

Education Overview

Wildlife Control Operator Training Course

Presented by:
National Wildlife Control Association (NWCOA)

NWCOA offers this two-day certification course to train new and experienced WCOs that perform wildlife management services in or on residential and commercial properties. Upon completion of this course and successful passing of a test, the WCO will become a NWCOA Certified Wildlife Control Operator, receive a certificate of completion, and use of the Certified Wildlife Control Operator logo.

- Bats, Birds, Squirrels and other commonly encountered species
- Animal Biology
- Animal handling
