

# Rat-Out™ Gel

## Rodent Repellent

Deters rats, mice, rodents, gophers and small mammals.

Safe to use indoors and outdoors.  
FOR TERRESTRIAL USE ONLY

Rat-Out is a non-toxic, easy to use repellent. When applied correctly it prevents rodents from nesting, traveling and congregating in unwanted areas. Ideal for schools, homes, offices, warehouses, etc. Rodents avoid the contents of this repellent.

Product Number: PC-RT05

Net weight 10 oz. (283 grams)

Made in USA

*Cut tip of tube using wire cutters only.*

### For Rodent Exclusion Only

Unlawful to use other than as instructed. Must wear gloves and eye protection for application.

### Application Instructions

Rodents avoid Rat-Out Gel. Use it to prevent rodent entry or transit along any route. Apply in or near holes, crevices, cracks, seams, on beams, corners and trees. Create a rodent-free zone by surrounding the area with gel.

Apply RAT-OUT Gel to any surface where rodents travel, such as beams, ledges, ceiling tiles, trees, gutters, cornices, holes, cracks, HVAC, and roofs. This product also prevents rodents from eating wires, cables, and conduit. No sealing, pretreatment, or taping is required. Can be applied directly into gopher holes (back & front). Apply out of the reach of children. Re-apply as necessary.

|                     |  |
|---------------------|--|
