Attach traps to drowning rigs.

SHORT
WCSRC010-12 $3.95/doz.
WCSRC010-100 $19.95/100 pack

LONG
WCSRC010B-12 $4.50/doz.
WCSRC010B-100 $23.95/100 pack

Double Stake Links

Single or double staking made easy. Use with rebar or other rod to stake traps in place.

WCSDSL1-12 $11.95/doz.
WCSDSL1-100 $75.00/100pk

S-Hooks & J-Hooks

Standard S-Hooks

The light duty S-Hook (9 gauge) and the heavy duty S-Hook (3/16") both have multiple uses on the trapline. The heavy duty S-Hook will fit over the end of a 1/2" drag or stake.

WCSLDSH-12 Light Duty $1.05/doz.
WCSLDSH-100 $7.95/100 pack

WCSRC002-12 Heavy Duty $3.25/doz.
WCSRC002-100 $26.95/100 pack

Mighty Hooks

Mighty Hooks are strong. These S-Hoooks are made of tempered 3/16" steel.

WCSMH-12 $1.50/doz.
WCSMH-100 $10.95/100 pack

Heavy Duty 6 Gauge J-Hooks

Heavy Duty 6 Gauge J-Hooks

JHOOKS-12 $1.60/doz.
JHOOKS-100 $12.95/100pack

TRAP HARDWARE

Shock Springs

Paws-I-Trip "PIT" Inline Cushion Spring (Standard or w/J-Hooks)

The first in-line cushion springs of this style to be introduced to the trapping industry. Thousands sold since 1988 and are in use today by many satisfied trappers. Above in 3 pull weights.

Standard

WCSPIT35 $2.20/ea. $22.95/doz.
35lb. pull for smaller fur bearers, i.e. fox.

WCSPIT53 $2.40/ea. $24.95/doz.
53lb. pull for coyotes on short chains.

WCSPIT78 $2.60/ea. $26.95/doz.
78lb. pull for coyotes on long chains and larger sized animals.

PITILSW-1 $7.95
Wolf size: 5"L x 1"dia. – 180 lbs. compression

With J-Hooks (see lb pull above)

WCSPIT35B $2.80/ea. $28.95/doz.
WCSPIT53B $3.00/ea. $30.95/doz.
WCSPIT78B $3.20/ea. $32.95/doz.

Swivels

ST500 In-Line Swivels

All around universal 4-way swivels. Each ST500 swivel comes complete with 2 heavy-duty J-Hooks.

ST500-12 $4.50/doz.
ST500-100 $34.95/100 pack

MB Crunch Proof In-Line Swivels

The body of this swivel is much thicker than other swivels, making it virtually impossible for coy toes or other large animals to damage the swivel. Each swivel comes with two 6 gauge J-Hooks.

WCSMBCPS **$5.95/doz. $47.95/100 pack**

Double Stake Swivels

Double stake swivels make it easy for you to use two stakes for cross staking at a set. Each comes with a 6 gauge J-Hook.

NWSBDSS $6.95/doz. $47.50/100 pack

Single Stake Swivel

Single stake swivels work with 1/2" and 3/8" stakes. Comes with a 6 gauge J-Hook.

WCSSSHD $5.95/doz. $37.95/100 pack

Box Swivels

Used as an in-line swivel or drowner lock. Each swivel comes with two 6 gauge J-Hooks.

WCSBOXSW $6.50/doz. $44.95/100 pack

MB Heavy Duty In-Line Wolf Swivels

These heavy duty swivels come with 1/4" rivets and are excellent for use with any brand wolf & Mt. Lion trap. Rivets should be welded after closing.

WCSMBWS-1 $1.75/ea.

Stainless Steel #8 HD Bear Heavy Duty Swivel

Heavy duty in-line swivels, easy to change out equipment. Can be used for wolf, mt. lion, bear, etc. Secure threaded rods with a wire wrap.

WCSSSBS-1 $8.50/ea.

Barrel Swivels

Excellent as inline snare or trap swivel. Closed ends eliminate welding.

WSPBS6-12 and -100 $5.50/Doz $40.95/100
#6 - 1.5"L approx. 600 lb. test

WSPBS8-12 and -100 $6.75/Doz $53.50/100
#8 – 1 5/8"L approx. 900 lb. test

WSPBS12-12 and -100 $14.95/Doz $127.95/100
#12 – 2 1/2"L approx. 1,500 lb. test

Fastening & Modifying

Coil Spring Tool

This tool makes it easier to insert spring ends behind the levers when modifying coil spring traps.

WCSCST1 $3.50

Trap Jaw Tool

Helps you remove and install trap jaws. This is the tool used in Charles Dobbin's Traps, Equipment and Modification video.

WCSTJA-1 $7.95

Trap Pan Adjuster

Fits all coil spring and long spring traps. You can use it to bend the cross frame of the trap where the dog attaches towards the center of the trap to lower the pan or away from the center of the trap to raise the pan.

WCSFHTPA $14.95

#14 Drill Bit

Used to drill the pan post and pan shank of the traps so that they will accommodate a #10 bolt. This takes the "pan slop" out of factory new traps.

WCSHSDB-1 $1.95

Sullivan's Trap Tester

Easily and accurately measure the pan tension on foothold traps. 1 lb. to 4 lbs. in 1 lb. increments.

WCSSTT $13.95

Heavy Duty J-Hook Tool

Ideal for opening and closing J-Hooks. This tool also works well on some styles and sizes of S-Hooks.

WCSJHT $19.95

Trapper's Pliers

6" pliers with side cutters and flat jaws. Many uses for land lines, water lines and snare lines.

WCSTP1 $6.95

Leather Sheath for Trapper's Pliers

Accommodates trapper's pliers and Heavy Duty J-Hook tool.

WCSTPLS1 $4.95

Custer Bender

The ingenious Custer Bender mounts in a vise, and can make J-Hooks, S-Hooks, Base Plates and Sterling Style Swivels, all from 20 Penny (20d) nails. By Bob Custer. Very easy to use, and includes full instructions.

WCSBCB $22.95

Center Locators

PIT Center Locators

Paws-I-Trip center locators provide a very easy way to center swivel your traps. Low profile and require no welding. PIT-15 Center Locators are for traps with 1" baseplates and have a pull rating of 1,000 lbs. PIT-16 Center Locators are for traps with 3/4" baseplates and have a pull rating of 800 lbs.

WCSPIT-15 $17.95/doz.
WCSPIT-16 $14.95/doz.

PIT Swivels for Center Locators

Can be attached to any of a traps inline chain components, but they are mainly designed for use with PIT-15 and PIT-16 center locators. These swivels are completely closed and have no weld. They have a pull rating of 350 lbs.

WCSPIT-20-DOZ $11.95/doz.

Fastening & Modifying

J.C. Conner D-Ring Base Plate Kits $1.25/ea. $13.95/doz.

Kit #1 3/16" x 3/4" and fits: #1 ½ Victor, #1 ½ Duke, #1 ½ Northwoods, #1 ½ Montgomery, #1 ½ Montana Special, #1 ½ Bridger, #1 ½ Sleepy Creek, #1 ¾ Northwoods and #1 ¾ Sleepy Creek.
WCSBP1-1 WCSBP1-12/doz.

Kit #2 3/16" x 3/4" and fits: #1.65 Bridger, #1.75 Victor, #1 ¾ Duke, #2 Victor, #2 Duke and #2 Herters.
WCSBP2-1 WCSBP2-12/doz.

Kit #3 3/16" x 3/4" and fits: #2 Bridger and #3 Herters.
WCSBP3-1 WCSBP3-12/doz.

Kit #4 3/16" x 1" and fits: #3 Victor Double Longspring.
WCSBP4-1 WCSBP4-12/doz.

Kit #5 3/16" x 1" and fits: #2 Bridger, #2 Montgomery and #2 Northwoods. **WCSBP5-1 WCSBP5-12/doz.**

Kit #6 3/16" x 1" and fits: #3 Montgomery, #3 Montana Special, #3 Sleepy Creek and #4 Victor Double Longspring.
WCSBP6-1 WCSBP6-12/doz.

Kit #7 3/16" x 1" and fits: #3 Victor, #3 Bridger, #3 Duke, #3 Northwoods, #4 Montgomery, #4 Herters and #4 Sleepy Creek.
WCSBP7-1 WCSBP7-12/doz.

Kit #8 3/16" x 1" and fits: #5 Bridger and #44 Blake & Lamb
WCSBP8-1 WCSBP8-12/doz.

Additional D-Rings for J.C. Conner Base Plates

WCSDRING34 3/4" $2.50/doz. $15.95/100pk
WCSDRING1 1" $2.95/doz. $19.95/100pk

Funke Heavy Duty S-Hook Tool

This Extra Large Heavy Duty S-Hook Tool is 14" long and made by Funke Trap Tag's & Supplies in the USA. It's great for opening and closing S-Hooks. It comes equipped with red, rubberized grips for ease of use and improved comfort.

TNTHDSH $29.95

J-Clip Pliers

For closing the J-clips used in the construction of cage traps and colony traps. Pliers have plastic sleeve grip handles for comfortable use.

JPL51612 $18.95

J-Clips 5/16" x 1/2" Zinc Plated

These J-clips are the standard size used for making colony traps with 14 gauge or 16 gauge cage wire. Approximately 380 clips per pound.

J51612Z-1	1lb.	$6.75
J51612Z-5	5lbs.	$32.95
J51612Z-10	10lbs.	$62.95

Heavy Duty S-Hook & Rivet Tool

Excellent for use in opening and closing S-Hooks and J-Hooks.

LWHDSHT $13.95

TRAP PREPARATION AND TAGS

Dips & Dyes

Red Logwood Trap Dye

Red Powder dye turns traps black. Approximately 1 bag is needed for every 5 gallons of water. Directions are included with each bag. Packaged in 1 lb. bags.

WCSRTD	1 Bag	$3.50
	5 Bags	$15.95
	10 Bags	$31.00

Black Logwood Trap Dye

Dye turns traps a dark blue-black. Each 10 gallons of water requires approximately 1 bag of dye. Directions for use are provided on each bag. Packaged in 1 lb. bags.

WCSBPD	1 Bag	$9.95
	3 Bags	$25.95
	5 Bags	$41.95

Dakota Line Trap & Snare Dip

DakotaLine Trap & Snare Dip is a product that Mark Steck developed over a period of 7 years. This product has no tackiness, no petroleum products, is odorless and dries quick. This dip mixes with WATER, NOT gas.

WCSDLTDBLKQ-1	$11.95
WCSDLTDBLKG-1	$32.95
WCSDLTDBRNQ-1	$11.95
WCSDLTDBRNG-132	$32.95

Formula One Trap Kote

Mixed with water to produce an excellent finish for both traps and snares. Dries in a day or two, provides excellent protection for traps, and deodorizes both traps and snares.

NWSJD01	Black/Quart	$18.95
NWSJD02	Brown/Quart	$18.95
NWSJD03	Black/Gallon	$59.95
NWSJD04	Brown/Gallon	$59.95

Speed Dip Trap Dye

Speed Dip is mixed with white gas (WCS recommends white Coleman Fuel) to produce a lasting, protective coating on traps. Works well for water traps and land traps, and usually takes 2 to 4 days to dry.

NWSSD01-blk	Black/Quart	$10.95
NWSSD01-brn	Brown/Quart	$10.95
NWSSDD-Gal-blk	Black/Gallon	$32.95
NWSSDD-Gal-brn	Brown/Gallon	$32.95

Full Metal Jacket Trap & Snare Dip

Full Metal Jacket is a clear dip that wears like iron. You can dip over 60 footholds per gallon. No need to add anything. Odor free after 24 hrs. Seals in theodor and stops the rust from giving your equipment away. Great on old, new, painted, dyed or un-dyed traps and snares.

WCSFMJ Gallon $26.95

Renno's Natural Logwood Trap Dye

Renno's Natural Logwood Trap Dye is very similar to the logwood chips that were popular years ago with many old time professional fox and coyote trappers. This dye coats traps with a finish that is nearly rust proof and odorless and has the ability to weather several weeks of trapping. 20 oz. Bag.

WCSREN	1 Bag = $4.95
	5 Bags = $22.95

Trap Wax

White Trap Wax

Excellent for use on traps used for both land and water trapping. Odorless.

NWSPWW	1 lb.	$3.25
	5 lbs.	$13.50
	10 lbs.	$26.25

Black Trap Wax

Black wax is odorless and has special binding qualities. Used for both land and water trapping.

NWSPWBLK	1 lb.	$3.95
	5 lbs.	$18.50
	10 lbs.	$34.00

Flake Wax

Has the consistency of granulated sugar. Spread dirt on a cookie sheet. Heat your sifted dirt by artificial means or use the solar during the offseason. Sprinkle Flake Wax over the dirt until a nice white covering, turn your dirt and repeat. Store your waxed dirt in containers with tight fitting lids.

WCSFW10 10 lbs. $26.50

Blackie's Wax-B-Gone

Economical and effective at removing wax, etc. from traps. A liquid that mixes with water and is faster, easier and safer than using lye or Sani-Flush. Wax-B-Gone cleans traps thoroughly, including all cracks, bends, coils and crevices. One quart of Wax-B-Gone solution should clean 4-6 dozen 1 1/2 coil spring traps – depending on the condition of the traps.

WCSWBG	$10.95/Quart
	$19.95/2 Quarts
	$37.95/4 Quarts (Gallon)

Trap Tags

Zinc Write-On Trap Tags (25/pk.)

WCSCCWOTT-1	1 Pack	$2.95
WCSCCWOTT-2	2 Packs	$5.95
WCSCCWOTT-4	4 Packs	$8.95

These zinc trap tags can be embossed with the requirements of your particular State or area. Simply write on the tags with a soft lead pencil. The information on the tags won't come off and will stand out more as time goes by. Tags come complete with copper wires to attach the tags to your traps.

Copper Trap Tags

NWSTT50	50 Tags	$13.50
NWSTT100	100 Tags	$19.00
NWSTT200	200 Tags	$30.00
NWSTT300	300 Tags	$37.00

Make your mark with these industry staple Copper Tags. These tags measure 2 ¼" x ½" and are soft enough to be wrapped around a cage trap, chain or snare cable. Tag are machined stamped – each tag must have the same wording. Tags hold 3 lines with a maximum of 19 characters or spaces per line. Legal in all states. Come with fasteners.

SET MAKING SUPPLIES

Anti-Freeze & Cover Hulls

WCS Flake Anti-Freeze
Sprinkle in the dirt when making your sets, and give a lasting sprinkle over entire set when finished.
WCSFAF $2.25/1 lb.
$10.50/5 lbs.
$19.95/10 lbs.

Propylene Glycol
Works well as an anti-freeze at sets by spraying on dirt.
NWSPB3 $5.95/16 oz. $9.95/32 oz. $26.95/gallon

Andy Stoe's Cover Hulls
Pure and odorless. Used the same as you'd use dirt when making sets. Excellent during freezing weather. Approximate weight is 22 lbs.
WCSBH01 $22.95

No-Freeze Dirt
No-Freeze Dirt is regular dirt treated with a process to shed water. It is odorless except for the dirt smell. Put in your sets and don't worry about rain or snow ruining your sets.
FPDirt 20 lb. bag **$24.95**

Pan Covers & Trap Covers

Fiberglass Pan Covers
Keep dirt out from under your trap pans so that the traps fire freely. These fiberglass pan covers are cut to size, free of odors and ready to use on your trapline right out of the package.

WCSPC1 #157 Round for #1 1/2 trap $3.25/24 pack
WCSPC2 #175 Round for #1 3/4 trap $3.25/24 pack
WCSPC3 #230 Rectangle for #2 & #3 trap $3.25/24 pack
WCSPC4 #320 Round for #3 trap $3.75/24 pack

Barker's Latex Pan & Trap Covers
These covers are thin and flexible and are free of human scent. They keep dirt from getting under your trap pans, and keep water out of your triggering mechanism so they don't freeze and stop working properly.

WCSBL4X4 4" x 4" Pan Covers for #1 & #1 1/2 $7.25/24 pack
WCSBL5X5 5" x 5" Pan Covers for #2 & Up $8.95/24 pack
WCSBL6X6 6" x 6" Trap Covers #1 & #1 1/2 $9.95/24 pack
WCSBL7X7 7" x 7" Trap Covers for #2 & Up $12.95/24 pack
WCSBL8X8 8" x 8" Trap Covers for #3 and #4 $12.95/24 pack

Underalls

Underalls are odorless urethane foam pads that fit under the pans of traps to keep dirt and other debris out so that the traps will fire. Underalls eliminate the need for pan covers.

A B C

"A" - 24 pad/pack for #1 1/2 Victor, Sleepy Creek, Duke, Bridger and Montana.

"B" - 24 pads/pack for Victor #1.75 and #2.

"C" - 24 pads/pack for Square Pan Traps.

WCSUNDERA $5.25/24 pack
WCSUNDERB $5.25/24 pack
WCSUNDERC $5.25/24 pack

Augers

Freedom Brand Dirt Hole Drill Augers
Time & labor saver for making dirt holes and trap beds. All come with ½" chuck.

WCSAUG-2 – 2" auger head **$24.95 each**
WCSAUG-3 – 3" auger head **$25.95 each**

Freedom Brand Dirt Hole Hand Auger - 30"
Designed for use while kneeling. They help to make set construction easier and faster. They are excellent tools for quickly making dirt holes and trap beds. Available with 2" or 3" auger flighting.

FBHA30 30" Auger with 2" Flighting **$34.95**
30" Auger with 3" Flighting **$35.95**

Freedom Brand Dirt Hole Hand Auger - 46"
These 46" Freedom Brand Dirt Hole Hand Augers are designed for use while standing. They help to make set construction easier and faster. They are excellent tools for quickly making dirt holes and trap beds. Available with 2" or 3" auger flighting.

FBHA46 46" Auger with 2" Flighting **$44.95**
46" Auger with 3" Flighting **$45.95**

Flagging

Fluorescent Flagging
Orange, Blue, Green, or Pink
Fluorescent flagging has a number of uses on the trapline. Great indicator for quickly locating your sets.
WCSFF4 $2.25/roll

Trap Bedders

Mitlyng's Trapbedders
A fast, safe and easy way to bed a foothold trap. When the trapbedder is in place, it makes the trap impossible to fire when making a set. Works great when making land or water sets. Great for beginners.

WCSMTB1 Model 1 Trapbedder – for 1 ½ through 3 longspring; 1 ½ & 1 ¾ coilsprings **$6.95**
Model 2 Trapbedder – 4 longsprings; 2 & 3 coilsprings **$6.95**
Model 3 Trapbedder – for BMI coilsprings except Cushion Catch **$6.95**

Trappers Caps

A tool designed to bed traps firmly. When properly used, Trapper's Caps will eliminate the use of pan covers over 90% of the time. Fits Victor & Duke #1 1/2 & Blake & Lamb #1 1/2 and #2 coil spring traps

WCSTCA Plastic Model A $4.95
Fits Victor & Duke #1.75 and #2 coil spring traps
WCSTCB Plastic Model B $7.95
Fits Victor& Duke #3 and #4 coil spring traps & Victor #3 Softcatch coil spring traps
WCSTCC Plastic Model C $7.50

FB Pro Trapline Machete

Machete has an overall length of 24" with an 18" blade. Hardwood handle and steel hand guard. Excellent for removing vegetation, saplings, branches, cattails, or cutting up ground duff for camouflage.

FB103425 $29.95

Artificial Attractants

Lucky Duck Trap Bait Digital Caller

Helps to draw bobcats into your live traps and predators to your foothold sets. Set it inside the cage trap or by the foothold set. Will help lure predators to your set. Plays 3 random sounds continuously for up to 3 weeks on 4 AAA batteries (not included).

LDTBDC $17.95

Lucky Duck Lil' Critter Decoy

The Lucky Duck Lil' Critter Decoy offers an erratic decoy motion to entice all predators. Simple-portable-effective.The decoy adjusts in height from 10" to 18" off the ground-great for having it seen just above the field grass. The decoy base rest on any terrain, no stakes to pound into the ground. Compact-fits into your pocket. Quick setup. Requires 4 AA batteries (not included).

LDLCD $19.95

Sifters

Standard PRO Metal Sifter

Excellent for land trappers in making land sets. This sifter measures 8" x 10". A favorite of many long time trappers.

WCSPMS-1 $6.95

Standard Wood Sifter

The standard wood sifter is the old standby for many land trappers. This economical sifter does its job of removing stones, clods, and debris from dirt when constructing sets.

WCSPWS-1 $5.95

WCS Pan Sifter

Galvanized sheet metal and measures 10.5"L x 7"W x 2.5"D. It has heavy gauge .25" mesh in the bottom. Available without or with a sheet metal slide in the bottom for carrying a sifter full of dirt.

WCSPSIFT-SL (with a metal slide) **$13.95**
WCSPSIFT (without slide) **$10.95**

J.C. Conner Dirt Buster Sifter

Al all aluminum, heavy wall dirt sifter with a handle for easy gripping. It has a 7" x 10" opening with tapered sides and a slide bottom for the convenience of carrying dirt to and from the set.

WCSJCDB $32.95

J.C. Conner's Texas Teacup - Sifter

Texas Teacup by J.C. Conner is a heavy duty dirt sifter, available in Aluminum or Stainless Steel with easy grip handle. Sifter is 6 1/2" in diameter and 6" deep at the handle with heavy duty expanded metal bottom, welded inside and out.

WCSJCTT-A	Aluminum	**$32.50**
WCSJCTT-SS	Stainless	**$32.50**

FB Pro Sifter

The Freedom Brand Pro Sifter is made of 14 gauge steel, 7/8" x 3/8" raised diamond mesh. Save time by scooping dirt & sifting faster. Two handles, curved scooping surface and heavy duty steel construction.

FB100172 $26.95

Trowels & Diggers

Yo-Ho Trowels

22" long with a straight handle. The standard digging blade is 2 7/8" wide, and the narrow digging blade is 1 3/4" wide.

WCSST2N Narrow Blade $9.75
WCSST3N Standard Blade $9.95

D-Handle Trowels

26" long with a D-style handle. The standard digging blade is 2 7/8" wide, and the narrow digging blade is 1 3/4" wide.

WCSST2D Narrow Blade **$13.50**
WCSST3D Standard Blade **$13.75**

Replacement D-Handle

A durable handle that will take heavy use on your trapline. Comes with bolts/nuts for installation.

WCSSTHAND $5.95

J.C. Conner "Jim Digger" Trowels

Measures 23" in length with a 2.5" (standard) or 3" (wide) blade. All steel construction to stand up to rugged trapline use. Available with or without a D-Handle.

WCSJC02	(2" blade)	**$21.50**
WCSJC02-W	(3" blade)	**$21.50**
WCSJC03-DN	(2" w/D-handle)	**$27.95**
WCSJC03-DW	(3" w/D-handle)	**$27.95**

D-Handle – Weld On

This is a D-Handle which can added by welding to any straight metal handled digging tool. Greatly increases the leverage when using the tool.

WCSJC05 $7.95

J.C. Conner "Mink Digger" Trowel

40" long all steel construction. This trowel is excellent for the water trapper and has many uses.

WCSJC04 $27.95

J.C. Conner D-Handled "Mink Digger" Trowel

WCSJC04-Dhand $34.95

J.C. Conner "Sod Devil" Hoe

All steel construction to stand up to rugged non-stop trapline use. 19" in length.

WCSJC03 $19.95

J.C. Conner "The Badger" Digger/Hoe Combo

Two diggers in one. All steel construction to stand up to rugged trapline use. 27" in length.

WCSJC01 $39.95

3 in 1 Digging Tool & Hammer

The "groundhog" hammer serves as a trowel, hammer, and a hoe. It weighs approximately 3 lbs. and measures 20" long.

WCS3I1B $16.95

SET MAKING SUPPLIES

Body Grip Setters

Sleepy Creek Model 3
WCSSCSET3 $11.25
14" Long Aluminum Setters that weigh only 10 oz. Sets #110, #120 and #160 body grip traps plus #11 through #2 long spring traps.

Sleepy Creek Model 4
WCSSCSET4 $19.95
24" Long Aluminum Setters that weigh only 24 oz. Sets up thru #330 body grip traps and up through #5 long spring traps. Comes with two U-clips for setting long spring traps.

Adlee T-500 Body Grip Safety Setter
AET-500 $9.95
This chain style setter will set #110 through #330's. Easily fits in your pocket.

Pull Type Body Grip Setter
AET-200 $5.95
A fast and easy way to set body grip traps ranging in size from the #220 through #330.

GEM Body Grip Trap Setter
WCSGTS $12.95
Place the setter on the ground, insert the spring of a body grip trap into the setter guides and then pull up on the setter handle. Easy method for closing and latching the springs of body grip traps.

Self Locking Body Grip Setter
WCSSLSET $34.95
Excellent for use in setting all sizes of body grip traps.

Adlee T-400 H.D. Trap Setter

AET-400HD $44.95
This setter allows you to compress a body grip spring using only one hand. It is small and light and works on all sizes of body grip traps. Anyone can set body grip traps with this setter.

WCS Steel Setting Tongs
WCSDD16 Small $11.95
WCSDD30 Large $13.95
WCS Brand Steel Setting Tongs are available in two sizes. Small is X" long and is designed for use with #50, #60, #110, #120 and #160 body grip traps. Large is X" long and is designed for use with #220, #280 and #330 body grip traps. Both models are powder-coated bright Yellow for ease in locating and recovery.

RTS Heavy Duty Trap Setter
RTSSET $54.95

Don't Get "Caught" Without One! This is a very effective tool for setting springs on all body grip traps with only one hand. It easily removes stiff or frozen catches. Requires only one hand to operate. It's lightweight, fits easily in a pack or clipped to a belt. It measures 15" in length and works on all size body grip traps.

Coil Spring Trap Setters

Coil Spring Setters
WCSCCCS-1 $9.95
The handles of these trap setters slip over the traps' levers giving you extra leverage when setting strong springed traps. For all sizes of coilspring traps up to #4's. Painted RED.

MB-750 Trap Setters
WCSMB750SET $9.95
Makes setting MB-750's easy. Setters go under springs and against levers.

MB-650 Trap Setters
WCSMB650SET $9.95
Easily set the MB-650. Set traps while kneeling or standing

WCS™ Maine Style Trap Setters WCSFootSet $19.95
Specifically made for setting coilspring traps #1.65 and above. The Maine Trap setters are used as a pair, one fitting on each trap lever on opposing sides of the trap. Center each trap lever within the slot and then draw the Maine setter handles together. This depresses each lever to a point where the jaws fall open, allowing you to set the trap. You can also hold the set trap in one hand utilizing the setter handles.

Long Spring Setters

Step Down #5
Long Spring Trap Setters
WCSLS5S $24.95
Very easy to use. Simply "step down" on the setters and both springs are depressed at the same time. These setters are very handy for removing a beaver from a #5 long spring trap.

Dog Proof Setters

Standard Dog Proof Setters
WCS0962 $3.95
These setters help to compress the springs on the Duke DP and similar traps.

Trap Tweezers
WCSTWEEZE $19.95
These setters help to compress the springs on the Duke DP, Sterling Griz and similar traps.

Stabilizers

HAGz™ Bracket

HAGz™ Spring Clip

HAGz™ Bracket

The HAGz Bracket, is a multi-use trap stabilizer originally designed for the water trapper. It can stabilize virtually any foothold trap, anywhere you mount it, unleashing new setting opportunities. It allows for traditional sets as it's also a stake swivel and slide lock all in one, compact device. When combined with the HAGz Spring Clip, you can also stabilize Body Grip Traps, providing all of the same benefits of the HAGz Bracket with footholds, for Body Grip Traps as well.

HB01-12 $22.95/doz.

HAGz™ Spring Clip

The HAGz™ Spring Clip is a great stabilizer for body grip traps up to size 160 on 3/8" rods or can be used in combination with the HAGz Bracket for extreme versatility in set making.

HSC01-12 $13.99/doz.

RC Best Supports

Made of rolled steel, this versatile body grip support not only offers three points of contact with the ground or mud, but also allows you to place the trigger on the bottom. No other stabilizer on the market offers this feature!

WCSRC110-6	for #110 (six)	$15.00
WCSRC110-12	for #110 (dozen)	$24.00
WCSRC220-6	for #160 & #220 (six)	$21.00
WCSRC220-12	for #160 & #220 (dozen)	$36.00
WCSRC330-6	for #330 (six)	$27.00
WCSRC33012	for #330 (dozen)	$48.00

Freedom Brand Dog-Proof Stabilizer

Allows you to use FB1 or FB2 on frozen or rocky ground, in culverts, mounted to tree or post, on concrete or wood floors. Has two mounting holes to screw to a base or weld to plate.

FBDPSTA $2.95/single
$15.95/six
$29.95/doz.

Killer Clips

Spring steel clips, extremely light-weight, that are for supporting 110 thru 220 size body grip traps. For 220's that require more stability you simply use two clips spaced appropriately apart. The two points on the underside makes it easy to hammer into any wood surface or you can use the center hole for screw placement.

WCSKC	(dozen)	$7.95
	(hundred)	$58.95

Clip Stabilizers – Standard or No Loss

Code	Fits	Single	Six(-6)	Doz.(-12)
NB110-160	#110 - #160	$2.95	$15.95	$31.00

Trap Safeties

Trap Safety Pin

Keep your hands OUT of the strike zone. Our one-of-a-kind safety pin can be used for any size body grip trap and is attached to the top of the jaws. Powder-coated with a bright yellow chip proof, flake proof and rust-resistant finish that provides excellent visibility in deep, dark water. Includes lanyard and nickel-plated ring for attaching to basket, belt loop, buttonhole, etc. A safety device is STRONGLY recommended for anyone handling body grip traps.

WCSRCPIN $10.95

Ram Lok Plus Safety

Built tough by RAM in Canada. This spring-loaded safety lock for body gripping traps works on all sizes of traps and is very easy to position over the top of the jaws. When the trap is placed in position, the last thing you do is compress the spring of the safety device and remove the lock off the top of the trap. Your hands are never in danger of the trap inadvertently closing on them. A safety device is STRONGLY recommended for anyone handling body grip traps.

FOOT SNARES & POWER SNARES

Bear Foot Snares

WCS™ PRO-12 Bear Foot Snare

The PRO-12 has become the standard among bear trappers, either for nuisance or sport trapping. The pan has been "right sized" in response to bear trappers feedback and is fully tension adjustable. A 12" launcher with specially shaped jaws, holds and propels the spring enhanced cable onto the bears paw. Jaws can be easily replaced if needed. The 3/16" 7 x 19 cable has a custom stainless Tripp lock and a 40" compression spring running the length of the cable. The spring eliminates the need for movement of the bear to close the cable loop. Each cable comes with a heavy-duty stainless swivel.

PRO-12 Kit $99.95
(Launcher & Cable)
PRO-12-Cable $24.95
(Replacement Cable)

WCS™ Bear Foot Snare (Aldrich Style)

Due to popular demand, this Aldrich type bear foot snare is back in production. Used extensively by the USDA-WS and state wildlife agency personnel, the improved Aldrich now has a safety latch to prevent premature triggering. When properly set, non-target animals can be released and captured bears can be tranquilized, released or relocated. Made exclusively in the U.S.A. for WCS.

WCSABS-KIT-1 $58.95

WCS™ Grizzly Bear Foot Snare Kit (Aldrich Type)

Used extensively by USDA-APHIS-ADC and state wildlife agency personnel to catch problem bears. This method is safe, when correctly used, and allows for the release of nontarget animals. Made in the USA, the kit includes:

- Spring snare thrower
- A 48" 3/16" cable with a bear lock and solid loop end
- A 5' 3/16" galvanized aircraft extension cable with loops at each end
- An 8 mm, heavy duty (1,400 lb. working load limit), stainless steel swivel with "clevis style" ends

WCSABSGRIZ-KIT1 $69.95

Crit-R-Done® Bear Foot Snare Kit

Kit includes the Crit-R-Done cylinder, a bait bag, zip-ties, two bullet anchors with swivels, cable stop, snare cable with compression spring and cable clamp for spring. The bear simply reaches into the cylinder to grab the bait bag positioned at the bottom of the cylinder, and by pulling up on the bait "pushes" the cable snare loop onto its' leg, resulting in a positive capture.

CRITRDONE-KIT $349.95

Fremont Bear Foot Snare

The Fremont Bear Foot Snare comes complete with the spring-loaded throwing mechanism, one snare cable and one high tie cable for anchoring, and a quick link for easily detaching the snare cable after a capture.

WHFRBEFO-KIT1 $45.95/ea.

M15 Bear Foot Snare

Versatile, easy to bait and incredibly effective! To set, mount the M15 to a 5-gallon bucket (not included) with the spring-activated cable loop nestled inside the bucket lid. A bear reaching into the bucket to pull on the bait hook is immediately snared by the paw. The deer proof M15 comes complete with instructions, M15 snare mechanism, snare, HD high tie cable anchor and a quick link.

WHM15-kit1 $59.95

SNARE502-72 $137.95/six doz.

Professional Live Catch Coyote Snare
This snare is designed to catch and restrain coyotes. It has a total length of 7 feet. It consists of 4 feet of 7 x 7 7/64" cable which is used for the snare loop. The snare loop is attached to 3 feet of 7 x 7 1/8" cable with an inline #9 gauge swivel. This snare is built with a heavy duty relaxing washer lock, universal support collar and a live catch coyote stop.

SNARE503-12 $29.95/doz.
SNARE503-72 $167.70/six doz.

Coyote Catcher Snare
Utilizes a cam lock and is excellent for use in snaring coyote and beaver. It is built with seven feet of 7 x 7 3/32" cable, cam lock, universal support collar and a #9 gauge swivel.

SNARE402-12 $18.50/doz.
SNARE402-72 $99.95/doz.

Beaver Snares
Finally, a snare with a #9 swivel where it needs to be – as close to the animal as possible. Made from 3/32" galvanized aircraft cable and 8 ½' long, this snare also has a whammy for ease of positioning. A Hanson style washer lock makes it easy to remove the snare from the animal when doing live relocation work yet it still runs fast and smooth. With an adjustable tie-off end.

WCSBNBS $36.95/doz.

Coyote Snares
The ones preferred by pros. These 10' long snares have a heavy-duty #9 swivel in a midswivel design and whammy for easy positioning. The front 5' section is made of a light, high quality 5/64" diameter 1x19 cable that reduces visibility but remains strong and holds a round loop. A reusable camlock ensures exceptionally smooth and fast running, while the extension section, 5' of 7 x 19 3/32" diameter galvanized aircraft cable, has an adjustable tie-off end for anchoring.

WCSBNCS $49.95/doz.

Hog Snares with Cam-Lock
A heavy-duty hog solution! Built with a positive locking camlock, this snare has 6' of 7x7 (7 strands, 7 bundles) 1/8" galvanized aircraft cable and a super-tough #9 gauge wire swivel for anchoring.

WCSBNWS $34.75/doz.

Fox & Raccoon Snares
These are quality constructed snares targeting fox and raccoon. The total length of the snare is 5 ft., which consists of a 3 ft. snare cable and an attached 2 ft. extension for easy anchoring and positioning.

WCSBNFS $23.95/doz.

SNARE MAKING TOOLS & HARDWARE

WCS Snare Extension Cables
WCS snare extension cables are constructed of 3/32" 7 x 7 galvanized aircraft cable. One end has a #9 gauge wire swivel, the other end has an adjustable loop.

WCSSO03-12 3' Cable $8.95/doz.
WCSSO06-12 6' Cable $12.95/doz.
WCSSO010-12 10' Cable $14.95/doz.

Amberg Snare Supports
These supports are 30" long and can be driven into even frozen ground easily. These supports don't spin in the wind and securely support your positioning of the snare loop.

WCSJGASS-12 $28.95/doz.

WCS Snare Supports– Spiked
One of the best and widely utilized support systems on the market today. Very easy and simple to use. The RK Snare support has made positioning that snare loop extremely easy with 13 inches of #9 wire wrapped and welded to a 16 inch 1/4" steel support rod. The 4 inch spike which is welded to the bottom of the rod is off-set, making it easy to pound into hard or frozen ground. Grip the top of the spike with vise-grips for removal from frozen soil.

WCSSSS-12 $19.95/doz.

WCS Snare Supports – Soft Ground
The most popular snare support system on the market today, especially for soft ground applications. Very easy and simple to use. The RK Snare Supportfor soft ground has made positioning that snare loop extremely easy with 12 inches of #9 wire wrapped and welded to a 20 inch 3/16" steel support rod. The 2 inch flat metal spade which is welded to the bottom of the rod prevents spinning in the wind. Can be hammered into hard soil types.

WCSSGSS-12 $17.95/doz.

Redman Snare Tool
The Redman Snare Tool is all about speed. A grooved notch in the end fits either 9 or 11 gauge wire and makes quick work of setting support wires. Also great for making holes for blocking. Simply pound a pilot hole and put in sticks or weeds to guide the animal.

WCSRMST $4.95

SNARE ACCESSORIES

Snare Dispatch Springs

Steel coated with black oxide and wax for corrosion resistance. These are proven to dispatch coyote, fox and bobcat efficiently. They work with a wide variety of locks when used with break away J-Hooks. Available in two strengths, 25# standard and 50# heavy duty.

WSPSPRING-STD $8.95/100 pack
WSPSPRING-HD $8.95/100 pack

Steel Cable Ends

These 3/16"annealed non-cracking nuts make excellent ends for all cable up to 1/8".

WSPSTE $3.95/100 Pack

Mini Steel Cable Ends

Easy to pound on, fits 3/32" diameter & smaller cable. Has threads on the inside to grip the cable.

WSPMCS $6.95/100 pack
$64.95/1000 pack

Snare Quick Kill Spring

Delivers air stopping power from begin-ning to end and won't allow locks to back off. Once it is compressed it still applies constant pressure. This spring can be used over and over again.

Heavy Duty
WSPQKSHD-12 $5.25/doz.
WSPQKSHD-100 $37.50/100 pack

Snare Locks

A Slim Lock

WSLIM-116-12	1/16", 5/64"	$3.95
WSLIM-116-100		$29.95

WSLIM-332-100		$29.95
WSLIM-18-12	1/8"	$3.75
WSLIM-18-100		$28.00

The Slim Lock is a fast, low profile lock, very small in size.

B Micro Snare Lock

WSLMICRO-116-12	1/16"	$2.50
WSLMICRO-116-100		$16.95
WSLMICRO-332.564-12	5/64", 3/32"	$2.25
WSLMICRO-332.564-100		$15.95

The Micro Snare Lock is a smooth sliding lock with a very small profile.

C Cam Lock

WSLCAM-116-12	1/16"	$4.95
WSLCAM-116-100		$36.95
WSLCAM-332.564-12	5/64", 3/32"	$4.95
WSLCAM-332.564-100		$36.95
WSLCAM-18-12	1/8"	$4.95
WSLCAM-18-100		$36.95

The Cam Lock is a fast, reusable snare lock that will not slip.

D Small Washer Snare Lock

WSLWAS-116-12	1/16"	$2.25
WSLWAS-116-100		$14.00
WSLWAS-564-12	5/64"	$2.25
WSLWAS-564-100		$14.00
WSLWAS-332-12	3/32"	$2.25
WSLWAS-332-100		$14.00

The small washer snare lock is a penny sized, smooth sliding, relaxing snare lock.

E Sure Lock

WSLBSL-116-12	1/16"	$2.25
WSLBSL-116-100		$15.95
WSLBSL-332.564-12	5/64", 3/32"	$2.25
WSLBSL-332.564-100		$15.95

This is a positive locking snare lock.

F Cam Lock w/teeth

WSLCAMT-116-12	1/16"	$5.95
WSLCAMT-116-100		$41.95
WSLCAMT-332.564-12	5/64", 3/32"	$7.25
WSLCAMT-332.564-100		$50.75

These cam locks have teeth on the cam portion of the lock. This means there is absolutely no relaxing, no slippage. An excellent option for dispatch snares.

G Kaatz Bros. Relax-A-Lock

WRAL-12	5/64", 3/32"	$3.50
WRAL-100		$24.95

The Relax-A-Lock is a fast, low profile, lightweight relaxing snare lock. Works on 5/64" and 3/32" cables.

How to Order

Order On-Line: Visit us at www.ShopWCS.com, or for simple access to all the products we carry. We're adding new items all the time, so check out the "New Products" tab on our web store to see the latest additions to our product offering.

Order by Fax: 1-860-413-9831 Use the convenient order form(s) in our catalog and fax your order 24 hours a day

Order by Phone: 1-877-684-7262 Call Toll Free to reach us directly or if you get voice mail, leave your order (with your telephone number) and we'll call you back if we have any questions. For International customers please call 1-860-844-0101.

Order by Mail: Complete our order form and mail to us at: WCS, P.O. Box 538, East Granby, CT 06026

International Orders: Please contact us at Orders@ShopWCS.com or call 860-844-0101

Sales Tax: Charged as required by law. Please call for tax calculation. If you are exempt from paying Sales Tax, we will need a copy of your Exemption Certificate.

Things Happen! We make every effort when creating the catalog to be accurate with our photos, specifications and copy. Unfortunately, sometimes errors do occur. We reserve the right to make changes and correct errors to products and specifications at any time. We appreciate your understanding!

Payment

Payment Terms: All U.S. orders are shipped prepaid via Bank Check, Money Order or Major Credit Card. We gladly accept: American Express, Visa, MasterCard and Discover. We also accept PayPal. (We cannot accept C.O.D. orders or Personal Checks.) *Government purchase orders are gladly accepted.*

Payment for International Orders: For international orders we accept payment via PayPal or via a direct Bank Wire Transfer. (There is a $45.00 surcharge added to each wire transfer order to cover the bank fees associated with the wire transfer.) Products must be PAID IN FULL prior to shipment. All broker fees, duty & taxes are the responsibility of the customer.

Pricing Disclaimer: We do all we can to hold pricing although we reserve to right to change prices without notice. Check our website www.ShopWCS.com or call us toll free at 877-684-7262 to confirm pricing before ordering. If a price has changed for an item on your order, we'll contact you before the order is shipped to confirm whether you still want the item(s).

Shipping

Packing & Shipping your Order: We make every effort to process, pack and ship your order within 1 business day from receipt. If an item is not available, it will be put on back order and shipped out immediately once available. We will contact you for all back orders. Our main shipping method is Standard with delivery in 1 to 5 days depending on destination. We also offer optional expedited services for 3-Day, 2-Day or Next Day Air delivery. Our Super Saver is an economical offer for lower weight packages which may take 2 to 8 days depending on destination. See our website for latest shipping methods, pricing and specials.

Damage Inspection & Claims: It's important that you inspect all of the packaging and items delivered immediately upon receipt. Although very rare, packaging and items may be damaged during shipment. If you find any damaged item(s), contact us immediately. You must keep damaged items and original packaging for refund or replacement. Discarding original packaging will void claim. We will coordinate the shippers claim process for any lost or damaged item(s).

Shipping Outside the U.S.: Orders will be quoted at current rates. Also, any special handling costs or shipping fees will be added to your order. Customer is directly responsible for all broker, duty, taxes and fees applied to product delivery. No refund or returns allowed on international orders.

Returns

Should you decide to return an item, please contact us toll free at 1-877-684-7262 for return authorization. **Items must be returned unused and in their original packaging for refund or exchange. Returns for refund or exchange must be made within 30 days of purchase. A 20% restocking fee may be charged.** Original shipping and handling charges are not refundable. (No returns/refunds on Baits & Lures or Reference Materials)

Our Pledge

We take our mission to *"Provide Superior Customer Service by Delivering Quality Products, in a Timely Manner, at Competitive Prices"* seriously. We want you to be satisfied, so if for any reason the products do not perform or you are not happy with something, we want to know. We'll do all we can to make it right!
