

# Education Overview

## Tim Julien Urban Goose Management Course

(on-line course)

Presented by: Wildlife Control Training Group

A comprehensive, 9 1/2-hour course covering Urban Canada Goose conflicts. Tim Julien was one of the first Professionals to implement strategies to handle nuisance geese problems. A well know industry expert in handling resident Canadian gees in his home state of Indiana, Tim developed this program to help others learn the methods he used successfully to handle problem geese through the country. WCT continues with this education to help spread the right and wrong ways of handling.

Subjects covered:

- Biology
  - Nesting & Breeding Behavior
  - Reasons for Goose Conflicts
  - Biology, Handling & Sexing Geese
  - Laws, Licenses & Permits
  - Repellents, Deterrents & Habitat Management
  - Hazing Equipment & Technique
  - Lethal Control
  - Roundups
  - Handling Conflict / Attack Goose Situations
- 
- Business Essentials
  - The Media: How to be prepared

A great course for professionals looking to get involved with Goose Control.
