What goes into a WCS™ product?

The COLLARUM®

Exemplifies our approach to providing superior solutions for our customers

DESIGNED BY PROFESSIONALS

We offer 4 styles of the COLLARUM® designed to target specific canines; Coyote, Fox, Feral Dog and Wolf. We also have prepared a Kit for Animal Control Officers to help target feral dogs.

Visit page 44-45 to learn more about the COLLARUM®

BEST IN CLASS

At WCS™, we strive to set the standard for innovative, effective and easy to use products. COLLARUM'S "dog on a leash" capture method provides a safe tool for urban and suburban capture of canines.

FIELD PROVEN

WCS™ has 10+ years of hands on experience. Developed with professionals and government field testing, COLLARUM® is now used world-wide to help humanely capture canine.

NOMOL®

The safest and most effective trap on the market!

With a completely below ground profile, our lightweight NOMOL® traps are the professional's choice for inexpensive mole management. Easily set in pairs, back-to-back, these in-tunnel traps are great for bilateral catches of moles, voles and shrews. Excellent for deep tunnels as well as sandy and heavy soil. Rust Resistant Coating prolongs the life of your NOMOL®S.

NOMOL 4 pack A starter pack that introduces you to the NOMOL® trap. Comes with 4 traps, 4 dowels and detailed instructions on how to set.

Larger Dozen and 5-Dozen Magnum packs available.

NOMOL® Mole Trap Setters

NOMOL® Mole Trap Setters make setting this mole trap very easy. The NOMOL® mole trap setter makes holding, and positioning the trigger loop very easy, as you have the leverage to set the trap and also a "handle" to hold and manipulate the trap.

Visit page 55 to learn more about the NOMOL®

Visit page 54 to learn more about the SNAKE GUARD®

SNAKE GUARD® Snake Trap

Humane and effective snake removal!

A live capture, single use trap with a "no-touch" removal method. Humane, effective and simple to use, this water resistant cardboard trap uses super-sticky glue strips that match the angle of "push off" used by a snake when crawling. Successfully used to capture venomous and non-venomous snakes. To release, transport to a remote location, pour a liberal amount of vegetable oil on the glue (watch to not submerge snake's head in oil) and the snake should work itself free in under an hour.

WCS™ Vet-Pro™ Gloves

Quality construction for long lasting protection!

Visit page 66 to learn more about Vet-Pro™ gloves

When choosing gloves for animal handling, you want to consider the potential for bite penetration and/or crushing force. Handling animals like cats with sharp claws and teeth, it's more about penetration. Coyotes or primates would have both concerns. All Vet-Pro™ styles are made of hand-cut, split grade cow-hide

palomino leather and a ballistic lining of DuPont™ Kevlar® felt. Unlike knitted or woven material, Kevlar® felt is tightly packed for maximum puncture resistance. Double-stitched with Kevlar Thread, with a loose fit for dexterity and emergency removal. A couple models have stainless steel staples reinforcing the hand to provide some crush protection. Flesh wounds are the easiest way for professionals to get infected, so we never skimp on quality. Gloves provide protection but we recommend that as much as possible, limit direct contact with any wildlife.

N.B. Tube Bait

Visit page 4
for N.B. Tube
Bait

**The easiest way
to apply paste bait!**

WCS introduces another time saving idea with its most popular paste bait "N.B. Squirrel & Rodent Bait. N.B. is a rich mix of nut oils, meats & seeds that rodents find irresistible and it has been a "go to" bait for professionals to attract mice, rats, chipmunk, gray squirrels, red squirrels and flyers since 1999. Now available in an easy to apply, no-mess Tube that can be used with the bait gun or just applied with a plunger. The Kit includes a Paste Bait Gun and three N.B. Tubes. N.B. Tube Bait, like all of the "Premium Grade" bait products, is spiked with an anti-drying agent to increase the baits effectiveness. Also available in Single Tubes with plunger. Bait has never been so easy to apply!

The "Original" WCS Tube Trap

Visit page 91
to learn
more about
WCS Tube Trap

WCS's popular answer to pesky squirrels – now new and improved!

Powered by a beefy double torsion spring, our 21-gauge steel Tube Traps work both baited and unbaited. Curious squirrels can't resist them. Use the regular style wherever squirrels are a problem. When a lethal capture is made, the squirrel is hidden from public view. Measures 4.5" diameter, 15" long; Note: This is a lethal body grip trap.

WCS Tube Trap Cap

The WCS Tube Trap Cap is just the tool for increasing the versatility of our popular Tube Trap. Available in two styles – with or without an access hole. Choose Model A to close down the opening on the Tube Trap, or Model B to close off one end all together. It mounts easily just by sliding onto the end of the trap. Additionally, with its feet, the Tube Trap Cap serves as a stabilizer with mounting holes allowing the user to easily mount on a variety of surfaces.

Any four 8 oz. WCS paste baits just \$24!

Draw Them In With These Proven Formulas

People often ask us which bait or lure is the best for attracting a target animal to a trap. The answer is, "the one that works best for your situation". That's why WCS stocks the widest range of choices for specific species and conditions. These non-poisonous products are made by Professionals for Professionals, with quality ingredients and formulations. All of our baits have been "field tested" for effectiveness. Simply put, these proven formulas save you time and money.

If you're starting out, we recommend experimenting with a few different baits & lures in different traps, so you can easily judge the results. Remember you are dealing with a wild animal and some may be finicky – offering variety will increase your success. More advanced trappers may want to experiment by mixing various oils and compounds. Whatever your choice, we're always here at 1-877-684-7262 or admin@ShopWCS.com to help you select the right bait or lure for the job.

WCS "Premium Grade" Paste Baits

Paste Baits \$7.00/8 oz. \$12.50/16 oz. \$64.95/gal.

Corn Dog NWS008 (for Raccoon & Skunk)

This versatile bait attracts both Raccoon and Skunk. It has an overtone aroma of succulent sweet corn, along with a "kicker" of sweet honey, and contains bits of kernel corn for eye appeal that will entice even the finickiest critter. This is a great year round attractor.

Mellow Yellow NWS004 (for Skunk)

This paste bait for skunk mimics nature's perfect fruit, the Bannana! Powerful, lingering, and intensely sweet. A good Spring & Summer bait that animals really work for. WCS "Premium Grade" baits will not dry out like some of the others, and is cat "resistant".

N. B. Squirrel & Rodent NWS002

N. B. Squirrel & Rodent is a rich mix of nut oils, nutmeats and seeds that squirrels and other rodents simply find irresistible. This bait, like all of the "Premium Grade" products, is spiked with an anti-drying agent to increase the baits effectiveness. Place on your favorite bait holder and position so animal must pass over the pan to get to it and watch the results. Great on all types of Squirrel, Mice, Chipmunks and Norway Rats.

"Rosebud" NWS005 (for Skunk)

This is a loud, reach out and "grab ya" bait. It really holds their interest and is loaded with an attractant that inspires excitement, along with a pungent odor carrying side tone. As the name implies, especially made for the "Little Stinkers". This bait contains no fish and is cat resistant.

Tree Berry NWS003 (for Raccoon, Skunk, Possum)

Our personal favorite for a general-purpose paste bait. This sweet smelling bait fills the air with its aromatic scent and is a combination of tree-ripened fruit essences and puree, along with an under tone of bush berries. Place on your favorite bait holder and position so animal must pass over the pan to get to it and watch the results. Great on coon, skunk & opossum.

Whistle Pig NWS009 (for Groundhog aka Woodchuck)

For groundhog. This bait has just the right amount of leafy, green vegetables and fruit essences, which really make those finicky chucks, sit up and take notice. Long lasting and very fragrant.

Applelicious NWS014 (for Groundhog, Muskrat, Raccoon, Skunk)

Great for groundhog, muskrat, raccoon and skunk, this paste-based bait has an explosive apple aroma, designed to fill the air around your trap. Field-tested to attract more finicky critters.

"Green Machine" NWS016 (for Squirrels, Rats, Mice, Chipmunk)

For mouse, rat, and squirrel. Unique and alluring, this is a great change up to traditional paste baits or liquid lures. The smooth paste consistency with added essential oils attracts all kinds of rodents, including mice, rats and squirrels. Caution: contains peanut products and oils.

WCS "Paste Bait Sampler"

"With our Bait Sampler you get (6) 4 oz. jars of our paste baits that will give you a variety to attract Squirrel, Raccoon, Skunk and Groundhog".

NWS010 in 4 oz. sample jars \$24.00

N.B. Squirrel & Rodent Bait

Our most popular paste bait made with a rich mix of nut oils, meats & seeds that rodents find irresistible. A "go to" for Pro's to attract mice, rats, chipmunk, gray squirrels, red squirrels and flyers since 1999. Now available in an easy to apply, no-mess Tube used with a bait gun or with a plunger.

WCS002-1 \$4.95
Single Tube & Plunger

WCS002-3 \$10.95
3 Pack (3 Tubes & 1 Plunger)

WCS002-KIT \$27.95
3 Tubes & Bait Gun

WCS101504 \$18.95
Bait Gun

WCS Beaver Lure Products

Beaver Blaster

NWS001 \$18/4oz. \$56/16oz.

This lure was 5 yrs. in the making. It's some of the finest beaver lure ever poured into a bottle. This oily, castor-based lure is loaded with just the right blend of essential oils and is 'fixed at its peak' of attracting capabilities. It stands up to the elements and will put a nice slick on the mud or water. Satisfaction Guaranteed!

Beaver Buffet Food Lure

NWS006 \$18/4oz. \$56/16oz.

This paste lure has absolutely no beaver castor or oil added. Made for warmer weather, it has several food oils, plus a "curiosity kicker". Smear on peeled sticks by waters edge and watch the results. Won't arouse suspicion!

Beaver Castor

NWS011 \$18/4oz. \$56/16oz.

Pure dark beaver castor, finely ground, then preserved. Great for beaver castor mounds or in formulation of lure. Good on coon, otter, fox, etc.

WCS Trailing & Attractant Products

Fruit & Nut Rodent Lure

NWS0302 \$6.00/1oz. \$12.00/4oz. \$36.00/16oz.

This is the liquid form of our "Premium Grade" NB bait. We call this, "nut essence with a fruit twist." Proven effective on all types of squirrels, chipmunks, and other rodents. Use as a trailing scent, leading animal into the trap, baited with N. B. Squirrel & Rodent Paste, it is an unbeatable combination.

"Yellow Stripe" Skunk Trail

WCSYS01 \$5.00/4oz. \$15.00/16oz.

As the name implies, this skunk trail scent really lays down a "yellow stripe" leading to the trap. Very fragrant, and sweet smelling, will not attract cats. Lead the skunk right into the trap. Will work equally as well on raccoon and opossum.

"Strike-Um" Snake Lure

WCSTJSL \$18.95/4oz.

Snakes won't be able to resist this powerful formula created by the pros. Just drop 4-6 drops on a cotton ball or sheep's wool and place in the center of your glue trap. Usually takes 12-72 hours, depending on the snake's feeding cycle. Caution: Keep out of reach of children and avoid contact with eyes.

Feral Cat (WildCat)

NWSBJ13L \$18.00/4oz.

WildCat Feral Cat Lure (4 oz.) is just as the name implies, specifically designed and formulated to be highly attractive to feral cats, in fact, all members of the feline species. This lure has a thick, syrupy consistency and will hold up well in all kinds of weather. Wildcat incites both a curiosity and feeding response with just the right blend of oils & essences which felines find irresistible. Use on your favorite bait holder in the rear of the cage or use as a trailing scent to lead the cat into the cage.

GroundHog "Kokaine"

NWSGHK1 \$31.95/gal.

Made and patented by wildlife pros for wildlife pros. Unlike those other hog baits this bait DOES NOT need an "eye attractant", it works all by itself and needs nothing else. We've had some of our referral pros testing this all over the country and now they are begging for more! It is simply that good. If you trap Groundhogs you need this bait!

"Sparrow Treat"

WCSSP4 \$18.95/gal (6 lb millet)

Sparrow Treat consists of millet (white and/or red mixture) which has found to be preferential to house sparrows during trap testing over a period of eighteen months. This is the recommended bait to use when deploying Sparrow Sleds in "big box" stores. You can use a couple of pieces of white bread for EYE APPEAL to enhance the baiting program, but you should be using millet as your primary bait when your target is house sparrows.

Triple Treat Powdered Bait/Lure Combo

WCSTT \$6.95/16oz.

Triple the power, triple the results. Unlike your typical powder baits, Triple Treat has additional food quality materials that enhance the fish powder base. Sprinkle some as a trailing scent into your cage and place about 2 tablespoons behind the triggering pan – no other bait or lure is necessary. Won't wilt or spoil in high heat. Great for raccoon, skunk, opossum, weasel, mink and more.

Baron's Brand

Paste Bait Products \$6.25/6oz.

Raccoon Jam

WCSBBCG

A very strong berry type bait for raccoons. Excellent for summer and early fall use, holds up well in heat and rain.

Squirrel Jelly

WCSBBNN

Squirrel Jelly Bait, when your nut type squirrel baits don't seem to be producing, try this one! Works great in cold weather, or on finicky red or grey squirrels. Note: With this squirrel bait do not use as a prebait or outside the trap. New name but this is the same great formulation!

Skunk Buffet

WCSBBRP

A non-fish type bait developed for use on skunks in cat sensitive areas. Outstanding all spring and summer. Holds up well under rain and dry weather.

Woodchuck Salad

WCSBBRR

A unique combination of woodchucks' favorite foods. Strong and long-lasting, holds up well in rainy and dry weather.

Squirrel Butter

WCSBBSB

If you think your peanut butter and seed mixes work well then it is obvious you haven't tried this one. Second to none for squirrels, chipmunks, and ground squirrels. During cold weather mix some Blockbuster trailing scent, this will make it creamier and increase the odor output.

Raccoon Candy

WCSBBSSC

A very thick paste that holds up well in rain and heat. Excellent all year long. Good for cage traps. Great for post dormancy periods. Put up in plastic for durability.

Liquid Lure Products \$6.50/4oz.

Groundhog Heaven

WCSBBCR-4

Developed originally to assist groundhogs in finding the trap entrance. Although quite different than Rebel Rodent in composition, its attractiveness is in fact quite comparable. Just lay a trail from the hole or travelway into the trap. Tip: When trapping woodchucks in live traps, layering the bottom of the trap with dirt or fresh greens seems to improve success.

Squirrel Trail Mix Trailing Scent

WCSBBIOC-4

Squirrel Trail Mix (formerly Blockbuster) was highly underrated as an attractant. During the course of a season Scott Behren's goes through gallons of this product. Research conducted showed that squirrel traps which used this product only as a trailing scent outperformed traps utilizing only bait placed in the back of the trap by a 2 to 1 margin. If trailing scents haven't been a part of your operation in the past we highly recommend you give them a try.

Blackie's Blend

Fatal Attraction (Fortified Shellfish)

BBADC06 \$7.00

For Bear, Mink, Raccoon. Cuts the cold night air like a razor. Sharp bite of shellfish, top notes or oyster, clam and sardine and stale undertones of extracts, emulsions and oils. Absolutely the best there is for picky coons in chilly weather

Fur King (Sweet Paste)

BBADC04 \$7.00

For Raccoon, Skunk. Don't let the name fool you – this highly effective bait cleans out coons around barns and dwellings without catching housecats. Loud and sweet, it creates a hunger/curiosity effect year-round and won't dry out in summer. Perfect for A.D.C. work.

S-K-B Skunk Paste

BBADC02 \$7.00

For skunk. Pungent, tart and zesty bait specially made for spring, summer or fall "grubbers". Strong main theme of crustaceans backed up with vibrant musk/oil middle tones. Ready to go no matter what the season.

Thumbs Up

BBADC09 \$7.00

Top mink, coyote and coon bait for early season. Heavy fresh fish paste, laced with bold side odors and top tones to carry and penetrate. A lot of work went into making this bait the best around.

Whistle Stop

BBADC01 \$7.00

For woodchuck. Anti-dry out, heavy paste made from plants chucks love to eat! Enhanced with several oils and herbs. Place a spoonful or so on fresh cabbage leaves or broccoli for eye appeal. Works well in summer heat, too!

Boar's Delight

**BBADC08 \$5.00/1oz.
\$17.00/4oz.**

For rabbit and woodchuck. Outshines other sweet or food-type lures from mid-late season. A great choice for isolating adult males and catching prime winter coon.

Num-Chuck

**BBADC03 \$5.00/1oz.
\$17.00/4oz.**

Targets woodchucks and rabbits ONLY. Made of 100% plant base with no artificial oils, heavy lure has a thick creamy texture. Apply to apple slices or your favorite lure holder (e.g. cotton ball, bait stick). Great companion to your favorite bait.

Hare Today - Gone Tomorrow

BBADC10 \$7.00

For rabbits. A specialty bait that's only available Apr 1 to Oct 1 and with a one summer shelf life. Rabbits are very finicky so freshness is a factor. This lure is made with plant extracts and plant parts added in a fruit paste base.

Berry Sweet

BBADC11 \$7.00

You will be amazed at the freshness of this new lure. Blackberry is used as a "blanket" to cover a Red Raspberry base, then it's fortified with a sugar aroma to enhance the berry smell.

Bob Noonan Lures

\$14.95/4oz. \$34.95/16oz. \$162.50/gal.

Cottontail Cager

WCSBNCC

For rabbit. Pull in territorial males and curious females. Lure contains heavy, pungent dose of mature male cottontail glands, mixed male rabbit urine and curiosity ingredient. Males will come looking for a fight, females for fun. Use on small piece of white cloth or similar to mimic fur and add fresh greens for extra appeal.

Masked Magic

WCSBNMM

For Raccoon. Masked Magic is a viscous lure with a sweet, penetrating odor. The blend of seven ingredients, properly aged make it a combination call/curiosity/food lure. They investigate even when not hungry. Its odor is clinging and long-lasting; get it on your fingers and you'll need soap and water to remove it. Fortunately, the odor is pleasing. Raccoon really work for this lure.

Muskrat Love

WCSBNML

A reliable, time-tested lure. A sweet, share food blend with many attractive natural oils & a touch of mink. Muskrat Love also attracts raccoons! Muskrats are strongly attracted to lure & can pinpoint its source quickly. With small home ranges, the penetrating odor quickly spreads low, at their face level, across water or ground to saturate their range.

Black Magic Bruin

WCSBNBMB \$24.95/gal.

Another time tested favorite, particularly among Canadian outfitters, primarily used to help Black Bear find bait stations. Bear will relish it and return for more. Use as a trailing scent, this cannot be over applied and is completely edible. Apply single drop to an ounce or more of your favorite bait and set every few feet.

Coon Grabbers

\$7.95/doz.

Coon Grabbers are a lure and bait combination. This product is designed to be used in dog-proof style traps and can be reusable. Currently available in the following 8 scents:

Anise (WCSCG01)
Shellfish (WCSCG04)
Grape (WCSCG07)

Fresh Shrimp (WCSCG02)
Ozark Special (WCSCG05)
Shad (WCSCG08)

Raspberry (WCSCG03)
Wolfers KB (WCSCG06)

***"Great for Species Specific (or Dog-Proof) traps.
See our wide selection on page 100"***

Cronk's Lures

All 1oz.

Allagash Fur Call

OCAFC \$6.00

Fox, coyote, wolf, bobcat, raccoon, marten fisher and weasel are all attracted to this famous lure. One of the best marten and fisher lures on the market. Contains a dash of pure skunk essence.

All Fur Call

OCAFC2 \$6.00

A blend of the leading musks and oils. Both water and land animals come to this one. This was Oscar's favorite lure when he ran long wilderness trappings.

Beaver No. 1

OCBEAV1 \$6.00

This is a heavy lure containing beaver castor, tonquin musk and several expensive oils. This is Oscar's best beaver caller.

Beaver No. 2

OCBEAV2 \$5.50

Contains high priced musks and oils blended with beaver castor.

Bobcat No. 1

OCBOB1 \$5.50

A 'cat lure for any climate or country.

Bobcat No. 2

OCBOB2 \$5.50

Makes a feline stay around the set until caught.

Coyote No. 1

OCCOY01 \$5.50

A gland lure with power and appeal. Good at all sets.

Coyote Supreme

OCCOYSUP \$5.50

A high powered lure that tickles a coyote's nose.

Fisher No. 1

OCFIS01 \$6.00

This is one of the top selling fisher lures on the market. Contains musks, oils and a dash of skunk essence.

Fisher No. 2

OCFIS02 \$6.00

A heavy lure with muskrat musk and mink musk plus other musks and oils. Also attractive to coyotes and other canines.

Fox No. 1

OCFOX01 \$5.50

A gland lure with that great foxy smell. Good at all sets.

Fox No. 2

OCFOX02 \$5.50

This is a great fall and winter lure that contains 'rat musk, beaver castor, plus a blend of other musks and oils and a trace of skunk essence.

Mink No. 1

OCMINK1 \$5.50

Strictly a gland lure that really does the job.

Muskrat No. 1

OCMRAT1 \$5.50

A supreme rat caller containing muskrat musk and the leading musks and oils.

Muskrat No. 2

OCMRAT2 \$5.50

A heavy base lure that contains muskrat musk, oil of carrot, sweetflag and other muskrat attractors.

Musky Musk

OCMMUSK \$6.00

Deadly, long-range, heavy lure for mink, rats, coon, otter and others. Good for serious minkers.

Old Timers Fox Call

OCOTFC \$5.50

Contains leading domestic and imported musks and oils. This is a real canine caller.

Otter

OCOTTER \$5.50

Works even though otter are hard to lure. They will come to this one.

Predator 500

OCPRED500 \$5.50

This is Oscar's top selling canine lure. It is heavy and long lasting at sets.

Predator 600

OCPRED600 \$5.50

A liquid lure that is excellent for early fall dirt hole and flat sets.

Predator 700

OCPRED700 \$5.50

A blend of musks, oils and fixatives that draws fox, coyote and bobcat.

Raccoon No. 1

OCCOON1 \$5.50

Made with muskrat musk, beaver castor and other musks and oils.

Raccoon No. 2

OCCOON2 \$5.50

A heavy lure that reaches out to raccoons.

Cronk's Skunk Essence Paste - 1 oz.

Cronk's Skunk Essence Paste utilizes pure skunk essence put up in a freeze-proof base, very loud. Great for placing above fisher & marten sets as a call lure, especially in cold temperatures. Good in small amounts at canine sets in cold weather also. There is a \$2.00 special packaging surcharge per order.

OCSEP1 \$10.95

Dakotaline by Mark Steck

Dakotaline Lures

\$5.50/1oz. \$17.00/4oz.

Retch'n Gretchen Long Distance

Predator

DLRGLDP

Skunk essence? Yes, but so much more. Long range musky and close range intense. Excellent on coyote, fox, badger, coon, bobcat, marten and fisher. From Mid-October through early December it is a go to lure.

Two Riders Predator

DLTRP

A blend of high grade musks and oils with outstanding calling attributes. Formulated for coyotes, fox and bobcats.

Sweet Marie Beaver

DLSMB

A castor based beaver lure made of the finest northern castors. Foreign castor consistently creates a territorial response from beaver.

Dirt Roads Coyote

DLDRC

Pure cut and aged coyote glands made into a thick paste. Designed to bring out territorial instincts in the local coyote population. Good anytime of the year.

Harding County Fox

DLHCF

Made from quality aged glands and additives to create a "foxy" smell. Good any time of the year.

Drifter's Fate Predator

DLDFP

A coyote, fox and cat lure made from the finest glands and musks money can buy.

Kicker Coon

WCSDL02 \$14.95/16 oz.

Designed for use with dog proof traps and is also excellent for any kind of coon trapping. This lure contains a blend of obscure ingredients that cause coon to work sets aggressively. Apply to sheep's wool and the odor will last up to 21 days.

Canine Kicker

WCSDL01 \$14.95/16 oz.

A "spiked-up" urine that draws out the territorial instinct in canines. A penetrating aroma with calling attributes. Effective in both fall and winter.

High Water Muskrat

WCSDL06 \$5.50/2 oz. \$9.00/4 oz.

A sticky smear type lure formulated to stay put even through rain. Mark caught more than 350 rats in one check with this lure. Coon love this lure too.

Dakotaline Baits

Highway 61

WCSDL06 \$10.95/16 oz.

Made with a beaver meat base and powerful calling agents. Highway 61 keeps predators at your set.

Laughing Lady Coon Bait

WCSDL03 \$8.95/8 oz. \$12.95/16 oz.

A coon bait/lure that sticks to about anything and holds up to rain and cold weather. Put it on a stick, bridge abutment or in a dog proof trap.

Hurricane

WCSDL04 \$8.95/8 oz. \$12.95/16 oz.

Powerful, sweet, and sticky. A sinus clearing bait that is deadly on coon and muskrats. Excellent on beaver too.

Alaskan Salmon Spread

WCSDL05 \$8.95/8 oz. \$12.95/16 oz.

A sticky mink and coon bait/lure made from Alaskan salmon. A fishy aroma that is very edible and attractive to coon, mink and bear.

*Information provided for eastern U.S., other areas might vary

Hanging Bait Crevice Devices WCSPTB-Kit 100 pack \$21.95

Ditch those annoying pipe cleaners. Just draw these grooved bait sticks through your favorite paste bait and hang them from their wire hangers in your cage trap. You'll have the proper amount of bait and a whole lot of extra time.

Dobbins Lures

\$5.50/1oz. \$18.00/4oz.

Woodchipper

NWSPD001

This is a food-type beaver lure. It is a favorite for the summer A.D.C. jobs when the beaver are extremely finicky. Also a great all-season lure used at food-type sets.

Backbreaker

NWSPD002

For Beaver. This is a heavy castor-based beaver lure. It's great for all times of the year, but works best during the late fall thru spring. This lure is a staple for many pros.

Beaver Plus

NWSPD003

This is a curiosity-type beaver lure. It works all year and it brings in otter and raccoon too. This lure will increase your catch.

Coon Candy

NWSPD004

This very sweet lure is too attractive for raccoons to pass up. It works very well around areas where pets roam free. This is also a great A.D.C. lure for summertime use.

Muskrat #1

NWSPD005

This muskrat lure has the ingredients that muskrats crave. It works well at all lured sets. Has proven itself all over the United States.

Canine Select

NWSPD006

This curiosity paste canine lure drives them nuts. This lure works great on fox, coyote, cats and Raccoon. Doesn't get 'em rolling.

All Call

NWSPD009

For bobcats, raccoons, otters and a call lure for all the canines. It's loud and reaches out to where you need to go.

Mississippi Special

NWSPD010

Mississippi Special is a canine food lure made to stimulate the appetite of the most finicky canines. During tests, it was found also to be attractive to Bobcats, Raccoons and Otter.

Tri-Nitro

NWSPD016

This is a canine/cat liquid curiosity lure. It uses brain material for the base and is very weather resistant. It works well in dirt hole and flat sets.

Old Grey Buzzard

NWSPD017

This is a grey fox lure that works in the late season when others quit working.

G.L. 40

NWSPD011

This is a red fox gland lure that has added ingredients to make it attractive all year long.

Purrfect

NWSPD012

This is a Bobcat Gland lure formulated to take advantage of the cat's curiosity, hunger and passion.

Klondike Call Lure

NWSPD013

A penetrating lure by Paul Dobbins. This lure is for canines and 'cats. It is an excellent cold weather lure for predators.

Dobbins Economy Pack

Six 1 oz. Lures

NWSPD007 \$27.50

For coyote, fox and bobcat. If you've ever wanted to try Dobbins' famous lures, here's a pack at the right price! Six 1 oz. bottles of Woodchipper, Backbreaker, Beaver Plus (all beaver), plus Coon Candy, Muskrat #1 and Canine Select.

Dobbins 3-Pack

1 each 4 oz.

Woodchipper, Backbreaker, Beaver Plus

NWSPD008 \$45.00

With this combination of in your lure pouch, you'll be ready to stack up some "flat tails"!

Dunlap's Lures and Baits

Lures \$5.00/1oz. \$17.00/4oz.

Beaver **JDBEAV**
A castor based lure that has caught 1,000's of beavers. Works all year north, south, east and west.

Bobcat **JDBOB**
A unique lure that really brings in bobcats. Gets and holds their attention.

Coon Fish **JDCOONF**
A heavy fish lure that is highly attractive to coon and mink.

Death Coyote Gland **JDDCG**
Coyote glands aged to bring these ole wary dogs to flat or post sets.

Coon Sweet **JDCS**
A very sweet coon lure that really draws them in. Works great smeared on dog proof traps or pocket sets.

Finese **JDFIN**
A super fishy lure with castor, musks and high quality essential oils that gray fox and bobcats love.

JD's Predator Gland **JDPG**
A gland lure that will get the job done on all predators. Use in the north or south.

Long Call **JDL**
A very strong call lure that works great for all predators. Many top oils and skunk essence calls them in from a long distance.

Mink **JDMINK**
A food/gland lure which will pull mink in to your sets. Works great on pocket or block down sets.

Muskrat **JDMRAT**
This lure has a musky odor that really calls them in. Hard to keep muskrats out of your traps with this lure.

Otter **JDOTT**
A combination gland and food lure that has produced great results in the north and the south.

Predator **JDPRED**
If you're looking for something new and different, this is it. This lure contains essential oils and musks that are attractive to all predators.

Rat-a-tat-tat **JDRTT**
Has a super sweet berry smell that grey fox can't resist. You don't have to use a lot to get their attention. Excellent for coon as well.

Red Gland **JDRG**
You can't underestimate a great red fox gland lure and this one is just that - GREAT! Many cats, coyotes, red and grey fox have fallen to this lure. It flat out smokes them.

Baits

Big Pile Fish DP Coon Bait **JDBPFCB** **\$8.00/16oz.**
This is a good go to bait for later in the fall. Real fish taste and designed for dog proof traps. Use this bait if you want to catch a big pile of coon.

Big Pile Smoked Fish DP Coon Bait **JDBPSCFB** **\$8.00/16oz.**
Good go to bait for later in the fall. Real fish taste and smoke for a call lure.

Big Pile Very Berry DP Coon Bait **JDBPVBCB** **\$8.00/16oz.**
Designed for use in dog proof traps and is highly attractive to raccoons. Has a sweet taste and a berry smell coons can't resist.

Smoked Fish DP Sauce **JDSFDPS** **\$15.00/16oz.**
This sauce has it all. Fishy taste and a smoky smell that will drag the coon in. Just add your bait to the dog proof trap and pour on the sauce. Works great as a call or for a scent trail.

Very Berry DP Sauce **JDVBDPS** **\$15.00/16oz.**
This special sauce has a very berry smell and sweet taste. Just add bait to your dog proof trap and squirt on Very Berry Sauce. Coon come a runnin'.

Choke Cherry DP Sauce **JDCCDPS** **\$15.00/16oz.**
A very strong wild cherry smell and a sweet taste. Works great on bait in dog proofs and as a trailing scent.

Sweet Anise DP Sauce **JDSADPS** **\$15.00/16oz.**
Looking for a strong smell to call in the coon and a sweet taste when they get there? Just add bait to your dog proofs and apply sauce. Also a great call lure and trailing scent.

Depredator Paste Bait **JDDPB** **\$12.00/16oz.**
Highly attractive to all predators. This bait has a beaver base and just the right touch of essential oils predators love.

Location Predator Bait **JDLPB** **\$12.00/16oz.**
This bobcat base predator bait has been tested in the north and the south. It has a tainted sweet smell with a kick of mink musk. Use alone or with a gland lure.

Smear Bait **JDSB** **\$6.95/16oz.**
Will stick to anything. These baits work great in dog proof and cage traps and are ideal for smearing on bridge walls, trees, etc. Each flavor has a very strong odor. Available in Black Anise, Choke Cherry, Shellfish and Wild Grape. Please specify flavor when ordering.

Fur Country Lures by John Graham

\$18.00/4oz.

Badlands Bob WCSJGBB

For canine and bobcat. This lure has a bobcat gland base, and will appeal to bobcats in a variety of uses! One of the very best combination 'cat and canine lures made. No other lure smells even remotely like this one.

Blaster Bonanza WCSBB-4

For canine and raccoon. An extremely attractive food/curiosity lure. A completely different base than other Bonanza Lures. This lure will make canines and coon lick, scratch, and hang around a set.

Bobcat Gland WCSJGBG

Simply put, a quality, mellow 'cat gland lure (4 oz.). No fillers, only the best glands are used. Works excellent on cats, as well as canines. Try this on any canine set, you will see the results.

Bonanza Cold WCSBC-4

For canine, bobcat, skunk, fisher and martin. A loud reaching call lure. Can be used at or above the set. Great on canines, as well as cats, fisher, and marten. If you want SKUNK, this is it!

Bonanza Mild WCSBM-4

Year after year, John's biggest seller. A mild, grease based scent that predators will want to lick, grab and bite. Great at gang sets for canines and cats.

Boss WCSBOS-4

Graham's Boss Lure is beaver castor based and makes open water trapping easy. It creates an intense curiosity and territorial response to old trap shy beavers. It is made of good quality northern castor.

Cache Creek WCSJGCC-4

Graham's Cache Creek Lure is beaver castor based and topped off with a unique smell to appeal to all beavers. It is another top quality lure to be used in any situation, and is completely different than other beaver lures you've used.

Charlie Bob WCSJGBB-4

Graham's Charlie Bob Lure is a food/curiosity type lure that is mellow, lingering and fragrant. The base is made of elements of a cats diet, plus two curiosity calls. On top of that, there is a hint of cat nip.

Cow Country WCSJGCOW-4

Graham's Cow Country Lure is a high intensity curiosity lure. Its mellow, mild odor is non-offensive, even in warm weather. A great alternate for gang setting, especially in the early season. T-bones are tailor-made for this lure – really whacks the coyote pups.

Crossfire WCSJGCF

A loud, fragrant food based lure. This was designed as a concentrated paste to draw canines and cats to capture locations. For the money, a good reliable attractant.

Deception (Coyote Gland) WCSGCLD

Coyote with a capital "C", made from pure fresh glands. The natural smell of coyotes concentrated. One of John's personal favorites on canines, and has helped catch a lot of Big Tom bobcats over the years. Even "shy" coyotes will respond, hungry or not.

Enticer WCSFGLG

For fox. Made from fresh fox glands, but with an extra "kick" to entice "fickle fox". One of John's personal favorites, he carries a jar of this in his bag year-round. One of his biggest selling lures.

Excitor WCSJGEXC-4

Only the best red fox glands are used to make Graham's Excitor Lure. This top quality gland lure is very natural and really provides super attraction at any type of set. Capitalize on the foxes reaction to smells of its own kind. This is the most concentrated red fox gland lure on the market. Can be used year-round. Thick and creamy.

Fall Fox WCSJGFF

This is a NEW lure by John Graham. All the bases are covered with this lure-food: curiosity, greed, etc. Capitalize on what makes a fox tick. Don't let the name fool you, it will catch coyotes and 'cats too. All season, all purpose.

Gatorade WCSJGGAT-4

Gatorade Lure is Different with a capital "D". It will get responses from coyotes when all else fails. Very effective on "fickle" coyotes. A definite territorial "enrager" at coyote sets.

Home Brew WCSJGHB-4

Home Brew Lure is a natural curiosity/call lure probably unlike anything you've tried. Very hard to burn-out due to its blend of natural ingredients. A very pungent odor. If you need something new to throw at them, try this canine and cat lure.

Magnolia Beaver WCSJGM

A blend of beaver food they can't resist, it works well all seasons. Paste type consistency for use in wet conditions, the base of this lure alone will attract beaver, but by blending in several food/curiosity ingredients you get a superior beaver food lure.

Muskrat Call WCSJGMRAT-4

Muskrat Call Lure is made with plenty of spring rat glands and other ingredients that pull them in from a distance.

Ol' Three Toes WCSJGOL3-4

Ol' Three Toes Lure uses fresh coyote glands as the base with another ingredient blended in to give it a faint underlying odor that really preys on coyotes' territorial "kick" response. Can be used alone or with urine.

Pride Rock WCSJGPR-4

Pride Rock Lure will really make a 'cat work a set without leaving until its curiosity is quenched. It is very mild and is super attractive at short range. This lure is best when placed at about 10" – 12" above ground level, beyond the trap, with proper blocking. Works in all weather.

Purfection WCSJGPUR-4

Purfection Lure was perfected on a Montana badlands trapline. Its sweet mellow odor will cause 'cats to really work a set, leaving lots of tracks where you need it most – on the pan. The base of this lure would attract 'cats on its own, but with a blend of other 'cat calling ingredients, it is 'purfection' as far as bobcat lures go. Not a "minty" lure like some others, but a real bobcat taker.

Seduction WCSJGSED-4

Seduction Lure is made from the same, pure fresh glands as Deception, with passion ingredients blended in. This lure holds special attraction to adult coyotes. A great alternate lure for gang setting, especially in late winter. Seduction works especially good straight on post sets.

Super Bonanza WCSB-4

For canines. One of the hottest lures available. This is essentially Bonanza Mild with some "kickers" added. The result is a quality curiosity/call type lure with a "sweet skunk" smell.

Tomcat WCSBGLT

Without a doubt, the best bobcat lure on the market today. Gland based, with passion and curiosity ingredients added to make a superior, all around cat lure. This lure will call cats from a distance, yet won't cause them to "shy" from a set, like some lures seem to do. A great canine change-up lure.

Wiley Coyote WCSJGWIL-4

Wiley Coyote Lure is coyote gland based, aged and boosted with other ingredients. Will work as a gland lure or curiosity type of attractant. Especially effective in mid to late winter. Weather-proof and lingering at a set.

Fur Country Paste Baits

\$11.95/16oz.

Cat Creek WCSCCP

This is a thick, heavy, paste bait made from a ground bobcat meat base. It is attractive to canines, bobcats and raccoon and has proven itself on thousand of animals on John Graham's own trap line.

Double Cross WCSJGDC

Made entirely from fresh animal products with loud food type calling agents blended in. The result is a bait predators will scratch and dig for. Popular with canine and bobcat trappers.

Grawes's Baits

Bam! Bam!

GRAWB-4 \$9.00/4oz.

Mink will swim small streams to get at this fresh, natural and long lasting odor.

Big Boar Coon Bait

GRAWBBOAR-8 \$14.00/8oz.

Made especially for the Dog Proof Coon traps. Thick, heavy, and sticky. Stays where you put it. Once a coon tastes this bait he will eat all he can get. Comes in handy squeeze bottle for easy application to D.P. traps or can be used in water pocket sets or as a smear bait on large rocks or trees.

Big Stinky

GRAWBS-4 \$9.00/4oz.

Big Stinky has risen to be the all-time top coon bait. Its attraction to passing coon is unsurpassed.

Cowboy

GRAWCB-8 \$9.00/4oz. \$14.00/8oz.

Contains a formula that will attract coyotes in any season and under any conditions. It works alone or in combination with lures and is an easy-to-use paste that will not freeze.

Fat Cat

GRAWFC-8 \$14.00/8oz.

Finicky cats are easily taken in foothold sets using this bait, and many are reporting very good success using it in cage traps.

Mustang Sally

GRAWMS-8 \$14.00/8oz.

Grabs coyotes' attention without spooking them and triggers a natural desire to actually lick or eat this bait.

Sweet Pete

GRAWSWP-4 \$9.00/4oz.

This coon bait has a "sweet" base, yet has a penetrating odor that won't wash out in rainy weather.

Prairie Fire

GRAWPF-8 \$14.00/8oz.

A canine bait made from natural ingredients that create a rough-mild, mouth watering odor which causes all canines to really investigate a flat set or readily try to dig it from a dirt hole set.

Grawes's Lures

\$5.50/1oz. \$18.00/4oz.

Cat Puddy – Cat #1

GRAWCP

A rich, thick, powerful and pasty lure that keeps the cat's attention on your set.

Chain Saw – Beaver #1

GRAWCS

Made with a base of aged castor, then blended together with three very important essential ingredients.

Dakota Grand – Coyote #2

GRAWDG

A lure that will last many days at a set. It's blended with a rich native musk that works year-round.

Fisher Getter

GRAWFG

A heavy, long reaching, non-freezing lure that no fisher will pass up.

Gray Ghost

GRAWGG

A concentrated and thick lure that will attract fox, coyote and coon.

Grey Stone

GRAWGS

A gland lure that really excites and removes fear from those finicky grey fox.

K-7

GRAWK7

Paste-type lure that coyotes, fox, cats and coon can not leave alone.

Mink Pack – Mink #2

GRAWMP

Contains a curiosity scent that is unbelievably attractive to mink.

Musky – Mink #1

GRAWMM

A large buck mink is always on the lookout for an intruder and is sure to stop and investigate this lure.

Rascal – Fox #2

GRAWRF2

Deadly attractive to all the canines. One of the most versatile fox lures on the market.

Ratty Ratty

GRAWRR

This will definitely attract a greater number of rats to your sets than the common apple, cherry or wintergreen.

River Horse – Beaver #2

GRAWRH

This will take those old trap-shy beaver. Versatile and worth every cent.

Snare Paste

GRAWSP

When this lure is applied to brush or weeds a couple of feet high it causes the predators to pace back and forth in the trails to locate the odor.

Snow Cat – Cat #2

GRAWSC

A potent lure that really pulls cats off their line of travel.

Winter Load – Fox #4

GRAWWL

Contains an oily skunk essence and can be used right at the set or on a weed or post three feet above the ground.

Yote Duster – Coyote #1

GRAWYD

Made entirely from clean cut coyote glands. A thick and long lasting lure that really "Yotes" a set.

Sweet Skunk (4oz. Only)

GRAWSS

A dynamite lure that is also great for compounding your own lures and will improve any lure or bait.

BAITS & LURES

Jameson's Ultra Blend Lures

\$5.00/1oz. \$15.00/4oz. \$40.00/16oz.

Formula One L.T.S.

NWSBJ02L

A powerful, curiosity odor that is a proven call lure to the woodchuck when applied to some type of leafy greens for eye appeal. You cannot find a better combination. It can also be used alone as a trailing scent. Just apply a few drops of lure to the ground at the burrow or den entrance and lead the scent trail to the cage trap.

Formula Two L.T.S.

NWSBJ03L

A rich blend of food odors that has been specially formulated for woodchucks. This is a selective nuisance control product that is tailor made for vegetation eating animals. In addition to Woodchuck, Rabbits find both Formula One and Two very attractive as well.

Nutcracker L.T.S.

NWSBJ04L

For mouse, rat and squirrel. Heavy oil based food call lure developed specifically for all nut-eating rodents. Its nutty fragrance will endure arid climates and still give off its unique nutty fragrance. Excellent for leading squirrels into cage traps and works wonders with our Nutcracker Paste Bait.

Nite Flyer L.T.S.

NWSBJ06L

For flying squirrel. A balanced blend of naturally occurring wild nut essences combined with a spike of wild fruit to top off the mix. Flyers are very impressed with this product and that's all that counts.

Piney Bluff L.T.S.

NWSBJ10L

A target specific lure built for the pesky pine grove loving red squirrel. This wild nutmeat blend was formulated with a light touch of mellow pine fragrance. Nothing compares to Piney Bluff for effective red squirrel work.

Skunk Mate L.T.S.

NWSBJ12L

This all season lure trailing scent will prove to be an "ace in the hole" for all NWCO's. This lure, with the addition of small marshmallows for eye appeal can be a real winner. This works great with "Grub Stake" paste bait.

Peaches & Cream L.T.S.

NWSBJ14L

For raccoon, skunk and opossum. Distinct aroma of ripened peaches with soft touch of sweet cream. Use as trailing scent with Jameson's Peaches & Cream bait.

Chuck Matrix L.T.S.

NWSBJ08L

A true woodchuck gland lure made according to the same rigid standards as our canine gland lures. This excellent formulation was built to allow controlled odor emission (in hot temperatures also), which aids in the active life of the lure. This can be used alone with eye appeal or with our Formula One or Two Paste Baits.

\$5.50/1oz.

\$18.00/4oz.

\$44.00/16oz.

Jameson's Specialty Lures

Bat Call

NWSBJ01-4 \$15.00/4oz.

For use in bat traps and proven to be a valuable asset to any wildlife control operator's business. Use in bat traps for removal purposes or in bat house applications as an attractant. Bat Call will promote faster response time and acceptance in either situation. Excellent for bat houses when used in conjunction with structural exclusion work.

Chuck Mate Lure

NWSBJ07L \$7.00/1oz. \$18.00/4oz.

A true woodchuck gland lure made according to the same rigid standards as our canine gland lures. This excellent formulation was built to allow controlled odor emission (in hot temperatures also), which aids in the active life of the lure. This can be used alone with eye appeal or with our Formula One or Two Paste Baits.

Erminenator Gland Lure WCSBJ17L-1 \$6.00/1oz. \$16.00/4oz.

Erminenator Weasel Gland Lure is Bob's latest addition to his Ultra Blend line of lures. This is a thick paste lure with plenty of weasel musk infused into it. This is a limited supply product based on the scarcity of quality weasel glands.

Power Call (Magnum shellfish)

NWSBJ17-8 \$9.00/8oz.

For coyote, fox, mink and raccoon. Sharp, full bodied and long lasting. Power Call has it all with a striking odor of shellfish, tuna and fresh fish paste as a base. A power boosting ingredient has been added for that needed push in cold temperatures.

Trail Mate will pull the animal to the lured area. Many hard hitting coon and canine trappers use it as a stand alone lure and just squirt it in a pocket or down into a hole set and then get on down the road quickly not wasting any time. Its fast, easy and productive. Developed in two formulations. **\$15.00/16oz.**

Trail Mate - Type 1 NWSBJ15L-16 For Coyote, Fox, Bobcat

Trail Mate - Type 2 NWSBJ16L-16 For Bear, Mink and Raccoon

Jameson's Canine Baits

K-9 Stopper

NWSBJ16-8 \$7.00/8oz.

This is a non-meat formulated egg blended bait that can be used alone or in combination with a lure. This bait has a unique odor which causes an aggressive digging response by predators. A great pre bait formula.

Long Liner

NWSBJ08-8 \$11.00/8oz.

(Fortified Paste Bait for Canines) This highly concentrated paste bait is so powerful that it may be classified by some as a lure, however don't be misled. This bait packs a wallop. Canines find it equally attractive both early and late season. It really makes them dig to get at that alluring morsel. ½ teaspoon or less is all that's needed per set. Long lasting and it won't wash away or dry out.

Night Stalker

NWSBJ18-8 \$8.00/8oz.

For canine. (Chunk Bait) Jameson's UltraBlend. Use 1 or 2 pieces of bait per set. Rebait only after a catch.

Jameson's Ultra Blend Baits

\$7.00/8oz. \$13.00/16oz. \$65.00/gal.

Formula One Paste Bait

NWSBJ02

This full-bodied herbal based bait is developed from the woodchuck's favorite food sources. Built with full strength food call ingredients that complement the bait without overpowering the rich natural aroma. Chucks find this lush fragrance difficult to pass up at any time of the year.

Formula Two Paste Bait

NWSBJ03

A unique but different blend of herbs and oils that woodchuck can't resist. Like "Formula One" this bait has a lush green base that is also a proven staple food of woodchuck. The bait's aroma can't be matched in calling power attracting woodchuck to cage traps. Use with broccoli suspended in the back of a cage for eye appeal!

Nutcracker

NWSBJ04

For mouse rat and squirrel. This fortified paste bait spells "lunch time" for all species of squirrels and nut eating rodents. This is a rich nut flavored blend of the squirrel's favorite foods, all in one unique bait. Smear some bait on a few walnut shells or a handful of acorns for eye appeal. Place bait in the back of your cage trap so traveling squirrel can see it easily. The sweet nutty fragrance of Nutcracker will do the rest. Very durable and weatherproof. A great all season bait.

Grub Stake

NWSBJ05

A powerful and proven skunk bait that was tailor made for the nuisance control operator. This is actually a complex blend of food call ingredients with a sharp side odor added for a push. The result is a natural sweet/sour aroma that skunks find irresistible. Used with a few cracked eggshells for eye appeal, this bait can't be beat in performance. It's heavy, durable and attractive year round.

Fireball

NWSBJ09

Heavy Paste Bait. A rich blend of natural food odors and uncommon oil extracts that are put up in a durable edible base. A proven bait in both warm and cold temperatures. It also contains a special "wetting" agent that holds scent longer and increase the active life of this all season bait. This bait has been proven to hold its sharp fragrance.

Urban Wildlife

NWSBJ11

This universal paste bait has quite an impressive track record. Professional trappers and A.D.C. personnel have used it for 20 plus years. This enticing bait is the result of many years of scent formulation experience. Virtually cat proof by nature.

Peaches & Cream

NWSBJ15

One of the most popular choices for nuisance wildlife specialists. Rich, edible base with fresh aroma of peaches and vanilla can't be ignored. Nationwide field tests show it stands up to hot summer sun and substantial rain without losing effectiveness.

Chuck Relish

NWSBJ19

Chuck Relish is a product consisting of a unique base material that in and of itself is an excellent bait when used as a standalone. It is the result of 2 years of testing various materials and determining those that are well accepted as preferred food and odor choices of woodchucks.

J.R. & Sons Paste Bait

\$5.00/4oz.

Multi-Berry

Very sweet bait that won't attract cats. Great on skunk, raccoon, woodchuck and opossum.

NWSJR001

Groundhog Paste Bait

Vegetable base makes it highly attractive to hogs and other plant-eating wildlife.

NWSJR002

La-Pew

Designed specifically for skunk. This paste bait's pungent aroma attracts even the most finicky of critters.

NWSJR003

Cherry

For raccoon, opossum, skunk and more. Loud cherry aroma.

NWSJR004

Sweet Corn

For raccoon. Sweet aroma of corn.

NWSJR005

Persimmon

For raccoon. Ripe persimmon aroma.

NWSJR006

J.R. & Sons Liquid Lure

\$5.00/1oz. \$19.00/4oz. \$72.00/16oz.

Woodchuck Liquid

NWSJR007

For taking woodchucks in box traps. Use as trailing scent to trap and on lettuce leaf inside.

Mystic Mink

NWSJR008 \$5.50/oz.

For mink. It is a Gland, food and call. Use one capful per set. Good all season.

J.R. & Sons Chunk Bait

\$12.00/16oz.

Erie Special

NWSJRES

For fox, coyote, bobcat and raccoon. Chunks of fish put up fresh and preserved give this bait a lasting fish smell. Try it on water lines for great results. Works all season.

Finicky Fox

NWSJRFF

For fox, coyote, bobcat and raccoon. All-meat and chunked for your convenience. Aged and preserved just right, with special ingredient added for spice. Good all season.

"What's the difference between Bait & Lure?"

We get asked this question often, so take a look below at generally accepted definitions:

- Baiting covers all actions related to attracting animals to approach a trap. Unlike blind or positive set traps that rely on the animal's use of trails or pathways, baited-traps entice animals to leave the trail and investigate.
- Bait refers to materials that stimulate an animal to act on its natural desire to eat. Baits are typically solid or pastes. Lures on the other hand encompass a wider variety of enticements.
- Lures usually are categorized as food, territorial/sexual, or curiosity. Food lures function on the same principle as baits, except that lures are generally a more liquid consistency. Territorial/sexual lures exploit the instinct of animals to protect their property and females. Curiosity lures take advantage of animal desire to investigate new smells.

WCS carries one of the largest selections of Baits & Lures, from tried & true old favorites to new formulas!

Leggett's Lures

Groundhog #2 Lure

For woodchuck. Used with success on Leggett family traplines for 25 years! Totally liquid lure has mild pumpkin aroma and can be dispensed from a squirt bottle – a few drops are all you'll need for lure or trailing scent. Irresistible to garden-chewing hogs. Do not combine with other bait, lures or urines.

NWSGDHL2 \$10/4.5oz.

Coon Exciter Lure

For raccoon. Designed for year-round coon trapping and A.D.C./NWCO work. Totally liquid lure has a beaver castor base and comes in handy squirt bottle. Great for box traps and dry land sets. Do not use with other baits, lures or urines.

NWSCE \$12.95/4oz.

Feline Exciter Lure

NWSFEX-4 \$12.95/4oz.

The Leggetts have brought in hundreds of cats on this trusty lure. A few drops are all you'll need. Totally liquid, it comes in handy squirt bottle – no lure holder necessary. Do not use with other baits, lures or urines.

Coyote & Fox Exciter Lure

NWSCFE1 \$12.95/4oz.

For cold weather. Fewer traps dug out, fewer non-targeted species and equipment that remains uncontaminated. Use this mild odor lure year-round in dirt hole or on backing of urine post sets. No other bait or urine needed.

Beaver

NWSLB \$4.00/1oz. \$14.00/4oz.

Made with castor and other ingredients to trigger a desire to eat and a territorial response.

Muskrat

NWSLM \$4.00/1oz. \$14.00/4oz.

Has a sweet smell that triggers a very strong response to eat. Use on pocket sets, slides and feed beds.

Raccoon

NWSLR \$4.00/1oz. \$14.00/4oz.

A sweet and attractive food lure that is highly effective at any type of set.

Skunk & Opossum

NWSLSO \$10.00/4.5oz.

Excellent for use with cage traps. Place a few drops from the entrance of the den into the cage trap, with a few drops behind the treadle. Re-lure after each catch or heavy rain.

Mark June Lures

\$18.00/4oz. \$58.00/16oz.

Brown Sugar

MJ08L

For mink, otter, fox and coyote. Brown Sugar is a thick blend of high grade mink glands and musk oils from food sources that mink prey upon every day. Full of drawing power, designed for the slippery bucks. Also an excellent otter lure.

Canine Candy

MJ05L

Canine Candy performs all season long on coyote, fox, and timber wolves and is exceptional on all cat species as well. A "deadly sweet" change-up to gland based lures.

Cherry Red

MJ01L

For fox. Cherry Red is a pure fox gland lure that never goes out of style. Fresh preserved glands are mixed with properly aged glands with a pinch of urine to produce that "foxy" smell that really slams 'em.

Flattail Frenzy

MJ09L

For beaver. Flattail Frenzy is not a plain castor paste, but rather a liquid lure containing castor, oils and highly alluring musks designed to increase success at all baited beaver sets. When you place a drop on the water, it actually swirls and dances as it heads off downstream looking for beaver.

Fox Frenzy

MJ02L

Fox Frenzy is a lure you can depend heavily on all Season long for red and gray fox, badgers, coyote, bobcat, lynx and most main predators. It is a thick blend of fox glands and musks that is truly different.

Predator Frenzy

MJ03L

Predator Frenzy is a phenomenal lure made from red fox, coyote and bobcat glands. The curiosity aspect of this gland combination can not be overstated. Predators love it! What a concept, the 3 glands that attract many of the primary predators all in one bottle.

Primetime Coon

MJ10L

Primetime Coon is for those who like a food based raccoon lure. Extremely permeating musks plus shellfish essence as a kicker. In the Mark June line of lures, this is a top seller every year!

Ridgerunner Coon

MJ11L

For raccoon and muskrat. Ridgerunner Coon is the super sweet partner to Primetime Coon. A food based lure with a strong, minty aroma, this call can be used anywhere raccoons are found, but best along waterways. This lure really dissipates and works great on those muggy, warm, foggy nights. Also great for attracting muskrats!

Shell Fire

MJ12L

Shell Fire is pure, uncut shellfish oil with an additive for extra punch. There aren't many products that even begin to compare with this fine oil when it comes to pure calling power for canines, cats, raccoon, mink, otter, fisher, marten or muskrats.

Silent Stalker

MJ07L

Silent Stalker is a gland based bobcat lure with ingredients that are proven cat attractants. When going after bobcat, you don't want to mess around with underperforming lure.

Songdog Supreme

MJ06L

Songdog Supreme is an all-weather lure that contains the same formula as the bestselling Fox Frenzy, except it's loaded with aged and fresh cut coyote glands instead of fox glands. Great at attracting coyote.

Windwalker

MJ04L

Windwalker is a predator food lure with a thick, syrupy consistency. For those of you who like a pinch of pure quill skunk, it's in there. The seven ingredients used to make this lure are all natural to a predator's diet so there is nothing to spook them off. It's effective at all types of sets. Great on your canines, all cats, badgers, marten and fisher.

Mark June Paste Baits

\$11.00/16oz.

Crawfish Bait

MJCFB-16

For canines, raccoon, mink and otter. Crawfish Bait is a tremendous seller across the U.S. in the Mark June's line. This crawdad based bait attracts animals that feed on crayfish including canines, raccoon, mink and otter. Field testimonials say "This stuff is amazing".

Widowmaker

MJWMB-16

Widowmaker - Predator Paste Bait made of non-tainted bobcat meat base designed to catch targeted animals. (Tainted meat tends to catch non-targets) You can smell the top-grade mink glands and beaver castor in this bait, and high grade agents like lanolin keep the bait "going and going" in harsh wet or dry weather. Great for use for coyote, fox, bobcat, lynx, badger, marten, fisher and all meat eating predators.

Ringtail Cocktail

MJRC-16

Ringtail Cocktail - Coon Bait, to get superior results from raccoon bait it has to reach out and call masked bandits wherever they travel. This all season coon bait does just that. Years of catching piles of raccoon led Mark to this powerful formula. A #1 selling coon bait. Thick and Powerful!

Night Owl Lures

\$17.00/4oz. \$52.00/16oz.

Cold Roller

NOCR

For canine. Cold Roller is a non-meat food call lure found invaluable at flat and projection sets as well as dirtheoles. Very sticky and syrupy. Great when you're trapping in an area for the first time as this is a penetrating, far-reaching lure.

Coyote Gland

NOCG

Coyote Gland Lure is thick, creamy and loaded with aged glands processed locally. All the same principles that go into Night Owl's fox gland lure goes into this lure. If you're serious about targeting coyotes you should have this lure in your bag of tricks!

Creekside Call

NOCG

Creekside Call is an honest to goodness all call lure. Excellent on muskrats and mink, but can be used early season for canines and raccoon.

Crossbones

NOCB

For canine and fisher. Crossbones is an LDC lure with unmatched calling abilities. Pure skunk odor that won't get hidden under a blanket of greasy or waxy film. Introduced in 2003, this lure is one of Night Owl's top call lures.

High Honors

NOHH

For canine. High Honors Lure is a base of ground mice that makes this lure a universal attractor for many predators. Carefully blended ingredients added to the base enhances the food odors in this lure.

Ontario

NOOBL

Ontario Beaver Lure is a castor based lure crammed full of castors from beavers taken from tributaries of Lake Ontario and upper NY state. Only premium dark grained, eastern castors are considered when compounding this lure.

Red Tornado

NORT

Red Tornado is a mild meat-based food lure with a blend of musks and castors that provides a mellow call ideal for early and mid season canines, raccoon and southern cats. Creamy paste

Plum Loco

NOPL

A very unusual and complex four part base goes into producing Plum Loco. A sweet and sour smell drives raccoon crazy. Certain to be different from any other product you're using. An original paste formula you won't find copied.

Red Fox Gland

NORFG

Red Fox Gland Lure is thick, creamy and loaded with aged glands that are processed locally. This is real gland material and as foxy as it gets.

On Target Paste Baits

\$5.50/6oz. \$60.00/gal.

Acorn Paste WCSRE03

Very mild smelling, attractive to all kinds of squirrels and chipmunks. Try it as a change-up for a finicky squirrel.

Anise Paste WCSRE14

Bring 'em in with the tempting licorice-like scent of anise. Coons of all sizes can't say no.

Apple Paste WCSRE08

For raccoons, woodchuck and muskrat. Just as the name implies. A very strong sweet odor of apple that is great for all species.

Bacon WCSRE11

For raccoon, opossum and skunk. A must for any nuisance trapper doing summer work. Tallow fat oil base means it can't be washed away or dried up when exposed to elements.

Bacon & Cheese WCSRE15

For raccoon, opossum and skunk. On-Target's Bacon with added cheese attractant. Tallow fat oil base means it can't be washed away or dried up when exposed to elements.

Big Time WCSRE10

Big Time has an anise smell to it, but has a honey base. It is a very sharp distinct aroma that is very attractive to coons.

Checita - Banana WCSRE09

This is another of our favorite paste baits. It is very attractive to skunks in the Spring. It is also very effective for raccoon all year round.

Chuckster Paste WCSRE26

This bait works very well for late spring and early summer groundhogs. It hangs on the stick and can't be washed off.

Golden Maize/ Sweetcorn WCSRE06

For raccoon and skunk. The sweet smell of sweetcorn is what makes this bait a real coon slayer. In the early summer and all the way through Fall

Grub Paste WCSRE24

Effective bait works on both roaming and grubbing skunks. Give it a chance when other attractants aren't doing the trick.

Honey-Gland WCSRE01

This is fantastic bait for both raccoon and skunk during the summer and fall of the year. It has a gland base and plenty of honey to keep their undivided attention at the set until they get caught

Raspberry WCSRE12

For raccoon and opossum. Forget the breakfast jam. This long-lasting bait has a powerful aroma that's sweet, sugary and irresistible to coons

Smoked Fish WCSRE19

For raccoon. This unique paste is a combination of smoked fish that has been aged to perfection then blended with just the right amount of tallow fat oil. Although it is semi solid during the cold weather, it is still very easy to work with. During the hot summer it will liquefy but still give off the odor necessary to draw critters from long distances.

Squirrel Paste WCSRE04

This bait blows peanut butter and sunflower seeds off the face of the earth. It has 7 different nut essences and plenty of real nuts and grains to boot.

Strawberry WCSRE13

For raccoon. Commercial jams and jellies don't hold up under bad weather or retain their aroma. This bait is cost-effective and works ten times better.

Sweet Tooth WCSRE02

This bait will attract raccoon from very long distances, as it has an intense sweet burning odor no coon can resist.

Tuti Fruit/Persimmon WCSRE07

This bait has a very strong odor of over ripe fruit. An excellent summer-time bait for raccoon, skunk, opossum, and muskrat.

Very Berry/Loganberry WCSRE05

By far the best selling raccoon paste bait that Rob produces. It only takes a little smeared on a stick to produce a sweet berry odor that carries for long distances.

On Target Liquid Lures

Chipmunk Lure WCSRE20

\$5.00/1oz. \$14.00/4oz.

Finally a lure that's not attractive to squirrels, but deadly on those chipmunks.

Coon-SB WCSRE23

\$3.00/1oz. \$10.00/4oz. \$22.00/16oz.

On-Target's Coon SB lure was originally compounded to attract skunk, but during testing it was found that raccoons came from far and wide to get to it. This lure will shine at all times of the year and calls wildlife in from a very long way. Very strong, so a little goes a long way. Not attractive to cats!

Flying Squirrel Lure WCSRE18

\$5.00/1oz. \$14.00/4oz. \$39.95/16oz.

This special lure is designed for use on flying squirrels that do not respond to any other bait or lure. It was tested extensively in many parts of the country and proven extremely effective on both flying squirrels and red pine squirrels.

Garden Fresh WCSREGF

\$5.00/1oz. \$14.00/4oz. \$35.00/16oz.

This product was specially manufactured per Rob's instruction. It is a combination of different vegetable essences and has a long lasting odor that will lure ground-hogs during the late summer and fall, until they go into hibernation. This product is also very effective for striped skunks in mid to late summer.

Hog Juice WCSREHJ

\$5.00/1oz. \$14.00/4oz. \$35.00/16oz.

For woodchuck. Contains essential oils from as far away as Holland. This lure is absolutely deadly during the Spring and Summer of the year. You trail this liquid from the hole to the trap, using a large leaf of cabbage for eye appeal.

Liquid Chuckster WCSRELC

\$5.00/1oz. \$14.00/4oz. \$35.00/16oz.

Rob uses this liquid in conjunction with the chuckster paste during the summer months. NWCO's across the country have written testimonials regarding its effectiveness. You only need several drops. (This product will attract raccoons).

Liquid Grub WCSRE22

\$3.00/1oz. \$10.00/4oz. \$22.00/16oz.

After approx. 10 years of testing, Rob Erickson believes this product will dramatically improve your success ratio when trapping both grubbing and roaming skunks. This lure is NOT to be trailed into the trap. Place a tablespoon at the back of the trap, forcing the skunk to cross the pan, trying to reach the lure.

Skunk Trailing Lure WCSRE17-16

\$11.00/16oz.

Rob wishes he had the secret formula that would get skunks to respond to live traps 100% of the time when they are in their grubbing mode. He can't promise that but, this lure will definitely help.

Sweet Coon Lure WCSRE16

\$4.00/1oz. \$14.00/4oz.

A unique blend of rocky raccoon's favorite sickeningly sweet essential oils. Won't catch cats and works all year. A little goes a long way.

Red Fish Powder WCSRERFP

\$6.75/16oz.

For raccoon. This unique product was developed by Rob specifically for summer A.D.C. work. It is not affected by heat and can be used as a trailing scent. Just sprinkle about 2 tablespoons leading into the trap and a little at the back. Use all times of the year.

Economy Hog Pack \$37.95

WCSRE25

1 each 4 oz. Garden Fresh, Hog Juice, Liquid Chuckster

Predator Control Group Lures by Clint Locklear

Blitz Coon CLBC04-4 \$15.00/4oz.

Packs a real punch. Loud, it cuts through the night, wild smelling sweet and has a strong calling background odor to really push the sweetness out there. This one really gets the coon.

Bobcat RUB Lure CLBR04-4 \$11.00/2oz.

Developed on Clint Locklear's personal bobcat trapline. If you are using rub, projection or walk-through style sets for bobcats, this is a must have lure. This lure demands a rubbing and licking response from bobcats. There is no reason to re-lure for three weeks. Its compounded odor will still be calling the high dollar bobcats for weeks at your sets.

Bobcat Trailing Scent CLBTS-16 \$29.00/16oz.

Designed for trapping bobcats with cage traps and at cubbie sets. It lines up the bobcat to enter the front of the cage and gets him to enter the trap to work your set.

Booby Call Bobcat Gland CLBCB-2 \$10.00/2oz.

Full strength, only quality glands collected for this one, thick gland lure you can count on all year. Can be mixed with urine. Booby Call gets 'em!

Booby Call Coyote Gland CLBCC-2 \$10.00/2oz.

This is a full strength, thick gland lure. Urine does compliment and should be mixed in this gland lure. Mix 4 oz. urine to 2 oz. Booby Call Coyote Gland Lure. Effective year round.

Boss Dog CLBD-4 \$20.00/4oz.

Loud and long lasting. This lure reaches out to the animals pursuing. Should be used at temperatures above 20 degrees. Works great in the summer heat.

Cat Collector CLCC-4 CLCF \$20.00/4oz.

This lure is thick, can be smeared, handles the sun and sheds water. It is a three part bobcat lure. There is an exotic food base, two powerful musks and a strange side odor that stops cats. It is a lure that they have to get close to. If you want to catch a lot of cats, you cannot go wrong with Cat Collector.

Cat Fancy CLCF-2 \$10.00/2oz.

Clint's main cat taker formula. Not only is it full of musk and glands, it has an aromatic mint oil to reach out farther from the set.

Coon Crack CLCC1-16 \$14.00/16oz.

Made specifically for DP traps. Add a few pieces of dog food on the lip of a DP. Pour a little Coon Crack on the dog food and let a little fall inside the trap. Once a coon gets this lure/bait into its mouth, they are yours! He simply will not leave any in the trap. Once a raccoon gets some Crack in their mouth, the stimulant cranks up the coon and they will not want to stop eating Coon Crack.

Damage Complaint CLDC-2 \$9.00/2oz.

Developed for the warmer climates. It's a food lure to a degree, but not many beaver in the U.S. Have ever smelled the real plant this odor comes from. Curiosity in high gear!

Delta Red CLDR-4 CLEN \$20.00/4oz.

The formula came from an old school USDA beaver man that piled up the beaver in the delta country. The color is red for a reason. If more lure makers would respect beaver knowledge, they would know why the chemical that gives Delta Red its color is so powerful. A must have on any real beaver adventure.

Enrager CLEN-2 \$9.00/2oz.

This is Clint's king beaver scent during the fur season. You'll have one ticked off beaver on your hands when he smells this odor in the air. Castor based.

Enrager II CLEN2-8 \$18.00/8oz.

Liquid form for speed. It does have a castor base, but the overtone odor is a mild food and an exotic musk. Great on castor mound sets and to lead a beaver up an old slide through a snare or body grip trap.

Flat Tail Call CLFTC-2 \$9.00/2oz.

Flat Tail Call has netted Clint hundreds and hundreds of beaver both winter and summer. Clint won't hit big water without this trusted beaver call lure.

Fur Check CLFC-2 \$10.00/2oz.

A thick lure that calls out and grabs the predator's attention. Works great on dirt holes and flat sets. The name really says it all.

Grey Getter CLGG-2 \$9.00/2oz.

Real coon killing lure that very few grey fox can leave alone. Overtone of persimmons, plus a few special musks, will demand a reaction. Use on dry land.

Paw Placer CLPP-2 \$10.00/2oz.

Great change up over a normal gland lure. Use like a normal gland lure and hold on. Excellent coyote lure.

Raccoon Gland Lure CLRG-2 \$10.00/2oz.

A must have for trapping and getting the attention of big boar raccoon. A high quality raccoon gland lure that stops them in their tracks.

River Raider CLRR-2 \$9.00/2oz.

A sweet side with a biting side that is great in the cold, reaching out and calling them in. Clint's "go to" lure on his coon long lines.

Unfair Advantage CLUA-4 \$20.00/4oz.

The first lure of its kind. Unfair Advantage does not work off of odor, but sight appeal. It glows in the dark up to 12 hours each night, causing curiosity and intrigue from several feet to as far as the animal can see. The daylight charges the lure each day. This lure is a killer on bobcats, coo, fox, and beaver. Just smear a little on a tree, stick, grass clump or flag at or around your set.

XXX Call CLXXX-4 \$20.00/4oz.

Sticks to trees and weeds, and is loud. It is loaded with pure quill skunk, but has other screaming musks that really carry on the wind. Works great on coyotes, cats, coon, fox, fisher and marten.

Yote Dope CLYD-4 \$20.00/4oz.

A true wolfer scent that keeps taking and taking coyotes. This is not a true gland lure, but a true coyote serial killer. It is heavy in fresh clean glands, but has a twang that cuts through the night air.

Predator Control Group Baits by Clint Locklear

Coon Crush CLCC-32 \$12.00/32oz.

Made for use with dog proof traps. A mixture of crushed candy, candy bars, cookies and coon approved grains. This bait is completely dry, so it will not freeze. Easy to use and is not messy. It also works great with cage traps.

Primal Paste Bait CLPPB-16 \$12.00/16oz.

The combination of odors make this predator bait a huge fur taker. Use alone or with lure and urine.

Gator Bait CLGATOR-16 \$14.00/16oz.

A strong, powerful and long lasting predator bait that Clint depends on to finish up the stragglers on his fur and control lines. As you can tell by the name, this is not your standard bobcat, deer or beaver based bait.

Monster Grizz Bait CLMGB-16 \$10.00/16oz.

The bait Predator Control Group uses on its own fur and control lines. Almost all coon will exchange their hide for a little taste. This bait is also great as a standalone coon lure in dirt holes and pocket sets. Coon want to eat it and keep coming back for more. Works year round.

Federales CLFED-16 \$12.00/16oz.

Loaded with natural predator calling ingredients and oils that reach out and stop a coyote in his tracks. You will see digging and milling around your sets. This bait is penetrating and fills up the air around a dirt hole set or a sneaky flat set. Works well in the sleet, snow and freezing cold, but also calls in coyotes all spring, summer and fall. Great for raccoons, grey fox, otter and red fox.

WCS™ Skunk Essence 100% PURE QUILL WCSSKUNK 1 oz. \$29.95

100% pure skunk essence – NOT a tincture! Works great as a trapping or cover scent. Put up in 1 oz. glass bottles, with caps that are triple dipped in hot wax. Sealed and packed with odor absorbing material to prevent smell from leaking. None better!

Proline Lures

\$18.00/4oz. \$56.00/16oz.

Alley Cat

For feral cat. This is a bobcat gland based lure that was formulated with high dollar spotted cats in mind. It works equally well on ferals, mountain lions and during testing in Missouri and New Mexico proved effective with grey fox. Tests in Mississippi found it to outperform other cat lures taking bobcats consistently.

WCSTJAC

Bittersweet

Bittersweet is specially formulated to stay put in the dog-proof style enclosed traps. Pre-bait your traps and set with confidence. Raccoons will work the trap until captured or cleaned out.

WCSTJBS

Cat Rub

The name says it all. Cats will rub their chins, necks and body along anything you apply this lure to. Apply to rock ledges, tree branches and other eye level solid objects, with a trap up close. A wooden stick in the back of a cage is deadly with Cat Rub applied. Has been used in cages putting an end to many chicken-stealing Bobcats. Tests well on feral cats as well.

WCSTJCR

Collarum Bait

This one was formulated to be used on the Collarum™ cable restraint for canines. Causes an excellent "bite & pull" response. M44's, grubstake and dirthole sets are all great uses of this canine food lure/bait. As an extra bonus we have found it to be an excellent spring skunk and raccoon bait. This bait is also known as "Silence".

WCS014

Fisher Red

Fisher RED was created to be especially attractive to Fisher in the Northeast. RoundUp was used as a starting point and tweaked to produce Fisher RED. A very good choice for multi species trapping, having equally good results reported while targeting coyotes, raccoons, fisher, and marten.

WCSTJFR

McRat

The hottest attraction available for muskrats. Excellent for use on float and pocket sets as well as food piles and edges of houses. A food attraction that when used on floats will require a twelve hour check!

WCSTJMcR

Outreach

OutReach is a louder food based lure. OutReach has a boost to carry it in extreme wet or frozen conditions, but not so loud that it would be less effective in warm dry conditions. Use year round in food sets such as dirt holes, grub stakes, etc. Strong enough to pull in Fisher, Marten, and Fox during the northern fur seasons. Can be used as a very effective call lure or in very small amounts directly at the set.

WCSTJOR

Porky

When targeting Porcupines, Porky One is the only lure you will need. Highly attractive, and really makes them work the set.

WCSTJP1

Rat Bang

Results are at least equal to McRat. It passed the same tests with super results. We formulated this one achieving the same reaction we saw with McRat. Muskrats are sometimes very attracted to differences in their environments. Using a combination of sets with different attractants can be very productive. Half the sets with McRat and half with Rat Bang will achieve superior results.

WCSTJRB

Roadrunner

Roadrunner is a very special food lure that can stand on its own. It will work equally well on all carnivores. Attractive to coyote, fox, feral dogs, dingoes and jackals. Made of fresh animal products, this lure holds up well in all conditions as a mild food attractant. Extremely attractive to coyote when used as an early season lure. Works very well for "bite & pull" response devices like the Collarum.

WCSTJRR

Roundup

RoundUp is designed as a Raccoon food lure intended to pull them in regardless of current food availability. Great in cages, dog proof type traps or dirt hole sets. Equal results at the water or high dry ground. RoundUp is attractive to urban raccoons stealing the pet's food, grubbing in the lawn or raiding the garbage. This is a versatile lure that can be used for canines, raccoons, fisher and marten with great results. Every bit as good a canine lure as a raccoon lure, especially in warm weather.

WCSTJR

Saber Tooth

Saber Tooth is formulated with the Coyote in mind and has extra curiosity ingredients that are very attractive to all coyotes. Use as a curiosity lure for all canines. Has proven itself equally effective on Cats!

WCSTJST

Selector – Coyote

Selector – Coyote is a premium Coyote Gland Based Lure. Use at Flat or Post Sets. Has that little EXTRA bang! Selector – Coyote is Gary's choice for Spring and Summer coyote trapping. It performs well all season.

WCSTJS

Selector – Fox

Selector-Fox is of the same great quality as the original Selector with a primary FOX gland base. A Must Have lure for sets targeting Fox at Flat sets, urine post and other territorial-type sets.

WCSTJSF-4

Big Cat (for Mountain Lion)

WCSTJBC
\$22.00/4oz. \$68.00/16oz.

A very high quality mountain lion gland lure, this is as pure as it gets and should work very well as a curiosity lure for all predators and of particular importance for research population studies involving mountain lion or other large feline. Only quality fresh lion glands are used in this product and quantities are extremely limited.

SilverTip

This is a NEW product designed specifically for badger. SilverTip will attract badgers to cages or traditional dirt hole sets equally well. Badger will aggressively go after this food-type lure. Other predators will also be attracted to SilverTip and makes a great multiple species choice.

WCSTJST0-16

Sweet Sabotage

For summertime beaver. This lure has that little extra that works well in Hancock-type and other live trap situations for those castor shy beaver. This lure is a blend of many other attractive ingredients and works well on summer beaver. Has shown to be a great groundhog, squirrel and other rodent lure as well.

WCSTJSS

Target

Highest Quality Beaver Gland Lure. Made from only fresh ground glands. Will take young and old beaver alike.

WCSTJT

Underground

Underground was formulated to cause moles to work the area under the trap. Using Underground will improve your chances with moles that dig around or under set traps. Apply to soil directly below trap triggers on scissor (Out-o-Sight) or harpoon traps and between the jaws of the NOMOL® mole traps. Because of its fresh insect base, the lure has been extremely effective on Raccoons that are grubbing in lawns. We suspect it will prove effective for Armadillos and Skunks as well.

WCSTJU

Wildcat

ProLine's fresh meat product, specifically designed for bobcats. A great all-around Cat attractant, this bait/lure combination was used during the filming of Gary Jepson's trapping videos. Pair it with Alley Cat for bobcats or with "Big Cat" for mountain lion.

WCSTJWC

RK's Predator Plus – 16 oz.

(Bobcat meat based)

RKPP-16 \$12.00

Based on the world famous "Nelson Bait" with a few extras. This bait is made from aged bobcat meat, has plenty of mink musk, rat musk & beaver castor, plus a few extras that make it even better than the original. Highest quality full strength ingredients are used.

Westchester Wildlife Lures

Westchester Wildlife Lures	Target Species	WCS Code	2 oz.	8 oz.
----------------------------	----------------	----------	-------	-------

Liquid Peanuts *Mice, Rats, Rodent Lure*
Chipmunks, Squirrel **WESTLP-2** **\$9.95** **n/a**
 This chemically formulated lure is highly concentrated and emits an extremely penetrating smell of peanuts. Only 1 - 2 drops are necessary per application.

Magnum Maple
Raccoon Lure *Raccoon* **WESTMM-8** **\$3.49** **\$14.95**
 MAGNUM MAPLE is a SUPER new raccoon lure by Westchester Wildlife. It has a loud, very sweet scent of maple that raccoon and similar animals find irresistible. Comes in liquid form only for easy application. Place a few drops leading into the cage and some on an absorbent lure holder in the rear of the trap. Super attractive.

Sweet Berry Treat *Raccoons, Skunks, Multi-Purpose*
Woodchucks, Possum, Rats & Mice **WESTSBT-8** **n/a** **\$14.95**
 Very easy to use, comes in a flip-top bottle, very fragrant!

Melon Madness *Woodchuck* **WESTMMWL** **\$3.49** **\$14.95**
 The strong sweet smell of melon will draw in the woodchucks. Just a few drops is all that's needed.

Java Joe Paste Bait *Raccoon* **WESTJV-6** **6 oz. \$6.00**
 A paste base with the strong smell of coffee and a great change up bait to attract raccoons to cage traps.

TRENT MASTERSON'S TRUCKLOAD COON BAIT

WCSTMTCB \$8.95/Pint
 Catches coon by the truckload. Fur trappers and control trappers go to bait. A fish based pellet with a sticky sweet sauce. Effective early to late season. Designed for dog proof traps. Works great in cage traps. Trent recommends approximately 2 oz. of bait per dog proof trap for best results. Freeze Proof!

WILDLIFE RESEARCH CENTER

Hard-Core Raccoon Lure
WCS901-1 1 oz. \$3.95
WCS901-4 4 oz. \$12.95

Instructions: Soak 10 - 20 drops of Hard-Core into a cotton ball or another type of scent dispenser. Place it so the raccoon must pass over the trap to reach the lure. If the lure is 6" to 12" above the ground or water, it will attract them from a greater distance. Add another 5 - 10 drops of lure every 5 to 7 days, depending on conditions.

Cotton Swabs

COTSWAB \$1.95/100 Pack

These long handled Cotton Swabs are excellent for lure application at sets. No more walking around your set looking for a stick to use to get lure out of the bottle. These long cotton swabs solve the problem.

Sheep's Wool

WCSWOOL-1 \$3.95/1 Bag **WCSWOOL-2 \$6.95/2 Bags**
WCSWOOL-3 \$9.95/3 Bags

Spice up your sets with Sheep's Wool instead of cotton or ground litter. Sheep's wool makes an excellent pad in dirt holes to put lure or bait on. Predators are attracted to the natural smell of sheep.

Lure Capsules

LURECAP-12 \$2.95/doz. **LURECAP-60 \$12.95/5 doz.**

Lure Capsules produce a steady flow of odor in all conditions. Used in trapping at sets with lure or urine or in hunting with masking scents or attractants.

Scent Eggs

WCSBRSE \$11.95/doz.

Scent Eggs make excellent trapping lure holders at flat sets and are also effective when using masking scents while predator calling.

Make your own baits and lures

WCS has everything you need to make your own secret formula

Bases & Preservatives

Looking to experiment with your own bait recipes? Let WCS provide the ingredients! Start with a base like our fruit base, Propylene Glycol or Tallow as a basic mixing paste and mix in your own choice of essential oils. Then add preservatives and stabilizers like Sodium Benzoate, and Glycerin to give your baits long life and staying power. Have a question? Call us at 1-877-684-7262.

Fruit Base

Our secret recipe fruit base is an excellent starting point for paste baits. We specially formulate it to absorb your oils well. Want to try making your own paste bait? Start with this fruit base and mix in your own choice of essential oils!

NWSPB005-16	16 oz. (approx. 50 sets)	\$6.00
NWSPB005-GAL	Gallon (approx. 3-400 sets)	\$28.50
NWSPB005-5G	5 Gallon Pail "Bait Maker Special"	\$115

Propylene Glycol

Propylene Glycol, (USP) High Grade. Commonly used as a tincturing base. If using as an antifreeze at dirt sets – mix 1 part glycol to 3 parts water and apply in several layers at the set.

NWSPB3	16 oz.	\$5.95	Gallon	\$23.95
--------	--------	--------	--------	---------

Glycerine (STABILIZER)

Add body to urine and prevent its evaporation and freezing with our high quality glycerine. Great as an antifreeze, stabilizer, binder, etc., but NOT a preservative.

NWSPB2	16 oz.	\$5.95	32 oz.	\$9.95	Gallon	\$26.95
--------	--------	--------	--------	--------	--------	---------

Tallow Base

An all-purpose waterproof base for a canine lure or bait.

NWSPB004	1 lb.	\$2.75	5 lbs.	\$12.50
----------	-------	--------	--------	---------

Sodium Benzoate (PRESERVATIVE)

Sodium Benzoate (Bait Makers Compound) Use 2 tablespoons per pint or 1 cup per gallon to preserve fresh or aged meat or fish baits.

NWSPB001	16 oz.	\$4.95	5 lbs.	\$20.00
----------	--------	--------	--------	---------

Lanolin (Anhydrous) Base

Lanolin is a natural, waterproof emollient derived from sheep wool. It is commonly used to create a bait or lure that will withstand harsh weather conditions, i.e. rain. It acts as a moisturizer for use in cosmetics and skin and hair care products. Lanolin can soothe burns as well as irritated or dry skin and helps retain moisture. Lanolin can be added to soap and bath and body products for a rich, creamy lather. It also has other uses such as a lubricant.

WCSLANP	16 oz.	\$14.95
---------	--------	---------

Wildlife Research Center

Buck-Nip

An intense curiosity deer scent that is to a deer like cat-nip is to a cat. This deer lure really attracts bucks early-season and works great all season long. Buck-Nip buck lure is made from secret plant derivatives and does not contain urine.

WRC320 1oz. \$6.95

Doe in Estrus

A powerful sexual attractor. Contains natural doe urine with estrus secretions carefully collected from whitetail does. This lure triggers the sexual attraction instinct of Whitetail bucks.

WRC225 1oz. \$5.95

Buck-Fire

A special synthetic formula. High powered rut time attractor, that really attracts whitetail bucks. Smells like Estrus Scent/Attracts like Estrus Scent. Contains no urine or animal by-products.

WRC40400 1oz. \$6.95

Mega-Tarsal Plus

A super effective territorial intrusion scent. Made with tarsal scent and urine drippings, WRC also added a very secret, special musk that really gets the dominant buck going. Effective early fall all the way through the rut.

WRC430 1oz. \$6.95

Select Doe Urine

The perfect lure for non-rut hunting. A mild, non-threatening territorial attractor, this buck lure contains non-estrus doe urine that masks human scent, appeals to curiosity instinct of the buck, and then acts as a calming agent to reduce fear.

WRC410 1oz. \$5.95

Trail's End #307

A complex blend of natural ingredients developed through years of extensive testing in the field on wild whitetail deer. It is

truly an outstanding buck scent packed with natural deer calling ingredients, some of which are not well known, but are highly effective. This powerful deer attractant really brings in bucks all season, but especially during the rut. The World's Best Buck Lure since 1983.

**WRC307 1oz. \$7.95
4oz. \$17.95**

Trail's End #307 Trophy Leaf

This powerful deer attractant solid scent wafer type product is extremely effective all hunting season & during the rut. Scent is infused directly into the Trophy Leaf dispenser.

WRC127 4-pack \$8.95

Special Golden Estrus

Special Golden Estrus is the super fresh, premium natural doe urine with estrus secretions that buck's just can't resist. Each glass bottle of Special Golden Estrus is labeled with its own serial number and "Use By" date, so you know it's fresh.

**WRC405 1oz. \$9.95
4oz. \$27.95**

Golden Estrus Trophy Leaf

The super premium scent Golden Estrus is available as a Trophy Leaf. Scent is infused directly into the Trophy Leaf dispenser.

WRC125 4-pack \$10.95

Golden Estrus Gel

Thick like honey and long-lasting. This super thick buck lure will just about drive bucks wild.

WRC408 1oz. \$9.95

#1 Select Estrus

Contains natural doe urine with estrus secretions and just a touch of musk added that makes it even hotter. This buck lure is the real deal and very effective during the rut. It's the smell they've been waiting for.

**WRC401 1oz. \$6.95
4oz. \$15.95**

Active-Scape

A full spectrum scrape hunting deer scent for use at real and mock scrapes. Active-Scape buck lure is a blend of doe urine with estrus secretions combined with buck urine – this deer scent is natural and the real thing. The smell of a strange buck in his territory enrages the dominant buck, while the smell of a doe sexually arouses him. Scrape Hunting: The best way to hunt bucks.

**WRC240 1oz. \$5.95
4oz. \$13.95**

Hot-Scape Kit

Jump starts your mock scrape with a two step process. This kit includes 24 oz. of Mock Scrape Conditioner and 8 oz. of Scrape Activator. The conditioner removes foreign odors from the mock scrape, and then adds a fresh scraped earth smell. The activator activates the mock scrape by adding a complex combination of odors found in a real scrape.

WRC245 \$17.95

Bull-Rage

A natural bull elk urine lure that drives the big bull wild. This elk scent pulls the trigger on a bull's herd-protective instinct. Use with Caution, scent enrages dominant bull elk.

**WRC450 1oz. \$6.95
4oz. \$15.95**

Elk Bugling Scent

A unique blend of really intense cow elk urine with in-heat secretions combined with bull elk urine. This elk scent is the smell the bull is looking for when he approaches your bugling position from down wind. Use with Caution.

**WRC460 1oz. \$6.95
4oz. \$15.95**

Elk-Fire

An extremely intense elk scent that contains cow elk urine with in-heat secretions to let them know one is ready. This strong natural elk lure is deadly when used during the rut and when bugling. Use with caution.

**WRC455 1oz. \$6.95
4oz. \$15.95**

Ultimate Moose Lure

The best moose attractant you can use. WRC's secret synthetic formula really attracts bull moose, and cows like it too. This moose scent is highly effective all season.

WRC20480 1oz. \$8.95

Golden Scrape

Ultra-Premium doe urine with estrus secretions, combined with premium buck urine – Special Time Release Formula! Enhanced with subtle tones of fresh scraped earth and Territorial Musk. Extremely effective at both mock scrapes and natural scrape locations. Really heats up a scrape.

WRC242-4 4oz. \$17.95

Magnum Scrape-Dripper

The smart dispenser that keeps a scrape fresh and working. Operates for 2 to 3 weeks! The Magnum Scrape-Dripper is the deadliest method known to keep a scrape fresh and working.

It drips your buck lure only during the day to make sure the buck works the scrape during the day. This allows the user to pattern the buck. The combo package includes the Magnum Scrape-Dripper, 4 oz. bottle of Active-Scape buck lure and the WRC Moch-Scape secrets DVD to help you increase your success when scrape hunting.

**WRC381 \$14.95
WRC385 Combo Pack \$24.95**

Pete Rickard's Deer Lures

Indian Doe Urine

A natural, non-estrus urine you can use all season to arouse a buck's curiosity and to mask your scent.

LH507 1.25oz. \$6.20

Bucks Gone Wild Lure

A mixture of fresh urines from a young submissive buck and mature doe in estrus. Triggers an aggressive urge in mature bucks to seek out the competitor. Bucks will pursue the scent to its source, very often with out regard to their safety and surroundings.

LH976 1.25oz. \$8.30

LH978 2oz. \$11.30

Bowhunter Deer Lure

The ultimate attractant and masking scent for the bowhunter. A special blend of pure musk and "passion tonic" that brings game in close. Effective for any big game application.

BH700 1.25oz. \$6.20

Original Indian Buck Lure

This legendary lure has led to more hunting success than any other lure ever made. Its naturally strong formula stops bucks in their tracks and draws them in. Effectively hides human scent too.

LH500 1.25oz. \$6.20

LH502 2oz. \$10.30

LH503 4oz. \$13.40

Blackie's Blend Deer Lures

Big Scrape Lure

A trophy buck lure for the rut proper. The dominant buck urine in this one is superior to doe urine for attracting large bucks.

BBDEER01 1.25oz. \$6.00

Interdigital Gland Scent

Pure and Potent. Just 3 or 4 drops move bucks and does from cover. Attracts them any time of year. 100% natural.

NWSJR012 1.25oz. \$9.30

Swamp Buck Beaver Castor Lure

The perfect curiosity scent when hunting near swamps. Made from beaver castor, its aroma will bring out the curiosity of wise monster bucks.

LH518 2oz. \$8.30

Tarsal Gland Scent

Natural glandular secretions collected during the rut. Attracts and covers. (not pictured)

LH514 1.25oz. \$9.30

Premium Rut Lure

100% fresh estrus Whitetail doe urine with natural pheromones, hormones and steroids. Glass bottles, with sprayer. (not pictured)

LH554 1.25oz. \$9.30

(cold weather)

LH555 1.25oz. \$9.30

Buck's Fantasy Lure

Thick and tacky. This lure is best used early season before the rut and late season after the rut.

BBDEER02 1.25oz. \$6.00

Points Galore Lure

Extremely musky. This lure will provoke mature bucks.

BBDEER03 1.25oz. \$6.00

Oscar Cronk's Deer Scents

Buck's Joy

This potent attractor makes a mature, healthy, in-rut buck act stupid when he gets a whiff. Compounded with hot doe urine and preserved with a secret ingredient that enhances the calling power.

OCDEER01 1.25oz. \$8.95

Ruttin' Buck

This lure is in-rut buck urine that makes the dominant buck turn into a fighting machine. Not recommended that this deadly lure or any of Cronk's attractor lures be placed on a hunter's person.

OCDEER02 1.25oz. \$8.95

Buck Rouser

A 100% sexual gland lure that arouses the mating urge in any healthy mature buck. Compounded from properly collected and preserved tarsal musk blended with other sexual glands and secretions. Use at scrapes – natural or mock. Works well at natural crossings.

OCDEER03 1.25oz. \$8.95

Hoof Musk

Blended with a portion of in-heat tarsal musk. Captures and holds this potent odor using a special tincturing process. Caution: Watch your back track. Deer will follow this scent trail.

OCDEER04 1.25oz. \$8.95

J.R. & Sons Deer Lures

Quick Draw

Quick Draw is an all around deer scent. It can be used pre-rut, rut, and post-rut. You can use it at mock or existing scrapes. It can also be used as

a trailing or positioning scent. (Please note) Use sparingly, as it triggers intruder response.

NWSJR009 1oz. \$7.50

Bucks Temptation

Bucks Temptation instinctively brings out the sexual drive in deer. Works excellent at mock or existing scrapes. Can also be used as a trailing scent

or positioning scent. This is one deer lure you do not want to be in the woods without!

NWSJR010 1oz. \$7.50

J.R. & Sons Deer Scent Pro Pack

This Pro-Pak was put together with the serious hunter in mind. These three scents give you the most natural smell available today, to attract deer full circle. Includes one each of:

Tarsal+ Scent

Use directly at mock or existing scrapes. (Note) Quality Tarsal should always be

used sparingly, as it does create an intruder response. This in turn will scare off smaller bucks in the area. Two or three drops per scrape is sufficient for starters.

Pre-Orbital Scent

Use at mock or existing scrapes. Apply on branches above scrapes to give that final youch. This gives you a full circle of natural scent to complete your lure station!

Interdigital Scent

Used as a training scent to mock or existing scrapes. Make two to three different trails leading to your scrape. A couple of drops every ten to fifteen feet leading to your scrape will bring him right in.

NWSJR012 3-pack \$19.95

Acorn Oil

Strong, earthy, acorn odor. Attractive to coon, bear, deer and muskrat. Also good as a masking scent when hunting.

	4oz.	\$52.00

Bats Out of the belfry, the attic and the chimney!

These territorial little insect-eaters are great for the environment, but not for your client's peace of mind. We have the answer. Our selection of exclusion, bat-proofing and housing products will help ensure that bats set up their homes elsewhere.

Batcone® Products

Durable Batcones are a humane, one-way exclusion device for ridding any building of unwanted bat colonies – forever. Since they cannot grip the slippery inside of the Batcone, bats have no way to crawl back in. Set these Batcones with a slight downward slope to make it easier for bats to exit. Once excluded, seal the exit points with mesh and Todol Foam or Solar Seal.

Batcone® II – Bat Excluder

For fast, easy installation, this model can't be beat. The reusable, long lasting cone attaches quickly with pushpins, nails staples or even duct tape. Polyethylene excluder is 6" long and comes with four flexible tabs at one end to attach over entry/exit point.

BCEX-1 Single \$12.95
BCEX-12 Dozen \$147.00

Batcone® Pro-Cone™

Newly redesigned to meet the durability needs of the professional. Now available in heavy duty injection-molded plastic, versatile Pro-Cones

come with a built-in solid flange and mounting holes. Can also be used to exclude flying & red squirrels, sparrow and starlings. Available in three different styles: Corner, Round and Square.

Pro-cone™

PCCNR-1	CORNER	Single	\$12.95
PCCNR-12	CORNER	Dozen	\$147.00
PCRND-1	ROUND	Single	\$12.95
PCRND-12	ROUND	Dozen	\$147.00
PCSQR-1	SQUARE	Single	\$12.95
PCSQR-12	SQUARE	Dozen	\$147.00

Pro-cone™ Flanges

PCFLNG-6	(round hole)	
Vinyl Flanges	(6-Pack)	\$15.00
PCWIREFLNG-6	(round hole)	
Wire Mesh Flanges	(6-Pack)	\$19.95

BAT HOUSES

Batcone® White Cedar

Bat House is made out of long-lasting white cedar. The attractively appealing bat house is perfectly suited for housing up

to 50 bats. The outside of the bat house has been sanded smooth, while the inside has been left rough to allow the bats to easily climb up in to it. This bat house measures 24"L x 9"W x 3"D and has a 5.5" opening at the bottom for bats access.

BCBH-SM \$63.95

Bat Call Bat Gland Paste Lure

Use to attract bats to bat houses. This paste gland lure has proven to be a valuable asset. Bat Call will promote faster response time and acceptance to a new home. Excellent for bat houses when used in conjunction with structural exclusion methods.

NWSBJ01-4 \$15.00

Coveside Conservation Products

high-quality and handcrafted in Maine from Eastern White Pine. Each includes a hanger for easy mounting, and detailed instruction.

Code	Description	Dimensions	Price
A WCS01002	Bat Mansion - Houses 200-300 bats in five chambers plus an attic, which provides for greater temperature stability. Bats seek most comfortable temperature by moving up or down inside the house. A popular house because of its large capacity.	25" x 11" x 11" 5 Chambers	\$65.00
B WCS01001	Bat Condo - Accommodates over 50 bats and is ideal for a nursing colony. The vertical house contains 4 chambers and can be easily mounted by a hanger on a building or a tree.	19.5" x 9.5" x 7.5" 4 Chambers	\$50.00
C WCS010035	Sunshine House (Small) - Houses up to 100 bats. Includes a large, screened landing platform, roughened interior surface and echolocation slots on the sides to help bats locate the hollow cavity.	17" x 13" x 6.5" 2 Chambers	\$42.95
D WCS01003	Sunshine House (Large) - Houses up to 200 bats. Includes a large, screened landing platform, roughened interior surface and echolocation slots on the sides to help bats locate the hollow cavity.	17" x 17" x 6.5" 2 Chambers	\$50.95
E WCS00133	BATchelor Pad - Houses up to 30 bats in a single chamber. Features include a large screened landing pad, roughened interior surface and an echolocation slot. Designed for cooler locations preferred by solitary males, but also suitable for a small nursing colony.	20" x 10" x 3" 1 Chamber	\$34.95
F WCS01134	Mini Bat House - House a few bats in this small version of the "BAT"chelor Pad. Comes complete with echo-location slot and screening against the back	16"h x 8"w x 3-3/4"d	\$22.00

Bat Netting

Keep 'em out. Stiff but pliable black poly netting is great for exclusion and/or creating bat valves (also known as one-way doors). Not easily chewed or ripped. Easy to form against buildings, this netting can be stapled or held in place with Hercules Putty [see page 35] on aluminum or vinyl sided structures. 1/4" is stiffer than a common window screen, though not as stiff as 1/6". Call for larger sizes and custom cutting.

NWS3018-10	1/4" - 14' x 10'	\$35.95	NWS7100-10	1/8" - 14' x 10'	\$42.95
NWS3018-50	1/4" - 14' x 50'	\$165.00	NWS7100-50	1/8" - 14' x 50'	\$198.95

Call for larger sizes.

Hercules Putty

Use this all-purpose black adhesive putty to secure traps, bait stations and bat netting. Won't run in heat, unaffected by cold and easily removed with putty knife or hands. Sticks to all kinds of surfaces and leaves floors stain-free.

WCSHP01 \$13.95

B3X Exclusion Strips

B3X Exclusion Strips are an exciting new and innovative exclusion product for birds, bats, insects, and more! Place strips behind

shutters, in ridge vents, fill gaps along roof lines, or seal off attic vents. The "compression anchor technology" constructed of reticulated polyurethane material

allows installation without adhesives or tools. Each box contains 32 two-foot strips, for a total of 64 linear feet

WCSDV8-32 \$88.95

Professional Foam Gun Kit

Includes 12" Pageris foam gun; three 32 oz. cans of Pur-Black foam; 1 full-size screw-on foam cleaner; one 5 oz. can of Pur-Clean; three needle tips, three syringes and a flexible plastic tube. Comes in a handy green plastic molded carrying case.

NWS603C \$185.95

Pur Black Gun Foam

Especially developed for outdoor use. Stops gases, water, sound and pests. Black color blends into surrounding environment and never looks dirty. Perfect for roofers, pond installers & nuisance control professionals. To be used with a foam gun. Sandable and paintable. 12 dispensed gallons.

NWS0601 750 ml \$16.95
NWS0601C (case of 12) \$179.95

Solar Seal® #900

A premium adhesive/sealant based on terpolymer technology which offers an alternative to silicone & urethane sealants. Exceptional weather resistance, adhesion, elongation and color stability. Great for exclusion work! Available in white, clear and black.

SS900 \$5.50/ single \$63.00/case of 12

Dripless ETS 3000 Caulking Gun

Ergonomic design for the professional, these guns address weight, balance and stress while applying caulk and sealants. The grip has been designed to keep the wrist in a natural and balanced position.

ETS3000 \$17.50

Bats Removal & Exclusion Simplified

with Alan Huot Featuring Jim Dreisacker

This DVD takes you through inspecting properties for signs of bats, effective exclusion methods, proven tools & supplies and important information to know about bats. 1hr:18 mins.

Keep Birds out of Your Flight Path

Field Proven Solutions from WCS

TRAPS & NETS

WCS "EZ" Catch Bird Trap

Proven to work, easy to use, safe for the birds – that's why we trust our EZ Catch Bird Traps. A spring-loaded gentle nylon net closes like a

clamshell over the birds when they trigger the bait pan, to trap them quickly and effectively. The metal mesh base frame is powder coated for rust resistance. Can be mounted on walls, buildings or placed in trees. Base and net are green to blend with surroundings.

WCSRC17 \$65.95

17" x 17" x 2.5" – (Woodpecker)

WCSRC24 \$77.95

24" x 24" x 2.5" – (Crow/Duck/Grackles)

WCSRC36 \$117.95

36" x 36" x 2.5" – (Duck/Chicken)

WCS "EZ" Catch Bird Trap with Remote Trigger

We took our effective EZ Catch Bird Trap and added a unique remote trap trigger that provides an onsite, manned operation for selective capture. Rigorously field-tested, with a maximum effective range between 100'-150' and success up to 200' depending on terrain and interference. When you need to monitor capture and select specific targets, the EZ Catch with Remote Trigger is a powerful solution.

WCSRC36-Remote \$363.95

36"x36"x2.5" (ships at 90lb rate)

WCS Large Pigeon Trap

Just call it the Pigeon Hilton. Our extra-large trap holds 45-60 birds at a single setting and comes in 6 convenient panels. Extra panel can be used as a separator when removing

birds. 8 non-stick bobbin-type doors (4 each end), plus 1 large cleanout door. 14 gauge wire, 1" x 2" mesh. 4'L x 3'W x 2'H.

WCS Tip – place on flat roof or plywood and bait with whole corn to avoid attracting smaller birds

WCSPT \$169.95

WCS Wooden Bird House Trap for Sparrow

WCS's Birdhouse with a Twist!

Sparrows invading bluebird boxes, bird feeders and other enclosed areas cannot resist this non-lethal trap when it's placed in their flight path. On the outside, this looks like a normal birdhouse with a hole just big enough for a sparrow. Inside, a spring-loaded door snaps shut when the sparrow lands on a perch below the opening. A convenient fluorescent orange sticker on the door shows you if it's been closed.

NWSSTWH \$38.00

WCS Multi-Catch Sparrow Trap

No moving parts to worry about! Bait this economical, multi-catch trap with seed or breadcrumbs in gathering areas and sparrows won't be able to resist investigating.

Two entry points and side release door. Made of 1" x 1/2" galvanized wire mesh. Measures 16" x 12" x 8".

WCSKBSPWT \$34.95

"Starling Stopper" Trap

WCS's unique, no-fuss way to humanely remove young starlings from bathroom and dryer exhaust vents. A clear plastic one-way door allows birds to enter while an exposed mesh end to the outside allows the mother to call and feed her young until you're ready to free them. Detachable nose cone for easy bird removal.

JPSS \$43.95

WCS Sparrow Sled Live Trap

A unique solution for professionals providing services to "big box" retailers, factories and

hangers. When suspended from the rafters, this trap's sled-shaped base allows for a landing location (or bait area) and keeps any debris from falling

Scan for Video

onto unsuspecting employees and customers. Front entry compartment has a funneled door and cone funnel to back compartment; back compartment is equipped with a mesh box that holds 2 water bottles for thirsty captured birds. Trap made of 1" x 1/2" mesh and measures 24"L x 12"W x 12"H. Sled measures 33"L x 13.5" x 4"H.

WCSSPSLDE \$119.95

WCS Mist Nets

A dependable solution for small bird capture and control. Net is threaded with horizontal cords to form pouches for starlings, sparrows and pigeons to fall in. Very fine, very strong, and folds to fit in a sandwich-sized plastic bag.

WCSMN10x20 10' x 20' \$59.00

WCSMN10x40 10' x 40' \$89.00

WCS "Starling Catcher"™

There is nothing like it on the market. This wooden trap contains 2 chambers for live capture of starlings. It measures 14.5H x 8W x 9D and is perfect for capturing those pesky starlings. A fluorescent circle helps to notify user once the trap has been triggered to close a door containing the live starling.

WCSSC-1 \$79.95

Safeguard Bird Traps

The Safeguard Bird traps are constructed of 1" x 1/2" -14 gauge galvanized wire with three sizes to provide flexibility to meet various bird control situations.

Small Capacity Pigeon:

NWS53490 28"x24"x8" \$59.95

Large Capacity Pigeon:

NWS53500 84"x24"x8" \$134.95

Sparrow Trap (shown in pic):

NWS53835 24"x16"x10" \$104.95

Tomahawk Grackle Trap

Bird control simplified. Unique funnel design of double trap doors encourages birds to move forward toward the bait until they've locked themselves in. Pre-

assembled with small wire mesh openings.

TLT503 36" x 16" x 12" \$47.25

WCS Pigeon Trap (LOW PROFILE)

Perfect for tight spaces (ledges, patios, billboard catwalks – you name it). 2 bobbin-type doors have unique "feet" that prevent jamming and 1" x 1/2" mesh that prevents hawks from feeding on captured birds. Holds 6-10 birds. 24"L x 12"W x 7"H.

WCSPLGLP \$36.95

Bal-Chatrri Moose Trap – Standard or Extra-Large

Our Bal-Chatrri trap has been used and tested by many Falconers. They work very well for trapping Red Tail Hawks and American Kestrels. Made in a rectangular dome shape with a double dome wire wall inside to keep mice or bait animals from chewing up the nooses. The wire mesh is large enough to keep even the smallest mice inside. A double wire spring latch door is located on the bottom of the trap to put bait animals in through. The trap comes with a minimum of 50 nooses made from 25 pound camo mono-filament line and the wire mesh is painted dull gray or tan to take off the glare.

WCS5008 Standard (8.25" x 10.25")

\$89.95

WCS5025 Extra Large (10" x 18")

\$149.95

Transparent Liquid, 1 Gallon

WCS677C \$158.95

Transparent Liquid, Case of 4 Gallons

PIGNX®

The first ever EPA approved Bio-Repellent for birds. This is the first pigeon bio-pesticide that does not contain polybutene. PIGNX® is eco-friendly, harmless to birds, mammals and humans. (EPA REG 844-18-1)

BBRT1001-1 (10 oz. tube) \$21.95

BBRT1002-12 (case 12 tubes) \$240.00

Golden Eagle Thermal Fogger

(Electric Start XL,
Model 2610, Series 3)

Designed for large indoor warehouse use and outdoor insect/pest control. This handy tool can dispense oil-based insecticides, fungicides, germicides, disinfectants, odor control and other chemical products and excels at reaching hard-to-get places. New electric starting system gives it greater reliability and fuel efficiency. Complete with instruction manual, batteries, auxiliary start cable, 2 cleanout brushes, tool kit (export only) and spare parts kit (export only).

58500 \$1980.00

Fog Force™ by Rejex-It

Designed specifically for fog application. Like Migrate for Turf, it contains Methyl Anthranilate, a nontoxic agent with no adverse effect on people, pets or animals. Very effective on nuisance birds roosting in warehouses, loading docks, porches and other open areas. (EPA REG 58035-7)

Fogging agent for flocks

WCSFF-GAL-S Gallon \$179.95

WCSFF-GAL-C 4 gallons/case \$700.00

Safely and effectively repels birds 24/7.

BirdGard PRO NWS0033 \$199.95

Repel birds with crystal-clear digital recordings of enemies and distress calls. The Bird Gard® Pro is designed for smaller applications with coverage up to 1.5 acres. It features a built-in amplifier and speaker and mounts easily to a post or fence using the included mounting bracket. The unit comes pre-recorded. The BirdGard units can be fitted with a variety of digital chips to address various nuisance bird situations. System includes generating unit with built-in speaker, power adapter with 50 feet (15 meters) of cable, weatherproof enclosure and mounting bracket. Optional accessories: External speaker, 5-watt solar panel, battery cables with clips.

Popular Chip Sets

Residential Woodpecker (-12A) Pigeon (-42A)

Agricultural (-1A) Sparrow (-53)

Marine (-2A) Crow (-7A)

NWS0010X Extension speaker w/100' cable \$49.95

Solar Panel comes with a battery cable with red (positive) and black (negative) alligator clips at the end for attachment to a 12 volt battery and a power plug to connect to the Bird Gard unit. The kit also includes a mounting bracket and hardware to attach the solar panel to a post or pole.

WCS0099 5 watt Solar Panel and Mounting Kit \$150

WCS0094 15 watt solar panel \$275

Battery cable comes with 10 feet (3 meters) of cable with red (positive) and black (negative) alligator clips at the end for attachment to a 12 volt battery. NWSB-0010 \$16.95

Build a bigger wall of sound.

Bird Gard PRO PLUS

NWS0035 \$339.95

Extend your coverage up to 3 acres with the PRO PLUS. Two speakers create diverse sound coverage patterns. Solid-state electronics are

contained inside a NEMA-rated control box, making this system suitable for most any weather condition.

System includes generating unit with two built-in amplifiers, power adapter with 50' of cable, two external speakers (each with 100' of cable) and a 10' battery cable with clips.

Popular Chip Sets

Woodpecker (-12A) Sparrow (-62) Vineyard (-39)

Super Starling (-40) Crop Guard (-10) Orchard (-41)

Bird Gard SUPER PRO

NWS0041 \$579.95

Bird Gard's most popular unit! With the same quality components as the PRO PLUS, The SUPER PRO features 4 external speakers with built-in amplifiers, giving it coverage up to 6 acres.

Complete system includes the generating unit with four built-in amplifiers, power adapter with 50 feet' of cable, four external speakers (each with 100' of cable) and a 10' battery cable with clips. Optional accessories: 15-watt solar panel, four external speakers in a single enclosure.

Popular Chip Sets

General Harassment (-10) Super Starling (-90) Woodpeckers (-12A)

Starlings (-40) Crows & Gulls (-27) Pigeons (-42)

WCS46SA Speaker enclosure with 4 speakers \$229.95

WCS0094 15-Watt Solar Panel & Mounting Kit \$275.00

OvoControl® P "Birth Control" for Pigeons

OvoControl is a ready-to-use bait that interferes with the reproduction of treated pigeons, causing the population to decline. This effective and humane technology is especially useful for managing flocks in larger areas without having to resort to poisons and their associated risks.

OVO-P 30 lb. Bag \$199.95

OvoControl® Tripod Feeder Kit

OvoControl® P Automatic Feeder kit includes:

- Automatic bird feeder with 360° broadcast
- Up to 25 ft. throw radius; feeds up to 150 birds
- Holds more than 100 pounds of bait
- Programmable, digital timer and controller
- Lightweight - easy to assemble
- Operates on a 6-volt battery
- Solar charger and rechargeable battery

INMFH-30Kit \$210.00

Birds, especially migratory birds, provide enjoyment and recreation for many and greatly enhance the quality of our lives. These colorful components of natural ecosystems are often studied, viewed, photographed, hunted, and otherwise enjoyed.

Unfortunately, bird activities can conflict with human interests. Birds may depredate agricultural crops, create health hazards, and compete for limited resources with other more favorable wildlife species. The management of bird populations or the manipulation of bird habitats to minimize such conflicts is an important aspect of wildlife management. Problems associated with large concentrations of birds can often be reduced through techniques of dispersal or relocation of such concentrations.

WCS carries a variety of products that address two general approaches to dispersing bird concentrations (1) environmental or habitat modifications that either exclude or repel birds or make an area less attractive, and (2) the use of frightening devices.

Some info from: University of Nebraska-Lincoln
DigitalCommons@unl.edu

Big clients, big buildings, big job?

We're with you every step of the way. WCS stocks a wide variety of quality exclusion products and we're ready to help you custom design the best bird control system for your needs. We can even assist in preparing a quote for your client. Just call 1-877-684-7262.

EXCLUSION (or physical deterrents)

BirdSlide™

When total exclusion for ledges, eaves, angle irons, I-Beams and most "L" shaped ledges is the goal. As many bird control experts know, there are ledges where heavy pressure (nesting birds) demands an exclusion system, and netting may be visually unacceptable. BirdSlide completely protects the ledge against all bird species; they simply can't get a grip and "slide" right off the ledge. BirdSlide comes in Beige and Grey, but can be painted to match any color to blend into the structure.

For ledges 6", the flat base simply glues or can be screwed to a clean surface. For narrow ledges, the "fin" can be trimmed down; for wider ledges an extension can be added.

Bird Barrier Bird-Shock Flex Track

Perfect for high pressure areas and on all species of pest birds. This low-profile ledge deterrent system provides intermittent electric bursts, giving birds a non-lethal but effective conditioning to stay away.

Flex Track is:

Flexible and Adaptable

A low-profile electrified track that conforms to any architectural configuration. Flex-Track curves up and down, and side to side; and the stainless steel strapping gladly follows the PVC base without wrinkling.

Virtually Invisible Flex Track is only 1/4 of an inch high and is available in a wide variety of colors to match the structure. Hard to notice close-up and virtually invisible from the distance. Cannot be seen looking up from below.

Long-Lasting Made from UV stabilized PVC and Stainless Steel, Flex Track will be in service far longer than its five-year warranty.

Humane The intermittent shock is painful, but does not hurt the birds. (It simply teaches them to stay away, long-term.)

Warning Do not install in areas easily accessible to pedestrians.

Bird-Flite

Bird-Flite is installed on thousands of U.S. buildings with an incredible success rate, even under heavy bird pressure. Its thin, stainless steel rods and U.V.-resistant polycarbonate base are extremely durable and it is also the least conspicuous spike product on the market. Unlike similar products, Bird-Flite's spikes are blunted, preventing injury to birds or unsuspecting workmen. Bird-Flite's wires are spaced 1.5 inches on center far enough apart to repel pigeons, yet avoid entrapping debris. The base can be glued or screwed in place. Available in one foot lengths, each section can be broken into smaller sections to accommodate any architectural configuration.

Nixalite

For troublesome roosting birds and climbing animals. With 120 points per foot on its 4" x 4" spikes for maximum coverage (vs. others with 32 points), Nixalite is the high end in bird control. Flexibly bends around corners and edges and attaches with friction clasps for easy removal. Durable, corrosion proof, pesticide-free all stainless steel construction.

NIX-S-10 (5) 2 ft sections \$60

NIX-S-100 (25) 4 ft sections \$500 Call for larger quantity quotes.

Daddi Long Legs®

The Daddi Long Legs is in a class by itself. This unique design deters gulls, pigeons, and other large birds from landing in open spaces such as flat roofs or air conditioning units, as well as on street lights and other hard-to-protect areas. The thin, stainless steel rods rotate in the breeze and wave menacingly, interfering with birds as they attempt to land.

PYROTECHNICS, LIGHT & NOISE MAKERS

Harass congregating birds with these powerful tools. Pyrotechnics are especially effective on geese, starlings and sparrows.

LAUNCHERS

The most affordable solution for deterring geese, ducks, pigeons or vultures.

Single Shot Launcher

Launches a 15mm banger or screamer cartridge.

Rugged, dependable and low in price.

NWS15MMSSL \$36.

Double Shot Launcher

Automatically re-cocks after the first banger or screamer 15mm cartridge

is fired, allowing you to fire a second cartridge quickly.

NWS15MMDSL \$45.00

15mm Bird Bangers with Blanks (EXEMPT) *

Launched from a single or double shot launcher with the aid of a 6mm blank, the 15mm Bird Banger travels 75-150' before exploding with a loud bang. An excellent, humane tool to scare birds and wildlife from crops, landfills, fish farms and feed lots. The exempt Bird Bangers do not require an ATF Explosives license.

NWS15MM-BB \$52.50

(100 Rounds w/ Blanks)

15mm Bird Bangers EXP**

Similar to the Exempt Bird Bangers, but with a louder bang that

also effectively startles unwanted birds and animals. Includes blanks. The Bird Bangers EXP are only sold to government entities, airports, landfills and those possessing a Bureau of ATF Explosives License.

NWS15MM-BB-EXP \$52.50

(100 Rounds w/ Blanks)

15mm Screamer Siren with Blanks *

Launched from a single or double shot launcher with the aid of a 6mm blank, the 15mm Screamer Siren travels 250-300' making a siren-like sound as it flies.

NWS15MMBS \$47.25

(100 Rounds w/ Blanks)

6mm Blanks *

Required for Screamer Siren Blanks.

NWS6MM \$8.00
(100 Rounds)

Bore Scrubber Launcher Cleaning Formula

NWSBSCRUB 6 oz. Aerosol \$11.75

CANNONS

Inexpensive to operate, low maintenance and undeniably loud. A propane cannon is best suited to agricultural and other wide open spaces where flocking birds congregate. The loud report scares them away.

M3 Single Bang Propane Cannon

Produces single bangs using flint ignition. Each flint provides up to 1,000 ignitions.

WCSRJM3 \$319.75

M4 Single Bang Propane Cannon

Produces single bangs that can be regulated from one bang every thirty seconds to one bang every twenty minutes. The piezo ignition system operates without batteries or electricity and produces up to 200,000 ignitions.

WCSRJM4 \$364.75

Roto Mat Revolving Platform

Enables the Scare-Away Propane Cannon to change direction each time it fires, extending the effectiveness of the cannon in all directions. Shown above with M4 canon mounted.

WCSRJRM \$299.50

M8 Single Bang Propane Cannon

Produces six bangs within 90 seconds. Three bangs are fired in the first 30 seconds and three additional bangs are fired at irregular intervals. Frequency of six-shot series may be adjusted from one series every 45 seconds to one every 20 minutes.

WCSRJM8 \$424.75

* **NOTE:** Purchase of exempt Bird Bangers, Screamer Sirens & 6mm blanks purchase require a completed Wildlife Control Statement. The blank ATF form can be obtained from us.

** **NOTE:** Bird Bangers EXP require a Bureau of ATF Explosives License. This must be obtained directly from the ATF. This requirement is waived for government agencies, airports and landfills.

HAZARDOUS MATERIAL: All pyrotechnic products are considered hazardous material and as such are applied a separate HAZMAT fee by the shipper that is passed along in the shipping charges. This items can only shipped via ground services only. No expedited shipping methods are allowed.

Clock Timer

Battery-operated, this timer activates and deactivates the Scare-Away LP Gas Cannon automatically, with no winding necessary. Operates for an entire season on just one AA battery.

WCSP0125 \$126.00

Bird Phazer Laser 200

This is an effective tool to disperse starlings, sparrows, pigeons, Canada Geese, wild turkeys and other bird species at dusk and night

without the use of shotguns or pyrotechnics.

BPL200 \$184.95

Thunder "Banger" Boom Stick

The Thunder "Banger" Boom Stick is proven safe, portable, and a cost effective option for wildlife control. Providing a loud shotgun sound, it efficiently moves nuisance birds from exterior areas. Extensively tested and extremely cost effective when compared to alternative methods of bird control. Great for dispersing large flocks of Grackles, Starlings, Crows, and Geese! The unit is charged with a standard MAP-Pro gas canister (Not Included) which is readily available and low cost. (26" long x 4" diameter)

TE-T100 \$324.95

VISUAL SCARING TACTICS

Attack Spider

Chase away damage-causing woodpeckers and other nuisance birds. Activated by sound, this battery-operated spider quickly drops down on an 18-inch string while making a loud noise. Then it climbs back up the string to await another stimulus. Use enough units to protect your home; we recommend 1 unit every 10 feet in problem areas. Requires 2 AA" batteries (not included).

WCSAS-S \$13.95

Edge Decoys by Expedite

Rid properties of unwanted birds with a safe, humane and cost-effective solution. these Decoys project a life-like 3D photo on weather-resistant material for ultimate durability and effectiveness. Easy to set up and take down, they can be moved as need to different areas.

WCSCOY2S \$29.99

Yote' Decoy

This is a life-sized, lightweight coyote decoy that works great for scaring nuisance birds such as geese. Can also be used with any of our predator calls. Gives the coyote a sense of "ease" seeing another coyote when coming in to a call. Single stake allows for easy and quick set up. Decoy will rotate on stake with the wind and free moving furry tail adds lifelike realism.

WCSYD \$43.95

Master Series Lone Howler

Flambeau Outdoors Master Series Lone Howler coyote decoy. Wire-framed faux fur tail is bendable, posable & moves in the wind. Bungee leg system for sitting, standing or laying positions. The lone howler is designed to draw the attention of rival coyotes, it

incites a coyotes territorial and dominance instincts. Also great as a deterrent to species that coyote prey on like geese. Move it daily to give the birds an uneasy feeling of a moving predator.

5985MS-STANDARD \$75.95

5986MS-FLOCKED Fur Fabric Covering \$99.95

Dead Goose Decoy Kit

Nobody likes a dead goose, especially live geese. Formed in a lifelike "agony" position, this Goose Guard convinces live geese there are predators in the vicinity - hence the fresh "kill". Can be used on land and water (water applications must be anchored so they won't float away). A minimum of two decoys must be used for flocking geese to believe predators will return to inflict more damage. Includes two decoys in "killed" position, plus chord and anchors for water applications.

NWSDG01K \$109.95

Jackite Eagle

Looks just like the real thing! This handcrafted kite will soar and swoop menacingly in variable or gusty winds to frighten prey away. To install, attach to a flexible pole using heavy gauge fishing line or stainless steel lead wire and crimps. Made of Tyvek with high quality inks to resist fading. Ideal for open areas or to augment other systems.

NWSKITE51 Unassembled \$58.95

NWSKITE52 Assembled \$68.95

Gator Guard

This 25-inch life-sized alligator is enough to make any goose, duck or fish-eating bird keep away from the areas they love. Floats in water to avoid spoiling the look of a property. Made of durable weatherproofed urethane foam with UV coating. Includes anchor hook on bottom.

WCSGG01 \$67.00

Spray Away by Havahart

After detecting animals or birds with infra-red sensors, Spray Away releases 3 seconds of water from an attached garden hose to chase wild animals away. Adjustable sensitivity detector and random spray pattern prevents animals from growing accustomed to the sprayer. A 180-degree front sweep with infrared motion detection combines with a water spray up to 35 feet to protect up 1000 square feet.

Uses 9-volt battery power for

thousands of activations.

WCS5266 \$58.00

Flock Reflector

The Flock Reflector uses sunlight and wind to create flashing lights during daylight hours in an effective deterrent for seagulls and other migratory birds, as well

as woodpeckers. Made from aluminum and plastic, its weatherproof construction will provide years of service. The Flock Reflector can be screwed or glued into place. Great for buildings, boats, and agricultural applications.

FF-ST-019 \$68.95

Spray-Away Elite

The Spray Away Elite by Havahart is a motion detector sprinkler animal repellent system that is water-based and works by detecting an animal's heat and movement with infrared sensors. Once detected, the system releases a sudden burst of water to scare the animal away. An adjustable

sensitivity detector and random spray pattern prevents animals from growing accustomed to the sprinkler. Instead of a hose, it utilizes a water basin that holds 3.5 gallons of water and lasts for approximately 35 activations. The basin can be buried for discreet nuisance animal protection.

WCS5268 \$179.99

VISUAL SCARING TACTICS

Exploit Nature's instinct. Use in isolation or combination with exclusion and repellents.

Star-Burst Holographic Tape

Frighten them with flashing eyes.

"Starburst" Scare Tape is an extremely reflective material in sunlight and has a hologram effect that resembles eyes.

Hung in short segments, it's especially effective on woodpeckers.

WCSSTARBRST 2"x290'L \$14.95

Bird Scare Flash Tape

Protect territory from marauding birds. When strung around an area, this tape flashes brilliantly, scaring fliers away. Effective, environmentally friendly and safe for animals.

NWSOC2-1 290' 12mm Red/Silver \$6.95

Bird Flasher

Dangling on the outside corner of a building, this wind-blown flasher is an effective stop sign for intrusive woodpeckers and swallows. For best results, install within 20 feet of the damage and cover holes or knock down nests as soon as it is up. Note: Avoid attaching to metal chimney caps as sound from spinning flasher may carry through structure.

WCSWBR \$9.50

Scare Eyes

Scare Eye Balloons are used for woodpeckers and other small birds like sparrows, etc. The bright colors, large eyes and hanging reflective streamers on this 12" diameter balloon are threatening to birds - they think they're being watched by a predator.

NWSSEB-Y (yellow) \$9.50

NWSSEB-B (black) \$9.50

Terror-Eyes

Drive bird gangs away! This terror-eyed vinyl inflatable predator can be used for parking lots, building roofs, airports, marinas, highway & bridge underpasses, granaries, orchards, vineyards, feed lots, farm fields, gardens and homes.

NWSBXV001 \$32.75

Octopus Bird Scarer

Give double the warning to birds with scare eyes and flashing mylar streamers.

NWSOC1 \$10.50

Guardian Holographic Owl

Guardian Holographic Owl has been University tested with positive results for bird control. The bright flash of the unique holographic feather pattern, large eyes and movement deters the most persistent birds from destroying personal property. Simply hang the guardian owl in the problem areas. Made of durable plastic to withstand outdoor elements. Each Guardian Owl measures 16" tall

and 8" wide. Great for repelling birds from: orchards, crops, boats, docks, barns and homes.

GOWL-1 \$9.95

TRUETECH®

2000 Power Cart

Using the TrueTech 2000 Power Cart with ProFoam® Platinum foaming agent, technicians can choose from dry and wet foam or liquid applications. TrueTech equipment is available in a wide variety of sizes and features including models such as the 2000 Power Cart which features a labor-saving utility cart and powerful electric compressor.

NIBOR-D®

Insecticide

A versatile borate powder used for a wide variety of pests, applications and sites. The label lists applications for many fly problems, including drain flies, in home and commercial facilities and kitchens. (Label pending in CA)

BAC-AZAP®

Eco-Benign Odor Control

Bac-Azap provides powerful odor elimination with a pleasant scent using a special blend of seven microbe strains that consume organic materials that cause odors. Foam into drains as an organic cleaning agent to help keep commercial kitchens operating at peak performance.

PROFOAM® PLATINUM
Foaming Agent

A blend of foaming agents that transports all types of products to remote areas such as tunnels, drains and other voids needing complete treatment of all surface areas.

NISUS DSV™

Disinfectant, Sanitizer, Virucide

A broad spectrum disinfectant, sanitizer virucide, mildewstat, fungicide and deodorizer concentrate labeled to kill 31 strains of bacteria and 19 viruses – plus it's also listed for different types of fly control, including drain flies.

Gotcha Sprayer Pro Spray-N-Dust System

The Gotcha Sprayer Pro Spray-N-Dust System is a convenient kit that contains all the tools you need for dealing with hard-to-reach nests. The Gotcha Sprayer Pro adaptor enables you to attach and trigger virtually any type of aerosol can from the end of an extension pole.

The Powder Duster is the perfect way to apply insecticide dust. It can be used by itself or mounted in the Gotcha Sprayer Pro. The System also includes a Scraper for the removal of difficult to reach nests. This system can be screwed onto any extension pole, but for added convenience it includes a Smart-Lok adaptor for use with a quick-release Smart-Lok pole.

4MP17C \$85.95

Niban Granular Ant Bait

Niban Granular Bait is the best professional grade, all-around bait for targeting the two most prominent invading pests you deal with: cockroaches and ants. Niban's new formula includes a tougher, weatherized granule that will last longer than any other on the market, providing you with a more effective kill between quarterly visits. This is the industry's only granular bait with the power of borates and our patented formula. It was formulated with a concern for the environment, it's easy to use and it has produced amazing results since it was created. Niban targets a wide spectrum of pests and can be used both indoors and out. That means you can spec one product more often, serving a greater variety of customers while enhancing the profitability of your business.

WCSNIB-S \$22.95

WCSNIB-C Case of 6 \$109.95

Mosquito Sentry® Repellent System

When you turn on the Mosquito Sentry® repellent system, a vaporized repellent fog is dispersed into the air for an instant veil of protection. This repellent system now features up to 2000 sq. ft. of coverage and provides you with up to 20 hours of mosquito-free time in your yard or on your patio with just 1 fill-up. This convenient unit is designed for use with Mosquito Sentry® repellent, a blend

of all-natural plant oils that is safe for use around people, pets and food that eliminates the need for smelly candles, messy traps, Deet or harmful sprays. The remote control, low-level warning light and automatic shutoff provide convenience while the 100% natural repellent provides a veil of protection from mosquitoes and biting insects.

GS388D \$279.95

Mosquito Sentry® Repellent

The Mosquito Sentry® 1-Gallon Natural Ready-to-Use Repellent is a blend of 100% green, natural plant oils, so you can safely enjoy your deck or patio without mosquitoes. Simply pour this repellent into the Mosquito Sentry® Repellent System (not included) to quickly repel pests. The repellent's all-natural formula is designed for safe use around people, pets and food.

MOSQREP2 \$18.95

Aleco AirStream Perforated Insect Barriers

Aleco AirStream Perforated Insect Barriers allow air to flow in while keeping unwanted pests out. A completely unique and innovative product – it's unlike anything currently available. It's great for commercial, restaurant, and manufacturing applications and helps keep facilities cooler longer while improving a building's appearance. All Aleco strip doors arrive ready for installation, including the MaxBullet strip door mounting system and vinyl PVC strips of your choice. Available in amber or clear, it's tough enough for handcarts, pallet jacks, and forklifts.

Sterifab (DISINFECTANT & INSECTICIDE)

One of the most hardworking disinfectant and insecticides on the market. Perfect for cleaning up bird droppings, bat guano and raccoon feces. Or use it to wipe out lice, bed bugs, ticks, dust mites, bacteria, fungus, mold, mildew and viruses. And did we mention it deodorizes too? Dries in 15 minutes and leaves no residue. No dilution required. (EPA REG 397-13) – registered all states. Ships ground only.

Tenax Products

Tenax Deer Fencing

Our new line of fencing products by Tenax will provide you with all the security you need to protect your gardens, shrubs, and lawn from a multitude of ground-based roaming and foraging animals.

These quality deer fences are made of long lasting, rounded tensile polypropylene and supported by posts constructed of .055 hot zinc-dipped galvanized steel. For an even stronger barrier, choose a steel Hex web fence of PVC-coated galvanized steel.

Many sizes and strengths are available in order to provide just the right level of protection for your specific need. A variety of available gates will allow access for you and your equipment. Aside from their strength, they come in UV stabilized black, making them practically invisible!

These fences also make excellent pet enclosures. You'll rest easier knowing that your family pet cannot escape your property and is safe from external predators.

Choose from:

Standard – For general protection from deer and other large mammals

Extra/Maximum Strength – For large acreages (orchards, vineyards, farms, etc...) where deer populations and winter weather are at their worst

Steel Hex – For severe deer problems and those requiring a "chew proof" fence

Whether protecting an orchard, farm, or just your back yard, this is the fence for you!

Choose from our large selection of fencing, gates, and posts, as well as all the tools you'll need to install and maintain your new fence!

Product Code	Type & Size	Price

Deterrents

Deer Shield® Pro & Super Pro

Deer Shield® products use high quality proprietary digital recordings of aggressive, hostile and territorial deer that trigger a fear and flee response in deer. Available in two models Deer Shield Pro and Deer Shield Super Pro.

Deer Shield Pro

incorporates a built-in motion sensor so sounds are triggered only when a deer enters the protected area. The motion sensor covers 50 feet x 50 feet (2500 square feet) in fan pattern.

0070-1A \$250.00

Deer Shield Super Pro

includes one PA extension speaker with 100 feet of cable. From one to four speakers can be connected to the control unit protecting up to 6 acres. This unit does not have a motion sensor. Sounds are broadcast at random time intervals and in a random order.

0073-1A-1PA \$545.00

The University of Nebraska-Lincoln contributed to the development of the Deer Shield.

Bobbex Deer Repellent

Create forage-phobia with this nontoxic foliar spray. Its natural ingredients and wintergreen scent create an odor and taste that is offensive to deer, but pleasant to the applicator. Long-lasting and non-burning, it leaves a slight visible residue that lasts up to 2 months and won't wash off in rain. Nutrient-rich for plant vitality.

(concentrate)

B550100	Quart	\$32.95
B550105	½ gallon	\$52.95
B550160	2.5 gallons	\$126.95
B550115	5 gallon pail	\$208.95

(ready to use)

B550170-RTU		
48 oz. RTU Pump Spray		\$26.95
B550200-RTU	Gallon	\$30.95

Electronic Deer Repellent

Give deer a firm "keep away" message. The repellent's posts attract deer with a lure scent, then repel them with 400 volt shock. Includes 3 posts, covering approx. 1000 square feet of total area. Two AA batteries (not included) will give life of one year.

NWSEDR01 \$60.00

Spray-Away Elite

The Spray Away Elite by Havahart is a motion detector sprinkler animal repellent system that is water-based and works by detecting an animal's heat and movement with infrared sensors. Once detected, the system releases a sudden burst of water to scare the animal away. Instead of a hose, it utilizes a water basin that holds 3.5 gallons of water and lasts for approximately 35 activations. The basin can be buried for discreet nuisance animal protection.

WCS5268 \$179.99

Spray Away by Havahart

After detecting animals or birds with infra-red sensors, Spray Away releases 3 seconds of water from an attached garden hose to chase wild animals away. Adjustable sensitivity detector and random spray pattern prevents animals from growing accustomed to the sprayer. A 180-degree front sweep with infrared motion detection combines with a water spray up to 35 feet to protect up 1000 square feet. Uses 9-volt battery power for thousands of activations.

WCS5266 \$58.00

Shake-Away®

Shake-Away® 100% organic animal repellent safely & effectively repel animals like deer, rabbits, cats and more from damaging your plants, shrubs, and garden. Shake-Away®'s patented formula uses predator scent, in the form of non-toxic urine granules, to create the illusion that predator animals are present. When an animal detects predator scent its natural survival instinct compels it to leave and avoid that area.

80045-28.5oz	Critter Repellent Granules 28.5 oz.	\$16.95
80035-5lb	Critter Repellent Granules 5 lbs.	\$29.95

ChimneySaver® products have been manufactured for over 25 years and have stood the test of time. You can have confidence when you choose ChimneySaver and know that you're getting the longest lasting products on the market. Designed for professional use, these are great products for add-on services when doing wildlife removal or exclusion work around chimneys and other masonry.

ChimneySaver® Products

CrownSeal

CrownSeal is a premixed, trowel grade, elastomeric coating that forms a flexible waterproof membrane to protect chimney crowns.

300023 (2 gals) \$99.95

CrownCoat

CrownCoat is a brush-able "quick drying" sealant to protect chimney crowns from the elements. Premixed and ready to apply.

300008 (2 Gals) \$106.95

ChimneySaver

ChimneySaver was the first water repellent product developed specifically for chimneys and has been used by Pros for 20+ Years. Reduces water penetration by 99.9%

300031 (3 Gals) \$114.95

FlashSeal

FlashSeal is a versatile and easy to use flashing repair system that, when dry, forms a flexible waterproof membrane. Comes in three colors.

300049-Black (1 Gal) \$59.95
300050-Brown (1 Gal) \$59.95
300051-White (1 Gal) \$59.95

Draft King - Single Flue

HY-C designed their single flue caps for outside mounting to the flue liner, ensuring unrestricted ventilation. The stainless steel cap's durable 16 gauge base is slightly turned-in on the bottom to create a tight seal on the flue tile and comes with hex-head bolts for installation. Chimney's without a flue time extending above

Customized chimney caps with WCS

Odd sizes? Tricky flues? Give us a call at 1-877-684-7262 and we can help customize chimney caps to your precise specifications. Here are a few things to keep in mind when sizing up your job:

- » Custom models can be created for top mount or outside mount applications.
- » When determining proper cap size, make sure the cover height measures a minimum of 5" from the top of highest flue tile.
- » In situations where oil, coal, or wood pellets are used as primary source of heat, do not use aluminum or painted-black galvanized steel covers.

A & B – measurements of the crown of the chimney; C, D, measurements for each of the flues in the chimney (inside measures); E – measurements from outside of each flue to the long side of the crown; F measurements from the outside of each flue to the short side of the crown and measurements between each flue, if multiples.

VentGUARD PLUS Vent Cover

Roof vents are the most common entry point for raccoons, squirrels and birds. Control the wildlife and protect your roof vents by covering them with VentGUARD PLUS. VentGUARD PLUS protects roof vents against wildlife, falling debris, hail, shingle mold, and damage from snow removal. Powder coated strong galvanized steel, engineered to resist denting, peeling, fading and extreme weather. Manufactured in gun smoke grey. Easily paintable to match roof color. 16.5" x 22" x 4.8"H

WCSRD50 \$39.99

HY-C Dryer Vent

Create a no-go zone around your vents. Birds, squirrels and rodents cannot chew through this cover's heavy-duty construction. Stainless steel mesh won't rust or corrode. Easy to install over most 3" or 4" dryer and bathroom exhaust vents. White powder coat finish. 7 x 7 x 4 1/2 (5/8" mesh).

RVG-DVG-1 Single \$20.75

RVG-DVG-6 6 pack \$117.95

Universal Dryer Vent Bird Guard

We're a big fan of these molded plastic guards, available in brown or white. They're inexpensive, paintable and far superior to wire mesh models. A really nice business add-on for wildlife control professionals.

NWSDV01B Brown - single \$3.95

NWSDV01B-12 Brown - dozen \$42.00

NWSDV01W White - single \$3.95

NWSDV01W-12 White - dozen \$42.00

Crown Vent Guard

Developed by plumbers, these all-season weatherproof guards prevent debris and critters from getting inside roof ventilation, main stack vents or unscreened vent pipes. Patented two-piece twist lock makes installation a breeze. Available in white or black PVC, they are suitable for 1 1/2" - 4" PVC roof vents.

WCSVG101-WHITE White \$12.99

WCSVG101-BLK Black \$12.99

Poly Coated Vent Covers

Add an extra margin of safety against critters getting into attic fans and roof vents. Easy to install, these black polyurethane, 1/2" x 1/2" vinyl-coated wire covers blend in and last long. Some assembly required. Color: Black

NWS14155-4 \$129.95

14" x 15" x 5" 4-pack

NWS262610-5 \$239.95

26" x 26" x 10" 5-pack

No-Pest™ Vent (Low profile)

Keeps pests out of exhaust vents, saves energy, and is practically maintenance-free. Its unique, dual door design prevents birds, mice, and other pests from entering the vent. The outer door creates a vortex effect, drawing additional external air to provide more door lift and flush lint away. This is the highest air flow, cleanest operating vent available. Comes in white or brown.

WCSNPVW-1 White \$11.95

WCSNPVB-1 Brown \$11.95

Energy Saving Dryer Vent Cover

Keeps outside air out as well as birds, bugs, and rodents; as opposed to conventional dryer vents, where outside air enters your home through the exposed dryer vent, which means higher heating bills in winter and higher cooling bills in summer. It can be painted and easily mounted over a 4" vent pipe.

WCSHEC-1 Single \$15.95

WCSHEC-6 6-pack \$89.95

Supurr-Vent Louvered Vent Hood

Opens with ease for maximum exhaust flow

- Curved louvers for quieter operation
- Durable weather resistant
- Available in Brown and White

HS4W-1 White Single \$3.95

Dozen \$20.25

HS4B-1 Brown Single \$3.95

Dozen \$20.25

Retrofit Weep Hole Covers

Weep holes on masonry may be necessary to vent moisture, but they open the door to pests like rodents, snakes, lizards and insects (mice need just 1/4"). Slam that door shut with these innovative covers that maintain the indoor air quality objectives accepted by US EPA. Allow weep holes to drain/vent and prevent mold growth inside wall cavities. Cut to height needed and apply with clear caulk. (5"h x 1 1/2" W x 1"d)

WCSWHV25 25 pack \$25.95

Kritter Caps

Kritter Caps are the perfect fit to install in Vinyl-Sided corner caps

where rodents, bats, insects, and other pests like to travel. They simply snap into place so no tools are necessary. They are self-secured (dab of silicone caulk optional) and are completely hidden once installed.

SCI354 \$37.50

Garage Door Rodent Guard

This kit includes all you need to protect one of the most vulnerable spots of enter for rodents in to your home or office. The kit includes (2) six inch pieces of metal, painted white, bent in a V-shape design to be secure to the bottom of the garage door weather seal. Kit also includes a cleaning pad for use prior to installation and 2 stripes of adhesive to secure the guards. Installs in less than 10 minutes!

WCSRG1 \$8.50

HY-C Roof Ventguard™

This product prevents raccoon, opossum, squirrel and other pesky animals from entering structures through roof vents. Most roof vents are made of a plastic material with simple window type screening or no screening at all. Animals can and do chew through these vents to enter the attic where they can destroy wiring, cause leaks and do severe damage. Made from heavy duty 18 Gauge expanded metal mesh in Stainless Steel or Galvanized. Tapered units nest inside each other for easy transport and can be fastened with roofing nails, caulk or tar.

FOAM PRODUCTS

Todol Foams

For best results, we follow the manufacturer's advice: shake the can well, keep its temperature above 60°F, leave it on the gun to prevent moisture from entering. Note: except for Pur Black NF, these polyurethane foam sealants require foam guns for application.

Pur Black Gun Foam

Especially developed for outdoor use. Stops gases, water, sound and pests. Black color blends into surrounding environment and never looks dirty. Perfect for roofers, pond installers & nuisance control professionals. To be used with a foam gun (see selections below). Sandable and paintable. 12 dispensed gallons.

NWS0601 750 ml \$16.95
NWS0601C (case of 12) \$179.95

Pur Fill 1G Foam (Beige)

Todol's versatile foam, in beige. Used on a Foam Gun, this is very economical, with unlimited start-ups and closures. USDA approved. Excellent for sealing around windows and doors. 12 dispensed gallons.

NWS0606 750 ml \$15.50
NWS0606C (case of 12) \$175.00

IPF Professional Hot Spice Foam

A perfect weapon for the Pest Control Professional! This closed cell, expanding foam contains 600 ml of natural scented aroma (hot spice) to deter insects, birds, rodents and small animals. 9 dispensed gallons. Used on a Foam Gun.

NWS0604 600 ml \$16.95
NWS0604C (case of 12) \$179.95

Pur Black NF Foam

Keep this *single-use*, straw dispensed canister in your truck as a backup or use it for smaller-sized rodent and bat exclusion. Ozone-friendly, Todol's Pur Black foam works on all kinds of outdoor jobs. 5 dispensed gallons.

NWS0605 400ml \$10.95
NWS0605C (case of 12) \$102.00

CLEANERS

Pur Clean

To clean uncured foam, a convenient acetone solvent in spray form. Good for spot cleaning during and after a job.

NWS0704 4.5 oz. \$7.50
NWS0704C (case of 12) \$78.00

Gun Cleaner - Pur Fill 1G

Screw this acetone cleaner onto your Pageris gun to get the most out of each foam cartridge purchase, to remove uncured foam and extend the life of your gun in one easy step. Only use when the flow of foam stops or slows.

NWSGC01 500 ml can \$11.95
NWSGC01C Case of 12 \$135.00

GUNS & ACCESSORIES

Professional Foam Gun Kit

Everything you'll need for professional results every time. Includes 12" Pageris foam gun; three 32 oz. cans of Pur-Black foam; 1 full-size screw-on foam cleaner; one 5 oz. can of Pur-Clean; three needle tips, three syringes and a flexible plastic tube. Comes in a handy green plastic molded carrying case.

NWS603C \$185.95

Pageris Foam Gun

The industry's standard and essential equipment for any NWCO. The Pageris gun gives

complete control with no messy clean-ups and wasted foam. Built to last, with stainless steel barrel and Teflon-coated adaptor, it'll pay for itself many times over. Can be loaded with black, white or beige foam.

NWSECO 12" nozzle \$75.00

Pageris Foam Gun - Long

Extend your reach with the Long Pageris foam gun. The 24" barrel is just right for reaching the toughest of spots, like under soffit from near the top of a 40' ladder.

NWS0707 26" nozzle \$137.50

Plastic Case (see kit for pic)

Keeps your 12" Pageris Gun and accessories clean and protected between uses and always ready for the next job. Tough molded plastic construction.

NWSCASE01 Green Molded for 12" gun \$45.95

Solar Seal® #900

A premium adhesive/sealant based on terpolymer technology which offers an alternative to silicone & urethane sealants.

Protect your investments with high performance chemistry that provides exceptional weather resistance, adhesion, elongation and color stability. Great for exclusion work! Available in white, clear and black.

SS900C clear \$5.50
SS900W white \$5.50
SS900B black \$5.50
SS900C-12 (case of 12, clear) \$63.00

SS900B-12 (case of 12, black) \$63.00

Dripless ETS 3000 Caulking Gun

Designed for the professional, these guns address weight, balance and stress while applying caulk and sealants. The grip has been designed to keep the wrist in a natural and balanced position, while the squeeze handle comfortably accommodates the fingers and allows them to guide smoothly over its surface.

ETS3000 \$17.50

Pageris Plastic Syringe

Fits over the nozzle so needle can screw right on. Great for hard-to-reach places. Sold in 10-packs.

NWSPA01-10 10-pack \$4.50

Pageris Needle Tip

Fits on end of Pageris syringe to help deliver a fine stream of foam to effectively seal small cracks and crevices. Metal with green base. Sold in 10-packs.

NWS0705 \$3.50

Pageris Flexible Tubing 2'

Extend the reach of your Pageris foam guns into inaccessible areas. Attach by stretching one end over gun nozzle. A little duct tape helps ensure tubing stays attached for the entire job.

NWSFT01 \$2.00

Economy Foam Gun

This reusable, economical all-metal gun adjusts product flow to reduce waste, and is hermetically sealed to prevent hardening of product inside. Long barrel model is perfect for hard-to-reach places.

WCSFGE Standard Barrel 5" \$32.95
WCSFGB Long Barrel 30" \$85.00

DIG[®] DEFENCE ANIMAL CONTROL Commercial Grade

Dig Defence[®] Animal Control Commercial Grade (DDAC) - is an easy to install permanent barrier which will cost-effectively fix problems that previously mandated back-breaking hardware cloth buries or repeated trapping. DDAC is a simple, quick, trenchless, humane, drive-in below ground barrier that secures foundations, decks, sheds, electrical substations, zoos, barns and ranches against invasive wildlife and keeps pets from digging out of yards. DDAC, made in the USA out of high quality 4 gauge galvanized steel, each unit measures 15" H x 4' long. Once installed it protects properties from skunks, opossums, raccoons, porcupines, foxes, groundhogs and other animals. A great solution for all those open spaces accessed by not wanted wildlife visitors.

WCS's Standard Bearer for Humane Canine Capture

www.collarum.com

We set out to find the best humane canine capture trap on the market, and feel we've succeeded. The Collarum® throws a secure, non-choking cable loop over a canine's head and around the neck, making capture faster, easier and more humane than ever before. The Collarum is recommended for capturing dogs, foxes, dingoes, coyotes and wolves. Unlike other canine traps, the Collarum delivers three major advantages.

100% CANINE-SPECIFIC.

The adjustable trigger uses a "bite and pull"

action (similar to the proven M-44 cyanide gun action), not the "push or depress" mechanism employed by conventional traps. Unlike other capture devices, the only animals caught during the Collarum's development and trialing were canines.

PROVEN HUMANE METHOD.

From day one, the Collarum was designed to meet International Humane Standards. Through testing in conjunction with the USDA's National Wildlife Research Center, we've made a number of

improvements, including our latest, a Relaxalock cable that ensures even more "dog-friendly" captures when needed.

IDEAL FOR ALL AREAS.

Light, compact and easy to hide, the Collarum poses little risk to humans, livestock and pets—a particular advantage for Animal Control Officers in high traffic and high visibility areas. Since 2002, the Collarum has been proven in urban backyards and landfills, coyote-plagued pastures and remote rural settings worldwide.

100% CANINE-SPECIFIC.

The adjustable trigger uses a "bite and pull" action (similar to the proven M-44 cyanide gun action)

PROVEN HUMANE METHOD.

Through testing in conjunction with the USDA's National Wildlife Research Center, ensured Collarum had proven results for Humane Capture of Canines.

DESIGNED BY PROFESSIONALS

All Collarum models are made of stainless steel and have one of three reusable cable options:

Relaxalock: relaxing lock designed for live capture, specifically for dogs trained to leash, choke chain or collar

Shurlock: non-relaxing lock designed to hold canine with minimal damage

Lethalock: non-relaxing lock designed for quick kill and less fur damage

Each Collarum includes a complete set of assembly and setting instructions plus instructional DVD. If you'd like to see the Collarum at work, visit www.collarum.com

COLLARUM® Deluxe FOR COYOTE

Heavy duty and humane. In a study conducted by the USDA's National Wildlife Research Center, coyotes caught with the Collarum showed no significant injuries. Includes base unit, 1 complete 3/16 cable with Shurlock, shock spring and double stake swivel. 2 bite pieces, 4 extra clips, instructional DVD.

NWSCDM.001 \$76.95

COLLARUM® FOR WOLF

The Base is modified to include a longer trigger & throw arms and the cable is made extra strong with a stainless steel lock, 3/16 7x19 aircraft cable, heavy duty shock spring, stainless swivel and more. Includes extra clips, bite piece, instructions and DVD.

NWSCDM.005WOLF \$145.95

COLLARUM® FOR FOX

Has 1" shorter throw arms than coyote model to allow for size. Includes base unit, 1 complete 3/16 cable with Shurlock, shock spring and single stake swivel. 2 bite pieces, 4 extra clips, instructional DVD.

NWSCDM.003 \$76.95

COLLARUM® FOR DOMESTIC DOG

Has Relaxalock cable and lighter throw springs than coyote model for shorter set periods. Includes base unit, 1 complete 3/16 cable with Relax-A-Lock, shock spring and double stake swivel. 2 bite pieces, 4 extra clips, instructional DVD.

NWSCDM.002 \$96.95

Animal Control Officer Special ACO SPECIAL

All you need for dog capture in one complete kit. Includes an instructional video on DVD, Field Guide and Setting & Assembly Instructions, along with the following components:

- Domestic Dog model Collarum
- Rebar stakes (2) for anchoring the cable
- Pegs for anchoring the baseplate
- Screw link on cable for easier transfer of canine
- Prepared bait cap
- 4 oz. jar of canine specific attractant bait
- Bait Spreader for applying bait
- 5 ft. security cable for theft prevention

This is a complete kit, right out of the box, nothing else necessary for capturing canines.

ACO Special - Complete Kit NWSACOSP \$135.95

This informative new and improved DVD covers all you'll need to know about effective setting, including bedding, location and safety. 20 min.

WCSCVT-01 \$12.95

Keeping Everything Under Control

When you're handling animals, the last thing you should have to worry about is the durability of your equipment. We find the best and offer the best solutions that are tailor-made for tricky captures.

Hand Nets

WCS Hand Capture Net

The professional choice for close quarters bat capture and even squirrels in the fireplace! Our net's soft, ¼" black nylon mesh keeps animals safe and comfortable, while the 5" foam grip handle makes for easy gripping. 11" w x 15" l x 12" d.

WCS3401 \$14.95

WCS™ Magnum Net

The standard for brute strength, durability and professional grade performance. We make our Magnum with a tangle-free, super soft nylon netting – safe for large birds, domestic animals and wildlife. Then we add an extra heavy-duty aluminum handle with a double walled frame and extendable 4'-8' reach. 32" x 41" teardrop hoop, weighted 48" deep net and 2" mesh accommodates animals to 60 lbs. and is ideal for goose control. Handle requires assembly. Two lengths available.

NWS8430-Kit1 96" \$155.95
NWS8430-Kit2 48" \$119.95

WCS™ Bat-Bird Mammal Net

A versatile favorite for small animals. This square net holds bats to cats and comes with a tough 6' aluminum handle that telescopes to an incredible 18'! With soft, fine-mesh black netting. 17" x 19" D hoop, 24" deep Micro Mesh net with ¼" mesh.

NWS3543 \$56.95

Dura-Flex By Tomahawk

Tomahawk doesn't mess around when it comes to net construction. Their flexible Standard and Heavy nets boast full 1" aluminum shafts and solid polycarbonate hoops. The Dura-Flex fits flush against hard surfaces, allowing you to stand upright while netting and restraining, while a tie-off cord provides a comfortable 3' of space beneath. Too small to prevent animal entanglements, the ¼" nylon mesh won't unravel or weaken from adjacent tears. Two layered woven nylon hem around the hoop. 24" neoprene slip-free grip and a shaft that holds up to heavy jobs. 48" deep.

Standard Dura-Flex with Shaft

Perfect for cats, small/medium dogs, bats, birds, raccoons and rodents. 60" circumference and ½" x 5' polycarbonate hoop.

SN201 3' Shaft \$130.50
SN202 4' Shaft \$135.50
SN203 5' Shaft \$140.50
SN200 Standard Replacement Net \$79.50

Heavy Dura-Flex with Shaft

A great choice for cats, dogs, raccoons. 96" hoop circumference and 5/8" x 8' polycarbonate hoop.

HN301 3' Shaft \$163.90
HN302 4' Shaft \$174.90
HN303 5' Shaft \$185.90
HN300 Heavy Replacement Net \$96.50

Quick Draw Collapsible Net

For one-handed capture! Held in a belt clip at your side, the net comes into play instantly with the flick of a wrist and the touch of a button. The handle's auto-telescopic action and the net's knotless design give a tangle-free performance every time. Made of durable, lightweight aluminum, this triangular net is great for corners or walls and sturdy enough to handle even the big animals. Includes handy tote bag for transport and storage.

QN100 \$29.99

(15" x 14" hoop; 19" to 28" handle; 19" net.)

QN101 \$34.99

(23" x 17" hoop; 25" to 40" handle; 24" net.)

McLean Folding Net

Spring-loaded and ready to fire. We like the telescoping McLean for its 5/8" soft nylon mesh, gentle and strong on small birds and mammals. But we're also very fond of the anodized, corrosion-resistant aluminum handle (21 ½", 4' extended) and the elastic front portion of the triangular net – very handy for corners, columns and irregular surfaces. All this, and it's small enough to fit in an included belt scabbard. 15 ½" long, 21 ½" across, 21" deep.

WCSMFN \$99.95

Throw Nets

Throw Net

When getting close to an animal is almost impossible and conventional nets haven't worked, throw nets can save your day. Thrown like a Frisbee, they'll safely capture birds, cats, dogs and wildlife. With a little practice, you'll find they are easy to use and can be very accurate. Netting is nylon with weighted perimeter. With smaller mesh openings for tighter jobs.

NWSTN4 4' Throw Net w/ 1" openings **\$85.25**

NWSTN6 6' Throw Net w/ 2" openings **\$96.50**

NWSTN8 8" Throw Net w/ 4" openings **\$108.95**

Poles

Ketch-All Poles

Our personal favorite is also the number one choice of wildlife professionals around the world. Ketch-All's looped poles handle almost any animal in any situation – up a tree, under a building, down a storm drain – you name it. In addition to restraining cats and dogs, professionals have used them for the humane capture of bears in the California mountains, wolves on the Alaskan tundra and alligators in the Florida everglades.

Made in the U.S.A. since 1952, these tough poles are quality-constructed from aircraft grade aluminum. A draw cable locking mechanism allows for various loop sizes and a quick release on the back of the pole makes for controlled handling. When retracted, extended versions work well as heavy restraining devices. In a variety of sizes:

3' Standard Ketch-All Pole Favored in kennels for cats and small dogs.

NWS0901-3 \$70.00

4' Standard Ketch-all Pole The most popular pole for general use.

NWS0901-4 \$77.00

5' Standard Ketch-all Pole When you need additional length and a larger noose.

NWS0901-5 \$86.00

4' - 6' Ketch-all Pole Extending/retracting version can reach where you can't.

NWS0901-4-6 \$105.00

7-12 ft. Extension Ketch-All Pole Great for rescuing animals from waterways, trees or storm drains.

NWS0901-7-12 \$143.00

28" Baton Type Ketch-all Pole For small animals in confined areas like cages.

NWS0901-28 \$67.00

Leather Baton Holder for 28" Baton

NWS0907 \$11.95

Stainless Steel Poles

The Stainless Ketch-All Pole is a high quality constructed device crafted of Stainless Steel for maximum durability. Designed for the humane handling of animals while affording maximum protection to the handler. Used by animal handlers & wildlife control professionals in all 50 States and the District of Columbia, as well as many foreign countries.

NWS0901SS-4 \$107.00

4' Stainless Steel Pole

NWS0901SS-5 \$114.00

5' Stainless Steel Pole

Ketch and Release Poles

In addition to the proven and trusted spring loaded release mechanism, Ketch-All has added a unique emergency release feature: a simple lift and slide of the knob allows the cable loop to drop away. Ketch-All has retained the essential swivel head mechanism, now redesigned for emergency release and quick, easy reattachment of the cable, making the Ketch & Release All Pole unlike any other on the market.

Repellents

MULTI-PURPOSE

Bobbex-R Animal Repellent (RABBITS, GROUNDHOGS, CHIPMUNKS, SQUIRRELS, VOLES)

Feed your plants while repelling nibbling critters. This rain-fast spray, made from natural and recycled ingredients, has an odor and taste that chewers find offensive but remains harmless to wildlife. Used year-round, this spray slowly releases its nutrients and helps plants retain moisture, protecting against drought and frosts.

CritterRidder

(SKUNK, WOODCHUCK, DOGS, CATS, SQUIRRELS, RACCOONS)

USDA-approved for organic gardening, this granular repellent's pepper-based formula produces a powerful odor and taste barrier. Can be used inside, in non-living areas, and outdoors on lawns, gardens and trees. One application lasts up to 30 days. Not for use on food crops.

WCS3142S	2 lbs.	\$14.25
----------	--------	---------

Shake-Away®

Shake-Away® 100% organic animal repellent safely & effectively repel animals like deer, rabbits, cats and more from damaging your plants,

shrubs, and garden. Shake-Away's patented formula uses predator scent, in the form of non-toxic urine granules, to create the illusion that predator animals are present. When an animal detects predator scent its natural survival instinct compels it to leave and avoid that area.

DEER/ELK

Bobbex Deer Repellent

Create forage-phobia with this nontoxic foliar spray. Its natural ingredients and wintergreen scent create an odor and taste that is offensive to deer, but pleasant to the applicator. Long-lasting and non-burning, it leaves a slight visible residue that lasts up to 2 months and won't wash off in rain. Nutrient-rich for plant vitality.

GEESE & NUISANCE BIRDS

Bobbex-G Geese Repellent Concentrate

Eject grazing geese from the field. Bobbex-G is a special formulation designed to supplement the applications of fertilizers and leaves a taste that geese can't stand. Won't wash off with rains, hosing or irrigation. Also works on wild turkey. Lasts up to 8 weeks.

B550140	½ gallon	\$46.95
B550155	5 gallon pail	\$195.95

Fog Force by Rejex-It

Designed specifically for fog application. Like Migrate for Turf, it contains Methyl Anthranilate, a nontoxic agent with no adverse effect on people, pets or animals. Very effective on nuisance birds roosting in warehouses, loading docks, porches and other open areas. Excellent for all flock birds.

WCSFF-GAL-S	Gallon	\$179.95
WCSFF-GAL-C	4 gallons/case	\$700.00

Migrate™ for Turf by Rejex-It

Rid your ground of geese and grazing birds. This nontoxic, taste-aversion agent is formulated from a food grade ingredient, Methyl Anthranilate (MA), a naturally occurring compound with reduced risk to environment. Grass growth re-treatment required.

WCSM-GAL-S	Gallon	\$99.95
WCSM-GAL-C	4 gallons/case	\$370.00

Invisidye for Migrate™ for Turf

Used to provide a visual association with Migrate to introduce both a bad taste (Migrate) and unpleasant color (Invisi-Dye)

WCSM-IDYE-1	16 oz.	\$42.95
-------------	--------	---------

Golden Eagle Thermal Fogger

(Electric Start XL, Model 2610, Series 3)

Designed for large indoor warehouse use and outdoor insect/pest control. This handy tool can dispense oil-based insecticides, fungicides, germicides, disinfectants, odor control and other chemical products and excels at reaching hard-to-get places. New electric starting system gives it greater reliability and fuel efficiency. Complete with instruction manual, batteries, auxiliary start cable, 2 cleanout brushes, tool kit (export only) and spare parts kit (export only). Built to order.

Pignx®

The first ever EPA approved Bio-Repellent for birds. This is the first pigeon bio-pesticide that does not contain polybutene. PIGNX® is eco-friendly, harmless to birds, mammals and humans.

BBRT1001-1 10 oz. tube \$21.95

BBRT1002-12 case of 12 \$240.00

MOLE/GOPHER

Dr. T's Mole Out Granules

Great for use on lawns, golf courses, flowerbeds, playgrounds and turf recreational areas. A biodegradable, natural castor oil coats the moles' food

source and encourages them to relocate. Lasts 2-3 months.

NWSMO5 5 lbs. \$13.00

NWSMO5C 5 lbs. (case of 6) \$62.00

RABBIT

Bobbex-R Animal Repellent

Protect gardens and plantings from pesky herbivores with this year-round repellent. Made from natural and recycled ingredients, it's harmless to animals and insects and free of petrochemicals. Plus Bobbex-R's protective mixture won't wash off in rain, helping plantings retain their moisture in frosts and droughts.

B550120 Quart Concentrate \$29.95

RODENTS

EVAC Botanical Rodent Repellent

EVAC Botanical Rodent Repellent is an EPA reduced risk "green" product made with plant fibers, fragrance oil, and balsam fir oil that is placed in a convenient throw pack. The EVAC rodent repellent packs

have a pleasant pine scent which rodents DO NOT like.

NWSEVAC-6 Package of 6 Pouches: \$29.99

NWSEVAC-24 Pail of 24 Pouches: \$112.95

DeTour

DeTour is a rodent management tool. This is the first FIFRA 25b exempt rodent bio-repellent and it has applications for interior and exterior rodent management applications for cleanouts, maintenance and preventive programs.

PX1001S 10 oz. \$20.95

PX1001C (Case of 12) \$240.00

Rat-Out Gel

Rat-Out Gel is a non-toxic, green rodent repellent that excludes or re-routes rats, mice, squirrels, gophers and other mammals. It is an instant "off-switch" for rodent activity. Exclusion jobs can be done on the spot, and trapping and baiting programs can be reinforced with Rat-Out Gel. Rat-Out's garlic smell deters rodents before they touch it. If they contact it, they don't like the feel of it.

WCSRO1-3 (3 - pack of 1 oz syringe tubes) \$12.95

SNAKES

Dr. T's Snake-A-Way®

Ring areas with powerful protection. Dr. T's granular repellent contains naphthalene and sulfur, which interfere with a snake's sensory reception and drives it off. 2-3 months. Keep away from children and pets.

NWSSA1112 4 lbs. \$14.95

NWSSA1112C Case of 6 \$81.50

SNAKE Out®

The active ingredients in Snake Out® are natural oils, and are exempt from EPA regulation. Does not contain naphthalene and it is biodegradable. It will not harm lawns, gardens, flower beds or other desirable plants when used as directed and can be used in areas where children and pets play. You can apply it around homes, yards, landscaping, gardens, foundations, barns and outbuildings, garages, woodpiles, sheds, campsites—anyplace where snakes may be a problem.

WCSNSO-1 4 lbs. \$18.95

WCSNSO-C Case of 6 \$104.95

Deterrents

RACCOON

Vanish Raccoon Eviction Paste

Vanish is a natural by-product of boar raccoon, which are predators to female raccoons during the birthing period. When placed in a den area, the female instinctively senses that a danger to her young is nearby. It has the consistency of a thick, creamy paste and has been formulated to stand up well in all weather conditions. Easy to handle, it will stay where it is placed.

WCSTJV-4 4 oz. \$39.95 16 oz. \$129.95

WCSTJV-Tube (syringe tube 2 to 3 applications) \$18.95

Raccoon Eviction Fluid

These will help to move nursing raccoons out of difficult to trap locations. Apply to a cloth or tennis ball and toss in the direction of the where the animals are located.

Raccoon eviction fluid

NWS1115-1 1 oz. \$14.95

NWS1115-4 4 oz. \$39.95

NWS1115-16 16 oz. \$129.95

ELECTRONIC DETERRENTS

Electronic Deer Repellent

Give deer a firm "keep

away" message. The repellent's posts attract deer with a lure scent, then repel them with 400 volt shock. Includes 3 posts, covering approx. 1000 square feet of total area. Two AA batteries (not included) will give life of one year.

NWSEDR01 \$60

Spray-Away Elite

The Spray Away Elite by Havahart is a motion detector sprinkler animal repellent system that is water-based and works by detecting an animal's heat and movement with infrared sensors. Once

detected, the system releases a sudden burst of water to scare the animal away. Instead of a hose, it utilizes a water basin that holds 3.5 gallons of water and lasts for approximately 35 activations. The basin can be buried for discreet nuisance animal protection.

WCS5268 \$179.99

End the Rat and Mouse Game

An infested warehouse or grain store, a home with children, a restaurant in the city – for every imaginable rodent problem, there's a solution. Whether you're developing a large control plan or just need a couple of mouse traps, we have the traps, glue boards and bait stations for the task.

MOUSE & RAT TRAPS

Lethal

Big Snap-E (MOUSE OR RAT)

Sanitary, safe and simple to set. This reusable, easy-clean snap trap has "finger-free" removal and pre-formed holes in the base plate for surface mounting. Durable polystyrene and steel.

Big Snap-E Mouse Trap

NWSBSM	Single	\$2.50
NWSBSM12	Dozen	\$25.75

Big Snap-E Rat Trap

NWSBSR	Single	\$4.25
NWSBSR-12	Dozen	\$46.50
NWSBSR-24	Case of 24	\$79.95

Electronic Trap (MOUSE OR RAT)

Get a high-voltage guaranteed kill in 5-10 seconds, with no poisons or snapped fingers. The trap takes 4 AA batteries, with blinking green indicator light when activity is detected. Safe for use around pets and children.

Electronic Mouse Trap

NWSM2524	Single	\$19.95
----------	--------	---------

Electronic Rat Trap

NWSM240	Single	\$42.95
---------	--------	---------

Rat Zapper (MOUSE OR RAT)

A deadly shock kills mice and rats quickly and humanely, with no accompanying blood or gore. These ingenious traps, powered by 4 batteries, have a red light that signals when a catch has been made. We find it baits well with ordinary dry cat food.

WCSRZ-Ultra \$47.95

Strong enough to hold a 1 lb. rat!

Hercules Putty

The rodent professional's best friend. Use this all-purpose black adhesive putty to secure traps, bait stations and bat netting. Placed in the four corners of a glue board, Hercules Putty will even help hold a full pound Norway Rat! Won't run in heat, unaffected by cold and easily removed with putty knife or hands. Sticks to all kinds of surfaces and leaves floors stain-free.

WCSHP01 \$13.95

Victor Standard (MOUSE OR RAT)

Familiar wooden snap trap with metal pedal. Set in baited or unbaited manner on flat surface perpendicular to wall. Keep trigger end towards wall.

Standard Mouse Trap

NWS1500	Single	\$0.79
NWS1500C	Case of 72	\$29.50

Standard Rat Trap

NWS03T4	Single	\$1.99
NWS03T4C	Case of 12	\$16.95

Victor Professional Traps (MOUSE OR RAT)

Specifically designed for professional pest management. A unique trigger control allows you to use sensitive setting for normal situations or firmer setting for places with vibrating machinery or manufacturing operations.

Professional Mouse Trap with expanded trigger

NWS1701	Single	\$0.99
NWS1701C	Case of 72	\$32.50

Professional Rat Trap with expanded trigger

NWS1702	Single	\$2.50
NWS1702C	Case of 12	\$18.95

Trapper T-REX Rat Trap

The Trapper T-REX Rat Trap is one of the most versatile rat snap traps on the market. High-trigger sensitivity and interlocking teeth make for a quick, humane kill with almost no possibility of escape. A removable bait cup unscrews from the bottom for easy and clean baiting. The T-Rex can be placed inside the Protecta Rat bait stations, or on the SB357 Magnetic Trap Base.

WCSST2000	Single	\$6.45
WCSST2000C	Case of 12	\$56.45

Mini-Rex

The Mini-Rex is a smaller, mouse-size version of the powerful T-Rex Rat Trap. The Mini-Rex embodies the most up-to-date snap trap design and technology.

With better trigger sensitivity and more powerful trap velocity, Mini-Rex's patented interlocking teeth capture mice with unmatched holding power.

WCSST2024	Single	\$1.75
WCSST2024C	Case of 24	\$30.95

Victor Power Kill

An easy to set, durable, and powerful rat snap trap.

The design eliminates the need for fussy trigger wires and can be set with one hand by simply rolling back the strike bar – just pull back and "click!" Its standard shape allows for easy placement in the Protecta Rat bait stations, as well as the SB357 Magnetic Snap Trap Bases.

M144-1	Single	\$3.25
M144-PCO-12	Case of 12	\$36.00

"Sure Kill" Magnetic Snap Trap Base with Trap

The Sure Kill Snap Trap Base uses powerful magnets to secure rat-sized snap traps to metal surfaces such as structural beams, pipes, ducts, dumpsters with over 35 lbs of holding power. Provides a fast and secure way to mount traps in difficult locations. Comes complete with (1)

Big Snap-E Rat trap; can also accommodate Victor Power Kill, Trapper T-Rex and other similar rat traps.

WCSCK357 (Base and trap) \$9.95

Live

Wind-Up Multiple Catch Mouse Trap

Wind-up repeating live trap that's safe to use around children and pets. Mice investigating the tunnel trip a paddle and are pushed inside. Made of galvanized steel, this trap catches several mice in one setting and does not have to be reset after each catch. When full, simply slide back the lid to release.

JTE425 \$11.45

Victor Tin Cat

A multi-catch live trap favored by food plants, grocery stores and warehouses. Large entrance holes allow up to 30 mice in, but not out. Air holes on side and optional see-through plastic lid for easy inspection. Galvanized steel, non-rust trap can be set baited or unbaited.

NWSM312	Single (solid top)	\$11.00

J.T. Eaton Repeater Multiple Catch Mouse Trap

The J.T. Eaton Repeater Multiple Catch Mouse Trap is durable, economical, and easy to use. It can be used with glue boards or simply by itself for catch-and-release situations. Its sturdy galvanized construction is tough enough for professionals.

JTE420-S	Single (solid top)	\$8.45
JTE420-C	Case of 12	\$86.95
JTE420CL-S	Single (clear top)	\$8.95
JTE420CL-C	Case of 12	\$95.95

PROVOKE Professional Rat Attractant

A food-based attractant that has been specifically designed to meet the unique behavioral characteristics of rats. Since rats are driven more by scent than taste, PROVOKE for rats contains a unique blend of scents that Norway and roof rats find enticing. (Not a rodenticide. Attractant only)

WCSPROV2-9 8oz. \$14.95

GLUE PRODUCTS

Nontoxic and rodenticide-free, glue boards are safe for homes, hospitals and restaurants. Place along walls (but not in front of entry/exit holes or corners) to intercept rodents between their food source and nesting sites. Apply vegetable oil to release accidental "catches" of pets and children.

Victor M320 Mouse Glue Boards

These Glue Boards are the most economical we stock! Great for floor, countertops or anywhere you detect sign of where mice routinely travel. Measures 8.5" x 5".

M320-1	Single	\$5.55
M320-72	Case of 72	\$17.95

Catchmaster "Gluee Louee" Rat Glueboards

Easy on the pocket, tough on rats. Glue comes pre-scented with food attractants. Cuts easily for contoured applications. Measures 12" x 6".

NWS60RBS	Single	\$1.49
NWS60RBC	Case of 60	\$68.95

Catchmaster Giant Rat Glue Board

Will hold even the largest Wild Norwegian rat. Stronger than conventional glue boards, Giant Rat can also catch multiple mice in high infestation areas. Fold and cut for situations requiring irregular shapes. We recommend using Hercules Putty to stop rats from dragging when caught. Measures 15" x 8.5".

NWS24GRB	Single	\$3.50
NWS24GRBC	Case of 24	\$68.95

Catchmaster 48 glue trays

(Case of 48 / 24 2-packs). Available in two different styles: Standard (48R) and Low-Temperature (48WRG). A deeper plastic tray means that these have more holding power than smaller, cardboard backed traps. Catchmaster fills its 48R durable trap with glue that's been temptingly scented for added attraction. The 48WRG is a low-temperature version for use in structures during cold weather and walk-in refrigeration units. The adhesive used in the 48WRG is effective in temperature as low as 0 F. Trays measure 10" x 5".

NWS48R-C	Standard	\$60.95
NWS45WRG-C	Low temp	\$77.75

Trapper Bulk Glue

An adhesive formulation scientifically designed to capture rodents over a wide range of temperatures. Trapper Glue is designed for those who wish to make their own glue boards for unique control situations.

BELLTJ2520-S	Gallon	\$42.95
--------------	--------	---------

BAIT STATIONS

When you want to keep bait or traps secure from children, pets and clients, enclosed bait stations are the way to go. We have both indoor and outdoor stations, with some models that can hold traps, blend in with the environment and protect bait from the elements.

J.T. Eaton Gold Key Mouse Depot

A tamper-resistant mini bait station that offers excellent versatility. Its slim format & triangular shape allow for placement along walls, in corners, or screwed vertically to walls through one of the pre-drilled mounting holes. A window in the lid allows for quick checks of bait levels and the clear bait tray makes cleanout a cinch.

JTE907W Case of 12 \$29.95

Protecta RTU

Ready to use on crafty mice. Place this unique station, with its strategically angled holes, flush against a wall or snugg in corner. An interior baffle system leads mice right to the bait block. Like the Protecta Mouse, it comes with a two-pronged key and durable plastic construction that won't let you down. *Bait not included.

PS2620C Case of 12 \$25.45

Protecta LP patented Rat-Sized Bait Station

The low profile is perfect for placing under pallets. This heavy-duty plastic station is 3 3/8" tall and 9" deep – small enough for all kinds of indoor use. Use flush against wall or in corners. Accommodates block baits, liquids, cereal baits and Super-Sized Blox, but won't fit snap traps. *Bait not included.

LP2625C Case of 6 \$62.95

JT Eaton Top Loader Bait Station

Deliver bait to areas where you can't fit a normal station. The top-loading design has room for seven 1 oz. bait blocks, and automatically reloads bait into feeding compartments as rodents eat. Mount this rugged, weatherproof station high on rafters, beams and ceiling girders for excellent results. *Bait not included.

WCS902 Case of 6 \$69.95

Protecta Keyless Bait Stations

Provides tamper-resistance without a key, making servicing fast and easy. The stations lock with a quick twist of the lid and unlock with a coordinated squeeze and twist.

WCS71338 Case of 12 \$35.95

Trap-Friendly

(Indoor and Outdoor)

The below items can be used with rodenticide but also are large enough to hold some of the more common rodent snap traps. Traps that work in these stations are listed under each.

PROTECTA Sidewinder Bait Station

The most versatile and time efficient station available. It opens to the side, like a book, giving technicians easy access to the station when it's placed along walls where rodents travel.

WCS706409 Case of 6 \$73.45

Protecta Mouse-Sized Bait Station

Our top-seller! Simple to use and immune to abuse, this tough plastic station can act as a monitoring device and trap. A two-pronged key locking mechanism makes it tamper-resistant. Fits up to four 1 oz. bait blocks – great for high volume infestation. Fits Snap-E mouse or Victor standard or Pro mouse traps. *Bait not included.

PS2539C Case of 12 \$43.95

Protecta Rat-Sized Bait Station

An economical station that won't dent and ding when you throw it in your truck. Rats enter through one of two openings and into a chamber with 2 bait areas. Big Snap-E Rat and Victor Power Kill Rat traps fit in station. Metal screw-lock and standard locking prongs for superior tamper resistance. Measures 9" L x 8 1/4" W x 4 1/4" H. *Bait not included.

PS2540S Single \$15.95
PS2540C Case of 6 \$74.95

JT Eaton Rat-Sized Snap Trap Station

Hide snap traps from inquisitive animals (and humans). Easy to load, with dual entryways, station fits two rat-sized traps. Durable, rust-resistant galvanized steel makes it a dependable, hard-wearing tool for professionals. Fits big Snap-E and Victor Standard or Professional Rat Traps and Victor Power Kill.

401STSS Single \$11.95
401STSC Case of 6 \$64.95

For Outdoors

(Blends in with Landscape)

Protecta Landscape

A tamper-resistant station that blends right into the landscape. Naturally textured "stone" comes in sandstone or granite, with two entry points built into the bottom. Plastic line tray means it's quick and simple to bait and clean. Fits a T-Rex snap trap. *Bait not included.

PLBSGRAN-S Single-Granite \$22.95
PLBSGRAN-C Case of 4 \$81.95
PLBSAND-S Single-Sandstone \$22.95
PLBSAND-C Case of 4 \$81.95

Rodent Rock

Fool even the most suspicious rodent with the Rock's camouflaged entry points. Available in slate gray, or sandstone, this station has low profile and clamshell opening. It can hold a Big Snap-E Rat or Victor Power Kill Rat trap. *Bait not included.

WCSRR01S-gran Single-Granite \$19.95
WCSRR01S-sand Single-Sandstone \$19.95
WCSRR01C-gran Case of 4-Granite \$72.95
WCSRR01C-sand Case of 4-Sandstone \$72.95

KRC Raptor Bait Stations

KRC Raptor Magnetic Bait stations are the latest in bait station technology. Both feature a unique magnetized system that allows attachment directly to dumpsters, food service equipment, metal doors or walls. Available in two styles, the Raptor SL: is used baited and with its low profile fits almost anywhere. The Raptor Edge: has bait pegs to be filled with your favorite bait and includes a Big Snap-E Rat trap, when capture is the goal. Tamper Resistant, instant lock when closed.

WCSRAP357 Raptor SL \$20.95
WCSRAPEDGE Raptor Edge \$22.95

JT Eaton Earth Anchor Bait Station Securing Device

These are perfect for securing bait stations. The package comes complete with 25 earth anchors (stakes) and a handy driver for installing. Each anchor has a 20" cable attached with a toggle at the top end to connect to the bottom of a bait station.

JTE913-25 \$37.95

RODENTICIDE

Bait Block® Rodenticide - Apple Flavored

May be used to control Norway rats, roof rats, and house mice in and around homes, industrial buildings and similar man-made structures. Do

not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with foods. Do not broadcast the bait.

JTE709AP \$24.95

(72) 2 oz. Blocks per Pail (EPA Reg 56-74)

Bait Block® Rodenticide - with Peanut Butter Flavorizer™

May be used to control Norway rats, roof rats, and house mice in and around homes, industrial buildings and similar man-made structures. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with foods. Do not broadcast the bait.

JTE709PN \$24.95

(72) 2 oz. Blocks per Pail (EPA Reg 56-42)

Brigand Soft Bait Rodenticide

A New Force in Rodent Control! Brigand SB, a ready-to-use soft bait formulated specifically for the US market.

BSB18PC \$90.95

18 lb. Pail (EPA Reg. 87235-1)

Brigand Wax Block Rodenticide (WB)

A ready-to-use cast wax block formulated for maximum palatability and moisture resistance.

BWB18PC \$61.95

18 lb. Pail (EPA Reg. 87235-2)

Contrac All-Weather Blox

(MOUSE OR RAT)

Multi-edged, single feeding bait blocks that stay fresh whatever the weather. Contains the anticoagulant Bromadiolone, authorized by USDA for use in federally inspected meat and

poultry plants. Colored blue for safety.

612806 \$84.45

18 lb. pail (EPA Reg 12455-79)

Contrac with Lumitrack

Bell Laboratories' popular rodent bait, CONTRAC, is now available with Lumitrack, a special additive that makes rodent droppings glow bright green under UV light. CONTRAC with Lumitrack is a

single-feeding anticoagulant rodenticide containing the active ingredient, Bromadiolone.

795599 \$89.95

18 lb. Pail (EPA Reg #12455-133)

Get rid of rodents FAST with Fast-Kill® Brand rodenticide.

Quickly knock down rodent populations with Victor® Rodenticides—the mouse

poison and rat poison brand consumers trust! The new premium formula in Fast-Kill® Brand eliminates rodents fast, leaving your property clean and fear-free. Fast-Kill brand contains super-fast-acting Bromethalin for a speedy death, as well as high-quality ingredients that rodents find irresistible. Fast-Kill Brand is easy to use, too. 6 lb bucket of Blocks, for indoor/outdoor use in bait stations.

WCSM2020 \$39.95

6lb. Pail (EPA Reg #47629-11)

FASTRAC All-Weather Blox

The active ingredient, Bromethalin, is Bell's fastest-acting rodenticide formulation. An acute bait, FASTRAC gets unsur-

passed rodent acceptance and control, killing rats and mice in one or two days, often within 24 hours! More rats and mice can be controlled with less bait because rodents stop feeding after eating a lethal dose. Technicians save money and bait with FASTRAC BLOX.

675978 \$72.95

4.2 lb. Pail (EPA Reg 12455-95)

Final All-Weather Blox (MOUSE OR RAT)

A popular choice for moist conditions. Hard multiple-edged bait is made with food-grade ingredients and contains

Brodifacoum, a powerful anticoagulant. Recently reformulated for greater palatability. High visibility red.

795096 \$94.45

18 lb. pail (EPA Reg 12455-89)

795095 \$100.95

(Case of 4 – 4lb pails)

FORMUS Blox

Contains the powerful single-feed, second-generation anticoagulant, Brodifacoum, in an economical 15g BLOX.

Specifically developed to appeal to mice, every ingredient in FORMUS was chosen with a focus on mice - with the ultimate aim of controlling the most difficult mouse infestations.

WCS4015 \$101.95

18 lb. Pail (EPA Reg 12455-108)

Kaput Mouse Blocks (MOUSE, RAT, VOLES)

The only product approved in the U.S. to control white-footed and deer mice, two prime carriers of ticks with Lyme disease. Poison bait contains the active

ingredient warfarin, shown by the EPA to pose a lower risk to non-target animals than other commonly used compounds.

071305 \$32.95

4 lb. pail (EPA Reg 72500-7)

Kaput Place Packs

4 lb. bucket contains 32 easy to use 2 oz. place packs with green colored grain bait, and the rodenticide is Warfarin. Kills Norway & Roof rats, house mice, voles.

WCS4035 4 lb. Pail \$32.95

Case/4 Pails (EPA Reg 72500-6) \$119.25

VICTOR® Multi-Kill® Brand Ditenacoum Block

Made with a powerful single-feed anticoagulant. Multi-Kill® brand is the ideal bait for year-round rodent control. Made in the USA, Multi-Kill® brand baits use the highest quality, bakery grade ingredients that rodents find irresistible. Some of these premium ingredients, such as oats, have been left whole to further entice rodents by appealing to their desire to gnaw. Block baits are made in the form of extruded blocks — similar to the method that is used for making dry dog foods. The block is extruded in a unique shape designed to provide an attractive gnawing item for rodents.

WCSM2030 \$70.95

18 lb. Bucket (EPA Reg 47629-16)

Terad3 BLOX

Bell's expertly combines the most recent advancements in bait formulation to yield a highly weatherable BLOX with the low hazard benefits of the active ingredient, Vitamin D3. A dense, tightly compacted 1-oz. extruded BLOX with superb durability and weatherability. Incorporating an advanced preservation system, TERAD3 BLOX is mold and moisture resistant. Its high melting point keeps the bait stable in temperatures as high as 200 degrees F.

785630 \$112.95

18 lb. Pail (EPA Reg 12455-106)

Terad3 Pellets

Bell's pelleted rodenticide PMPs the low hazard benefits of the active ingredient, Vitamin D3. TERAD3 with Vitamin D3 kills anticoagulant-resistant rats and mice yet substantially reduces the risk of secondary poisoning. It also poses low toxicity to birds. Its broad label makes it an excellent choice for controlling rodents at agricultural and animal production facilities, warehousing and food processing plants, as well as for commercial and residential accounts.

785629 \$42.95

18 lb. Pail (EPA Reg 12455-105)

T1 MOUSE™ Pre-Baited Disposable Bait Station

This baited disposable station includes an acute rodenticide containing the active ingredient Bromethalin. The station meets the highest level of tamper-resistance recognized by the EPA. The T1 Mouse™ is your go-to station when you are concerned with security, quality and convenience. (EPA REG 12455-121)

798731-1 Single \$2.95 798732-4 4-pack \$9.95

SNAKES

Humane Solutions for Snake Removal

We love snakes, but we know that they aren't always welcome visitors. Along with quality-made tongs and hooks for professional handlers, we carry traps and repellents that make removal safe and easy.

SNAKE TRAPS & LURES

WCS SNAKE GUARD® Snake Trap

A live, single use trap with a "no-touch" removal system. Humane, effective and simple to use, this closed cardboard trap contains a super-sticky glue pad. A snake entering from either end cannot escape. To release the snake, transport the trap to a remote location and pour a liberal amount of vegetable cooking oil on the snake and the glue. The snake will usually work itself free in under an hour.

NWS0105 Single \$21.95
NWS0105C Case of 12 \$229.95

Cahaba Snake Trap & Glue Pads

Weather-resistant and commercial-grade, this plastic trap protects the glue pads used for trapping snakes or other rodents. Used with the appropriate-sized pad, it easily handles all kinds of nuisance snakes indoors or out. When the snake is caught, the glue pad and snake can be tipped into a bucket.

WCSCSTL Large w/ 3 glue pads
32"L x 10"W x 2.5"H \$53.95
WCSCSTS Small w/4 Glue Pads
16"L x 5.25"W x 2.25"H \$29.95
WCSCCST Lrg Collapsible w/1 Glue Pad
32"L x 9.5"W x 2.5"H \$26.95
WCSCSTRL Large Glue Pads 3 pack \$10.50
WCSCSTRS Small Glue Pads 4 pack \$4.60

Strike 'Em Snake Lure

Snakes won't be able to resist this powerful formula created by the pros. Just drop 4-6 drops on a cotton ball or sheep's wool and place in the center of your glue trap. Usually takes 12-72 hours, depending on the snake's feeding cycle. Caution: Keep out of reach of children and avoid contact with eyes.

WCSTJSL-4 4 oz. \$18.95

TONGS & HOOKS

Snake Tongs

The finest snake tongs on the market! Designed and field-tested these tongs withstand years of daily use. Contoured pistol grip handle ensures gentle squeezing. Tumbled grips have no sharp edges or rough spots to damage you or the animal. Reliable stainless steel

cable securely attaches snake grip to the handle. Not just for snake work, our customers tell us that these tongs are a great extra set of hands.

25": For cages or smaller working areas. Because of its short length, caution is advised.

40": Most popular. Comfortable for an average-sized person.

52", 60" and 72": Extra length provides an extra margin of safety when extra reach is required.

Standard Tongs have an anodized aluminum shaft 0.045" thick.

0801-25STD 25" Snake Tongs \$56.00
0801-40STD 40" Snake Tongs \$58.00
0801-52STD 52" Snake Tongs \$67.00
0801-60STD 60" Snake Tongs \$79.00
0801-72STD 72" Snake Tongs \$99.00

Super Tongs, perfect for lifting heavy snakes, have an aluminum shaft with interior walls twice the thickness (.090") of the standard.

NWS0801-25SUP 25" Snake Tongs \$74.95
NWS0801-40SUP 40" Snake Tongs \$74.95
NWS0801-52SUP 52" Snake Tongs \$84.95

Dr. T's Snake-A-Way®

Ring areas with powerful protection. Dr. T's granular repellent contains naphthalene and sulfur, which interfere with a snake's sensory reception and drives it off. 2-3 months. Keep away from children and pets.

NWSSA1112 4 lbs. \$14.95

Snake Bagger

One of a kind dual bags for safety and the ability to have a backup when one bag is in use. Light weight 2 lbs. 2 bags 48" in length 1 inner/1 outer designed with a sleeve on the bottom corner. Triangular aluminum frame made from aircraft grade aluminum with strong comfortable handle. Features two safety snap locks on bag frame for quick release. All parts are anodized for a quality finish.

NWS100-SN-BG \$84.95

Gentle Giant Snake Tongs

A humane handling solution. 2 1/4" extra-wide jaws gently disperse pressure over a greater surface area of the snake's body, reducing the risk of injury and eliminating much of the snake's stress. Triple rubber-coated top jaw gives a secure hold, while polished lower jaw reduces the snake's ability to move forward. Made of aircraft-grade aluminum tubing with concealed stainless steel cable and spring. Color: Blue.

WCSGG-T40 40" \$79.95
WCSGG-T60 60" \$103.95
WCSGG-T72 72" \$124.95

Standard Snake Hook

The snake handler's #1 tool! With a slightly flexible stainless steel shaft and 3 1/2" wide aluminum hook in red, this tough hook is the most widely used one on the market. Hook end made from solid anodized aircraft-grade aluminum. Measures 40".

WCSSTD-HK \$28.95

Heavy Duty Collapsible Snake Hook

A super-strong solution for backwoods trips and foreign travel. Our collapsible hook has grooved tubes to prevent rotation and a thick shaft made from aircraft-grade aluminum. We've even anodized the hook end! Extends from 17-39", with a 3 1/2" diameter opening. Do not use to pin snakes or to lift or flip debris. (Red)

WCSHDCL-HK 13" to 35" \$43.95

Snake Out®

The active ingredients in Snake Out® are natural oils, and are exempt from EPA regulation. Does not contain naphthalene and it is biodegradable. It will not harm lawns, gardens, flower beds or other desirable plants when used as directed and can be used in areas where children and pets play. You can apply it around homes, yards, landscaping, gardens, foundations, barns and outbuildings, garages, woodpiles, sheds, campsites—anyplace where snakes may be a problem.

WCSNSO-1 4 lbs. \$18.95
WCSNSO-C Case of 6 \$104.95

Tips For Successful Trapping

Trapping is the most reliable method of mole control.

Moles create two types of tunnels: Travel and Feeding. Locate the main travel tunnels and set with mole traps or use bait for effective success.

The best time to trap moles is in the spring when newly-made surface tunnels are easy to spot and when pregnant females are about.

Fall is another good time before moles move deeper for the winter. They begin to reopen old tunnels and throw up new mounds.

Though spring and fall are optimal trapping times, success can be enjoyed in other seasons except in very cold or dry weather.

Just wanted to let you know the Nomol traps I bought are the best, easiest to use mole solution ever. Second to none! I can't say enough good things about how effective they are. Just got a few to try and have trapped a mole every time I've used it.

— David B., WA

Learn mole removal from the master

MOLES: Removal Made Simple (DVD)
by Alan A. Huot

Nobody knows moles better than Alan — trust us, we work with him. And in this practical, "how-to" video, he takes you into the field to learn all about mole biology and habits, traps and trap choices, common mistakes and problem areas. Then he goes back for results, so you see what really works. If you're dealing with moles, this is the best instruction you'll find. 55 min.

WCSSMOLE-DVD \$19.95

MOLES

Mole Solutions Made Easy

Every year WCS works hard to dig up the most effective mole solutions on the market. From our own unique and field-tested NOMOL® to trusted brands like Victor and Nash, we have everything you need to customize your control methods. Note: all featured traps and baits are lethal.

BELOW GROUND

NOMOL® by WCS

The safest and most effective trap on the market! With a completely below ground profile, our lightweight NOMOL® traps are the professional's choice for inexpensive mole management. Easily set in pairs, back-to-back, these in-tunnel traps are great for bilateral catches of moles, voles and shrews. Excellent for deep tunnels as well as sandy and heavy soil. Completely safe for use around children, pets and lawn equipment. Rust Resistant Coating prolongs the life of your NOMOLS®.

NoMol 4 pack A starter pack that introduces you to the NOMOL® trap. Comes with 4 traps, 4 dowels and detailed instructions on how to set.

NWSNM01	Package of 4	\$20.95
NWSNM01C	Case - 16 pkgs of 4	\$285.00

NWSNMDZ1	Dozen	\$55.99
NWSNMDZ5	Magnum (5 Dozen)	\$249.95

NoMol Triggers Replace lost triggers, not the trap.
NWSNMT Package of 12 Triggers \$12.95

NoMol Booklet by Stephen Vantassel with Alan A. Huot All you need to know about using NOMOL® traps.
WCSNMB01 \$10.50

NOMOL® Mole Trap Setters

NOMOL® Mole Trap Setters make setting this mole trap very easy. All of the mole traps on the market require a reasonable amount of physical strength to set. The vast majority require that you have forearm strength to compress the springs of the trap when setting. The NOMOL mole trap setter makes holding, and positioning the trigger loop very easy, as you have the leverage to set the trap and also a "handle" to hold and manipulate the trap. For some, these setters make setting this mole trap very manageable. **WCSRC009 \$9.95**

Cinch Mole Trap

A smaller version of the Cinch Gopher trap used successfully by the U.S. Forest Service. Placed directly in the tunnel system, back-to-back, the Cinch Mole trap relies on its powerful steel spring and jaws for effective capture. Just open up the tunnel and set in pairs.

NWSCT02	2 Pack	\$27.50
NWSCT02-12	Dozen	\$140.00

Moleinator

The smaller version of the original Gophinator developed in CA, this stainless steel trap sets completely underground.

WCSMOLE1	Single	\$7.50
WCSMOLE12	Dozen	\$83.50

Underground Mole Lure WCSTJU-4 4 oz. \$18.00

Formulated to cause moles to work the area under the trap. Using Underground will improve your chances with moles that dig around or under set traps. Apply to soil directly below trap triggers on scissor (Out-o-Sight) or harpoon traps and between the jaws of the NoMol mole traps.

Zero in on your chosen animal with targeted traps.

SPEAR-TYPE

Victor Spear Mole Trap

Easy to set and particularly effective in mole-damaged gardens and lawns. Equipped with six pronged spears, this trap comes with a safety pin to eliminate false firings. Moles are killed when they trigger the spears.

NWS02T5 Single \$12.25
NWS02T5-6 Case of 6 \$72.95

Note: Due to its partial above ground profile, the above trap should be used with caution around pets and children.

LOOP-TYPE

Nash Mole Trap

Trustworthy and consistent. Similar in trigger action to spear traps, this easy-to-set trap pulls its loops upward over the mole for effective lethal results. Simple for homeowners to check and no bait involved. The Nash works best in shallow tunnels, in clean soil free from rocks and roots, and has a large above ground profile.

NWSNMT01 Single \$15.95

SCISSOR-TYPE

Victor Out O'Sight Mole Trap

Strength and durability are the hallmarks of Victor's Out O' Sight traps. With its malleable iron jaws and powerful spring, this trap's scissor action provides an effective and professional in-tunnel solution. Each trap comes with a pair of tongs to make setting easier and positioning in the tunnel simpler. Once set, Out O' Sight traps have a 50% profile above ground.

NWS0600 Single with setters \$8.75
NWS0600-12 Case of 12 \$99.95

Little Woodie – Out O'Sight Scissor Trap Trigger Modifier

The battle with dirt mound speed bumps is over! This tunnel choke slides conveniently over the trigger pan of an Out O'Sight trap to save you time and effort. Developed by expert Tom Schmidt, "The Mole Man," it's especially designed for use in dry and sandy soils or mulch that just won't pack. Made of redwood and tempered copper for years of service. (Trap not included)

NWSLW01 Single \$3.25
NWSLW01-12 Dozen \$34.95

Mole Spade

Set Victor Out O'Sight Mole Traps super-quick. This spade has durable twin metal blades that slice through the hardest of soils. Simply step down on the spade to cut two slots in the sod and through the tunnel. Long 48" wooden handle for easy carrying and positioning.

WCSMS1 \$45.00

Talpid Mole Trap

Designed for safe, easy use, TALPIRID Mole Trap features dual springs for maximum power and curved jaws that scoop moles for improved capture. The trap's yellow foot pedal makes setting "hands free."

WCS787280-1 Single \$20.45
WCS787280-4 Case of 4 \$78.95

MOLE BAIT (Lethal)

Kaput Mole Gel Bait

Uniquely attractive to moles and the only gel-based poison bait on the market. The patented, EPA-approved formula can be applied glove-free with a simple injection. Great for steep tunnels and molehills that defy lethal trap placements. (EPA REG 72500-2)

WCSKMGB-1 3 oz. tube \$17.95
WCSKMGB-10 Case of 10 \$159.95

Talpirid Mole Bait

The best mimic of a mole's natural food source – earthworms. One talpirid worm contains a lethal dose of bromethalin and works quickly, sometimes killing within 24 hours.

Special added enhancers ensure attraction and acceptance. (EPA REG 12455-101)

WCS738614 Box of 20 Worms \$44.95
WCS738614C Case of 5 Boxes (100 Worms) \$212.95

Victor Mole Worms

Intended for use in underground tunnels and runways, Moleworms look and feel virtually identical to real earthworms, and are specially formulated to be extremely palatable to moles. When eaten, the active ingredient Bromethalin works quickly to dispatch the mole.

Dr. T's Nature Products® Mole Out®

Mole Repelling Granules (5 lbs.) is made of natural ingredients that provide effective mole control for lawns, cemeteries, golf courses, playgrounds and more! This mole repellent product coats food sources of the mole. The natural oils upset the mole's stomach, making them leave the area, conditioning them not to come back.

NWSMO5 \$13.95

Answer for the Control of Pocket Gophers

J.T. Eaton ANSWER for the Control of Pocket Gophers comes in a 10lb pail containing (40) 4oz blocks. This bait provides long-term control with a single application. ANSWER uses the active ingredient Diphacinone, and is less hazardous than other gopher baits containing strychnine or zinc phosphide. The uniquely shaped blocks are designed to fit conveniently into the burrows. They also have excellent moisture resistance and maintain palatability after extended time in the burrows. (Not for sale in Eastern US.) (EPA REG 56-57)

WCS277 \$34.75

Gopher-Pro

The Gopher-Pro is the ultimate tool for the control of pocket gophers. Reliable, effective, fast, and durable, the Gopher-Pro is designed for deep burrow placement of your favorite gopher bait. Simply insert into the burrow, remove the center stake, and using the attached funnel pour the appropriate dosage directly into the burrow through the 1" diameter barrel. Applying gopher baits into deep burrows and tunnels has never been easier!

NWSGP-92512 \$44.95

Kaput-D Pocket Gopher Bait

Kaput-D Pocket Gopher Bait is a red grain containing the active ingredient Diphacinone. It effectively kills gophers on lawns, golf courses, rangeland, and other non-crop areas. It can easily be applied with the Gopher Pro tool and usually kills within one week. Unlike products containing strychnine or zinc phosphide, Kaput-D has an antidote as well. (EPA REG 72500-12)

091105 5 lb. Pail \$30.00

Pocket Gophers

Pocket gophers are medium-sized rodents ranging from about 5 to nearly 14 inches to 36 long (head and body). Adult males are larger than adult females. Their fur is very fine, soft, and highly variable in color. Colors range from nearly black to pale brown to almost white.

The great variability in size and color of pocket gophers is attributed to their low dispersal rate and thus limited gene flow, resulting in adaptation to local conditions.

Thirty-four species of pocket gophers occupy the western hemisphere. In the United States there are 13 species. The major features differentiating these are the size of their forefeet, claws, and front surfaces of their chisel-like incisors. Northern pocket gophers are typically from 6 ½ to 10 inches long. Their fur is variable in color but is often yellowish brown with pale underparts. Botta's (or valley) pocket gophers are extremely variable in size and color. Botta's pocket gophers are 5 inches to about 13 ½ inches long. Their color varies from almost white to black.

HOG RINGS & PLIERS

Hog Ring Model Pliers & Rings

Make quick work of attaching nosecones, constructing vent covers or trap making. These pliers fit both 1/2" and 3/8" hog rings, with a spring-loaded action and vinyl-coated handles for easy clipping. Exceptionally tough, they'll last a lifetime. Pair with galvanized, 14 gauge blunt tip Hog Rings. Single ring installation.

OSCXX Pliers \$16.95

X0GB430-1 1/2" Galv. Blunt tip, 1 lb. **\$3.95**

X00GB530 3/8" Galv. Blunt tip, 1lb. **\$4.50**

J-Style Pliers & Ferrules

For when a wider clip (or ferrule) is needed. J-Clip pliers and J-Clips make for quick single ring installation when modifying or repairing traps, vent covers or other wire mesh items.

JPL51612 \$18.95

J51612Z J-Clip Ferrules (1 lb.) **\$5.95**

P7 Pliers & Rings

A versatile tool for bird netting, making and repairing small cages, closing bags and more. Pair with 16 gauge blunt tip C-Rings. Rings come in a strip similar to "staples" and are fed into the pliers to save time.

WCSP7 Plier **\$53.95**

RING616G50B-S 1/2" 16 ga. Galv. C-Rings 2,500 rings **\$22.50**

Ringer Tool

No more sore hands, wrists and arms! Just feed a strip of fifty 9/16" blunt-tipped hog rings into the Ringer Tool in a "clip fashion," position and squeeze the handle grip. The ring automatically closes tightly around

material. We love having the Ringer Tool around for joining wire to make cages, nosecones or attaching bird netting to cable systems. Pair with 15 gauge galvanized C-Rings.

GLF-9/16 9/16" Stanley Ringer **\$81.95**

RINGR15G50B-S 9/16" 15 ga. Galv. Blunt D-Ring (2,500 rings) **\$35.00**

Hill Blair Hog Ring Pliers & Rings

A professional's best friend when constructing water flow control devices or culvert protectors out of woven wire. These malleable iron pliers have adjustable set screw and work on 1" copper-coated rings with pointed end.

NWSRRHM-1 \$8.95

1" Rings, 100/box - 10 pack

LADDER & ACCESSORIES

Levelok Ladder Leveling System

Give your ladders the same level footing as the ones used by the largest utility companies.

Attached to the bottom of almost any extension ladder, these rock-solid, adjustable levelers have feet that bite both hard and soft surfaces (ice, gravel, snow, dirt). Hands-free operation makes them great for stairwells and uneven terrain. Automatic safety lock. Self-cleaning and corrosion-resistant.

LL-STB-1AA pair **\$131.95**

Levelok Quick Connect Ladder Leveling System

The snap on, snap off version of Levelok's adjustable levelers. Install the base unit, then use levelers where and when you need them. 5-star rating from Amazon customers.

LLQC Base Unit (pair) **\$45.25**

LL-STB-1QC \$78.95

Levelok Snap-on Leveler for Levelok Quick Connect (single)

Levelok Quick Connect System Base Units

Set of two KeyLock-Æ Quick Connect

Base Units for KeyLock-Æ Levelers only (one for left rail, one for right rail).

Includes installation instructions and all mounting hardware.

LL-QC \$45.25

These are the Base Units only. Levelok Quick Connect Levelers sold separately.

Corner Buddy Ladder Stabilizer complete w/ hardware

Bolt this buddy to your ladder and free your job of worry. Rounded "claw" grips corners, round and multi-dimensional constructions with rubber bumpers. Remove easily for storage. Coated in yellow for visibility.

WCSCB Complete w/hardware **\$54.95**

WCSCB2 Hardware Kit **\$16.95**

Ladder Stabilizer

Get a sure grasp of the wall. This two-pronged stabilizer spans the width of your straight ladder and grabs onto surfaces with its non-marring rubber tips. Strong and lightweight. Spans 48".

WCSSL48 \$31.95

Flat Ladder Hook

Convert your single ladder to a roof ladder. Steel hooks clamp easily to the top two rungs and fit both round and D-rung styles. Powder coat painted blue.

WCSSLH \$14.95

Rolling Roof Hooks

Roof jobs made easy. Roll your ladder up steep surfaces on the hook's casters, then flip the ladder over to catch the hook on the peak. Your single ladder now lays flat and secure. Fits both round and D-Rung styles. Not for Type III ladders. Use in pairs.

WCSSRH Rolling Roof Hook **\$20.95**

WCSSRC Replacement Caster **\$3.00**

Ladder Mitts (PAIR)

Protect the ends of your ladder from scratching or marring house siding. Professionals, take note - this is a courtesy your customers will notice.

WCS611 \$12.95

Pivot Ladder Tool

Level any ladder in seconds - even on stairs! This tool has hundreds of rubber "gripper feet" that cling to tiles and slippery areas, giving you a stable surface for ladder legs. Or try it on a roof as a platform for toolboxes. The portable Pivot has 11 functions, requires no bolts or clamps to install and is completely adjustable. Works on stepladders, too! Rated at 500 lbs. as ladder jack and ramp.

WCSPLT \$93.75

Roof Boot (PAIR)

Make steep roofs safer. These roof boots secure walkboards, toeboards and flat ladders on up to a 20-pitch roof. Easy to handle and set-up. One pair.

WCSRB \$55.95

Xtend & Climb Telescoping Extension Ladders

These ladders are built for heavy-duty use in commercial and contractor settings. They are super strong, open and close with ease, and feature a no-pinch closure system.

ANSI rated 1A to 300 lbs.

Extends to 12-1/2 feet (Model 780p) or 15 feet (Model 785p) and closes to 3 feet. Features angled thumb release, non-slip end caps, carrying handle and closure strap. These are great for indoor use and anywhere where compactness and portability are required.

780P \$249.99 (12.5 feet)

785P \$269.99 (15 feet)

Safe-T Ladder Extension System

The Guardian Fall Protection Safe-T Ladder Extension System is designed to attach to the top of a ladder to provide a safe and easy transition from the ladder to a raised surface. It requires no tools, drilling, or bolting to install, and is one of the most effective means of improving the safety of nearly any ladder.

G10800 \$159.95

Basemate Ladder Leveler System

One of the most innovative ladder safety products available on the market, the Basemate Ladder Leveler System is ideal for ladder climbing applications on uneven surfaces. Easily attachable to nearly any ladder, this stabilizer equalizes uneven terrain by allowing the attached ladder to adjust in-line with the structure being climbed, all while still maintaining a solid base. It also functions to provide a wider and more stable ladder base for applications on level ground, and is compact, lightweight, and tested to support maximum loads of up to 1,200 pounds.

G2475 \$139.95

Ladder Rung Step

The Ladder Rung Step is specially designed to reduce worker fatigue by expanding the foot support of the ladder rung to which it is attached. Compatible with nearly any ladder, the Ladder Rung Step is made from durable and lightweight aluminum, and its patented design allows it to be installed quickly and easily without any tools. To make working from ladders easier, more efficient, and more stable, use the Ladder Rung Step.

G2477 \$37.95

Lock-N-Climb

The Lock-N-Climb is ideal for providing additional stability and weight capacity in ladder climbing applications. It is compatible with nearly any extension ladder from 16 to 40 feet in height and installs easily within a few minutes. Composed of 6061-grade aluminum, the Lock-N-Climb is both lightweight and supremely durable, and can withstand loads in excess of OSHA, ANSI A14.2, and ANSI A14.5 regulations.

G2460 For 16' - 20' Ladders: \$169.95

G2465 For 24' - 40' Ladders: \$184.95

Ladder Stability Anchor

The Guardian Fall Protection Ladder Stability Anchor is specially designed to promote compliance with OSHA regulation 1926.1053(b)(1), which states, the ladder shall be secured at its top to a rigid support that will not deflect. The Ladder Stability Anchor functions to clamp to a roof (without any penetration of the substrate) and then secure to the top rung of a ladder with either 2 or 3 foot long Velcro straps, ensuring that the ladder will not fall or move. It is composed of lightweight aluminum for superior durability, and requires no special tools to install.

G10808 \$69.95

Monk Mechanics 3D Textured Hand Cleaning Towels

Removes grease, oil, ink, paint, dirt and grime. Large 9.6" x 12.5" Special 3-D textured fabric towels grab and hold grease and grime. Formulated with ORANGE OIL for SUPERIOR CLEANING POWER and MOISUTURIZERS for SUPERIOR SKIN CARE.

WCS45072 Canister of 72 Hand Towels - SINGLE \$12.95

220AIBM \$3,863.00

No Smells, No Germs, No Fuss

Animal control work can mean fighting a lot of unpleasant smells – skunk spray, urine, feces, bat guano, dead wildlife, blood – the list goes on. To win the war, we offer a range of products that neutralize air and surfaces. These scented and unscented products don't simply mask odors, they eliminate them. To destroy dangerous bacteria, choose a product described as a disinfectant.

SPRAYERS

Fogmaster Jr.

When a space is too small for an industrial fogger and too large for a trigger sprayer, use the Fogmaster Jr. to disperse lightweight oil- or water-based fluids for odor control. Made of corrosion-resistant nylon, vinyl and polyethylene to last job after job., Easy to use. Just twist off the power head,, pour in deodorizer or disinfectant

mixture, And replace cap. Rotary valve allows you to fine tune the output from fine light fog to coarse mist. Quart capacity.

WCSFOG-1 1 Quart **\$104.95**

Electric Atomist Sprayer™

Conserve expensive chemicals and deodorizers with this Ultra Low Volume (ULV) sprayer. Designed to reduce droplet size, the Atomist emits an ultra-fine mist on your chosen area. Use it for odor and pest control, to reach into cracks and crevices or in the garden. Fine to heavy spray settings allows for adjustment for a variety of situations. 2-gallon capacity.

WCS1026B 2 Gallon **\$224.95**

LIQUID CONCENTRATES

Citrus Neutrox (ODOR CONTROL)

A water-soluble, neutralizing deodorant with a fresh citrus fragrance that lasts for hours. Not a masking agent, this concentrated product destroys malodors produced by organic sources and odor-causing deposits. It contains no hazardous ingredients, is non-flammable and will not harm surfaces that are water-resistant. Leaves no residue when used as a surface spray, a fog or when diluted in cleaners. 32 oz. and gallon sizes available.

Odor Pet (ODOR CONTROL)

Specially formulated for animal care facilities and veterinary clinics. A concentrated odor counteractant and cleaner, Odor Pet contains a stabilized bacterial spore system that breaks down organic waste (blood, urine, fecal stains) and removes odors. Debris is reduced to a solution of CO₂ and water. This biodegradable, non-toxic neutralizer is a great choice for cleaning cages, runs, floors, drains and other high traffic areas. Safe for use around animals and children. Fresh black cherry scent.

Note: Odor Pet is not a disinfectant. We recommend following up with a treatment of KenneSol in situations where removal of organic bacteria is desired.

BU9G-C Case of 2 buckets **\$62.00**

WCS™ Galvanized Euthanasia Chamber

Euthanasia is a process with legal and ethical responsibilities, and we take it very seriously. Our CO₂ chamber is the industry-standard for humane dispatch, a cost-effective product that gives minimal distress to wildlife. Measuring 14" x 14" x 38", it is capable of handling traps up to 36" long for simple top loading. We use all galvanized steel for long use and rust-resistance and include a clear viewing window in the lid. A screw-type port in the lower portion makes it easy to link the gas bottle. Includes hose for connection to a CO₂ regulator (regulator sold separately, see below).

NWS0123-Galv \$250.00

CO₂ Regulator

An essential component for delivering gas safely and humanely. Attached to the CO₂ tank,

the regulator monitors pressure via two gauges. One gauge reads the gas pressure being delivered to the tank, giving you an accurate reading of the CO₂ flow. This helps you minimize gas waste and ensures the animal is receiving the proper gas distribution. The other gauge reads the tank pressure itself and is an excellent indicator of how much gas is left. Never deliver gas to tank without a regulator.

NWS0121 \$95.00

WCS Electronic CO₂ Saver

Eliminate worry about extended gas flow.

Connected to a regulator, this digital, automatic shut-off device controls the on and off flow of CO₂ delivered to chamber and allows for programmed timing. Enter the time interval you want the gas to be set for and the saver will automatically shut off the CO₂ after it has elapsed. A mounting bracket allows you to hang the unit on the regulator knob, making connections easy and convenient. Save your precious time and gas supplies.

CO2ASO \$250.00

Tank Clamp

Secure your CO₂ tank in a vehicle or stationary workspace. Two sizes available to fit 20 lb. or 50lb. cylinder.

NWS0122 Fits 20 lb. cylinder \$49.95

Fits 50 lb. cylinder \$53.00

SAFETY EQUIPMENT

Survivair Opti-Fit™

Full Facepiece Respirator

Bat guano, raccoon feces, attics filled with insulation, chemicals in enclosed spaces – these are

conditions that call for the Full Facepiece. This HEPA filter respirator is National Institute for Occupational Safety and Health (NIOSH) approved. The high-grade soft silicone face pieces include a pliable oral/nasal mask and a double sealing flange with rolled edges for optimum fit. A distortion-free lens with anti-fog and anti-scratch coatings provides a panoramic view of your environment, with no blind spots to trip you up.

This full face respirator, with 5-point strap provides optimum fit, comfort and superior optics. It is a professional quality piece of equipment and is great for those clean-up jobs in restricted spaces. HEPA filter cartridges sold separately.

768000 Medium \$119.95

778000 Large \$119.95

Survivair Premier – Half-face Respirator

When the possibility of inhaling of toxins, dusts and spores is a threat, a half-face respirator is the answer. This flexible, silicone rubber mask gives a tight

seal against the face and is very easy to clean. Pair with our Crews Verdict Safety goggles for full protection. HEPA filter cartridges – sold separately.

SUR312000-med Medium \$29.95

SUR313000-lrg Large \$29.95

Survivair P100 HEPA filter

The only HEPA filter we recommend. For use on both full and half Survivair masks.

Includes 4 filters (2 pair to carton).

SURT105110 \$47.95

Crews Verdict Safety Goggle

We think everyone in wildlife control should have a pair of these goggles. Their clear lens area (coated for anti-fogging) shields against the liquids, sprays, dusts and debris we often encounter. A transparent PVC frame offers a wide field of vision, while the foam lining and adjustable elastic strap give a comfortable fit over most prescription eyewear. You only have one pair of eyes – protect them!

2410F \$7.45

Tyvek Suit with Hood & Booties

Keep your skin safe from a variety of dangerous and irritating contaminants. Tyvek suits are made from Spunbonded Olefin, a high-density polyethylene that can't be easily scratched or compromised. This lightweight, low-linting and anti-static material forms an inherent barrier against dangerous liquids and dusts. The

new fit comfort design has a zipper front, elastic wrists, extra room in the back and integrated hood and booties. Reinforced in areas prone to wear.

GLOVES

Choosing Vet-Pro Gloves

When it comes to choosing gloves, we always start by asking whether we want more protection from penetration or from crushing. Handling the sharp teeth of cats (penetration) will require less steel plating than, say, the jaws of a coyote (crushing).

Flesh wounds are the easiest way for professionals to get infected, so we never skimp on quality. It's important that you use gloves as

protection and as much as possible limit direct contact with the animal. The use of a capture pole or animal grasper is always best (see page 47), with gloves used as a backup solution if the animal gets free from the capture tool. While no glove is puncture proof, our entire Vet-Pro selection is highly puncture resistant and will last you a long time when properly cared for.

Animal Handling Vet-Pro

All Vet-Pro gloves (except the Forester) are made of hand-cut, split grade cow-hide palomino leather and a ballistic lining of DuPont Kevlar felt. Unlike knitted or woven versions, Kevlar felt is tightly packed for maximum puncture resistance. Double-stitched with Kevlar thread, with a loose fit for dexterity and emergency removal. The Forester glove's palm is lined with Kevlar and the cuff is double thick palomino leather. Style descriptions are listed below.

A Warden Junior 15"
A quality first pair of gloves you'll use again and again. Cuff typically ends mid arm. Excellent for small animals, with less restriction than the 23".

WCSVP02-S/M-JR
Small to Medium \$99.95
WCSVP02-L-JR Large \$99.95

B Warden 23"
When you need greater coverage than the 15". Cuff typically ends at elbow. A favorite of vets, humane societies, animal wardens, breeding farms, university labs and reptile handlers.

WCSVP04-S/M
Small to Medium \$109.95
WCSVP04-L Large \$109.95

C Trapper 22"
Perfect for use over heavy clothing or foul weather gear. The Trapper 22" has a much wider cuff than the Warden, with a durable nylon cinch strap built-in. Trappers, EPA Inspectors, animal rescue teams, SPCAs, Animal Control officers and animal wardens love these gloves.
WCSVP01-L Large only \$139.95

D Magnum 22"
For maximum crushing and puncture resistance. The Magnum 22" has 400 stainless steel safety bars built into the hand, clinched on the back and front of fingers, to disperse force and shield against penetration. The choice of vets, wardens, humane societies, zoos, exotic animal handlers, hunters and animal rescue teams.
WCSVP03-L Large only \$164.95

E Warden Pro-Max 22"
Developed for use with feral cats, snakes, dogs, reptiles, and rabid animals. Double lined in hand and cuff portion. Heavier felt lining used with good dexterity.
WCSVP05-L-Custom
Large Only \$134.95

F Forester 22"
Developed with steel safety mini-bars clinched to the back and front of hand portion of glove to provide the maximum in protection of high hazard areas from puncture wounds. Configured very similar to the MAGNUM but with many more mini-bars installed in the palm and finger areas. Cuff is double-thick palomino leather.
WCSVP06-L Large Only \$174.95

Latex Disposable Gloves

Animal sediment and carcasses of rabies carriers hold nasty surprises. Stock these disposables in your truck and business to keep you and your employees safe. Non-sterile. Powdered for easy removal. Ambidextrous. Size Large

WCS5060-L-S Box of 100 \$8.79
WCS5060-L-C Case of 1000 \$79.95

Nitrile Exam Gloves (50 pair)

The best nitrile glove available today. The low modulus Nitrident Stretch is periwinkle blue and stretches like a latex exam glove but is completely synthetic. The glove has a light peppermint fragrance and fingertip texture. The Nitrident Stretch also provides

excellent tactile sensitivity. Perfect for those who are sensitive to latex.
52AM604S \$15.95

Build Your Knowledge—and Your Business!

WCS is your resource for books, CDs and DVDs filled with practical advice from field experts. Whether you're just starting out or a seasoned pro, there's always something new to learn from these customer favorites.

Books

GENERAL

Wildlife Control Technology Magazine Subscription (1 YEAR)

A great industry source for timely, how-to information on Wildlife Control. Discover new methods and expert tips, keep updated with local regulations and learn about training and events in your area. A favorite of Nuisance Wildlife Professionals, Park District employees, Animal Control Officers and ground superintendents. Bi-monthly (6 issues).

NWSWCT Subscription - 1 yr \$34.95

Trapper and Predator Caller Subscription (1 YEAR)

Get insider knowledge on trapping and fur management. Each issue has "how-to" articles by the country's most knowledgeable trappers and predator callers, info on vital industry trends and up-to-date reports from state trapping associations, plus the most thorough wild fur market report in North America. 10 issues.

WCSTPCSUB Subscription - 1 yr \$18.95

Wildlife Damage Inspection Handbook (3rd Edition) by Steve Vantassel with Tom Olander

Steve's famous handbook is now revised and updated! All you need to know about damage inspection – from getting started, to phone and on-site assessments, to species recognition and problem solving – is in here. Includes color and black & white photos, and sections on identifying by hair, bones, feces and egg damage. 180 pages.

WDIH-3ED \$85.00

Dominion Over Wildlife? (An Environmental Theology of Human-Wildlife Relations) by Stephen M. Vantassel

In this book, Stephen Vantassel investigates the biblical, ethical, and scientific arguments employed by the CAR movement concerning human-wildlife relations.

WCSSVDOW \$30.00

Best Practices for Wildlife Control Operators

by Paul D. Curtis and Jill Shultz

Discover the most practical, step-by-step approach to integrated wildlife management. Focusing on best practices for wildlife control and the prevention of wildlife damage, this "how-to" training manual offers a broad array of tools, techniques and resources for any professional seeking solutions for the field. Includes a clear decision-making model, basic biology and natural history of nuisance species, safety recommendations and discussion of ethical and legal issues. 350 pages.

WCSBPWCO \$154.00

Wildlife Forensic Field Manual by the Association of Midwest Fish and Game Law Enforcement Officers (4th Edition)

Become an expert in analyzing animal remains. Admirably clear, this illustrated manual covers the basics and subtleties of field work – including gender determination, animal hair, time of death, carcass wounds, animal age, bone, claws and feathers. The choice of wildlife law enforcement officers during poaching investigations, and a valuable addition to your bookshelf. Expanded edition is snap ring bound, 4" x 7" for easy portability, with some color plates. 220 pages.

WCSFFM1 \$48.95

Veterinary Forensics: Animal Cruelty Investigations by Melinda Merck

A detailed, practical reference for veterinarians, pathologists and investigators. Written by a leading expert in veterinary forensics, the book gives clear directions on crime scene investigation, forensic testing and forensic pathology findings, as well as guidance on handling evidence and conducting evaluations that will hold up in court. Extensive appendices include forms for examination and reporting. Illustrated. 344 pages.

WCSVF1 \$89.95

The Practical Guide to the Control of Feral Cats by Stephen M. Vantassel

This book details the biology, sign, and control methods useful for feral cat management.

WCSPGFC \$20.00

Yard Invaders - Home Invaders

By Rick Shadel

This practical field identification guide by the owner of S&S Wildlife Control Services in Pennsylvania, is a classic reference book and very popular. It easily leads you through various species and a variety of key information needed for identifying and resolving human / animal conflict situations. This is a must-have volume for the professional and novice alike. Spiral bound 65 pages with over 300 color pictures.

RSYIH-B \$79.95

The National Wildlife Control Training Program Book (Vol.1)

by Stephen M. Vantassel, Paul D. Curtis, and Scott Hyngstrom.

A collaborative effort between the University of Nebraska-Lincoln and Cornell University. The authors bring more than 70 years of experience in the field of wildlife damage management to this book. While many excellent educational materials are available, they typically specialize in a particular species, control method, or simply lack information on the latest control techniques. 251 pages.

WCSNWCT-VOL1 \$40.00

National Wildlife Control Training Program - Volume 2

By Stephen M. Vantassel, Paul D. Curtis & Scott E. Hyngstrom

The National Wildlife Control Training Program provides core principles and training techniques for wildlife control.

It was created to provide states and companies with a basic curriculum to certify and/or train workers in wildlife damage management. This brand new Volume 2: Supplemental Species Information focuses on the latest control methods for common species. Like volume 1, this volume is certified by the National Wildlife Control Operators Association. 8.5" x 11", 304 pp, 2013.

WCSNWCT-Vol-2 \$60.00

Procedures for Evaluating Predation on Livestock and Wildlife

This book describes the evidence left by a variety of predatory mammals and birds of the United States when preying upon livestock and game animals

NWSEPL01 \$10.00

GENERAL

Nature Wars

By Jim Sterba

Nature Wars offers an eye-opening look at how Americans lost touch with the natural landscape. All the while our well-meaning efforts to protect animals allowed wild populations to burgeon out of control, causing damage costing billions, degrading ecosystems, and touching off disputes that polarized communities, setting neighbor against neighbor.

WCSNWAR \$19.95

TRAPPING

Adjustment of Leghold Traps

by Charles Dobbins

Very few factory production traps come out of the box without some amount of adjustment required. Covering coil spring, long spring, jump and stoploss type traps, this invaluable book shows you how to adjust them to deliver superior performance and increased productivity. You will capture and hold more animals with properly adjusted traps. Illustrated. 86 pages.

WCSPDALHT \$12.00

**Trap Fastening**

by Charles Dobbins

Virtually eliminate loss of traps and animals. This handy manual is packed with instructions on how to anchor and secure traps using wire, chain, J-hooks, Shooks, lap links, slides drags, grapples, etc. From muskrat to coyotes, you will see a dramatic improvement. 107 pages.

WCSPDTF \$12.00

**Land Sets and Trapping Techniques**

by Charles Dobbins

Learn the ultimate methods for catching fox, coyote, raccoon and bobcat. Built on years of field experience, this comprehensive manual covers tools, equipment, lures, bait, urine, droppings, electronic attractors, foot hold traps, body gripping traps, stakes, drags, slides, dirt hole, flat sets and more! 184 pages.

WCSPDLS \$12.00

**Variations of the Flat Set**

by Charles Dobbins

Fully illustrated, this book contains a wealth of detail on the variations of flat sets that Charlie Dobbins uses in his work. With information on tools and equipment, trail set, hidden bait set, trash mound set, campfire set, rubbing set, water set, ten second set, remaking your sets and much more. 80 pages.

WCSPDVFS \$12.00

**The Dirt Hole and its Variations**

by Charles L Dobbins

Everything you need to know about dirt hole sets, right up to the ground. This great guide contains Charles's instructions on how to make numerous sets for red fox, gray fox, coyote, bobcat and raccoon, plus fitting dirt holes to different lures and baits. You'll even learn how to make sets look like they were dug by an animal. 71 pages. Not shown.

WCSPDDHB \$12.00

**Master Land Snaring**

by Newt Sterling

Discover the secret tricks of canine and coon snaring, effective in all terrains. For over 20 years, Newt Sterling has been professionally snaring for the U.S. Fish and Wildlife Service and private clients. In this illustrated guide, Newt shows you how to make sets where the animal tells you to, cutting out all that frustrating guesswork.

58 pages.

NWS00B9 \$10.00

BAT

A Homeowner's Guide to Northeastern Bats and Bat Problems

by Lisa M. Williams and Margaret C. Brittingham

This book describes the important role that bats play in our environment and will explain what to do if find yourself sharing living quarters with them.

WC SHGNEB \$9.95

BEAR

Bear Baiting and Trapping Black Bear

by Rich Faler

A MUST for hunting bear over bait! Unique to Maine as a sport, the techniques outlined in this 86-page book are the same as those used in many states and provinces by nuisance control workers and biologists trapping and releasing live bear for studies. Just as the how-to-do trapping methods will give most first-time bear trappers a very high success rate, the baiting techniques have great value to those hunting over bait to tag their bruin. ISBN #1-881399-07-9. 86 pages.

WCSBBTBB \$9.95

**Working Through Black Bear Management Issues - A Practitioners Guide**

Eight living species of bears roam the globe today. Most are imperiled and may be teetering on the verge of extinction (Servheen et al. 1999). The American black bear (*Ursus americanus*) is one exception in the trend toward scarcity. Resilient and adaptable, the black bear has not only survived across much of its historic range, it has thrived in an environment increasingly altered and dominated by human use. Even as its ursine cousins continue to decline in distribution, the North American black bear has repopulated areas once thought too fragmented and densely populated with people to support such a large carnivore.

WD-4 \$14.95

BEAVER & OTTER

Beaver and Otter Trapping Open Water Techniques

by Charles Dobbins

Get the straight talk on open water trapping methods. In this illustrated book, you'll learn how to choose the proper size traps (foothold, bodygrip and snare) and the ways to make them produce. Includes detailed info on baits, food lures and castor-based lures, locations, dry sets, underwater sets, wet sets, blind sets, drowning methods and fur handling. 113 pages.

WCSPDOB \$12.00

**Bottom Edge Otter and Beaver**

by Ken Smythe

Completely submerged, indifferent to flood and freezing – we love the bottom edge set. And Ken's step-by-step manual is the perfect accompaniment, with illustrated chapters on trap selection and positioning, general locations, specific otter and beaver locations and weather. Perfected over 10 years, with the experienced input of many trappers, this book will definitely increase your catch. Includes 15 line drawings by Bob Noonan and 34 photos, mostly of locations. 63 pages.

WCSBEOB \$9.95

**Predator Damage Control: A State of the Art and Condition**

This book covers the basic principles of wildlife damage control. General concepts plus specific recommendations and instructions on how to control damage by coyotes, cougars, bears, and other predators are included. It contains a discussion of how historically available predator poisons were used. 161 pages.

WCSPSC1 \$19.95

Beaver Business

by Jeff Dunnier

A guide to beginning the business of trapping beaver for fur and animal damage control. You will learn business basics, contracts, bidding, marketing, public relations, and tips. Including the "Dunnier Panel System", a fast and efficient way to maximize your beaver trapping efforts. The book also covers traps, tools, the use of explosives, non-target and miscellaneous catches. 92 pages with over 150 helpful photos and instructional diagrams.

JDBVR-Book \$12.00

BIRD

How to Succeed in Urban Bird Control

by Bird Barrier

From bidding a job to fecal clean-up procedures, the industry field manual for urban bird control. For a professional dealing with birds on buildings, structures or signs, this book is the one. Includes chapters on bird identification, product installation, roof safety and more. Note: Does not cover controlling birds in open areas. Conveniently fits into a 3-ring binder or stands alone. 80 pages.

WCSTS-1000 \$37.95

PCT Bird Management Field Guide

by Richard Kramer

Find all the fundamentals in one handy book. This practical and illustrated bird control field guide has sections on basic knowledge and lingo, bird disease and prevention, tools and techniques and a list of product manufacturers. A complete resource for those in the business, or for owners looking to know more about bird control options. 118 pages.

NWSBMG \$18.95

Managing Canada Geese in an Urban Environment

by Arthur E. Smith, Scott R. Craven and Paul D. Curtis

We call this the "must-have" booklet for NWCO's handling Canada Geese. As well as information on bird biology and the rising population problem, it includes detailed discussions of control techniques (non-lethal and lethal) and how to improve their effectiveness. Plus info on regulations, suppliers and potential costs – extremely useful for consultation and job quotes. With photos and line drawings. 42 pages.

NWSMCG01 \$15.95

COYOTES / PREDATORS

Leggett's Coyote Trapping Methods

by Pete & Ron Leggett

56 pages of pure coyote trapping knowledge, including the deadly step-down dirt-hole. Learn how the Leggetts trapped 337 coyotes in just 16 days, with the same comprehensive knowledge they include in their Fox Trapping Methods. With line drawings and black & white photos. 56 pages.

WCSLCT \$15.00

Autobiography of Leggett's Fox Trapping Methods

by Pete & Ron Leggett

The most celebrated father/son duo in fox trapping reveal their secrets. Whether you're after red or gray fox, this book has everything you need to repeat their feats. Includes info on fox habits, pre-season planning and scouting, traps & stakes, trap treatment and adjustment, lures, urine, bait and set locations. Plus detailed set construction, pelt handling and troubleshooting untargeted catches. With line drawings and black & white photos. 52 pages.

WCSLFT \$12.00

Alaska Wolf Trapping Manual

By Alaska Trappers Association

The collective experience of Alaska's very best wolf trappers is consolidated into this definitive reference. The manual includes 123 pages of firsthand practical information, including detailed drawings. Learn wolf behaviors, bait & lure making and selection, setting traps properly for wolves, making, preparing and setting snares, preventing moose & caribou catches, and much more.

WCSWTM-1 \$24.95

Snaring Coyotes

by Dr. Major Boddicker and Keith Gregerson

This book contains complete instructions for snaring, with 29 illustrations and a great "trouble-shooting" section.

WCSSCMB \$9.95

DEER

Reducing Deer Damage to Home Gardens and Landscape Plantings

by Paul D. Curtis and Milo E. Richmond

A concise guide for urban and suburban landowners, compiled by experts at Cornell and the New York Wildlife Research Unit. Includes background on the current deer invasion and the actions professionals and landowners can take to combat it – including fencing, repellents, innovative measures and a list of plants deer don't like to eat. 22 pages.

NWSRDD01 \$8.00

Managing White-Tailed Deer in Suburban Environments

by Anthony J. DeNicola, Kurt C. VerCauteren, Paul D. Curtis and Scott E. Hynstrom

The ultimate reference for professionals and city planners. Written by experts in the field of biology, this manual cuts through the clamor of special interest groups to show you what is actually going to work in your specific situation. Includes information on deer biology, estimating deer populations and lethal/non-lethal control methods. Illustrated, with an appendix of suppliers.

52 pages.

NWSWTD01 \$19.95

FISHER

Fisher Trappers Guide

by Bob Noonan

You won't find a more complete treatise on modern day methods of successful fisher trapping! It took Bob several years of fieldwork to compile this master manual, and he left nothing out – fisher biology, sets, location and fur handling. Whether you want to improve your techniques or you're just starting out, this indispensable guide belongs on your bookshelf. 95 pages.

WCSBNFTG \$15.00

MINK/WEASEL

ERMINE and How to Trap Them

by Matt Westmayer

This book is a modern, comprehensive guide to trapping Ermine (Winter Weasel). This book provides the knowledge to successfully trap ermine in significant numbers.

WCSERMINE \$8.95

Mink Trapping: A Deep and Complete Long Lining System

by Don Powell

This book outlines a comprehensive system for trapping mink. It takes you from the pre-season, to the first day, then through stages of the season, and finally the post season. Includes the astonishingly simple secrets to catch mink without wasting time or effort. 174 pages and lots of color pictures make this a great read for any trapper.

WCSDPMTB \$20.00

MOLE

The Joy & Celebration of Mole Control

by Jeff Holper

Only Jeff Holper could provide this much cheerfulness and sound advice in dealing with the frustration of mole control. A seasoned vet of the mole wars, and recognized expert, he gives professionals the straight talk on what works and what doesn't. 43 pages. Check out the accompanying DVD in our DVD section!

NWS00B7 \$8.00

Mole Control

by Fred Lawrence

A WCS customer favorite. This how-to handbook is short, smart and illustrated, covering the soup to nuts of mole control – biology, food habits, traps and locations. An essential reference for NWCOS or anyone with a rampant mole problem. 20 pages.

NWS00B8 \$9.00

NoMol Booklet

by Steve Vantassel with Alan A. Huot

Our best seller! Learn how to set the NoMol trap – one of the most effective mole capture devices on the market – for optimum results (trap is sold on page 45). Along with step-by-step instructions and illustrations, Steve and Alan include practical tips on mole behavior and damage identification. 16 pages.

WCSNMB01 \$10.50

RACCOON

New Age DP Coon Trapping Methods and More!

by Leroy Renno

DP traps are very simple and efficient to use, there are still trappers out there that have not come to grips with the proper system of DP coon trapping. Leroy Renno, a very accomplished trapper, saw the need for a method book focusing specifically on their use

WCSPBCK-1 \$12.00

RODENT CONTROL

PCT Rodent Control – A Practical Guide for Pest Management

by Robert Corrigan

The industry's most comprehensive, practical guide to rodent control. Written for Pest Control Officers by seasoned pro Bob Corrigan, this book includes 350+ pages of in-depth info and hundreds of unique color photos and illustrations. With clear and detailed discussions of rodent biology, behavior and multiple approaches to control, this always gets great reviews. Hardcover. 355 pages.

WCSRCB01 \$49.95

SKUNK

Innovative Skunk Control

by Rob Erickson

A runaway hit with our customers. The undisputed national expert in urban and odorless skunk removal gives ground breaking solutions to every problem – from grubbing damage on lawns and golf courses, to animals trapped in window wells and buildings, to pesky neighborhood roamers. With a section on skunk biology and behavior and a recipe for skunk odor removal. Softcover. 77 pages.

WCSREISC \$15.95

Odorless Skunk Removal

By Bob Noonan

In this concise volume, Bob describes his foolproof method for Odorless Skunk Removal. He covers equipment and supplies, skunk "personality", methods and techniques, and his secret recipe for a deodorizing formula.

WCSBNOSR \$9.95

The Problem with Skunks! (Methods of Odorless Skunk Removal)

by Edward D. Kellems

Ed Kellems has this to say about his book. "I started trapping and removing skunks out of necessity, by that I mean that's what most people were having problems with. Therefore, I concentrated on ways to remove them without odor. Methods and baits had to be worked out so that everything ran smoothly and with some amount of predictability."

NWS00B4 \$10.95

YOUR TIME IS VALUABLE!

One stop shopping gets it done fast.
We're here to help with the widest selection of nuisance wildlife and animal handling equipment and supplies anywhere!

Wildlife Calls "Bring them in"

You'll find two main types of mouth blown calls on the market – open reed and enclosed reed. The "open reed" call, is more like playing a saxophone than blowing a whistle. This gives the user a versatile way to project sound over a larger area and to create a wider variety of sounds. All of our other calls are "enclosed reed" styles, which are easier to blow and learn on, and can be used for both long and short-range work. If you are just starting out, this is the style for you.

MOUTH BLOWN CALLS

CIRCE Calls

Open Season

WC214 \$12.95

This call allows you to go from making long distance calls to cottontail distress wails to close-in squeaks in seconds by manipulating the open reed with your teeth. This call creates great barks, yips and sub dominant howls that resonate from several hundred yards to just a few feet. This call has a compact open reed and is freeze proof.

Close Range Coaxer

WCSP6 \$9.95

Has a higher pitched voice and produces less volume. This call is especially designed for calling bobcat, coyote and fox in close, dense cover. This call features:

- Durable and weatherproof polyethylene material
- Non-corrosive stainless steel reed
- Hand-tuned
- Field proven

Coarse Long Range

Rabbit Distress

WCSP1 \$9.95

This call produces the loud, gravelly scream of the rabbit in distress. It is great for extra-long range calling in open country or for windy days. This call has been known to bring in predators for well over a mile.

Medium to Long Range

Cottontail Distress

WCSP2 \$9.95

This call produces the high pitched scream of a cottontail rabbit in distress. It is most effective in wooded areas, after the jackrabbit call is used to start the predator coming your way. This call is very effective in coaxing game within gun or bow range.

Three Calls in One

MVP4 \$15.95

This call includes one jackrabbit, one cottontail and one coaxer voice. It is completely self-contained and quickly changes from voice to voice by simply twisting the top of the call. This call is great for long-range, mid-range and close in calling.

Crit'R Calls

Standard

WCSCSTD \$10.95

Used by state, federal, and private professional trappers and predator control specialists all over the U.S.A. Coyotes, foxes, bobcats, bear, lions, deer, elk, and countless other wildlife species come in for a closer look. It makes mouse squeaks, jack-rabbit and cottontail rabbit squalls, coyote puppy yelps, fawn bleats and many other sounds.

Magnum

WCSCCM \$12.95

The biggest, loudest predator call and howler on the calling market. Great for very long-range and windy days. It comes with an instruction booklet, 3 extra reeds, 2 extra reed blocks and one extra reed band.

Pee Wee

WCSCCPW \$9.95

Designed to make tantalizing higher pitched squalls and squeaks. Engineered for Eastern and closer range calling. Mouse squeaks and rabbit squalls are very realistic. Deer fawn bleats for calling predators and deer are excellent. It works great to call red and gray fox, and is the best fox puppy call on the market.

Song Dog

WCSCSD \$21.00

Makes great lone howls, group howls, challenge barks, ki-yi calls, whines, whimpers, and combinations of all coyote sounds. Provides excellent range from very quiet sounds to howls which can be heard three miles away. Comes in a kit with 5 reeds, 3 reed blocks, 2 reed bands, 2 extensions and a 54-page instruction book.

Song Dog Jr.

WCSCSDJR \$14.95

The Song Dog Jr. is the Song Dog without the extensions. Uses different reeds – long range, great variety of sounds, makes magnum rabbit squalls and coyote talk.

Johnny Stewart Calls

Variable Pitch Predator Call

PC-1 \$9.25

The most versatile mouth call ever developed for predatory animals and birds. With a Rubber Button Pitch Control, this predator call easily produces pup squeals, high-pitched squeals, mid-range squeals and low-pitch and long-range squalls. It can also recreate the sounds of raccoon chatter and chicken cackles.

Mini Predator Call

PC-2 \$3.95

Small enough to be carried in your pants or shirt pocket, with a big enough sound to coax predators right to your feet. This "close-in" squeaker is compact and effective – an excellent short range call to have on hand. A series of rapid squeals taper off to painful squalls.

Hammerin' Crow Call

CC-1 \$6.95

Bring in crows and spring gobblers with a sound loud enough to reach them at long range. The raspy-sounding reed imitates the distress, fighting, gathering and "come here" sounds of crows and comes in a water-resistant plastic casing. Less effort to use than conventional calls.

Coyote Hooker

CHP-1 \$17.95

The Coyote Hooker Predator Call from Johnny Stewart® Wildlife Calls allows hunters to easily imitate coyote vocalizations with just the push of a button. The call features an internal reed design with a molded membrane on top. By blowing the call and changing pressure on the membrane, callers can easily change the pitch of the call. The Coyote Hooker predator call is lightweight and comes with a lanyard, making it easy to carry from stand to stand.

Song Dog

SD-1 \$10.95

Versatile predator call that mimics the yelps, whines, barks and howls of the coyote. Also can be used as a locator call for the North American wild turkey.

Crit'r Getter Coaxer

8200 \$12.95

This durable call imitates fox squirrel, gray squirrel or makes a baby squirrel distress call. It works in any weather. (Squirrel Call)

Slammer Crow Call

CC-2 \$10.95

Reproduces authentic crow sounds, like distress cries, gathering, fighting and "come here" calls. The soft barrel allows quiet movement. Great for long range calling.

Estrus Whimper Call

EWP-1 \$21.95

Features the Mac Daddy® mouth-piece. Just depress the lever and blow to produce yips, barks, howls and whimpers. The Estrus Whimper is extremely effective during mating season. Includes instructional DVD.

Tally-Ho

Tally-Ho Predator Call

NWSTH01 \$6.95

One of the finest open reed calls on the

market. Designed by a predator specialist and beloved by many expert hunters.

By changing hand movement and mouth placement, you can make a slew of sounds at a hefty volume. Includes instructions.

MAD Predator Calls

Mity Mouse Coaxer

MD-183 \$9.95

Produces the terrified scream of a small rodent. Used to coax predators in close after they have been called in by a long or medium range call. Durable and waterproof. Non-corrosive reed. Hand tuned. Field proven.

Black – Long Range Jack

MD-182 \$17.95

Long Range Jack MAD Predator Call was designed by Champion Caller and hunter Tad Brown, these unique calls feature rubber horns that blast explosive high pitched rodent screams

or close in realistic squeaks. Sounds can be manipulated by distorting the horn during your blow sequence.

Green – Mid Range Cotton

MD-181 \$17.95

The Mid-Range Cotton is designed for mid-range calling of predators.

Yellow – Pip Squeak Coaxer

MD-180 \$17.95

Typically a low air pressure call the Pip Squeak Coaxer is easy to use and delivers results. The pip squeak Coaxer is specifically designed for calling prey in close. The Pip

Squeak has a removable rubber cone to enable louder and longer distance calling.

Open Reed Predator

MD-187 \$19.95

The Open Reed Predator has a great range of sounds and produces close range squeaks to long distance cottontail and subdominant howls.

Closed Reed Howler

MD-189 \$24.95

The Closed-Reed Howler produces Howls, Barks, Yips and Fighting sounds. Sounds can be heard over 1 mile.

Open Reed Howler

MD-188 \$24.95

The Closed-Reed Howler produces Howls, Barks, Yips and Fighting sounds. Sounds can be heard over 1 mile.

Custom Cherry Open Reed Howler

MD-186 \$21.95

This little open reed howler produces the entire coyote library including: yips, barks, whines, pup fights and low/high pitch howls, Finished in beautiful cherry and

includes a lanyard for easy transport.

ICOTEC GC300

The ICOTEC GC300 is compact, durable and extremely effective electronic game caller. Great for attracting coyote, bobcat, fox, wolf, bear, crow and raccoon. 300 yard remote control range, Plays up to 2 call sounds simultaneously with 12 quality prey sounds, Volume control on the remote, 15 Watt speaker, Rugged construction.

Calls: Coyote Female, Coyote Howl, Coyote Male, Crow Baby Distress, Raccoon Baby Distress, Woodpecker Baby Distress, Bobcat Adult, Cottontail Distress, Coyote Pup Distress, Fawn Distress, Gray Fox Distress, Jack Rabbit Distress

GC300 - \$79.99

See more ICOTEC Callers at www.ShopWCS.com

New from WCS!

WCS Excluder Series

Our new 4" Excluder Series provides great flexibility for excluding squirrels and similar size animals. The trap has a one-way door, mounting flanges and a hinged back door which can be left open to let the animal out or closed if you wish to relocate the trapped animal. Constructed of 1" x 1/2" Galvanized Wire and includes a handle. When used with the nose cones listed below, the mounting flanges are not used.

3 different type nose cones are available. Secure nose cone over entrance hole of animal. Once an animal is caught, you can replace the trap, leaving the nose cone secured. When all animals have been caught remove nose cone and repair hole.

A Straight Nose Cone - Secures trap perpendicular to structure.

B Wall/Soffit Nose Cone - Secures trap against or under a surface.

C Angle/Gutter Nose Cone - Secures trap onto fascia board inside the gutter.

WCSOWT4W – One Way Door Trap with back door **\$28.75**

WCSSNC – Straight Nose Cone **\$17.80**

WCSGNC – Angle/Gutter Nose Cone **\$22.10**

WCSWNC – Wall/Soffit Nose Cone **\$22.10**

WCS Exclusive

Posi-Trigger for Cage Traps

Posi-Trigger is the latest in the technology evolution of conventional cage traps. Posi-Trigger completely eliminates the need for the triggering pan and rod in a live trap. An animal that is cage shy and hesitates to step on a trap pan, no longer needs to. All that is needed is for an animal to "bite & pull" on the bait which is suspended up off the floor of the trap.

Two powerful springs pull back via an aircraft cable on the triggering hook, thereby capturing the target animal.

CMPosi-Trig \$54.95

The Widest Choice of Traps in the Business

Whether you're a wildlife control professional, animal control official, researcher or zoologist, we make it easy to choose the species-specific traps and accessories you need for success. As always, if you need help or advice, we're here to answer your questions. Call us at 1-877-684-7262 or e-mail us at admin@wildlifecontrolsupplies.com anytime.

WCS Specialty Live Traps

Collapsible Muskrat Trap

Sometimes called the submarine trap, this multiple catch

muskrat colony trap can be submerged in a muskrat's runway or den for effective catching. A passive door on each end allows for entry while a central handle holds it in a rigid square shape. When the handle is removed from the trap, it folds flat for easy carrying and storage. 28"L x 5"W x 5"H trap is made of 1" x 1" galvanized wire mesh. **Note: If this trap is located in shallow water it can be used as a live capture device, however locating it in deeper water makes it lethal.**

WCSMUSKC \$15.00

WCS Floating Muskrat Trap

Works in only a foot of water! Our lightweight, innovative trap has two compartments – one 7" high above water and one 13" below – plus a 7" floating platform

outside the trap. The muskrat sits on the platform, smells the bait and enters through the one-way door... trapped, and with plenty of room for the family to join him. For live capture, wire the interior spring loaded door open. 2 clear out doors. Sturdy 1" x 1" galvanized wire mesh.

WCSFMT2 18L x 16W x 20H \$104.95

Multi-Catch Rodent Trap

Chipmunks, rats, and red or flying squirrels check-in but never out of our original multi-catch

system. Removable bait compartment tempts rodents through counter-balanced doors. They try for the bait, door gently opens the counterweight closes it behind them. Bait with rodent bait (sunflower seeds, oatmeal, shell peanuts, etc.) Cleanout door allows for easy removal. Carry handle makes for easy and safe transport. Constructed of sturdy 1" x 1/2" galvanized wire mesh. Measures 20"L x 12"W x 6"H.

WCSKBRT \$62.95

Scan for Video

Special Squirrel Trap

We created this easy-to-set squirrel trap to prevent bait access from outside,

stand up to years of service and always look professional. First we shrunk this live trap's galvanized wire mesh to 1/2" x 1/2" and included an effective door lock to allow for one hand setting (great for use with ladders). Then we added a handguard plate and sized its 18" x 5" x 5" dimensions precisely to squirrels. The result is a custom-designed trap that wildlife control professionals have told us is second-to-none. A WCS exclusive!

WCS535650CUSTOM \$29.95

Case of 15 **\$367.50**

Modular Multi-Catch Squirrel System

Save precious time when trapping gray, red and flying squirrels. Our practical kits come with 2 one-way door modules, each with four wing-flanges and 2 nosecones, one with four wing-flanges and one made for use under soffits. Just mount the nosecone securely on the exit/entry point and attach a module with wire ties or dog clips. When squirrels leave the interior of the space and are captured, simply remove module and insert another. All components are made of 1" x 1/2" galvanized wire mesh. Standard size (17 x 4 x 4) will hold up to 3 gray squirrels at a time. The Super measures 24 x 5 x 5 and can hold up to 5 gray squirrels.

WCSMMST-4KIT \$54.95

2 trap modules & 2 nose cones 4" x 4" x 17"

Nose Cones for 4" Trap

WCSMC02-2-5" \$9.95

Nose cones for 5" Trap

Simple Squirrel Trap

Inexpensive, easy to set and sensitive enough to catch chipmunks. Made in Pennsylvania exclusively for WCS, this 1" x 1/2" mesh trap comes with a spring-loaded door for quick, secure capture. Dipped in trap dye for rust resistance and ready to go.

WCSJC002 Standard: 4 x 4 x 17" \$14.50

WCSJC001 Narrow: 3 x 4 x 17" \$13.50

WCSJC003-XL Xtra Large: 5 x 5 x 21" \$16.50

Sized to fit in a gutter and easy to set from a ladder.

Flyer Funnel

Convert your standard single catch squirrel traps into multi-catch units for flying and red squirrels. The Flyer

Funnel has a nose cone at one end for attaching to a standard 18"x5"x5" cage trap and four wing-flanges at the other for securing around a hole. Inside, a spring-loaded one-way door lets squirrels pass through but not back out. Keep the Flyer Funnel attached to the structure, remove the full cage and replace with an empty one until you've captured all the squirrels in the area! Made of 16 gauge galvanized wire, 1" x 1/2" mesh. Attach with wire ties or dog clips (not included).

WCSFF01 \$21.95

Lil Shorty Squirrel Cage Trap

The one you've been hearing about. Specifically designed to fit into areas like woodstoves, stovepipes, fireplaces and places where conventional traps won't go. Rear trigger pan and spring-loaded front door mean a captured gray squirrel has plenty of room to turn around. Made of sturdy 1/2" x 1/2" galvanized mesh. 10"L x 4"W x 4"H.

WCS52810 \$32.50

Odorless Skunk Trap (Spray Control)

The "Odorless Skunk Trap" is constructed of round 6" PVC pipe, which means that when a capture is made the skunk is fully enclosed and out of view. The design

minimizes the likelihood that the skunk will spray. The trap has a gravity-activated door which is easy to set. Can be set flush mount against an opening as the door functions vertically. A slide back door is great for releasing animal and when baiting. A great solution when you need to remove skunk from a property, with an added bonus that it doesn't even look like a trap.

WCSRCSNKTRP \$54.95

WCS Specialty Live Traps (continued)

No-See 'Um™ Chimney Trap

This is the best trap we've found for coons! The No-See 'Um fits right down the chimney flue, hidden from sight. Raccoons climb up and through the passive door of the trap, triggering a wire and locking the door behind them. A visual indicator allows checking it from the ground. Made of 1" x 1" galvanized mesh for years of service. End doors have sturdy 10.5 gauge 1/2" x 2" mesh, with flange at bottom. Fits 9 x 13 and 13 x 13 flues.

WCSNOSEE \$169.95

Chim Trap™

Trap stubborn coons on their way out to dinner. Placed over the chimney flue, this trap combines a vertically set trap with a double gate-locking door. With no place else to go but in, raccoons trip the trigger and are stuck for good. Quick and easy to set, with no complicated springs or wires and no bait required. Works vertically or horizontally and can fit all size flues, round or square. (a plywood base plate may be needed for larger flue openings) 15 gauge steel, with 14 gauge 1" X 1" galvanized mesh. 36" x 10" x 12"

KBCHIMTRAP \$189.95

The Coontroller™

An industrial strength exclusion device designed to allow raccoons to leave a structure but not allow them to return through the original access point. Appropriate for use when raccoons are in an attic, chimney or underneath an enclosed shed or deck. The excluder features a unique cam locking double door that allows wildlife to push through to gain access to the outside, but locks behind them so if they try to re-enter, they are stopped cold. The Coontroller is 17" x 8" x 8" and is constructed of 1" x 1" galvanized 14 gauge wire mesh. Also effective for groundhogs, skunks, feral cats, armadillo and other similar sized animals. Note: This is not a trap; it allows animal to leave but not re-enter.

KBCOONTLR \$78.95

Large Pigeon Trap

Just call it the Pigeon Hilton. Our extra-large trap holds 45-60 birds and comes in 7 convenient panels. Extra panel can be used as a separator when removing birds. 8 non-stick bobbin-type doors (4 each end), plus 1 large cleanout door. 14 gauge wire, 1" x 2" mesh. 4'L x 3'W x 2'H.

WCSPT \$169.95

WCS Tip – place on flat roof or plywood and bait with whole kernel corn to avoid attracting smaller birds.

Scan for Video

captured birds. Holds 6-10 birds. 24"L x 12"W x 7"H.

WCSPGLP \$36.95

Pigeon Trap

(LOW PROFILE)

Perfect for tight spaces (ledges, patios, billboard catwalks – you name it). 2 bobbin-type doors have unique "feet" that prevent jamming and 1" x 1/2" mesh that prevents hawks from feeding on

Wooden Bird House Trap for Sparrow

A spring-loaded door snaps shut when the sparrow lands on a perch below the opening. A convenient fluorescent orange sticker on the door shows you if it's been closed. Trap inside is detachable. Remove birds promptly.

NWSSTWH \$38.00

Scan for Video

Sparrow Sled Live Trap

A unique solution for use in "big box" retailers, factories and hangars. When suspended from rafters, this trap's sled base allows for a landing spot (bait area) and keeps debris from falling on employees and customers. Front entry compartment has funneled door and cone funnel to back compartment, equipped with 2 water bottles for thirsty captured birds. Trap made of 1" x 1/2" mesh and measures 24"L x 12"W x 12"H. Sled measures 33"L x 13.5" 4"H.

WCSPWSLDE \$119.95

Multi-Catch Sparrow Trap

No fuss, no muss, no moving parts. Our super-sturdy Multi-

Catch Sparrow Trap has two entry points and a side release door. Just set in an area where sparrows are gathering and bait with seed or breadcrumbs. 8-10 bird capacity. 16"L x 12"W x 8"H.

WCSKSPWT \$34.95

"Starling Catcher™"

There is nothing like it on the market. This wooden trap contains 2 chambers for live capture. It measures 14.5H x 8W x 9D and is perfect for capturing those pesky starlings. A fluorescent circle helps to notify user once the trap has been triggered closed.

WCSSC-1 \$79.95

WCS "EZ" Catch Bird Trap

Proven to work, easy to use, safe for the birds – that's why we trust our EZ Catch Bird Traps. A spring-loaded gentle nylon net closes like a clamshell over

the birds when they trigger the bait pan, to trap them quickly and effectively. The metal mesh base frame is powder coated for rust resistance. Can be mounted on walls, buildings or placed in trees. Base and net are green to blend with surroundings.

WCSRC17 \$65.95

17" x 17" x 2.5" – (Woodpecker)

WCSRC24 \$77.95

24" x 24" x 2.5" – (Crow/Duck/Grackles)

WCSRC36 \$117.95

36" x 36" x 2.5" – (Duck/Chicken)

WCS "EZ" Catch Bird Trap with Remote Trigger

We took our effective EZ Catch Bird Trap and added

a unique remote trap trigger that provides an onsite, manned operation for selective capture. Rigorously field-tested, with a maximum effective range between 100'-150' and success up to 200' depending on terrain and interference. When you need to monitor capture and select specific targets, the EZ Catch with Remote Trigger is a powerful solution.

WCSRC36-Remote \$363.95

36"x36"x2.5" (ships at 90lb rate)

Wooden Rabbit Trap

If you've tried to get a rabbit into a wire cage you know it's no picnic. So we offer a unique all-wood, 3/4" pine box that makes trapping easier. As the rabbit walks up the incline to the bait, their weight tilts the wooden pan forward and the door closes behind them. We've included 1 oz. of pure Apple Essence as an attractor. 24" x 7" x 8.5"

WCSWRT \$54.95

Collapsible Turtle Trap

We got tired of lugging traps the size of refrigerators around. The result is a trap capable of handling the largest turtles,

but flat enough to stack in your truck or shed. Built extra-tough with 3 D-shaped hoops of spring steel and zinc-plated for rust-resistance, this trap won't roll in water and comes with spreader rods that hold it in its rigid "set" position. Durable net mesh is 2" square, with large funnel opening. A detachable bait bag hangs in the rear for ease of setting. Trappers confirm this one really works!

WCSNSTT-2 \$99.95

WCS Trap Accesories

Animal Proof Bait Baskets - 3 sizes

Animal Proof Bait Baskets are available in three sizes depending on the size cage trap you are using or animal you are targeting. These bait baskets can be hooked over any wire in the back of the cage trap and is suspended above and beyond the triggering pan.

WCSBB small	\$5.40
medium	\$5.90

Trap Dividers

Our custom Trap Dividers allow you to confine animals in the rear of a trap while preparing them for transfer.

Made from heavy duty steel rod and plated in yellow zinc chromate for rust protection. Available in 3 sizes:

WCSTD5	\$17.00
fits a 4" or 5" cage trap, 4.5"W x 7.5"H, 3/16" steel rod and has 1/2" tine spacing	
WCSTD8	\$18.50
fits a 9" wide and smaller cage trap, 7"W x 12"H, 1/4" steel rod with 1" tine spacing	
WCSTD12	\$20.50
fits a 12" wide and smaller cage trap, 11"W x 14.25"H, 1/4" steel rod with 1" tine spacing	

Nose Cone for Raccoon & Skunk Sized Cage Traps

When the nose cone is placed over the front of a cage trap and anchored in place, using wire or plastic zip ties, it changes the position of the entry point to the bottom of the trap. This is a great addition to any cage trap, especially for catching animals inhabiting burrows.

Simply dig the front end of the trap with nose cone attached over the front of an animals den or burrow and the only thing that will be captured is the animal in residence when it tries to leave its burrow. It "forces" the animal up into the trap.

WCSNC01	Skunk Size	\$11.95
WCSNC02	Raccoon size	\$15.95

Gutter Grabber - Squirrel Trap Bracket

The Gutter Grabber is an aluminum gutter hook made to fit snugly over the lip of the standard aluminum gutter, and holds a 5" x 5" squirrel trap securely on the gutter. One required per trap. This ingenious gutter bracket eliminates the need for a custom platform or wiring the trap to the structure - a great timesaver for squirrel jobs!

NWSGXG01	
1-5	\$3.75
6+	\$3.50

Trap not included

Trap Dock for Squirrel Traps

The Squirrel Trap Dock is the perfect tool for mounting any 18" squirrel trap in almost any situation. The galvanized steel construction is durable and tough enough for pros to use over and over again. Keyholes on the sides and bottom allow for easy mounting to the sides or roof of almost any house. Additionally, the Squirrel Trap Dock serves as a trap cover, protecting the animal from the elements, and keeping it safely out of the view of passers-by.

TD1800 \$35.00

Remote Trap Monitoring!

Trap-Alert™ is a combination of hardware, software, GPS and wireless technologies that enables wildlife control professionals to actively monitor the status and location of traps through a web-based application. The Trap-Alert™ system significantly increases the efficiency of managing a large number of traps.

Multi-Trap Monitoring & Alerting

- A Trap-Alert™ module can be connected to existing trap inventory and is capable of monitoring up to 4 traps per module, alerting personnel when and where a trap has been triggered, through email or SMS notifications.
- With GPS technology, Trap-Alert™ provides a real time web-based mapping tool showing the location and status of each Trap-Alert™ unit resulting in greater efficiency, accuracy and certainty in routing field personnel for collection of traps and trapped animals.
- Sensor kits are available for virtually any type of trap including Cages, Flat-Sized Snap Traps, WCS™ Tube Traps, the Collarum™, Body-Grips and Foot-Holds. Call us to discuss your application.
- Each unit requires a subscription plan. Various terms available to meet your needs.

Popular Packages - Call for pricing and configuration options

Safeguard Products

Standard Front Release

Standard Slide Release

Universal

A favorite with Nuisance Wildlife Control Professionals, Animal Control Officers and Government Agencies. Safeguard has been in business since 1982 and offers a wide range of economical and commercial-grade options for professionals. Constructed with patented field-proven Galfan wire mesh that is much more corrosion resistant than galvanized wire. **Made in the U.S.**

Humane Cage Traps

With the exception of the 18" trap all others are made of Galfan corrosive resistant wire mesh. This revolutionary coating provides up to three times longer life than galvanized-after-weld wire. Before welding, the wire is dipped in an aluminum-zinc bath. During the welding process the zinc in the coating evaporates while the aluminum forms a new protective surface that makes the welded joints extremely resistant to corrosion. Over 24" sizes have 1" x 1" wire at the front and 1/2" x 1" wire at the rear protect the bait area. Additional features include; support rings on the rod between door and pan, spring loaded doors, hand guard and each is available with either a front release or slide release back door. Solid traps with size flexibility to meet your animal capture needs.

Safeguard Bird Traps

The Safeguard Pigeon traps are constructed of 1" x 1/2" -14 gauge galvanized wire with two sizes to provide flexibility to meet various bird control situations. If its smaller birds you're looking to capture, the Safeguard Sparrow Trap is another solution to help you out. Made of 1" x 1/2" 14 gauge wire mesh, it's extra large capacity and repeating funnel doors provides capacity for up to 40 birds. Two side hinged unloading doors allow for easy removal.

WCS Code	Description	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price
NWS53490	Pigeon Trap - 1 compartment, 8 doors	holds 12-15 birds	28"L x 24"W x 8"H	1" x 2"	14	9 lbs.	\$59.95
NWS53500P	Pigeon Trap - 3 compartment, 12 doors	holds 30-40 birds	84"L x 24"W x 8"H	1" x 2"	14	87 lbs.	\$134.95
NWS53835	Sparrow Trap - 2 funnel doors	holds 40 birds	24"L x 16"W x 10"H	1/2" x 2"	14	10 lbs.	\$104.95

Mouse and Rodent Traps

Very easy to use. This galvanized "Rodent Trap" is a live trap with a very sensitive trip mechanism for indoor and outdoor use. Great for chipmunk!

WCS Code	Description	Target Species	Dimensions	Ship Wgt.	Price	Case of 6
NWS53070	Rodent Trap Galvanized Metal	chipmunk, mice	10"L x 3"W x 3"H	1 lb.	\$16.50	\$91.95

The "Multi-Catch Mouse" is a galvanized live trap for homes, farms, warehouses, plants and businesses – no setting required. Effective one-way doors on both ends of the trap, can hold up to 15mice. Hinged cover with clear plastic viewing window for easy checking.

WCS Code	Description	Target Species	Dimensions	Ship Wgt.	Price	Case of 12
NWS53600	Multi-Catch Mouse	mice	10"L x 6"W x 2"H	1 lb.	\$9.25	\$99.95

The "EZ Set Live-Catch Mouse" is a versatile trap that can go virtually anywhere, including in or around any corner. Hinged in the center, the trap can be set in a standard box configuration or positioned straight, on an inside or outside corner or custom angle.

WCS Code	Description	Target Species	Dimensions	Ship Wgt.	Price	Case of 12
NWS54600C	EZ Set Live-Catch Mouse Trap	mice	10"L x 6"W x 2"H box 20"L x 3"W x 2"H straight	1 lb.	\$8.50	\$92.95

Animal Trap Scale

Here's a general guide on what size cage trap to use for various animals. Circumstances and animal sizes do vary, but this is a good **"rule-of-thumb"** starting point.

Target Animals	Trap Size
Chipmunk	16" Lx5"Wx5"H

Squirrel, Chipmunk, Rat	18" to 19" L 5" to 6" W 5" to 6" H
----------------------------	--

Rabbit, Skunk	20" to 24" L 7" W 8" H
---------------	------------------------------

Raccoon, Skunk, Opossum, Feral Cat	30" to 36" L 10" to 11" W 12" to 14" H
--	--

Target Animals	Trap Size
Raccoon, Woodchuck, Feral Cat	36" to 42" L 11" to 12" W 12" to 14" H

Bobcat, Fox, Dog, Jackrabbit	42" L 15" to 20" W 18" to 20" H
------------------------------------	---------------------------------------

Bobcat, Fox, Dog, Jackrabbit, Coyote	48" L 15" to 20" W 22" to 26" H
---	---------------------------------------

Large Dog, Coyote	60" to 72" L 20" W 26" to 28" H
-------------------	---------------------------------------

Tomahawk Live Traps

Made in the U.S.

TLT108

Original Series: Rigid Traps with One Trap Door

These professional-grade, heavy-duty traps operate reliably in practically any situation – even upside down! All styles have a fast spring-loaded V door with automatic locking that activates as soon as the animal steps on the rear trip pan. A special locking system and heavy trap door reinforcement stops captures from forcing the door open, even if trap is upside down. Super-tough frame is welded with galvanized steel rods for extra support and endurance and bait areas are welded with galvanized ½" x ½" wire mesh openings to prevent animals reaching in from outside. Most styles are equipped with a galvanized sheet under the safety handle to

Original Series: Rigid Traps with One Trap Door and Easy Release Door

Makes baiting, animal removal and resetting ten times easier than with fixed entries. These Transfer traps use the same rock-solid and innovative construction as the Single Door traps, with the added convenience of a rear sliding door. The sliding door offers easier and safer animal releases because you can stay well clear of striking distance. No more reaching inside to bait beyond the trip pan either!

Original Series: Rigid Traps with Two Trap Doors

Features the same sturdy frame and construction as Tomahawk's proven single door traps, with an extra door for twice the effectiveness. In their set position, double door traps have no wires or doors to obstruct the animal's view and allow entry from either end, improving capture chances. Trip pan is located in middle of trap and, once activated, shuts and locks both doors. If desired, the Double Door can be set in single door position, making it a versatile option in the field.

Tomahawk Live Traps (continued)

Original Series: Collapsible Traps

For professionals with high volume and tight storage needs. Made in the same durable fashion as all the other Original Series traps, the Collapsible folds flat and sets up in seconds, and requires only 1/10 the storage space of its siblings. Available in both Single Door and Double Door models - completely assembled and ready to use.

Professional Series Traps

Tomahawk Professional Live Traps are the strongest, most durable, and most effective traps available. These traps surpass the legendary Tomahawk "Original Series" traps when it comes to toughness. They feature a very strong frame with tighter mesh and heavier gauge wire. The construction prevents animals from reaching through from the outside to steal bait and also prevents trapped animals from reaching outside to damage surroundings.

Comstock Series Wire Triggered Traps

- **Super strong coil springs.** Powerful trap doors instantly snap into place when the trap is triggered. This prevents animals from backing out when the trap fires.
- **Function In Any Position.** Can be set standard, upside down, sideways, or vertically. Locking trap doors prevent animals from escaping, even if the trap is flipped upside down.
- **No Trip Pan To Avoid.** Trap is triggered by a swing bar push through wire trigger mechanism which allows you to capture the most trap shy animals.
- **Standard and Heavy Duty Series.** Both are powder coated and available in the four styles below. These are incredibly strong traps, will last for years, and will stand up against the strongest critters.

All traps are 9"W x 11"H with ½" x 1" wire mesh and are available in 18", 24", 30" and 36" lengths		Standard (14 gauge wire) Code	Price	Heavy Duty (12 gauge wire) Code	Price

Comstock Beaver Trap

Custom Cage Live Beaver Double-Door Trap is one of the most versatile live beaver traps on the market. It can operate on land, in water, or entirely submerged underwater. The CCC Beaver Trap can be set in channels underwater and is fully effective when set both sideways or upside down because of the double spring-loaded doors. The wire trigger eliminates the possibilities of beavers "skipping" over a pan. The trap features a durable construction of 2" x 2" wire with handles for convenience.

One-way Door Excluders

Remove unwanted animals from homes and buildings without trapping! Simply attach the Excluder's 4 moveable wings to the exterior of the building to surround the rodent's access hole. As animal exits, it pushes its way through the one-way spring-loaded automatic door, locking itself out of the building. For trapping and counts, the rear sliding door model is available with extra holding room. Attaches with screws or nails (not included).

WCS Code	Description	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)

Tomahawk Rodent Removal Kits

Let the critters remove themselves with the Tomahawk "Squirrel Pack" systems. Each kit consists of one excluder and two repeating traps. Slide one of the repeating traps over the excluder and hook into place. As critters exit, the excluder will direct them into the repeating trap. To remove trapped animals, unhook the repeating trap and replace it with the other one included with the kit.

Tomahawk Live Traps (continued)

Bird and Pigeon Traps

Bird control simplified. Unique funnel design of double trap doors encourages birds to move forward toward the bait until they've locked themselves in. Tomahawk suggests building a platform 5-6 feet above the ground with 6-8 inches beyond the trap for perching, then pre-baiting before introducing trap. Pre-assembled with small wire mesh openings, the Pigeon Trap is available in both folding and rigid versions.

WCS Code	Description	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
TLT502	Double Door Folding Pigeon Live Trap	24"L x 16"W x 12"H	1" x 1"	14	9 lbs.	\$72.95	\$66.40
TLT502R	Double Door Rigid Pigeon Live Trap	36"L x 16"W x 12"H	1" x 1"	14	80 lbs.	\$72.95	\$66.40
TLT503	Double Door Ridge Grackle Live Trap	36"L x 16"W x 12"H	1" x 1"	14	46 lbs.	\$47.25	\$43.00

Directional Nose Cones

Point your target species in the right direction. Set over the holes of animals that have burrowed into trees, buildings or underground, nose cones force the animal into a live trap at the opposite end. Can be used with almost every Tomahawk Live trap. When using with a Rigid trap, nose cone opening should be ½" to 1" larger than trap opening. With Collapsible, nose cone opening should be 1" to 1½" larger.

WCS Code	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
N35	7"L x 4"W x 4"H for M35, E30	½" x 1"	16	2 lbs.	\$15.50	\$14.20

Tru-Catch

Tru-Catch Traps

Cage Traps

A favorite of animal control departments, humane societies and other organizations seeking the most humane way to capture or relocate lost pets, feral animals and wild critters that wander into urban areas. Traps are quiet and contain no dangerous springs or hinges, and feature a durable powder coated finish. Tru-Catch traps are proudly made in South Dakota.

Dura-Poly Plastic Catch

Great for trapping skunk or raccoons in attics. This easy-to-set, solid-walled plastic trap with galvanized steel door minimizes the chance of captured wildlife damaging the space outside of the trap by pulling in debris. Made in Canada, each high grade trap is super heavy-duty and comes in white only. Skunk trappers love 'em!

NWS924W \$71.95

Skunk 9" x 9" x 24"

NWS1232W \$80.95

Raccoon 12" x 12" x 32"

Havahart

A trusted and amateur-friendly brand for over 60 years. All Havahart traps are made of sturdy wire mesh that is galvanized to resist rust and corrosion.

Raccoon, 1079 - 32" x 10" x 12"

NWS1081 \$70.00

Fox/Small Dog, 1081 42" x 15" x 15"

Havahart Easy Set Live Animal Cage Traps

This unique and innovative design enables this trap to be SET with one hand. Simply pull back on the lever located on top of the trap and the door is raised and locks in position. When an animal steps on the triggering pan the door is released and is securely closed. This trap is constructed of high-tensile wire mesh, making the trap more durable without making it heavier.

NWS1084 \$39.99

For rabbits, squirrels, skunk, mink and similar sized animals

NWS1085 \$56.95

For raccoon, armadillo, woodchuck, opossum and similar sized animals

Comstock Beaver Trap

The Comstock Custom Cage Live Beaver Double-Door Trap

is one of the most versatile live beaver traps on the market. It can operate on land, in water, or entirely submerged underwater. The CCC Beaver Trap can be set in channels underwater and is fully effective when set both sideways or upside down because of the double spring-loaded doors. The wire trigger eliminates the possibilities of beavers "skipping" over a pan. The trap features a durable construction of 2" x 2" wire with handles for convenience.

CB39DD \$229.50

KORO Live Beaver Trap

Shut them up tight. The KORO trap's "clamshell" style construction has been in use since 1932 and enjoys many satisfied customers. Suspended from two metal fence posts, with one closing surface parallel to the bottom, this trap is very adaptable to high and low banks, swift or shallow streams, etc. And because the trap is off the bottom, you don't have to worry about it sinking in the mud. All-aluminum frame will last a lifetime.

NWSKT04 KORO Live Beaver Trap \$379.95

NWSKT05 \$55.00

Replacement Springs (pair)

NWSKT09 \$55.00

Replacement Chain Link Kit

Tomahawk Bailey Beaver Trap

Pack up beavers safely and humanely in the Bailey's suitcase-like trap. Mesh frame is made of chain link fencing, with aluminum base bar and cross bar for years of service. Trap closes firmly as beaver swims over and trips its T-bar. Once sprung, half of the trap remains in the water and half out, keeping the beaver unharmed and allowing it to breathe. After removal, trap can be reset immediately. (39 x 21) Galv Chain Links.

TLT801 \$378.75

Wickencamp Cage Traps

One of the most heavy-duty traps on the market today. Constructed by hand in the heartland with an incredible 12 gauge wire and 1/4" rod, these extra-tough traps are made to handle the most aggressive raccoon. Gravity door provides for quick release of non-target species. Owners boast years and years of hard use and they're still holding up!

NWS121030-302 \$58.25

Raccoon size, 12" x 10" x 30"

NWS81028-28 \$48.00

Skunk/Raccoon, 8" x 10" x 28"

NWS81028-28ADC \$52.00

Body Grip Traps

In those situations when live capture is not practical, you want products that enable a quick and humane death. Single springs, double springs, unique triggers, square or round, we have the variety and the ideas for effective

WCS's popular answer to pesky squirrels – now new and improved! Powered by a beefy double torsion spring, our 21-gauge steel Tube Traps work both baited and unbaited. Curious squirrels can't resist them. Use the regular style wherever squirrels are a problem. When a lethal capture is made, the squirrel is hidden from public view. Measures 4.5" diameter, 15" long. Note: This is a lethal body grip trap.

RK Trapline Super Bear Traps

R.K. Trapline Super Bear Traps

660 SuperBear is a modified 330 bodygrip trap. The width of the trap has been increased to 26" using 1/2" steel rod and the dog and trigger assembly has been replaced to accommodate the larger diameter jaws. The factory trigger has been beefed up and is tension adjustable via a nylon tipped screw. These traps close extremely tight.

Stainless Steel Body Grips

Stainless Steel Body Grip Traps

Never worry about corrosion again! Completely stainless steel, right down to the trigger wires. These custom-made traps, originally designed for the fur trapper in salt marshes, are great for squirrels and have a unique trigger latch with positive locking dog.

Description & Species	WCS Code (add - # for qty)	Each (-1)	Dozen (-12)
Stainless Steel Body Grip 4" x 3" for squirrel, rat (smaller than #55)	WCSSNJ044-SS	\$8.95	\$89.95

Foothold Traps

CDR Foot Hold from Adirondax Manufacturing

The CDR 7.5 is one of the best foothold traps on the market for Beaver. As implied, this trap has a 7.5" jaw spread, including the jaw thickness. **Legal in NY State as when measuring with its specification, trap is 7 1/8" jaw spread.**

	WCS Code (add-# for Qty)	Style	Each (-1)	Six (-6)	Dozen (-12)
A	NWSCDR75	Original	\$33.95	\$203.70	\$390.00
B	CDROS	Offset	\$36.50	\$219.00	\$420.50
C	CDRLAM	Laminated	\$37.25	\$223.50	\$427.00
D	CDROSLAM-1	Offset Laminated	\$38.50	\$231.00	\$441.00
E	CDRPAD	Padded	\$48.75	\$279.00	\$540.00

KB Manufacturing Foot Hold

The KB Compound 5.5 Predator Trap is built the way a trap should be, ready to go "out of the box!" This is a totally unique design with features not found on any other trap on the market today. The KB Compound 5.5 with 1/4" offset has a 5 3/8" inside jaw spread, and a 6 1/8" outside jaw spread.

The 4 coils of this trap act as the shock absorber, as the animal pulls the jaws slightly compress increasing the holding power, as the animal relaxes, so do the jaws. A very unique feature! Available in Standard, Laminated or Padded jaw models.

WCS Code (add-# for Qty)	Style	Each (-1)	Six (-6)	Dozen (-12)
WCSKBCOR	Standard Offset	\$26.95	\$147.95	\$269.95

Mountain Lion & Wolf Traps

	Model	Description	WCS Code	Each
A	CDR 7.5 Wolf Trap	The CDR 7.5 WOLF Trap has a 7.5" jawspread with a .25" offset. The jaws are fully laminated (TIG). The CDR 7.5 WOLF has four powerful coilsprings and wire levers which makes it extremely fast. It has a Paws-I-Trip Step Down Pan System with an extra heavy dog with a dimple, so when you pull the pan into position you can hear an audible "click"! The CDR 7.5 WOLF comes baseplated with a heavy duty D-ring on the bottom and comes complete with a wolf swivel for ease of attaching a chain, etc. Chain not included.	NWSCDRWOLF	\$55.00
B	Sterling MJ-800 Coil Spring Trap	The MJ-800 features cast jaws with 3/8" offset, positive locking hooked ends, heavy duty 1/4" D-Ring and heavy duty swivel. The single rod lever holds both jaws down utilizing a unique jaw rod system that eliminates a fold over dog which allows for a superior catch rate and eliminates problems associated with a dog. This is a top quality wolf and mountain lion trap.	MJ800	\$134.75
C	MB-750 Alaskan Wolf & Mt. Lion Trap	The MB-750 "WOLF" has a heavy frame and jaws, plus extra heavy music wire springs and a super heavy-duty wolf swivel with welded rivets coming off the D-Ring baseplate. Offset jaws with 3/16" thick x 1/2" wide flat lamination strips. Chain not included.	MB-750Wolf	\$33.95
D	#9 Bridger Brawn Wolf Trap Rubber Jaw	The #9 Bridger Brawn has a 9 1/8" jaw spread from outside to outside jaws. This trap is offset with rubber jaw inserts, and can be used as an offset or rubber jawed trap. It has four extra heavy duty springs and is heavy base plated and center swiveled with an extra heavy duty D-ring. Excellent for wolf, mountain lion or larger sized animals. Very powerful. Chain not included.	BB9WRUB-1	\$94.95
not pictured	#9 Bridger Brawn Wolf Trap Laminated Jaw	The #9 Bridger Brawn Wolf Trap with offset laminated jaws. The Brawn's unique spring design incorporates an acceleration ramp to speed the jaws up.	BB9WOL-1	\$86.95
E	Koro Wolf	The Koro Wolf Trap is a powerful and strong trap capable of handling the largest wolves, mountain lions and other large predators. Made in Canada for the serious trapper, the Koro is equipped with four coil springs made with top quality North American spring steel. and laminated jaws measuring 8.5" x 9" inside diameter with a 1/4" offset. Dog Proof (Species Specific) Raccoon Traps

Model	Description	WCS Code	Each	Six	Dozen
A Bandit Buster	Highly effective on dry land placed vertically in the ground, and as a pocket set at water's edge placed horizontally into the bank.	WCSDPBB	\$9.95	\$55.95	\$107.95
B Bridger T3	Features integral stake, heavy duty machine chain with swivels, bracket attached to spring to aid in setting, ring trigger, and strong music wire spring.	WCSBDPT3	\$12.95	\$71.95	\$139.95
C Coon Cuff	Simple to use & highly effective. Solid steel construction, 2/0 double loop chain and an MB crunch proof swivel. This trap has a 2 inch opening and a trigger that fires when pushed back.	WCSCC	\$16.95	\$95.95	\$187.95
D Coon Dagger	A push-pull trigger reduces bait theft by a 12-to-1 margin over conventional pull-only type traps! No more bait clean-out with no catch! Can be pre-set and pre-baited in safety position, saving time on the line.	WCSCD01	\$14.95	\$87.95	\$164.95
E Duffer's Raccoon Trap	One of the smallest dog proof coon traps on the market. This trap comes double swiveled and does not require any special tools for setting.	NWSDUF01	\$19.00	\$111.95	\$216.00
F Duke Dog Proof	Fully enclosed dog proof design with powerful coil springs, sensitive trigger system & straight spade stake. Now with a powder coated brown finish.	DukeDPT	\$12.95	\$71.95	\$139.95
G Freedom Brand FB1	Quick set design make setting this trap fast, comfortable and easy. Trigger and dog design of allows trap to fire when the trigger is pulled or pushed.	FB1DP	\$13.95	\$76.95	\$149.95
H Freedom Brand FB2	Traditional style dog proof raccoon trap that features a strong music wire spring, a sensitive trigger system, and an innovative staking system.	FB2DP	\$12.95	\$71.95	\$139.95
I Soup can	You supply the body using a standard soup can which protects the body and components! Easy to set. One-way push trigger.	WCSSCC	\$10.95	\$54.95	\$124.95
J Sterling Grizz	Completely self-contained. Trigger is adjustable for different baits. Fastest setting procedure ever – the exclusive "Twistloc Anchor System" makes it possible for the Grizz to be placed practically anywhere.	WCSSGRIZ	\$17.95	\$99.95	\$184.95
K Z-Trap	Stabilizer stake allows you put Ztraps where the coon are like in rocks near waterways, inside concrete or steel culverts, in bridge pilings, or frozen ground. Cross fire push or pull trigger. The Ztrap comes powder coated in brown or white.	White WCSZTW Brown WCSZTB	\$13.95	\$76.95	\$149.95

TRAPPING SUPPLIES

Pack Baskets & Bags

The Loring Pack Basket

The world's strongest and toughest made pack. Fashioned after the traditional North American pack baskets made of ash, these packs are crafted by hand from synthetic materials and fastened with stainless and nickel hardware. Built to last, Loring Packs promise years of hard use without ever cracking, rotting, staining, or mildewing. The "Ultimate Trapper" model features padded shoulder straps and a scent lure pouch.

Code	Description	Price
A Loring-Orig-24	Loring Pack Basket - Original - 24" Black or Green/Black	\$109.95
B Loring-Trapper-22	Loring "Ultimate Trapper" Pack Basket - 22" Green/Black	\$147.97
C Loring-Orig-22	Loring Pack Basket - Original - 22" Black or Green/Black	\$99.95

John Graham Fur Country Badlands Heavy Duty Canvas Bag

Features: Large 2 gallon capacity in main pockets, two outside pockets, inside pockets for covers, screens, tools, etc. Two sturdy handles make carrying easy. Just the ticket for land trapping fox, coyote, moles, rodents, etc.

WCSBBAG \$29.95

John Graham Fur Country Coon River CarryAll

This bag is made on the same basic design as the Badlands Bag - 2.5 gallon capacity, 2 large inside pockets, and sturdy handles. An inside middle divider has been added to keep bait jars, lure, etc., separate from tools and traps. This bag is made super tough "poly-vinyl" which is what truck tarps are made of. The CRC is green in color, and is easily washed.

WCSJGCRCI \$36.00

John Graham Fur Country Trappers Trail Pack

Made of Heavy O.D. Green canvas Just the ticket for Beaver Trappers. Adjustable Shoulder Straps. Carrying Handles Straps. Great for Snaring.

WCSTTP \$48.50

Fiber-Tuf Packbasket

Fiber Tuf pack-baskets are constructed of durable fiberglass and were made with the beaver trapper in mind. The opening of the basket is especially wide for easy carrying of 330 bodygrip traps. Comes complete with a harness. Two models available; one with a pouch or compartment on the rear of the basket for carrying lures, pliers, etc.; and one without the compartment. (17L x 13W x 18D)

FTB-WP with Pouch \$79.95
FTB without Pouch \$72.95

TRAPPING SUPPLIES

Gauntlets & Gloves

A Dot Grip Gloves**WCSBDWG1 \$2.25/PAIR**

Cool and comfortable, these economical gloves are excellent for land trapping. They are also an excellent warm weather work glove.

B 12" Waterproof Super Flex Gloves**WCSFNG \$3.95/PAIR**

These 12" waterproof gloves have a fabric liner and a good gripping surface making them good for both land trapping and for trapping in shallow water.

C Knit Wrist Waterproof Gloves**WCSBFGK \$3.95/PAIR**

Knit wrist, coated, waterproof and reinforced with neoprene to allow them to be flexible even when cold.

D Palm Dipped Lightweight Gloves**WCS546M WCS546L WCS546XL \$3.95/PAIR**

An excellent warmer weather land trapping glove. They are also excellent for providing extra warmth when worn inside uninsulated water trapping gauntlets. Available in Medium, Large and X-Large.

E Palm Dipped Medium Weight Gloves**WCS524M WCS524L WCS524XL \$4.95/PAIR**

An excellent mild weather land trapping glove. They offer more cushioning protection and the thumbs are fully coated for added protection. Available in Medium, Large and X-Large.

F Palm Dipped Winter Lined Nitrile Gloves**WCS555M WCS555L WCS555XL \$4.95/PAIR**

A glove within a glove! Nylon knit outer shell with a full knit brushed hi bulk acrylic liner for cold weather warmth. Fully coated palm and thumb with a 3/4 back coating of foam nitrile. Water resistant. Great flexibility and dexterity for cold weather use. Precurved design for better fit and comfort and less hand fatigue from use! Elasticized cuff keeps out the cold. Available in Medium, Large and X-Large.

G Edmont Wilson 12" Fox Trapping Gloves**WCSFNG1 \$6.95/PAIR**

These gloves are flexible and comfortable, but are tough enough to be an excellent land trapping glove.

H 18" Elbow Length Gloves**WCSBSG1 \$7.95/PAIR**

18" elbow length gloves with a fabric liner and a good gripping surface. Very flexible. Popular water trapping glove.

I Jomac Full Length Non-Insulated Gauntlets**WCSJG31 \$24.95/PAIR**

These full length gauntlets allow for excellent manual dexterity due to their lack of insulation and the high flexibility of the gloves.

J Bemac Full Length Insulated Gauntlets**WCSBICG \$26.95/PAIR**

These gauntlets come with an elastic strap to go behind your neck. The uppers are fabric lined, and the glove portion is insulated with heavy neoprene. The rough palm surface provides excellent gripping.

K "Gripper" Gauntlets**WCSMIGGG-L \$27.95/PAIR**

Designed and tested in conjunction with veteran trappers and commercial fisherman. Specially textured to provide a sure grip in all conditions. Rubber/neoprene – triple dipped. 31" length.

L WCS™ Full Length Insulated Trapping Gloves**WCSRG32 \$39.95/PAIR**

WCS™ Full Length Insulated Trapping Gloves are 32" long and a great water trapping glove. These gloves are constructed of rubber, not PVC or neoprene. They will not become stiff in cold weather. The hands are textured for a secure grip and the added sleeve grommets can be threaded for easy "over the shoulder" transport. These gloves are waterproof, rugged, and designed to keep you dry and warm.

M Polar Paw Full Length Insulated Gauntlets**WCSPP1 \$29.95/PAIR**

Polar Paw Full Length Insulated Gauntlets have fabric lined uppers and an elastic strap. These insulated gauntlets are extremely comfortable and provide great finger dexterity. The glove portion of the gauntlets are very flexible.

TRAP HARDWARE

Body Grip Accessories (Triggers, Coni-Pans, Brackets, Add-ons)

Bolt-On Body Grip Replacement Triggers

Bolt-on body grip replacement triggers are easy to install and they work on all brands of body grip traps.

WCSBO110 #110/#120 \$1.05/ea. \$11.95/doz.
WCSBO160 #160/#220 \$1.10/ea. \$12.00/doz.
WCSBO330 #330 \$1.20/ea. \$12.95/doz.

Hardwood Body Grip Pans

Minimize body grip trap avoidance. Slide the trigger wire through the pre-drilled holes in the hardwood pan, bend the trigger wire over to hold the pan on and you're ready to set the trap. Works on all sized body grip traps (#110/#120 may require sanding)

WCSHWP110 #110/#120 \$1.95/ea. \$19.95/doz.
WCSHWP160 #160/#220 \$2.25/ea. \$20.95/doz.

Barker's Coni-Pans

Coni-Pans are very effective and very easy to install. Simply bend the trigger wires over and clip the pan on. There are no trigger wires hanging down to cause the animal to shy away.

WCSBCP-1 #110/#120 \$8.95/doz.
WCSBCP-2 #160/#220 \$9.95/doz.

Beaver Bait Trigger

Forget wiring bait bundles and positioning bait – this new and improve trigger helps you quickly, easily and SAFELY make a bait set. Simply "screw" a piece of bait (poplar) onto the trigger or clip and let the jaws of your body grip trap hold the Beaver Bait Trigger in position, forming a friction fit. When the animals attempts to take the bait from either direction, the trap fires. And a nickel-plated ring holds the trigger onto your trap so you'll never lose it.

WCSRC008 Pack of 6 \$13.95

Sullivan's Circle Triggers

These triggers help reduce "trigger avoidance" frequently encountered with regular V shaped triggers. The round opening provides an attractive pathway for the target animal. They are made of heavier gauge wire to resist bending. Each trigger comes complete with a two-piece bracket and bolts for quick and easy installation on your body grip traps.

NWSSCT-110 (-1) (-12) \$1.10/ea. \$12.50/doz.

ADAX "Terminator" Body grip Triggers

Comes with a bolt-on assembly that is tension adjustable. Trigger wires are stainless steel which makes them impervious to acidic and salt water and are plated for added protection and camouflage purposes. These trigger wires can be bent and straightened numerous times without breaking. The #220 Terminator model has 6" trigger wires. The #330 Terminator model has 8 1/2" trigger wires – longer than most replacement triggers currently on the market.

WCSTT220 #220 \$2.50/ea. \$22.50/doz.
WCSTT330 #330 \$2.80/ea. \$23.50/doz.

ADAX "Bulls-Eye" Replacement Triggers

Bulls-Eye Replacement Triggers are made of heavy duty stainless wire (.104) and complete with the hardware to replace your stock trigger. These stainless trigger wires are factory plated for added protection and camouflage. Will withstand years of use without breaking. The #220 Bulls-Eye "circle" has a diameter of 4.5", and the #330/#280 has a diameter of 6.5".

WCSBET220 #220 \$3.00/ea. \$27.00/doz.
WCSBET330 #330/#280 \$3.00/ea. \$27.00/doz.

MB Body Grip Combo Triggers

Combo triggers come with an extra heavy duty one-piece crimp-on bracket with one hole in the center. You can use either a rivet or a bolt and nut, both of which are included.

WCSMB110 #110/#120 \$1.10/ea. \$11.95/doz.
WCSMB220 #220 \$1.15/ea. \$12.50/doz.
WCSMB330 #330 \$1.25/ea. \$13.25/doz.

Oneida Victor Conibear® 4-Way Replacement Triggers

WCS4W110 #110/#120/#160 \$1.05/ea.
WCS4W220 #220/#280 \$1.25/ea.
WCS4W330 #330 \$1.35/ea.

Barker's Coni-Mount Brackets

These brackets are used to hold body grip traps of all types. They're made of formed steel and have three holes located in the center to allow fast, easy fastening to any wood surface.

Code	Style	Traps	Price	
			Each	Dozen
WCSBCM1	Coni-Mount I	#110/#120	\$1.50	\$14.50
WCSBCM2	Coni-Mount II	#160/#220	\$1.75	\$16.95
WCSBCM3	Coni-Mount III	#280/#330	\$2.50	\$23.25

MB Coni Bracket

The MB Coni Bracket is a handy little bracket that can be nailed to a tree, board, rafter, floor joist, or welded on a stake or lag bolt. When nailing to wood, just bend the flange down with pliers and you have two holes to nail through. Fits 110, 120, 160 & 220 body grip traps. Except Belisle.

Code	Style	Traps	Dozen	Hundred
WCSCMB	MB Coni-Bracket	#110/#120/#160/#220	\$8.95	\$47.95

As I always tell everyone who will listen and post on blogs and Facebook, WCS gives us the tools to be true professionals and WCS is the best. Your quick response shows just that. – Charles H., OH

Chains

Double Loop Chain

For use on smaller traps when the primary target animals are mink and muskrat. Working load limit 255 lbs.

WCS2TLC-1 #2-0 \$0.40/ft.
\$2.95/100 ft.

For use on larger traps. This is the chain that comes standard on most Victor traps from #1.75 up. Working load limit 305 lbs.

WCS2TLC-12 #3-0 \$0.50/ft.
\$28.95/100 ft.

Straight Link Imported Chain

For use on smaller traps when the primary target animals are raccoon, fox, etc.

WCS2SLMC #2 \$0.52/ft.
\$47.95/100 ft.

For use on larger traps when the primary target animals are coyote and bobcat.

WCS3SLMC #3 \$0.54/ft.
\$49.95/100 ft.

Straight Link Select Quality Chain

This heavy duty, top quality #2 & #3 straight link chain is tough enough to hold animals up to coyote size, and is the perfect size for fox, fisher and raccoon.

WCSMB2HD #2 \$0.59/ft.
\$55.95/100 ft.

WCSMB3HD #3 \$0.69/ft.
\$63.95/100 ft.

The #5 chain is for large coyote, wolf, mountain lion and wolverine, and is often used with drags as the chains weight will assist with keeping the drag on the ground.

WCSMB5XHD #5 \$0.80/ft.
\$69.95/100 ft.

Dogs

Bob Custer's "Top Dog" Replacement Dogs

Heavy duty replacement trap dogs that are coyote and beaver resistant. They will help to eliminate bent or lost dogs, saving time on your trapline Dog #1 - Universal trim to fit. Dog #2 - Off set universal trim to fit. Dog #3 - For #3 coil spring, #3/#4 Long Spring and Paws-I-Trip pans. Dog #4 - For #5 Long Spring, CDR and Paws-I-Trip Pans.

A WCSBC-1 #1 Dog \$0.95/ea. \$9.95/doz.
B WCSBC-2 #2 Dog \$1.05/ea. \$10.95/doz.
C WCSBCUD #3 Dog \$1.05/ea. \$10.95/doz.
D WCSBCCDR #4 Dog \$6.75/6 pack \$12.00/doz.

Foothold Pans & Replacement Springs

CDR Bobcat Pans

CDR "Bobcat Special" Expanded Trap Pan specifically made for retrofitting CDR Traps for bobcat trapping, as seen in Clint Locklear's Cat Collector DVD. The CDR "Bobcat Special" measures 5" wide x 4.5" L and is laser cut from durable 12 gauge steel. (Pan Only, Trap Sold Separately)

CDRBCS \$8.25

Paws-I-Trip "PIT" Pan Tension Kits

Attach easily to conventional traps to provide automatic tension. They provide an audible "click", minimal pan creep and virtually no pan wobble. Easily adjusted by bending the special dog up or down. Simple to install and require no special tools or welding.

PIT-01 \$4.95/ea. \$42.95/doz.

For most #3 & #4 long spring traps

PIT-07 \$4.25/ea. \$42.95/doz.

For #5 Bridger & #44 Blake & Lamb longspring traps.

PIT-09 \$3.25/ea. \$32.95/doz.

For #2 & #3 Bridger & Northwoods coil spring traps.

PIT-11 \$3.25/ea. \$32.95/doz.

For #3 Victor Soft Catch coil spring traps.

PIT-13 \$3.25/ea. \$32.95/doz.

For #3 Victor coil spring traps.

Barker's Mink Pans

Fasten onto the trap pan to increase the pan size. Greatly increase the chances of the minks foot hitting the pan. Extensive trapline testing has shown catches increasing by 80%. Buck mink travel long distances so you may only have one chance to catch them. Change your pan, and increase your odds!

WCSBMP1 Mink Pan I \$8.95/doz.

For #1 and #2 traps

WCSBMP2 Mink Pan II \$9.95/doz.

For #1 1/2, #1 3/4 & #2 traps.

4-Coil Springs for Bridger Traps (Pair)

Bridger coil spring traps come with long spring pins so all that is required to 4-coil them are these springs.

BR15-4CS #1 1/2 \$0.85/pair
BR165-4CS #1.65 \$0.90/pair
BR2-4CS #2 \$0.90/pair
BR3-4CS #3 \$0.95/pair
BR5-4CS #5 \$1.10/pair

4-Coil Springs for MB-550-RC

Made for 4-coiling MB-550-RC traps.

MB550-4CS \$0.95/pair

TRAP HARDWARE

J.C. Conner Taos Lightning Spring 4-Coil Kits

\$2.75/ea. \$24.95/doz.

Taos Lightning Spring kits are easy to install. The double torsion springs are made from the highest quality music wire available. The spring pin is made from high tensile steel and will not bend. Each kit also includes a heavy spring lock which makes it easy to slide the spring off or on depending on the ground conditions and the power you need at a particular set location.

WCSJC1TLK

Kit #1 For #1 1/2 Northwoods RJ & SJ, #1 3/4 Northwoods RJ & SJ, #1.75 Victor pro 2x2 and #1.65 Bridger.

WCSJC2TLK

Kit #2 For #3 Victor RJ & SJ (w/ 2 7/8" pin), #3 Victor Soft Catch, #3 Duke and #4 Victor Coyote 2 x 2 (w/ 2 7/8" pin).

WCSJC3TLK

Kit #3 For #1 1/2 Victor, #1 1/2 Victor Soft Catch, #1 1/2 Duke, #1 1/2 Bridger and #1 1/2 Blake & Lamb.

WCSJC4TLK

Kit #4 For #1.75 Victor Pro, #1 3/4 Victor Round Jaw, #2 Victor Round Jaw, #1 3/4 Duke and #2 Duke.

Call us for other Taos Lightning Spring Kits.

Quick Links, Lap-Links & Misc. Connectors

Tear Drop Rings

Handy connecting rings for use with body grip traps. No need for special tools. Place ring on trap spring, and push on. Place J-hook through small eyelet holes and attach chain. Works

best on 220's.

WCKBTR (-12) or (-100) \$4.95/doz.

Plated Option

WCSKBTR-12-plated \$6.95/doz.

Quick Links

Small 220 lbs. limit

1/8" steel, 1 1/2" L and

1/8" jaw opening.

Medium - 620 lbs.

limit, 3/16" steel, 2" long, and 5/16" jaw opening.

Large 880 lbs. limit, 1/4" steel, 2 1/4" L x

1" W. X-Large 1760 lbs. limit, 5/16" steel, 7/16" opening, 3" L x 1 5/16" W.

18QL-12 1/8" Small \$3.95/doz.

18QL-100 \$29.95/100 pack

316QL-12 3/16" Medium \$5.95/doz.

316QL-100 \$43.95/100 pack

14QL-12 1/4" Large \$6.95/doz.

14QL-100 \$44.95/100 pack

516QL-12 5/16" X-Large \$7.95/doz.

516QL-100 \$64.95/100 pack

Lap Links

The larger lap-links are for 1/2" stakes and the smaller Lap-Links are for 3/8" stakes. By using two lap links on your trap chain

you can cross stake at your set for greater holding power.

WCS38LL-12 Small \$3.50/doz.

WCS38LL-100 \$24.95/100 pack

WCS12LL-12 Large \$3.95/doz.

WCS12LL-100 \$29.95/100 pack

Heavy Duty Split Rings

Strong connecting links that can be used without tools or welding.

WCSSR-12 \$4.95/doz.

WCSSR-100 \$34.95/100 pack

Quick snaps

Quick snaps can be used in many different ways when constructing sets, where a quick hook-up is needed. Quick snaps are spring-loaded and thumb operated. Very convenient.

WCSQS-1 \$1.49 each

WCSQS-12 \$15.95/doz.

Spring Hooks

Spring Hooks measure 2 3/8" long x .25" in diameter and are

made of stainless steel. Very handy in many trapping situations for quick and easy attachments or anchoring.

WCSSH-12

\$4.75/doz.

WCSSH-100

\$34.95/100 pack

Quick Connectors

SHORT are used for anchoring to railroad plates, connecting two chains together, attaching drags to a trap or using inside bait stations when using a disposable anchor. Many uses. LONG are used for primarily water applications. Use a piece of cable and attach to a KB Stabilizer to convert to No-Loss. Attach traps to drowning rigs.

SHORT

WCSRC010-12 \$3.95/doz.

WCSRC010-100 \$17.95/100 pack

LONG

WCSRC010B-12 \$4.50/doz.

WCSRC010B-100 \$23.95/100 pack

Double Stake Links

Single or double staking made easy. Use with rebar or other rod to stake traps in place.

WCSDSL1-12 \$11.95/doz.

WCSDSL1-100 \$75.00/100pk

S-Hooks & J-Hooks

Standard S-Hooks

The light duty S-Hook (9 gauge) and the heavy duty S-Hook (3/16") both have

multiple uses on the trapline. The heavy duty S-Hook will fit over the end of a 1/2" drag or stake.

WCSLDH-12 Light Duty \$1.05/doz.

WCSLDH-100 \$7.95/100 pack

WCSRC002-12 Heavy Duty \$1.95/doz.

WCSRC002-100 \$12.95/100 pack

Mighty Hooks

Mighty Hooks are strong. These S-Hooks are made of tempered 3/16" steel.

WCSMH-12

\$1.50/doz.

WCSMH-100

\$10.95/100 pack

J-Hooks

Standard 3/16" J-Hooks

WCS316R-12

TRAP HARDWARE

Shock Springs

Paws-I-Trip "PIT" Inline Cushion Spring (Standard or w/J-Hooks)

The first in-line cushion springs of this style to be introduced to the trapping industry. Thousands sold since 1988 and are in use today by many satisfied trappers. Above in 3 pull weights.

Standard

WCSPIT35 \$2.20/ea. \$23.95/doz.
35lb. pull for smaller fur bearers, i.e. fox.

WCSPIT53 \$2.50/ea. \$24.95/doz.
53lb. pull for coyotes on short chains.

WCSPIT78 \$2.75/ea. \$25.95/doz.
78lb. pull for coyotes on long chains and larger sized animals.

With J-Hooks (see lb pull above)

WCSPIT35B \$2.50/ea. \$25.95/doz.

WCSPIT53B \$2.60/ea. \$26.95/doz.

WCSPIT78B \$3.00/ea. \$27.95/doz.

WCS P-I-T Inline Wolf Shock Spring (180 lbs)

P-I-T Inline Wolf Shock Spring, 5"L x 1" in

diameter, this spring is rated at 180 lbs. of compression. This spring will handle the largest of wolves.

PITILSW-1 \$7.95

Swivels

Multi-Purpose Swivels

Used as in-line swivels, single stake swivels and drowner locks. Comes with two #6 gauge J-Hooks.

WCSEMBES-12 \$4.50/doz.

WCSEMBES-100 \$35.95/100 pack

ST500

In-Line Swivels

All around universal 4-way swivels. Each ST500 swivel comes complete with 2 heavy-duty J-Hooks.

ST500-12 \$4.50/doz.

ST500-100 \$35.95/100 pack

MB Crunch Proof In-Line Swivels

The body of this swivel is much thicker than other swivels, making it virtually impossible for coy toes or other large animals to damage the swivel. Each swivel comes with two #6 gauge J-Hooks.

WCSEMBCP \$5.95/doz.
\$47.95/100 pack

Double Stake Swivels

Double stake swivels make it easy for you to use two stakes for cross staking at a set. Each comes with a 6 gauge J-Hook.

NWSBDSS \$6.95/doz.
\$45.95/100 pack

Single Stake Swivel

Single stake swivels work with 1/2" and 3/8" stakes. Comes with a 6 gauge J-Hook.

WCSSSHD \$5.95/doz.
\$37.95/100 pack

Box Swivels

Used as an in-line swivel or drowner lock. Each swivel comes with two 6 gauge J-Hooks.

WCSBOXSW \$5.50/doz.
\$39.95/100 pack

MB Heavy Duty In-Line Wolf Swivels

These heavy duty swivels come with 1/4" rivets and are excellent for use with any brand wolf & Mt. Lion trap. Rivets should be welded after closing.

WCSEMBWS-1 \$1.75/ea.

Stainless Steel #8 HD Bear Heavy Duty Swivel

Heavy duty in-line swivels, easy to change out equipment. Can be used for wolf, mt. lion, bear, etc. Secure threaded rods with a wire wrap.

WCSSBS-1 \$7.95/ea.

Fastening & Modifying

Coil Spring Tool

This tool makes it easier to insert spring ends behind the levers when modifying coil spring traps.

WCSCST1 \$2.00

Trap Jaw Tool

Helps you remove and install trap jaws. This is the tool used in Charles Dobbin's Traps, Equipment and Modification video.

WCSTJA-1 \$7.95

Trap Pan Adjuster

Fits all coil spring and long spring traps. You can use it to bend the cross frame of the trap where the dog attaches towards the center of the trap to lower the pan or away from the center of the trap to raise the pan. This tool is much easier to use than a flat head screw driver and gives a much more uniform bend to the cross frame.

WCSFHTPA \$13.95

#14 Drill Bit

Used to drill the pan post and pan shank of the traps so that they will accommodate a #10 bolt. This takes the "pan slop" out of factory new traps.

WCSHSD-1 \$1.95

Sullivan's Trap Tester

Easily and accurately measure the pan tension on foothold traps. 1 lb. to 4 lbs. in 1 lb. increments.

WCSSTT \$12.95

Heavy Duty J-Hook Tool

Ideal for opening and closing J-Hooks. This tool also works well on some styles and sizes of S-Hooks.

WCSJHT \$19.95

Trapper's Pliers

6" pliers with side cutters and flat jaws. Many uses for land lines, water lines and snare lines.

WCSTP1
\$6.95

Center Locators

PIT Center Locators

Paws-I-Trip center locators provide a very easy way to center swivel your traps. Low profile and require no welding. PIT-15 Center Locators are for traps with 1" baseplates and have a pull rating of 1,000 lbs. PIT-16 Center Locators are for traps with 3/4" baseplates and have a pull rating of 800 lbs.

WCSPIT-15 \$17.95/doz.

WCSPIT-16 \$14.95/doz.

PIT Swivels for Center Locators

Can be attached to any of a traps inline chain components, but they are mainly designed for use with PIT-15 and PIT-16 center locators. These swivels are completely closed and have no weld. They have a pull rating of 350 lbs.

WCSPIT-20-DOZ \$11.95/doz.

TRAPPING SUPPLIES

TRAP HARDWARE

Fastening & Modifying

J.C. Conner D-Ring

Base Plate Kits \$1.25/ea. \$13.95/doz.

- Kit #1** 3/16" x 3/4" and fits: #1 1/2 Victor, #1 1/2 Duke, #1 1/2 Northwoods, #1 1/2 Montgomery, #1 1/2 Montana Special, #1 1/2 Bridger, #1 1/2 Sleepy Creek, #1 3/4 Northwoods and #1 3/4 Sleepy Creek. **WCSBP1-1 WCSBP1-12/doz.**
- Kit #2** 3/16" x 3/4" and fits: #1.65 Bridger, #1.75 Victor, #1 3/4 Duke, #2 Victor, #2 Duke and #2 Herters. **WCSBP2-1 WCSBP2-12/doz.**
- Kit #3** 3/16" x 3/4" and fits: #2 Bridger and #3 Herters. **WCSBP3-1 WCSBP3-12/doz.**
- Kit #4** 3/16" x 1" and fits: #3 Victor Double Longspring. **WCSBP4-1 WCSBP4-12/doz.**
- Kit #5** 3/16" x 1" and fits: #2 Bridger, #2 Montgomery and #2 Northwoods. **WCSBP5-1 WCSBP5-12/doz.**
- Kit #6** 3/16" x 1" and fits: #3 Montgomery, #3 Montana Special, #3 Sleepy Creek and #4 Victor Double Longspring. **WCSBP6-1 WCSBP6-12/doz.**
- Kit #7** 3/16" x 1" and fits: #3 Victor, #3 Bridger, #3 Duke, #3 Northwoods, #4 Montgomery, #4 Herters and #4 Sleepy Creek. **WCSBP7-1 WCSBP7-12/doz.**
- Kit #8** 3/16" x 1" and fits: #5 Bridger and #44 Blake & Lamb. **WCSBP8-1 WCSBP8-12/doz.**

Additional D-Rings for J.C. Conner Base Plates

WCSDRING34 3/4" \$2.50/doz. \$17.95/100pk

WCSDRING1 1" \$2.95/doz. \$19.95/100pk

#10 Brass Bolts

1/2" B1024-50
(-12, -100) **\$2.75/doz. \$19.95/100 pack**

3/4" B1024-75
(-12, -100) **\$3.25/doz. \$24.95/100 pack**

1" B1024-100
(-12, -100) **\$3.95/doz. \$27.95/100 pack**

Used as a replacement for the nut/bolt that comes with many traps in order to get the play and slop out of the pan. Simply drill the pan post and pan shank with a #14 drill bit. Includes nut and washer.

Colony Trap Parts

J-Clip Pliers

For closing the J-clips used in the construction of cage traps and colony traps. Pliers have plastic sleeve grip handles for comfortable use.

JPL51612 \$18.95

J-Clips 5/16" x 1/2" Zinc Plated

These J-clips are the standard size used for making colony traps with 14 gauge or 16 gauge cage wire. Approximately 380 clips per pound.

J51612Z-1 1lb. **\$5.95**

J51612Z-5 5lbs. **\$27.95**

J51612Z-10 10lbs. **\$52.95**

Leather Sheath for Trapper's Pliers

Accommodates trapper's pliers and Heavy Duty J-Hook tool.

WCSTPLS1 \$4.95

Standard S-Hook & Rivet Tool

Used for opening and closing S-Hooks and J-Hooks. New heavier built tool.

LWSHT \$12.95

Heavy Duty S-Hook & Rivet Tool

Excellent for use in opening and closing S-Hooks and J-Hooks.

TNTHDSH \$31.95

TRAP PREPARATION AND TAGS

Dips & Dyes

Red Logwood Trap Dye

Red Powder dye turns traps black. Approximately 1 bag is needed for every 5 gallons of water. Directions are included with each bag. Packaged in 1 lb. bags.

WCSRTD 1 Bag **\$3.25**
5 Bags **\$14.95**
10 Bags **\$28.95**

Black Logwood Trap Dye

Dye turns traps a dark blue-black. Each 10 gallons of water requires approximately 1 bag of dye. Directions for use are provided on each bag. Packaged in 1 lb. bags.

WCSBPD 1 Bag **\$9.95**
3 Bags **\$25.95**
5 Bags **\$41.95**

Dakota Line Trap & Snare Dip

DakotaLine Trap & Snare Dip is a product that Mark Steck developed over a period of 7 years. This product has no tackiness, no petroleum products, is odorless and dries quick. This dip mixes with WATER, NOT gas.

WCSDLTDBLKQ-1 **\$12.75**
WCSDLTDBLKG-1 **\$31.75**
WCSDLTDBRNQ-1 **\$12.75**
WCSDLTDBRNG-1 **\$32.75**

Formula One Trap Kote

Mixed with water to produce an excellent finish for both traps and snares. Dries in a day or two, provides excellent protection for traps, and deodorizes both traps and snares.

NWSJD01 Black/Quart **\$17.95**
NWSJD02 Brown/Quart **\$17.95**
NWSJD03 Black/Gallon **\$56.95**
NWSJD04 Brown/Gallon **\$56.95**

Speed Dip Trap Dye

Speed Dip is mixed with white gas (WCS recommends white Coleman Fuel) to produce a lasting, protective coating on traps. Works well for water traps and land traps, and usually takes 2 to 4 days to dry.

NWSSD01-blk Black/Quart **\$9.95**
NWSSD01-brn Brown/Quart **\$9.95**
NWSSDD-Gal-blk Black/Gallon **\$31.75**
NWSSDD-Gal-brn Brown/Gallon **\$31.75**

Full Metal Jacket Trap & Snare Dip

Full Metal Jacket is a clear dip that wears like iron. You can dip over 60 footholds per gallon. No need to add anything. Odor free after 24 hrs. Seals in the odor and stops the rust from giving your equipment away. Great on old, new, painted, dyed or un-dyed traps and snares.

WCSFMJ Gallon \$24.95

All you need to keep
your traps in top shape.

Trap Wax

White Trap Wax

Excellent for use on traps used for both land and water trapping. Odorless.

NWSPWW	1 lb.	\$2.95
	5 lbs.	\$12.95
	10 lbs.	\$24.95

Black Trap Wax

Black wax is odorless and has special binding qualities. Used for both land and water trapping.

NWSPWBLK	1 lb.	\$3.85
	5 lbs.	\$16.95
	10 lbs.	\$32.95

Flake Wax

Has the consistency of granulated sugar. Spread dirt on a cookie sheet. Heat your sifted dirt by artificial means or use the solar during the offseason. Sprinkle Flake Wax over the dirt until a nice white covering, turn your dirt and repeat. Store your waxed dirt in containers with tight fitting lids.

WCSEW10 10 lbs. \$24.95

Blackie's Wax-B-Gone

Economical and effective at removing wax, etc. from traps. A liquid that mixes with water and is faster, easier and safer than using lye or Sani-Flush. Wax-B-Gone cleans traps thoroughly, including all cracks, bends, coils and crevices. One quart of Wax-B-Gone solution should clean 4-6 dozen 1 1/2 coil spring traps – depending on the condition of the traps.

WCSEWBG	\$10.95/Quart
	\$19.95/2 Quarts
	\$37.95/4 Quarts (Gallon)

Trap Tags

Zinc Write-On Trap Tags (25/pk.)

WCSCCWOTT-1	1 Pack	\$2.75
WCSCCWOTT-2	2 Packs	\$4.95
WCSCCWOTT-4	4 Packs	\$9.00

These zinc trap tags can be embossed with the requirements of your particular State or area. Simply write on the tags with a soft lead pencil. The information on the tags won't come off and will stand out more as time goes by. Tags come complete with copper wires to attach the tags to your traps.

Copper Trap Tags

NWSTT50	50 Tags	\$13.50
NWSTT100	100 Tags	\$19.00
NWSTT200	200 Tags	\$30.00
NWSTT300	300 Tags	\$37.00
NWSTT500	500 Tags	\$54.00
NWSTT1000	1000 Tags	\$88.00

Make your mark with these industry staple Copper Tags. These tags measure 2 1/4" x 1/2" and are soft enough to be wrapped around a cage trap, chain or snare cable. Tag are machined stamped – each tag must have the same wording. Tags hold 3 lines with a maximum of 19 characters or spaces per line. Legal in all states. Come with fasteners.

WCS has hundreds of products in stock ready to ship.

SET MAKING SUPPLIES

Anti-Freeze & Cover Hulls

WCS Flake Anti-Freeze

Sprinkle in the dirt when making your sets, and give a lasting sprinkle over entire set when finished.

WCSFAF \$2.25/1 lb.
\$10.50/5 lbs.
\$19.95/10 lbs.

Propylene Glycol

Works well as an anti-freeze at sets by spraying on dirt.

NWSPB3 \$5.95/16 oz. \$23.95/gallon

Andy Stoe's Cover Hulls

Pure and odorless. Used the same as you'd use dirt when making sets. Excellent during freezing weather. Approximate weight is 22 lbs.

WCSBH01 \$21.95

Pan Covers & Trap Covers

Fiberglass Pan Covers

Keep dirt out from under your trap pans so that the traps fire freely. These fiberglass pan covers are cut to size, free of odors and ready to

use on your trapline right out of the package.

WCSPC1 #157 Round for #1 1/2 trap	\$3.25/24 pack
WCSPC2 #175 Round for #1 3/4 trap	\$3.25/24 pack
WCSPC3 #230 Rectangle for #2 & #3 trap	\$3.25/24 pack
WCSPC4 #320 Round for #3 trap	\$3.25/24 pack

Barker's Latex Pan & Trap Covers

These covers are thin and flexible and are free of human scent. They keep dirt from getting under your trap pans, and keep water out of your triggering mechanism so they don't freeze and stop working properly.

WCSBL4X4 4" x 4" Pan Covers for #1 & #1 1/2	\$7.95/24 pack
WCSBL5X5 5" x 5" Pan Covers for #2 & Up	\$9.95/24 pack
WCSBL6X6 6" x 6" Trap Covers #1 & #1 1/2	\$7.50/12 pack
WCSBL7X7 7" x 7" Trap Covers for #2 & Up	\$7.95/12 pack
WCSBL8X8 8" x 8" Trap Covers for #3 and #4	\$11.25/12 pack

Underalls

Underalls are odorless urethane foam pads that fit under the pans of traps to keep dirt and other debris out so that the traps will fire. Underalls eliminate the need for pan covers.

"A" - 24 pad/pack for #1 1/2 Victor, Sleepy Creek, Duke, Bridger and Montana.

"B" - 24 pads/pack for Victor #1.75 and #2.

"C" - 24 pads/pack for Square Pan Traps.

WCSUNDERA \$5.25/24 pack
WCSUNDERB \$5.25/24 pack
WCSUNDERC \$5.25/24 pack

Augers

RK Dirt Hole Augers

Drill augers help punch in those dirt holes and trap beds easily and fast. These augers are used with a power drill with a 1/2" chuck and are available with 2" and 3" diameter auger heads and two lengths.

WCSAUG-2 2" Auger 18"L	\$21.95
WCSAUG-3 3" Auger 18"L	\$21.95
WCSAUG-2L 2" Auger 35"L	\$27.95
WCSAUG-3L 3" Auger 35"L	\$27.95

RK Dirt Hole Hand Auger

This hand auger is 45" long. Available in 2 1/2" and 3 1/2" auger head sizes. It is solidly built and makes drilling holes for dirt hole sets a snap.

RKTAUG-2 \$39.95 **RKTAUG-3** \$39.95

Coon Cuff Auger

The Coon Cuff auger digs holes the diameter needed for Coon Cuffs. This auger has a 3" diameter auger head and is very easy and fast to use. 30" long.

WCSAUG-COONCUFF \$23.00

Flagging

Fluorescent Flagging

Orange, Blue, Green, or Pink

Fluorescent flagging has a number of uses on the trapline. Great indicator for quickly locating your sets.

WCSFF4 \$2.25/roll

Trap Bedders

Mitlyng's Trapbedders

A fast, safe and easy way to bed a foothold trap. When the trapbedder is in place, it makes the trap impossible to fire when making a set. Works great when making land or water sets. Great for beginners.

WCSMTB1 Model 1 Trapbedder — for 1 1/2 through 3 longspring; 1 1/2 & 1 3/4 coilsprings	\$6.95
Model 2 Trapbedder — 4 longsprings; 2 & 3 coilsprings	\$6.95
Model 3 Trapbedder — for BMI coilsprings except Cushion Catch	\$6.95

Hammers

Sod Buster Hammer

The Sod Buster weighs 4 lbs. and has a welded on solid steel cutting edge. The handle is designed to provide excellent gripping capabilities.

WCSFH1 \$18.95

3 in 1 Digging Tool & Hammer

The "groundhog" hammer serves as a trowel, hammer, and a hoe. It weighs approximately 3 lbs. and measures 20" long.

WCS311B \$16.95

Artificial Attractants

Lucky Duck Trap Bait Digital Caller

Helps to draw bobcats into your live traps and predators to your foothold sets. Simply turn it on, set it inside the cage trap or by the foothold set and leave. This caller will help lure predators to your set. Plays 3 random sounds continuously for up to 3 weeks on 4 AAA batteries (not included).

LDTBDC \$17.95

Clip-on Rubber Baits

These baits can produce excellent results on raccoon and mink. Just clip to the trap pan in shallow water.

WCSCRAY Crawdads \$7.95/doz.

WCSFROG Frogs \$8.95/doz.

Coon Grabbers

Designed for use in dog proof traps, and can be reusable. The projections will protrude around the trigger giving the coon something to feel, making them work the trap harder. Coon Grabbers are designed to make the trap go off when the coon tries to remove them from the trap. They are freeze-proof, water-proof and have the scent cooked right into them. Sold in dozen packs. Available in Anise, Cherry/Nut Blend, Fresh Shrimp, Grape, Raspberry, Shad and Shellfish. (See page 6 for more info.)

WCSG01 through WCSG08 \$7.95/doz.

Sifters

PRO Metal Sifter

Excellent for land trappers in making land sets. This sifter measures 8" x 10". A favorite of many long time trappers.

WCSPMS-1 \$6.95

Standard Wood Sifter

The standard wood sifter is the old standby for many land trappers. This economical sifter does its job of removing stones, clods, and debris from dirt when constructing sets.

WCSPWS-1 \$5.95

KB Slide Pan Sifter

The KB Slide Sifter has a slide bottom to help carry dirt without it sifting out before you get to the set location. This sturdy sifter is a very helpful trapline tool for dirt trappers who like to be as efficient as possible.

KBPS \$14.50

J.C. Conner Dirt Buster Sifter

All aluminum, heavy wall dirt sifter with a handle for easy gripping. It has a 7" x 10" opening with tapered sides and a slide bottom for the convenience of carrying dirt to and from the set.

WCSJCDB \$32.50

J.C. Conner's Texas Teacup - Sifter

Texas Teacup by J.C. Conner is a heavy duty dirt sifter, available in Aluminum or Stainless Steel with easy grip handle. Sifter is 6 1/2" in diameter and 6" deep at the handle with heavy duty expanded metal bottom, welded inside and out, which makes one strong sifter.

WCSJCTT-A Aluminum \$32.50
WCSJCTT-SS Stainless \$32.50

Trappers Caps

A tool designed to bed traps firmly. When properly used, Trapper's Caps will eliminate the use of pan covers over 90% of the time. When you eliminate pan covers you eliminate one more possible odor problem. Will prevent accidental firing while dirt is being packed inside the jaws. Instructions included.

Fits Victor & Duke #1 1/2 & Blake & Lamb #1 1/2 and #2 coil spring traps

WCSTCA Plastic Model A \$4.95

Fits Victor & Duke #1.75 and #2 coil spring traps

WCSTCB Plastic Model B \$7.95

Fits Victor & Duke #3 and #4 coil spring traps & Victor #3 Softcatch coil spring traps

WCSTCC Plastic Model C \$7.50

Trowels & Diggers

Standard Trowels

22" long with a straight handle. The standard digging blade is 2 7/8" wide, and the narrow digging blade is 1 3/4" wide.

WCST2N Narrow Blade \$9.25

WCST3N Standard Blade \$9.50

D-Handle Trowels

26" long with a D-style handle. The standard digging blade is 2 7/8" wide, and the narrow digging blade is 1 3/4" wide.

WCST2DNarrow Blade \$13.25

WCST3D Standard Blade \$13.50

Replacement D-Handle

A durable handle that will take heavy use on your trapline. Comes with bolts/nuts for installation.

WCSSTHAND \$5.50

J.C. Conner

"Jim Digger" Trowels

"Jim Digger" measures 23" in length with a 2.5" wide blade. All steel construction to stand up to rugged trapline use.

WCSJC02 \$20.50

J.C. Conner "Mink Digger" Trowel

40" long all steel construction.

This trowel is excellent for the water trapper and has many uses.

WCSJC04 \$27.50

J.C. Conner D-Handled "Mink Digger" Trowel

WCSJC04-Dhand \$34.50

J.C. Conner "Sod Devil" Hoe

All steel construction to stand up to rugged non-stop trapline use. 19" in length.

WCSJC03 \$20.50

J.C. Conner "The Badger" Digger/Hoe Combo

Two diggers in one. All steel construction to stand up to rugged trapline use. 27" in length.

WCSJC01 \$38.95

3 in 1 Digging Tool & Hammer

The "groundhog" hammer serves as a trowel, hammer, and a hoe. It weighs approximately 3 lbs. and measures 20" long.

WCS31B \$16.95

SET MAKING SUPPLIES

Body Grip Setters

Sleepy Creek Model 3

WCSSCSET3 \$10.95

14" Long Aluminum Setters that weigh only 10 oz. Sets #110, #120 and #160 body grip traps plus #11 through #2 long spring traps.

Sleepy Creek Model 4

WCSSCSET4 \$19.95

24" Long Aluminum Setters that weigh only 24 oz. Sets up thru #330 body grip traps and up through #5 long spring traps. Comes with two U-clips for setting long spring traps.

Adlee T-500 Body Grip Safety Setter

AET-500 \$5.95

This chain style setter will set #110 through #330's. Easily fits in your pocket.

Pull Type Body Grip Setter

AET-200 \$5.95

A fast and easy way to set body grip traps ranging in size from the #220 through #330.

GEM Body Grip Trap Setter

WCSGTS \$12.95

Place the setter on the ground, insert the spring of a body grip trap into the setter guides and then pull up on the setter handle. Easy method for closing and latching the springs of body grip traps.

Self Locking Body Grip Setter

WCSSLSET \$34.95

Excellent for use in setting all sizes of body grip traps.

Adlee T-400 H.D. Trap Setter

AET-400HD \$44.95

This setter allows you to compress a body grip spring using only one hand. It is small and light and works on all sizes of body grip traps. Anyone can set body grip traps with this setter.

WCS Brand Steel Setting Tongs

WCSDDD16 Small \$9.95

WCSDDD30 Large \$12.95

WCS Brand Steel Setting Tongs are available in two sizes. Small is X" long and is designed for use with #50, #60, #110, #120 and #160 body grip traps. Large is X" long and is designed for use with #220, #280 and #330 body grip traps. Both models are powder-coated bright Yellow for ease in locating and recovery.

RTS Heavy Duty Trap Setter

RTSSET \$54.95

Don't Get "Caught" Without One! This is a very

effective tool for setting springs on all body grip traps with only one hand. It easily removes stiff or frozen catches. Requires only one hand to operate. It's lightweight, fits easily in a pack or clipped to a belt. It measures 15" in length and works on all size body grip traps.

Coil Spring Trap Setters

Coil Spring Setters

WCSCCS-1 \$9.95

The handles of these trap setters slip over the traps' levers giving you extra leverage when setting strong springed traps. For all sizes of coil spring traps up to #4's. Painted RED.

MB-750 Trap Setters

WCMB750SET \$9.75

Makes setting MB-750's easy. Setters go under springs and against levers.

MB-650 Trap Setters

WCMB650SET \$9.95

Easily set the MB-650. Set traps while kneeling or standing

C.D.R. Trap Setters

NWSCDRSET \$9.95

For the C.D.R. 7.5 Beaver coil spring trap. Made heavy duty to last a lifetime. Setters slide easily onto the wire trap levers. Set these traps with a minimum of effort. Can be used to set the J.C. Conner JAKE trap as well.

WCS™ Maine Style Trap Setters

WCSFootSet \$19.95

Specifically made for setting coil spring traps #1.65 and above. The Maine Trap setters are used as a pair, one fitting on each trap lever on opposing sides of the trap. Center each trap lever within the slot and then draw the maine setter handles together. This depresses each lever to a point where the jaws fall open, allowing you to set the trap. You can also hold the set trap in one hand utilizing the setter handles.

Long Spring Setters

Step Down #5

Long Spring Trap Setters

WCSLS5S \$24.95

Very easy to use. Simply "step down" on the setters and both springs are depressed at the same time. These setters are very handy for removing a beaver from a #5 long spring trap.

Dog Proof Setters

Standard Dog proof Setters

WCS0962 \$3.95

These setters help to compress the springs on the Duke DP and similar traps.

Trap Tweezers

WCSTWEEZE \$19.95

These setters help to compress the springs on the Duke DP, Sterling Griz and similar traps.

Trap Safeties

Trap Safety Pin

Keep your hands OUT of the strike zone. Our one-of-a-kind safety pin can be used for any size body grip trap and is attached to the top of the jaws.

Powder-coated with a bright yellow chip proof, flake proof and rust-resistant finish that provides excellent visibility in deep, dark water. Includes lanyard and nickel-plated ring for attaching to basket, belt loop, buttonhole, etc. A safety device is STRONGLY recommended for anyone handling body grip traps.

WCSRCPIN \$9.95

Ram Lok Plus Safety

Built tough by RAM in Canada.

This spring-loaded safety lock for body gripping traps

works on all sizes of traps and is very easy to position over the top of the jaws. When the trap is placed in position, the last thing you do is compress the spring of the safety device and remove the lock off the top of the trap. Your hands are never in danger of the trap inadvertently closing on them. A safety device is STRONGLY recommended for anyone handling body grip traps.

WHRALOPL \$11.95

Stabilizers

For all types of traps in all types of settings.

RC Best Supports

Made of rolled steel, this versatile body grip support not only offers three points of contact with the ground or mud, but also allows you to place the trigger on the bottom. No other stabilizer on the market offers this feature!

WCSRC110-6	for #110 (six)	\$15.00
WCSRC110-12	for #110 (dozen)	\$24.00
WCSRC220-6	for #160 & #220 (six)	\$21.00
WCSRC220-12	for #160 & #220 (dozen)	\$36.00
WCSRC330-6	for #330 (six)	\$27.00
WCSRC33012	for #330 (dozen)	\$48.00

KB "No-Loss" Stabilizer

Never lose another KB Stabilizer! Just slip the T-Bar of the Stoploss through the spring coil of your body grip trap. When the trap fires, the stabilizer stays attached to the trap, but out of the way. Just as easily disconnected.

WCSKBSL	(dozen)	\$40.50
	(six)	\$27.50

KB Stabilizers

A field-tested time saver. Great for culverts, snow sets, bottom edge sets, coon trails, otter crossovers, bridge abutments, soft peat or muck bottoms and nuisance work. One size fits all, will hold 110 thru 330 body grip.

WCSKB01-12	(dozen)	\$33.95
	(six)	\$22.50

Killer Clips

Spring steel clips, extremely lightweight, that are for supporting 110 thru 220 size body grip traps. For 220's that require more stability you simply use two clips spaced appropriately apart. The two points on the underside makes it easy to hammer into any wood surface or you can use the center hole for screw placement.

WCSKC	(dozen)	\$7.95
	(hundred)	\$58.95

H-Type Stabilizers

Berkshire H-Type Stabilizers, very fast and easy to use. They provide excellent stability and body grip traps securely. Holds your traps in the correct position to make efficient captures. Forget

looking for sticks, or trying to prop your trap up, these are quick & easy! Great for use in trails, at dam crossovers, at bait sets, etc.

Code	Fits	Six(-6)	Dozen(-12)

14 gauge wire, 3.5 lb. roll

WCS163-5 \$4.95
16 gauge wire, 3.5 lb. roll, Black Annealed

This Lexan wire reel will hold (1) 3.5 lb. 14 or 16 gauge wire roll.

WCSWR \$16.95
Wire Reel

FOOT SNARES & POWER SNARES

Bear Foot Snares

ADAX-12 Bear Foot Snare

This Bear Foot Snare is fast becoming the standard among bear trappers whether it be for sport or

nuisance control. The ADAX-12 Bear Foot Snare consists of two components; 1. A 12" Launcher with specially shaped jaws to hold and propel the cable up and onto the bears paw. 2. A 3/16" 7 x 19 cable snare with a custom stainless Tripp lock and a 40" compression spring that runs the entire length of the cable. The cable loop comes equipped with a heavy-duty stainless swivel on the end for anchoring. The ADAX-12 DOES NOT depend on the movement of the bear to close the cable loop.

ADX-12BFS \$129.95/ea.

Replacement ADAX Cable Assembly
12BFS-CABLE \$24.95/ea.

WCS Bear Foot Snare (ALDRICH STYLE)

Due to popular demand, this Aldrich type bear foot snare is back in production. Used extensively by the USDA-WIS and state wildlife agency personnel, the improved Aldrich now has a safety latch to prevent premature triggering. When properly set, non-target animals can be released and captured bears can be tranquilized, released or relocated. Made exclusively in the U.S.A. for WCS.

WCSABS-KIT-1 \$54.95

M15 Bear Foot Snare

Versatile, easy to bait and incredibly effective! To set, mount the M15 to a 5-gallon bucket (not included) with the spring-activated cable loop nestled inside the bucket lid. A bear reaching into the bucket to pull on the bait hook is immediately snared by the paw. The deer proof M15 comes complete with instructions, M15 snare mechanism, snare, HD high tie cable anchor and a quick link.

Bear Foot Snare Complete
WHM15-kit1 \$54.95

Fremont Bear Foot Snare

The Fremont Bear Foot Snare comes complete with the spring-loaded throwing mechanism, one snare cable and one high tie cable for anchoring, and a quick link for easily detaching the snare cable after a capture.

WHFRBEFO-KIT1 \$41.95/ea.

Replacement Snare (fits Aldrich, M15 & Fremont)

WCSBSCABLE-1 w/ Steel Lock \$9.95
WCSBSCABLE-2 w/ Stainless Steel Lock \$14.95

Replacement High Tie Anchoring Cable

6'L x 3/16" diameter cable with a fixed loop at either end
WCSBSTIEOFF \$7.95

TRAIL SNARES

Safe, lightweight and easy to fit in tight spaces, snares are a useful alternative to body grip traps.

Round-Up Special Snare

The Round-Up Special is a universal snare that is excellent for raccoon, coyote, fox and beaver. Built with five feet of 7 x 7 3/32" cable, micro lock, universal support collar and a #9 gauge swivel.

SNARE101-12 \$15.50/doz.
SNARE101-72 \$75.95/six doz.

Fox Hitch Snare

Excellent for fox, bobcat and raccoon. This snare is built with 42" of 7 x 7 5/64" cable, micro lock, universal support collar and a #9 gauge swivel.

SNARE105-12 \$14.95/doz.
SNARE105-72 \$75.95/six doz.

Bobcat Snare

Excellent for bobcat and fox. This snare is built with 42" of 7 x 7 1/16" cable, micro lock, universal support collar and #9 gauge swivel.

SNARE511-12 \$14.95/doz.
SNARE511-72 \$75.95/six doz.

Coyote Eliminator Snare

This snare features the Berkshire modified L-lock and universal dispatch spring on a 7 foot length of 1 x 19 strand 5/64" diameter cable. This snare also has an adjustable loop end.

SNARE510-12 \$16.25/doz.
SNARE510-72 \$92.00/six doz.

Mink/Squirrel Snare

This is a fast action snare that is excellent for mink, squirrel and rabbits. This snare is built with 30" of 7 x 7 3/64" cable, small micro lock, universal support collar and #11 gauge swivel.

SNARE512-12 \$12.95/doz.
SNARE512-72 \$70.95/six doz.

Brush Buster Snare

This is a universal snare that is excellent for use in snaring coyote, fox and raccoon in heavy brush situations and along fence rows. It is built with five feet of 7 x 7 3/32" cable, micro lock and universal support collar. This snare has an adjustable loop end.

SNARE104-12 \$13.50/doz.
SNARE104-72 \$72.95/six doz.

Amberg Dispatch Snare

The Amberg Dispatch Snare has a government tested 93% kill rate on neck snared coyote. It is built with seven feet of 7 x 7 3/32" cable, Amberg Wedge Lock, #25 dispatch spring and universal support collar. It has an adjustable loop end.

AMBSN-12 \$20.50/doz.
AMBSN-72 \$117.95/six doz.

Penny Lock Snare

Excellent for fox, raccoon, coyote and beaver. It features a small lock that closes extremely smooth, universal support collar for fast & solid support, #9 gauge swivel, and solid steel ends. It is built of 5 feet of quality 7 x 7 3/32" preformed cable.

SNARE205-12 \$15.50/doz.
SNARE205-72 \$79.95/six doz.

MO-PA Cable Restraint

Meets all the regulations for use in Missouri and Pennsylvania; and is also legal in several other states. Built with the micro lock on 5 feet of 7 x 7 3/32" cable, a heavy duty #9 gauge anchor swivel, a release ferrule (Rated at 350 lbs.) and a deer stop that prevents the loop from closing to less than 2.5" in diameter. It also has a stop that doesn't allow the loop to be greater than 12" and a universal support collar for quick setup.

SNARE520-12 \$18.50/doz.
SNARE520-72 \$104.95/six doz.

Sure-Lock Snare

This snare is a reliable non-relaxing snare that is excellent for coyote, raccoon, fox and beaver. It is built with five feet of 7 x 7 3/32" cable, Berkshire Sure-Lock, universal support collar and a #9 gauge swivel.

SNARE301-12 \$15.50/doz.
SNARE301-72 \$79.95/six doz.

MO-WI-PA Cable Restraint

Built with the ADC washer relaxing type lock on 5 feet of 7 x 7 3/32" cable. This cable restraint has a heavy duty #9 gauge anchor swivel, a commercially manufactured break away J-hook (Rated at 285 lbs.) and a deer stop that prevents the loop from closing to less than 2.5" in diameter. A universal support collar for quick set up and solid support is also on this cable restraint. Meets all regs. for WI, PA, MO and several other states. Great for fox and coyote.

SNARE518-12 \$17.50/doz.
SNARE518-72 \$99.95/six doz.

New Jersey Fox Snare

The New Jersey Fox Snare is perfect for raccoon and fox. It is built with 42" of 7 x 7 5/64" cable, penny lock, universal support collar and a #9 gauge swivel. It has a 12" loop limit.

WCS105DS-12 \$15.25/doz.
WCS105DS-72 \$79.95/six doz.

Michigan Approved Coyote Cable Restraint

Meets the updated standards which were implemented in Michigan before January 2006 season. Cable restraints used for coyotes in Michigan must have two swivels, including one swivel at the anchor point. They must also have a stop to prevent loop closure to less than 4.25" and a 285 lb. break-away device.

WCS519-12 \$21.95/doz.
WCS519-72 \$118.95/six doz.

Canadian Dispatch Snare

Made to dispatch coyotes very quickly. Built with six feet of 1 x 19 1/16" cable, quick kill dispatch spring, cam lock, universal support collar and a break away S-hook (Rated at 280 lbs.). This snare has an adjustable loop end, and is designed to be used with a 6' snare extension cable for a total length of 12 feet.

SNARE400-12 \$25.95/doz.
SNARE400-72 \$147.95/six doz.

North Bay Under Ice Beaver Snare

This snare features a Micro Lock on 1 x 19 1/16" cable that opens to form a 10" diameter loop. The terminal end can be stapled directly to bait pole or wooden stake.

SNARE506-12 \$12.95/doz.
SNARE506-72 \$72.00/six doz.

Northern Beaver Under Ice Snare

This snare features 33.5" 1 x 19 1/16" cable, makes a 10" loop. 3' #9 ga. support wire, easily attaches to bait poles.

SNARE508-12 \$19.50/doz.
SNARE508-72 \$105.95/six doz.

Alaskan Wolf Snare

Excellent for wolves and hogs. This snare is built with 8 feet of 7 x 7 1/8" cable, Berkshire wolf lock, universal support collar, and has an adjustable loop end.

SNARE500-12 \$19.50/doz.
SNARE500-72 \$105.95/six doz.

Self Supporting Wolf Snare

Excellent for wolves. This snare is built with 5 feet of 1 x 19 3/32" cable, Berkshire Wolf Lock, built in swivel and is attached to 5 feet of #9 gauge support wire.

SNARE502-12 \$23.95/doz.
SNARE502-72 \$137.95/six doz.

Professional Live Catch Coyote Snare

This snare is designed to catch and restrain coyotes. It has a total length of 7 feet. It consists of 4 feet of 7 x 7 7/64" cable which is used for the snare loop. The snare loop is attached to 3 feet of 7 x 7 1/8" cable with an inline #9 gauge swivel. This snare is built with a heavy duty relaxing washer lock, universal support collar and a live catch coyote stop.

SNARE503-12 \$20.95/doz.
SNARE503-72 \$119.95/six doz.

Coyote Catcher Snare

Utilizes a cam lock and is excellent for use in snaring coyote and beaver. It is built with seven feet of 7 x 7 3/32" cable, cam lock, universal support collar and a #9 gauge swivel.

SNARE402-12 \$18.50/doz.
SNARE402-72 \$99.95/doz.

Beaver Snares

Finally, a snare with a #9 swivel where it needs to be – as close to the animal as possible. Made from 3/32" galvanized aircraft cable and 8 1/2' long, this snare also has a whammy for ease of positioning. A Hanson style washer lock makes it easy to remove the snare from the animal when doing live relocation work yet it still runs fast and smooth. With an adjustable tie-off end.

WCSBNBS dozen \$25.95

Coyote Snares

The ones preferred by pros. These 10' long snares have a heavy-duty #9 swivel in a midswivel design and whammy for easy positioning. The front 5' section is made of a light, high quality 5/64" diameter 1x19 cable that reduces visibility but remains strong and holds a round loop. A reusable camlock ensures exceptionally smooth and fast running, while the extension section, 5' of 7 x 19 3/32" diameter galvanized aircraft cable, has an adjustable tie-off end for anchoring.

WCSBNCS dozen \$30.95

Hog Snares with Cam-Lock

A heavy-duty hog solution! Built with a positive locking camlock, this snare has 6' of 7x7 (7 strands, 7 bundles) 1/8" galvanized aircraft cable and a super-tough #9 gauge wire swivel for anchoring.

WCSBNWS dozen \$26.95

Fox & Raccoon Snares

These are quality constructed snares targeting fox and raccoon. The total length of the snare is 5 ft., which consists of a 3 ft. snare cable and an attached 2 ft. extension for easy anchoring and positioning.

WCSBNFS dozen \$22.95

WCS Small Game Snare

Excellent for rabbit, groundhog and opossum, and is also strong enough to hold fox. This snare is built with 21" feet of 7 x 7 1/16" galvanized aircraft cable, micro lock, #9 support wire 30" in length with built-in swivel.

WCSSGS01 \$21.00/doz.
\$114.95/six doz.

WCS Snare Extension Cables

WCS snare extension cables are constructed of 3/32" 7 x 7 galvanized aircraft cable. One end has a #9 gauge wire swivel, the other end has an adjustable loop.

WCSSO03-12 dozen \$8.95

3' Cable

WCSSO06-12 dozen \$12.95

6' Cable

WCSSO10-12 dozen \$14.95

10' Cable

Amberg Snare Supports

These supports are 30" long and can be driven into even frozen ground easily. These supports don't spin in the wind and securely support your positioning of the snare loop.

WCSJGASS-12 dozen \$28.95

RK Snare Supports

One of the best and widely utilized support systems on the market today. Very easy and simple to use. The RK Snare support has made positioning that snare loop extremely easy with 13 inches of #9 wire wrapped and welded to a 16 inch 1/4" steel support rod. The 4 inch spike which is welded to the bottom of the rod is off-set, making it easy to pound into hard or frozen ground. Grip the top of the spike with vise-grips for removal from frozen soil.

RKSSS-12 dozen \$19.95

RK Snare Supports – Soft Ground

The most popular snare support system on the market today, especially for soft ground applications. Very easy and simple to use. The RK Snare Support for soft ground has made positioning that snare loop extremely easy with 12 inches of #9 wire wrapped and welded to a 20 inch 3/16" steel support rod. The 2 inch flat metal spade which is welded to the bottom of the rod prevents spinning in the wind. Can be hammered into hard soil types.

RKSGSS-12 dozen \$17.95

Basics of Snaring

The principal of snares is simple and effective. They are extremely effective on fox, coon, beaver and coyote. By nature such animals travel the path of least resistance such as deer trails, ravines, fence holes, logs over deep ditches, culverts under roads, beaver dams in deep water, dead furrows, truck tracks through tall grass and trails they have established between their dens and food supplies.

To set a snare, put the snare and your favorite Snare Support and stake it next to the trail. Adjust the snare loop to the desired diameter and attach to your Snare Support. The Snare Support can now be bent to adjust the height and -position of the snare. When the snare loop is the right size and height and is in the center of the trail, the set is complete.

If you do not have any Snare Supports, soft nine gauge wire is the best substitute. Be sure the nine gauge wire is wrapped several times around the stake so the snare is in a stable position. If the snare doesn't have a support collar, wrap the support wire around the snare next to the snare loop.

Target	Loop Diameter	Loop Height (off the ground)
Groundhog,		
Opossum	5-6"	2"
Fox	8"	8"
Bobcat	8"	8"
Coon	6-8"	3-5"
Coyote	10-12"	10-12"
Wolverine	8"	8"
Beaver	10"	2-3"
Wild Hog	up to 18"	10-12"
Wolves	18"	10-12"

Stake snares down better than you would stake a trap, because your catch will be pulling with all four legs.

Make sure to check all State and Local Laws for approved use of snares in your area.

SNARES & SNARING EQUIPMENT

SNARE MAKING TOOLS & HARDWARE

Snare Accessories

Ram Spring Support

Makes setting any RAM Power snare easy on any terrain. Drive the support stand into the surface where you are setting the RAM, then attach the spring coil with a piece of tie wire or tie wrap. RAM Power snare must still be anchored separately.

WRAMSUP \$3.95

Ram Lok Plus Safety

Works with ALL Power Snares from the Mini RAM to the RAM Wolf Master. Also works with ALL body grip traps.

WHRALOPL \$11.95

Ram Foot Setter

The Ram Foot makes the setting the Ram#1 and the Wolf

Master easy on any surface. The "ram foot" stabilizes the Ram Spring. The steel "whiskers" keep the safety hook in an upright position.

Snare Dispatch Springs

Steel coated with black oxide and wax for corrosion resistance. These are proven to dispatch coyote, fox and bobcat efficiently.

They work with a wide variety of locks when used with break away J-Hooks. Available in two strengths, 25# standard and 50# heavy duty.

WSPSPRING-STD \$8.95/100 pack
WSPSPRING-HD \$8.95/100 pack

Mini Steel Cable Ends

Easy to pound on, fits 3/32" diameter & smaller cable. Has threads on the inside to grip the cable.

WSPMCS \$5.95/100 pack
\$49.95/1000 pack

Snare Quick Kill Spring

Delivers air stopping power from beginning to end and won't allow locks to back off. Once it is compressed it still applies constant pressure. This spring can be used over and over again.

Standard
WSPQKSSTD-12 \$4.95/doz.
WSPQKSSTD-100 \$35.95/100 pack

Snare Locks

A Slim Lock

WSLIM-116-12	1/16"	\$3.95
WSLIM-116-100		\$29.95
WSLIM-332.564-12	3/32"	\$3.95
WSLIM-332.564-100		\$29.95

The Slim Lock is a fast, low profile lock, very small in size.

B Micro Snare Lock

WSLMICRO-116-12	1/16"	\$2.25
WSLMICRO-116-100		\$15.95
WSLMICRO-332.564-12	5/64", 3/32"	\$2.25
WSLMICRO-332.564-100		\$15.95

The Micro Snare Lock is a smooth sliding lock with a very small profile.

C Cam Lock

WSLCAM-116-12	1/16"	\$4.95
WSLCAM-116-100		\$36.95
WSLCAM-332.564-12	5/64", 3/32"	\$3.95
WSLCAM-332.564-100		\$29.95
WSLCAM-18-12	1/8"	\$4.95
WSLCAM-18-100		\$36.9

The Cam Lock is a fast, reusable snare lock that will not slip.

D Small Washer Snare Lock

WSLWAS-116-12	1/16"	\$2.25
WSLWAS-116-100		\$14.00
WSLWAS-564-12	5/64"	\$2.25
WSLWAS-564-100		\$14.00
WSLWAS-332.564-12	3/32"	\$2.25
WSLWAS-332.564-100		\$14.00

The small washer snare lock is a penny sized, smooth sliding, relaxing snare lock.

E Sure Lock

WSLBSL-116-12	1/16"	\$2.25
WSLBSL-116-100		\$15.95
WSLBSL-332.564-12	5/64", 3/32"	\$2.25
WSLBSL-332.564-100		\$15.95

This is a positive locking snare lock.

F Cam Lock w/teeth

WSLCAMT-116-12	1/16"	\$5.95
WSLCAMT-116-100		\$41.95
WSLCAMT-332.564-12	5/64", 3/32"	\$5.95
WSLCAMT-332.564-100		\$41.95

These cam locks have teeth on the cam portion of the lock. This means there is absolutely no relaxing, no slippage. An excellent option for dispatch snares.

G Kaatz Bros. Relax-A-Lock

WRAL-12	5/64", 3/32"	\$3.50
WRAL-100		\$24.95

The Relax-A-Lock is a fast, low profile, lightweight relaxing snare lock. Works on 5/64" and 3/32" cables.

H Heavy Duty Relaxing Washer Lock

WSLHDWAS-116-12	1/16"	\$2.25

How to Order

Order On-Line: Visit us at www.ShopWCS.com, or www.wildlifecontrolsupplies.com for simple access to all the products we carry. We're adding new items all the time, so check out the "New Products" tab on our web store to see the latest additions to our product offering.

Order by Fax: 1-860-413-9831 Use the convenient order form(s) in our catalog and fax your order 24 hours a day

Order by Phone: 1-877-684-7262 Call Toll Free to reach us directly or if you get voice mail, leave your order (with your telephone number) and we'll call you back if we have any questions. For International customers please call 1-860-844-0101.

Order by Mail: Complete our order form and mail to us at: WCS, P.O. Box 538, East Granby, CT 06026

International Orders: Please contact us at admin@wildlifecontrolsupplies.com or call 860-844-0101

Sales Tax: Orders shipped to or to be picked up within CT add 6.35% for State Sales Tax

Things Happen! We make every effort when creating the catalog to be accurate with our photos, specifications and copy. Unfortunately, sometimes errors do occur. We reserve the right to make changes and correct errors to products and specifications at any time. We appreciate your understanding!

Payment

Payment Terms: All U.S. orders are shipped prepaid via Bank Check, Money Order or Major Credit Card. We gladly accept: American Express, Visa, MasterCard and Discover. We also accept PayPal. (We cannot accept C.O.D. orders or Personal Checks.) *Government purchase orders are gladly accepted.*

Payment for International Orders: For international orders we accept payment via PayPal or via a direct Bank Wire Transfer. (There is a \$45.00 surcharge added to each wire transfer order to cover the bank fees associated with the wire transfer.) Products must be PAID IN FULL prior to shipment. All broker fees, duty & taxes are the responsibility of the customer.

Pricing Disclaimer: We do all we can to hold pricing although we reserve to right to change prices without notice. Check our website www.ShopWCS.com or call us toll free at 877-684-7262 to confirm pricing before ordering. If a price has changed for an item on your order, we'll contact you before the order is shipped to confirm whether you still want the item(s).

Shipping

Packing & Shipping your Order: We make every effort to process, pack and ship your order within 1 business day from receipt. If an item is not available, it will be put on back order and shipped out immediately once available. We will contact you for all back orders. Our main shipping method is Standard with delivery in 1 to 5 days depending on destination. We also offer optional expedited services for 3-Day, 2-Day or Next Day Air delivery. Our Super Saver is an economical offer for lower weight packages which may take 2 to 8 days depending on destination. See our website for latest shipping methods, pricing and specials.

Damage Inspection & Claims: It's important that you inspect all of the packaging and items delivered immediately upon receipt. Although very rare, packaging and items may be damaged during shipment. If you find any damaged item(s), contact us immediately. You must keep damaged items and original packaging for refund or replacement. Discarding original packaging will void claim. We will coordinate the shippers claim process for any lost or damaged item(s).

Shipping Outside the U.S.: Orders will be quoted at current rates. Also, any special handling costs or shipping fees will be added to your order. Customer is directly responsible for all broker, duty, taxes and fees applied to product delivery. No refund or returns allowed on international orders.

Returns

Should you decide to return an item, please contact us toll free at 1-877-684-7262 for return authorization. **Items must be returned unused and in their original packaging for refund or exchange. Returns for refund or exchange must be made within 30 days of purchase. A 20% restocking fee may be charged.** Original shipping and handling charges are not refundable. (No returns/refunds on Baits & Lures or Reference Materials)

Our Pledge

We take our mission to "Provide Superior Customer Service by Delivering Quality Products, in a Timely Manner, at Competitive Prices" seriously. We want you to be satisfied, so if for any reason the products do not perform or you are not happy with something, we want to know. We'll do all we can to make it right!

in the field, in commercial buildings and in residential environments for over 15 years. We have developed our own WCS Premium Grade Bait products and breakthrough inventions such as the Collarum®, Tube Trap™, Sparrow Sled™, Multi-Catch Rodent Trap, NoMol®, Special Squirrel Trap and Coontroller™ along with many more in response to customer needs.

Widest Selection of Products

WCS provides the most complete selection of wildlife and animal control products that enable the safe, humane, and effective capture and control of targeted species. We listen to our customers and add new products to our inventory regularly to support your needs. We truly are your one-stop resource for nuisance wildlife and animal control products, and are dedicated to saving you time and money.

Unparalleled Support

Professionals trust WCS as a resource that is committed to helping their business succeed. Just starting out? We can help you get your business up and running quickly with equipment, supplies and advice. Already in business? We can help you expand by providing technical support, industry information, training resources and much more!

Outstanding Service

Whenever you face a wildlife or animal control problem, we're here to help. Our knowledgeable staff can help you select

the right products and provide helpful advice on how to get the job done right. We process orders quickly to get your products on the way, typically within 1 business day.
