Just  
sprinkle!

For All  
Seasons

Designed & formulated for professional use:

- All Landscape Installation & Maintenance Professionals
- Pest Control Operators • Landscapers • Golf Course Superintendents

## GRANULAR RABBIT REPELLENT

**GENERAL APPLICATION: Flower beds, shrubs, gardens:** Sprinkle or spread to form a border approx. 15-18 inches out from the edge of the bed with a 20-24 inch band of Rabbit Scram. Apply using the 8 oz. scoop so it is visibly heavy enough to see. One scoop should cover 22 linear feet. Inspect for and treat nests. **For Excessive problems in high rabbit density areas: ON 1st APPLICATION,** apply a second band 15 inches out from the first strip around the bed and broadcast Rabbit Scram Pro lightly throughout the inside of the bed. This will stop the problem and only a single band nearest the bed will be needed for maintenance applications going forward. **SEE FULL APPLICATION INSTRUCTIONS INSIDE.**

**PRECAUTIONARY STATEMENTS** Wash skin after use. Avoid contact with eyes or cuts. If in eyes, flush with water 15-20 minutes. Call Poison Center or doctor for treatment. **Storage:** Store in original sealed container. Do not contaminate water, food or feed by storage or disposal. Do not apply directly to water. Do not use on food or feed commodities. **Disposal:** Do not reuse empty container. Dispose of properly. Buyer assumes all responsibility for safety & use not in accordance with directions.

Active Ingredients	Dried Blood	48.0%
	White Pepper	8.0%
	Garlic	8.0%
	Cloves	3.0%
	Other	Meat Meal
